Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Contract Pharmacal Corporation 401(k) Plan (the "Plan") which comprise the statements of net assets available for benefits at December 31, 2015 and 2014 and the related statement of changes in net assets available for benefits for the year ended December 31, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in Note 3, which was certified by JPMorgan Chase Bank N.A., the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee at December 31, 2015 and 2014 and for the year ended December 31, 2015, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matters

As discussed in Note 2 to the financial statements, the Plan has adopted Financial Accounting Standards Board ("FASB") Accounting Standards Update ("ASU") No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*, and has applied the standard retrospectively to all periods presented, as required. This ASU exempts investments measured using the net asset value practical expedient from categorization within the fair value hierarchy. Accordingly, investments for which fair value is measured using net asset value per share as a practical expedient have not been categorized within the fair value hierarchy.

As discussed in Note 2 to the financial statements, the Plan has adopted FASB ASU No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part II: Plan Investment Disclosures*, and has applied the standard retrospectively to all periods presented, as required. Part II of this ASU eliminates the requirement to disclose: (1) individual investments that represent 5% or more of net assets available for benefits, and (2) the net appreciation or depreciation for investments by general type.

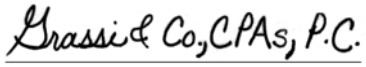

Our opinion is not modified with respect to these matters.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year), which is the responsibility of Plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements, but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1 - Description of Plan

The following description of the Contract Pharmacal Corporation 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

Contract Pharmacal Corporation (the "Sponsor") established the Plan, effective as of July 1, 2001, for the benefit of its eligible employees. The Plan was amended and restated effective July 1, 2013.

The Plan is a defined contribution plan covering all full-time employees of the Sponsor who have completed one year of service and are at least 18 years old. Effective July 1, 2013, full-time employees who have completed 90 days of service and are at least 18 years old are eligible to participate in the Plan.

Employees are eligible to participate in the Plan beginning on the January 1st, April 1st, July 1st, or October 1st coinciding with or following the completion of 90 days of service and the attainment of age 18.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

The Plan allows the participants to contribute a specified percentage of their salary. Participants are allowed to contribute from 1% to 90% of their salary on a pre-tax basis, not to exceed the limitations set forth by the Internal Revenue Service ("IRS"). A participant's total pre-tax contribution may not exceed $18,000 for the year ended December 31, 2015. Additionally, participants who attain age 50 by the end of the Plan year may make an additional annual pre-tax catch-up contribution for the year ended December 31, 2015. A participant may stop contributing to the Plan at any time. Participants may also contribute amounts representing distributions from other qualified plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. All participants upon entry to the Plan elect the type of investment fund and funds into which they are to contribute. Participants may elect to change the type of investment allocation at any time during the year. The Sponsor may also, at its discretion, make a matching contribution to eligible participants' accounts. In 2015, the Sponsor made contributions to the Plan in an amount equal to 25% of a participant's contribution, up to an amount equivalent to the first 4% of the participant's base compensation contributed to the Plan. The Sponsor made matching contributions of $99,477 for the year ended December 31, 2015.

Note 1 - Description of Plan (cont'd.)

Participant Accounts

Each participant's account is credited with the participant's contributions, employer matching contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus employer contributions and actual earnings thereon.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account. A participant with an existing loan may not apply for another loan until the existing loan is paid in full. Loans will be subject to interest charges set by the Plan.

Loans must normally be repaid within such period as agreed to between the participant and the Plan, up to a maximum of five years. However, if the loan is made for the purchase or construction of a principal place of residence, the repayment period may be up to 15 years. Repayments will normally be made through payroll deductions. Any outstanding loans must be fully repaid when employment terminates. At December 31, 2015 and 2014, interest rates are 8.50% per annum, with loans having various maturity dates.

Payment of Benefits

Participants are eligible to receive benefit payments when they terminate service or reach age 59 1/2. On termination of service, a participant may elect to receive installment payments or a lump sum amount equal to the participant's account. Benefit payments are also permitted for death and disability.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires the Plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Note 2 - Summary of Significant Accounting Policies (cont'd.)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. Deemed distributions totaled $4,443 for the year ended December 31, 2015.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding expense. The Plan distributed the 2015 excess contributions to the applicable participants prior to March 15, 2016.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Administrative Expenses

The Sponsor may, at its discretion, pay all or part of the expenses of maintaining the Plan. For the year ended December 31, 2015, the Sponsor paid all except $12,630 of the expenses for maintaining the Plan.

Note 2 - Summary of Significant Accounting Policies (cont'd.)

Change in Accounting Principles

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*, which exempts investments measured using the net asset value ("NAV") practical expedient in Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurement*, from categorization within the fair value hierarchy. The guidance requires retrospective application and is effective for nonpublic business entities for fiscal years, and interim periods within those years, beginning after December 15, 2016. Early adoption is permitted.

Management has elected to adopt this ASU early to simplify financial reporting. Accordingly, investments for which fair value is measured using net asset value per share as a practical expedient have not been categorized within the fair value hierarchy.

In July 2015, the FASB issued ASU No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient*. This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides for a measurement-date practical expedient. Parts I and II are effective for fiscal years beginning after December 15, 2015 and should be applied retrospectively, with early application permitted. Part III is effective for fiscal years beginning after December 15, 2015 and should be applied prospectively, with early application permitted.

Management has elected to adopt Part II early. Accordingly, the amendment was applied retrospectively to all periods presented, resulting in changes to the prior-period disclosures to eliminate the disclosure of: (1) individual investments that represent 5% or more of net assets available for benefits, and (2) the net appreciation or depreciation for investments by general type. Parts I and III are not applicable to this Plan.

Note 3 - Information Prepared and Certified by the Trustee

The following information included in the accompanying financial statements was obtained from data that has been prepared and certified to as complete and accurate by JPMorgan Chase Bank, N.A., the trustee of the Plan, at December 31, 2015 and 2014 and for the year ended December 31, 2015. This information has not been audited by the independent auditors.

Note 4 - Fair Value Measurements

The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC Topic 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Note 4 - Fair Value Measurements (cont'd.)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2015 and 2014.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission ("SEC"). These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding method may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2015 and 2014:

	Assets at Fair Value at December 31, 2015			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 5,801,928	$ -	$ -	$ 5,801,928
Total assets, at the fair value	5,801,928	-	-	5,801,928
Investment measured at net asset value (a) - Common collective trusts				109,584
Total Investments				$ 5,911,512

Note 4 - Fair Value Measurements (cont'd.)

	Assets at Fair Value at December 31, 2014			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 5,979,116	$ -	$ -	$ 5,979,116
Total assets, at the fair value	5,979,116	-	-	5,979,116
Investment measured at net asset value (a) - Common collective trusts				78,854
Total Investments				$ 6,057,970

(a) In accordance with ASC Subtopic 820-10, certain investments that were measured at NAV per share have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note 5 - Party-In-Interest Transactions

Certain Plan investments are shares of mutual funds managed by JPMorgan Chase Bank, N.A., the trustee as defined by the Plan. Therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment services amounted to $12,630 for the year ended December 31, 2015. Notes receivable from participants also qualify as party-in-interest transactions.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 7 - Tax Status

The IRS has determined and informed the Sponsor by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code and; therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Note 7 - Tax Status (cont'd.)

U.S. GAAP requires Plan management to evaluate uncertain tax positions taken by the Plan and recognize a tax benefit only if it is more likely than not that the tax position would be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that at December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

Note 8 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9 - Reconciliation of Financial Statements to the Form 5500

The following is a reconciliation of net decrease in net assets available for benefits per the financial statements for the year ended December 31, 2015 to the Form 5500:

Net decrease in net assets available for benefits per the financial statements	$	(235,265)
Change in excess deferral contributions payable		46,977
Net loss per the Form 5500	$	(196,043)

Note 10 - Subsequent Events

The Plan administrator has evaluated all events or transactions that occurred after December 31, 2015 through the date of these financial statements, which is the date that the financial statements were available to be issued. During this period, there were no material subsequent events requiring disclosure.
