Part I	Asset and Liability Statement		(a) Beginning of Year	(b) End of Year
1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. Round off amounts to the nearest dollar. Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by State Street Bank and Trust Company (trustee), Massachusetts Mutual Life Insurance Company (custodian), Great-West Trust Company, LLC (trustee), and Great-West Life & Annuity Insurance Company (custodian), except for comparing such information with the related information included in the 2015 financial statements. We have been informed by the Plan administrator that Great-West Trust Company, LLC and Great-West Life & Annuity Insurance Company held the Plan's investment assets and executed investment transactions from June 1, 2015 to December 31, 2015, and that State Street Bank and Trust Company and Massachusetts Mutual Life Insurance Company held the Plan's investment assets and executed investment transactions as of December 31, 2014, and for the period January 1, 2015 to May 31, 2015. The Plan administrator has obtained certifications from the trustees and custodians as of and for the year ended December 31, 2015, that the information provided to the Plan administrator by the trustees and custodians is complete and accurate.

Accordingly, we do not express an opinion on 2015 financial statements.

Report on Supplementary Information

The supplemental Schedule of Assets (Held at End of Year) at December 31, 2015, and Schedule of Delinquent Participant Contributions for the year ended December 31, 2015, are required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Other Matter - 2014 Financial Statements

The financial statements of the Plan as of December 31, 2014, were audited by other auditors. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed the other auditors not to perform and they did not perform, any auditing procedures with respect to the information certified by State Street Bank and Trust Company and Massachusetts Mutual Life Insurance Company, the trustee and custodian of the Plan. Their report, dated September 28, 2015, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee and custodian, was presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the 2015 financial statements and supplemental schedules, other than that derived from the information certified by the trustees and custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Lykins Companies, Inc. Retirement Savings Plan
Notes to Financial Statements
December 31, 2015 and 2014

Note A - Description of Plan

The following description of the Lykins Companies, Inc. Retirement Savings Plan (the "Plan") is provided for general informational purposes only. Participants should refer to the Plan agreement for more complete information and a description of the Plan's provisions.

1. General: The Plan is a defined contribution and profit sharing plan established on January 1, 1987, covering eligible employees of Lykins Companies, Inc. and related employers who elected to adopt the Plan (collectively the "Company"). To be eligible to participate in the Plan, an individual must have completed six months of service and attained age twenty one. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and the Internal Revenue Code of 1986, as amended (the "Code").

State Street Bank and Trust Company ("State Street") and Massachusetts Mutual Life Insurance Company ("Mass Mutual") served as trustee and custodian, respectively, of the Plan from January 1, 2014 to May 31, 2015. Effective June 1, 2015, State Street and Mass Mutual were replaced by Great-West Trust Company, LLC ("Great-West") and Great-West Life & Annuity Insurance Company ("Great-West Life"), respectively.

2. Contributions: Participants may elect to make annual pre-tax contributions to the Plan up to 100% of their annual eligible compensation not to exceed the maximum amount allowable by the Code, as defined in the Plan agreement. Participants who are 50 years of age or older before the close of the Plan year are eligible to make additional catch-up contributions. The Plan also provides for automatic enrollment for newly eligible employees at a deferral rate of 6% unless the participant affirmatively elects otherwise. At any time an employee may elect not to contribute to the Plan. The Company may also make discretionary contributions to the Plan. For the 2015 Plan year, the Company elected to match 50% of participant elective contributions that do not exceed 6% of eligible compensation. There was no additional discretionary contributions made for the 2015 Plan year. Participants may also contribute amounts representing distributions from other qualified defined benefit or contributions plans. Contributions are subject to certain limitations.
3. Participant Accounts: Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of Plan earnings. Participant accounts may also be charged with an allocation of certain administrative expenses of the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
4. Vesting: Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service. A participant becomes 100% vested after six years of credited service.
5. Investment Options: Upon enrollment in the Plan, participants may direct the investment of their accounts into various investment options offered by the Plan. They may change their investment options among those investments provided at any time during the Plan year.
6. Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loans are secured by the balance in the participant's account and bear interest at rates as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions. Loans are payable within five years except for those used to acquire a principal residence. A participant may have one outstanding loan at a time.

Note A - Description of Plan (Continued)

7. Payment of Benefits: Upon termination of service or attaining normal retirement age, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account, or periodic payments not exceeding the participant's life expectancy. In-service and hardship withdrawals are also allowed as defined in the Plan agreement.
8. Forfeited Accounts: The non-vested portion of former participants' accounts may be used to pay administrative expenses of the Plan or to reduce the amount of future employer contributions. Forfeited accounts totaled \$0 and \$6,152 at December 31, 2015 and 2014, respectively. During the Plan year ended December 31, 2015, forfeitures totaling \$23,609 and \$300 were used to reduce the amount of employer matching contributions and to pay Plan administrative expenses, respectively.

Note B - Summary of Significant Accounting Policies

1. Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"). The Accounting Standards Codification ("ASC") as produced by the Financial Accounting Standards Board ("FASB") is the sole source of authoritative U.S. GAAP.
2. New Accounting Pronouncements: In May 2015, the FASB issued Accounting Standards Update ("ASU") 2015-07, *Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent)*, ("ASU 2015-07"). ASU 2015-07 removes the requirement to categorize within the fair value hierarchy investments for which fair values are estimated using the net asset value practical expedient provided by ASC 820. Instead, an entity would be required to include those investments as a reconciling item so that the total fair value amount of investments in the disclosure is consistent with the fair value investment balance on the statement of net assets available for benefits. ASU 2015-07 is effective for entities (other than public business entities) for fiscal years beginning after December 15, 2016, with retrospective application to all periods presented.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. It also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured at fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. ASU 2015-12 is effective for fiscal years beginning after December 15, 2015, with retrospective application of Parts I and II to all periods presented.

Plan management has elected to early adopt ASU 2015-07 and ASU 2015-12 as of December 31, 2015, as they believe it will simplify Plan accounting and its presentation in the financial statements. As such, the presentation of the financial statements and notes herein have been changed to reflect such adoption.

Notes to Financial Statements (Continued)
December 31, 2015 and 2014

Note B - Summary of Significant Accounting Policies (Continued)

3. Use of Estimates: The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.
4. Investment Valuation and Income Recognition: The Plan's investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.
5. Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2015 and 2014.
6. Payment of Benefits: Benefits are recorded when paid.
7. Administrative Expenses: Administrative expenses of the Plan are paid by the Company or Plan participants, as defined in the Plan agreement.
8. Investment Management Fees and Operating Expenses: Investment management fees and operating expenses charged to the Plan for investments in the various funds are deducted from income earned on a daily basis and are reflected as a component of net appreciation (depreciation) in fair values of investments.
9. Subsequent Events: Subsequent events for the Plan have been considered through the date of the Independent Auditor's Report which represents the date the financial statements were available to be issued.

Note C - Information Certified by the Plan's Trustees and Custodians

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Great-West, Great-West Life, State Street and Mass Mutual, the trustees and custodians of the Plan, have certified to the completeness and accuracy of all investments and notes receivable from participants information reflected on the accompanying Statement of Net Assets Available for Benefits as of December 31, 2015, the Schedule of Assets (Held at End of Year) at December 31, 2015, and the related investment income and interest income on notes receivable from participants information reflected in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2015.

Notes to Financial Statements (Continued)

Note D - Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include: Quoted prices for similar assets or liabilities in active markets; Quoted prices for identical or similar assets or liabilities in inactive markets; Inputs other than quoted prices that are observable for the asset or liability; Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. Other than as disclosed in Note B, there have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust funds: Valued at the NAV of units held by the Plan at year end provided by the issuer of the fund. The NAV is used as a practical expedient to estimate fair value and is based on the value of the underlying investment assets owned by the fund, minus its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. There are currently no redemption restrictions or unfunded commitments on these investments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Lykins Companies, Inc. Retirement Savings Plan
Notes to Financial Statements (Continued)
December 31, 2015 and 2014

Note D - Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis at December 31, 2015:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 4,896,260	\$ -	\$ -	\$ 4,896,260
Total Assets in the Fair Value Hierarchy	<u>\$ 4,896,260</u>	<u>\$ -</u>	<u>\$ -</u>	\$ 4,896,260
Investments measured at NAV (a)				<u>4,250,311</u>
Investments at Fair Value				<u>\$ 9,146,571</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis at December 31, 2014:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 9,356,333	\$ -	\$ -	\$ 9,356,333
Total Assets in the Fair Value Hierarchy	<u>\$ 9,356,333</u>	<u>\$ -</u>	<u>\$ -</u>	\$ 9,356,333
Investments measured at NAV (a)				<u>-</u>
Investments at Fair Value				<u>\$ 9,356,333</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

Note E - Fully Benefit-Responsive Investment Contracts

At December 31, 2015, the Plan has a fully benefit-responsive investment contract with Great-West Life that invests contributions in the Guaranteed Interest Fund. Great-West Life maintains the contributions in its general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Great-West Life may impose restrictions on the ability to move Plan assets into or out of this investment option or among investment options in general under the contract. Under the contract, Great-West Life is contractually obligated to repay to the Plan the principal and a specified interest rate.

Lykins Companies, Inc. Retirement Savings Plan
Notes to Financial Statements (Continued)
December 31, 2015 and 2014

Note E - Fully Benefit-Responsive Investment Contracts (Continued)

The Great-West Life contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value, as reported to the Plan by Great-West Life, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Certain events limit the ability of the Plan to transact at contract value with Great-West Life. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to plan's prohibition on competing investment options or deletion of equity wash provisions, or (3) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Great-West Life or the Plan Sponsor must give the Plan at least seventy-five days' notice of the date of termination. The Plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, has occurred or is probable.

At December 31, 2014, the Plan participated in a fully benefit-responsive investment contract with Mass Mutual. Mass Mutual maintained the contributions in a separate investment account. The account was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer was contractually obligated to repay the principal and a specified interest rate that was guaranteed to the Plan.

The Mass Mutual contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value, as reported to the Plan by Mass Mutual, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. This contract was terminated in 2015.

Note F - Related-party Transactions

Certain administrative services are provided by the Company at no cost to the Plan and certain administrative costs incurred by the Plan are paid by the Company.

The Plan invests in fully benefit-responsive investment contracts issued by Great-West Life and Mass Mutual. Great-West Life and Mass Mutual serves as custodians of the Plan, and accordingly, these investments and related activity qualify as party-in-interest transactions. The Plan paid fees to Great-West and Mass Mutual totaling \$9,625 and \$22,460, respectively, during the Plan year ended December 31, 2015.

Note G - Income Tax Status

Effective July 1, 2015, the Plan is based on a Volume Submitter Plan Document sponsored by Great-West Trust Company, LLC ("Great-West Volume Submitter"). The Internal Revenue Service ("IRS") ruled on March 31, 2014 that the Great-West Volume Submitter, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and therefore, believes that the Plan is qualified and the related trust is tax exempt. Prior to July 1, 2015, the Plan was based on the Massachusetts Mutual Life Insurance Company Volume Submitter with an IRS determination letter date of March 31, 2008.

Lykins Companies, Inc. Retirement Savings Plan
Notes to Financial Statements (Continued)
December 31, 2015 and 2014

Note G - Income Tax Status (Continued)

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015 and 2014, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note H - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note I - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Note J - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the form 5500 at December 31, 2014 (no reconciliation required at December 31, 2015):

Net Assets Available for Benefits per the Financial Statements	\$ 11,154,293
Adjustment from contract value to fair value for fully benefit-responsive investment contracts	<u>103,874</u>

The following is a reconciliation of net increase per the financial statements to net income per the Form 5500 for the Plan year ended December 31, 2015:

Note K - Non-Exempt Transactions

During the Plan year ended December 31, 2014, employee withholdings totaling \$12,000 were not remitted to the Plan within the appropriate time period by the Company. This transaction constituted prohibited transactions as defined by ERISA. The Company remitted all withholdings and respective earnings on March 18, 2015.
