Statement by Enrolled Actuary
To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

INDEPENDENT AUDITOR'S REPORT

To the Participants and Administrator of the
WCA Hospital Retirement Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of WCA Hospital Retirement Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014 and the related statements of changes in net assets available for benefits for the years then ended, and the statement of accumulated plan benefits as of December 31, 2014 and the related statement of changes in accumulated plan benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 8, which was certified by PNC Bank, the custodian of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the custodian holds the Plan's assets and executes transactions on behalf of the Plan. The Plan Administrator has obtained certifications from the custodian as of December 31, 2015 and 2014, and for the years then ended, that the information provided to the Plan Administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule H, Line 4i - Schedule of Assets (Held At End of Year) as of December 31, 2015 and Schedule H, Line 4j - Schedule of Reportable Transactions for the year ended December 31, 2015 are required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purposes of additional analysis and are not a required part of the financial statements. The supplemental schedules are the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

WCA HOSPITAL RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1. DESCRIPTION OF PLAN

The following is a brief description of the WCA Hospital (the Company) Retirement Plan (the Plan) and is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: WCA Hospital Retirement Plan (the Plan) is a noncontributory defined benefit pension plan that covers substantially all employees of The Woman's Christian Association of Jamestown, NY (Plan Sponsor) hired through December 31, 2004, the effective date for which benefits and participation under the plan were essentially frozen and provides for retirement and death benefits.

Administration: The WCA Hospital Pension Investment Committee is solely responsible for the general administration of the Plan and carrying out the Plan provisions. The Pension Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Board of Directors. The custodian of the Plan's assets is PNC Bank, NA. Hallett Associates, Inc. serves as the actuary.

Pension benefits: Normal retirement age for the Plan is 65 years. Benefits are based on years of service and annual compensation. The normal benefit form is a monthly annuity payable for life. The Plan permits early retirement between the ages of 55 and 64 with 10 years of service. The standard form of benefit for an unmarried participant is a life annuity. The standard form of benefit for a married participant is a Qualified Joint one-half Survivor Annuity. If the value of a participant's account is less than \$5,000, a lump sum payment is permitted by the Plan.

Vesting: Participants become 100% vested after five years of service.

Death and Disability Benefits: If an employee dies and has earned a vested benefit, a death benefit will be paid to the employee's beneficiary and will be calculated in accordance with certain provisions as defined by the Plan. Active employees who become totally and permanently disabled receive disability benefits that are equal to 50% of their normal retirement benefit determined as of the date they become disabled. Disability benefits are paid until normal retirement age, at which time the benefit is recalculated and paid under the normal retirement benefit provision.

Funding Policy: As described in the plan document, it is the Company's intention to make contributions under the plan that meet or exceed the minimum funding requirements as defined in Section 412 of the Internal Revenue Code and ERISA. These contributions will be determined based upon actuarial valuations and recommendations made by the actuary under accepted actuarial principles. The Plan has met the funding requirements of ERISA in 2015 and 2014.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Pension Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodian. See Note 3 for discussion of fair value measurements.

Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net (depreciation) appreciation in fair value of investments includes the plan's gains and losses on investments bought and sold as well as held during the year.

WCA HOSPITAL RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Actuarial Present Value of Accumulated Plan Benefits: Accumulated plan benefits (Note 4) are those estimated future periodic payments, including lump-sum distributions, which are attributable under the Plan's provisions to employee service rendered through the valuation date. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died and (c) present employees or their beneficiaries. The accumulated plan benefits for active employees are based on their compensation during their years of credited service. Benefits payable under all circumstances, such as retirement, death, disability and termination of employment, are included to the extent they are deemed attributable to employee service rendered to the valuation date.

Payment of Benefits: Benefits are recorded when paid.

Administrative Expenses: The Plan's expenses are paid either by the Plan or by Plan Sponsor, as provided by the Plan Document. Expenses that are paid directly by the Plan Sponsor are excluded from these financial statements. Certain expenses incurred in connection with general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits. In addition, certain investment related expenses are included in net (depreciation) appreciation in fair value of investments presented in the accompanying statements of changes in net assets available for benefits.

Use of Estimates: The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements. Actual results could differ from those estimates.

Recently Issued Accounting Pronouncements: In May 2015, the FASB issued ASU No. 2015-07, "Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities that Calculate Net Asset Value Per Share (Or its Equivalent)." This ASU removes the requirement to make certain disclosures as well as categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per practical expedient. The amendments in ASU 2015-07 are effective for non-public entities for interim and annual periods beginning after December 15, 2016. The amendment is required to be applied retrospectively and early adoption is permitted. Management has elected to early adopt the amendments in ASU 2015-07. Other than requiring a change to the disclosures, the adoption of this standard did not have a material impact on the financial statements.

In July 2015, the FASB issued ASU 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurement shall be provided by general type of plan asset. Parts I and III are not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Part II is to be applied retrospectively. Management has elected to early adopt Part II.

Reclassification: Certain 2014 amounts have been reclassified to conform to the 2015 presentation.

WCA HOSPITAL RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 3. FAIR VALUE MEASUREMENTS

Financial Accounting Standard Board (FASB) *Accounting Standards Codification* (ASC) 820: *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of fair value hierarchy are described as follows:

- Level 1: Inputs to the valuation methodology are quoted prices (unadjusted) in active markets that the plan can access at the measurement date.
- Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- Level 3: Inputs that are unobservable inputs for the asset or liability.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Money market fund: Valued at amortized cost, which approximates fair value.

Shares of registered investment companies: Valued at net asset value (NAV) of shares held at year end. The NAV is the closing price reported on the active market on which the securities are traded.

Limited partnerships and related investments: Investments in venture capital and private equity partnerships are valued at fair value using the market price of the underlying securities in the funds. The Plan's interest in these funds is based on information reported by the investment manager using the fund's audited financial statements at the Plan's year end. At December 31, 2015 and 2014, notice periods for limited partnerships generally range from 5 to 60 days, according to the provisions of the respective investment agreements.

Investments in venture capital/private equity partnerships are generally made through limited partnerships. Under the terms of such agreements, the Plan may be required to provide additional funding when capital or liquidity calls are made by fund managers. These partnerships may have a limited existence, and they may provide for annual extensions for the purpose of disposing portfolio positions and returning capital to investors. However, depending on market conditions, the inability to execute the fund's strategy, or other factors, a manager may extend the terms of a fund beyond its originally anticipated existence or may wind the fund down prematurely. The Plan cannot anticipate such changes because they generally arise from unforeseeable events, but should they occur they could reduce liquidity or originally anticipated investment returns. Accordingly, the timing and amount of future capital or liquidity calls in any particular future year are uncertain. Such investments generally may not provide redemption options for investors and, subsequent to final closing, do not permit subscriptions by new or existing investors. The following represents investment strategies of limited partnership investments:

NOTE 3. FAIR VALUE MEASUREMENTS (CONTINUED)

IR&M Core Bond Fund, LLC: The Fund's investment objective is to outperform the Barclays Capital U.S. Aggregate Bond Index. The Fund seeks to achieve its objective through investing in fixed income securities including, but not limited to, U.S. dollar denominated bonds (high yields permitted) and other financial instruments which provide exposure to various fixed income characteristics.

AEW Global Property Securities Fund, L.P.: The Fund's objective is to generate net returns in excess of the UBS Global Real Estate Investor Index through the creation and active management of a portfolio of publicly traded equity securities issued by real estate investment trusts and other publicly held real estate companies primarily in North America, Europe, Australia, and Asia.

Colchester Global Bond Fund: The fund's objective is to achieve favorable income-oriented returns from a globally diversified portfolio of primarily debt or debt-like securities and the preservation and enhancement of principal.

John W. Bristol Equity Fund I LLP: The Fund's objective is to seek long-term capital appreciation through investment in equity securities.

Wellington Trust CTF SMID Cap Value Fund: The Fund's investment objective is to provide long-term total return in excess of the Russell 2500 Value Index by investing in a diversified portfolio of equity securities.

Hedge funds: These investments are measured primarily on a NAV basis, are available, and can be subject to certain restrictive provisions relating to redemptions from the investment. At December 31, 2015 and 2014, notice periods for hedge funds are quarterly, according to the provisions of the respective investment agreements. Investments in hedge funds have numerous provisions which may restrict the redemptive nature of the investment. Subject to the expiration of the "lock-up" period, the investor has the ability to liquidate its investments periodically as defined by the provisions of the respective investment fund agreements. Investments in hedge funds are generally estimated using NAVs. In cases where the investee has provided its investors with a NAV per share or partner capital balances that have been calculated in accordance with the AICPA Audit and Accounting Guide, *Investment Companies*, the Plan has estimated its fair value by using the NAV provided by the investee as of December 31, 2015 and 2014. The following represents the investment strategies of the hedge funds:

Aetos Capital Multi-Strategy Arbitrage Fund, LLC: The Fund seeks to produce an attractive absolute return on invested capital, largely independent of the various benchmarks associated with traditional asset classes, by allocating its assets among a select group of portfolio managers that utilize a variety of arbitrage strategies.

Aetos Capital Distressed Investment Strategies Fund, LLC: The Fund seeks to produce an attractive absolute return on invested capital, largely independent of the various benchmarks associated with traditional asset classes, by allocating its assets among a select group of portfolio managers across a variety of distressed investment strategies.

Aetos Capital Long/Short Strategies Fund, LLC: The Fund seeks to produce an attractive absolute return on invested capital, largely independent of the various benchmarks associated with traditional asset classes, by allocating its assets among a select group of portfolio managers across a variety of long/short strategies.

WCA HOSPITAL RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 4. ACCUMULATED PLAN BENEFITS

The actuarial present value of accumulated plan benefits, as computed by consulting actuaries from Hallett Associates, Inc., is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability or retirement) between the valuation date and the expected date of payment.

Significant actuarial assumptions used in the valuations as of January 1, 2015 are:

Actuarial cost method	Projected Unit Credit
Assumed rate of return on investments	4.72% - 6.81%
Salary increases	N/A
Retirement	Age 55 – 61 – 5% Age 62 – 64 – 25% Age 65 – 100%
Mortality basis	IRS 2015 Static Mortality
Employee turnover	100% of Sarason's T-7 withdrawal table
Disability	1978 Society of Actuaries study of long-term disability insurance experience
Expenses	Prior years administrative costs plus anticipated PBGC premiums.

In the valuation of the accumulated plan benefits, there was a change in the funding interest rates used to calculate the rate of return on investments and a change in the mortality table utilized as mandated by the Pension Protection Act of 2006. These changes resulted in a net increase in accumulated plan benefits during the year ended December 31, 2014 of \$347,321. The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated Plan benefits. The computations of the actuarial present value of accumulated plan benefits were made as of January 1, 2015. Had the valuations been performed as of December 31, there would be no material differences.

NOTE 5. PLAN TERMINATION

In the event the plan terminates, the net assets of the plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

1. Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under plan provisions in effect at any time during the five years preceding plan termination.
2. Other vested benefits insured by the Pension Benefit Guaranty Corporation (PBGC) (a U.S. government agency) up to the applicable limitations (discussed subsequently).

WCA HOSPITAL RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 5. PLAN TERMINATION (CONTINUED)

3. All other vested benefits (that is, vested benefits not insured by the PBGC).
4. All non-vested benefits.

Certain benefits under the Plan are insured by the PBGC if the plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the plan are guaranteed at the level in effect on the date of the plan's termination. However, a statutory ceiling exists, which is adjusted periodically, on the amount of an individual's monthly benefit that the PBGC guarantees. For plan terminations occurring during 2015 that ceiling is \$5,011 per month (\$4,943 - 2014). That ceiling applies to those pensioners who elect to receive their benefits in the form of a single-life annuity and are at least 65 years old at the time of retirement or plan termination (whichever comes later). For younger annuitants or for those who elect to receive their benefits in some form more valuable than a single-life annuity, the corresponding ceilings are actuarially adjusted downward.

Whether all participants receive their benefits should the plan terminate at some future time will depend on the sufficiency, at that time, of the plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the plan sponsor and the level of benefits guaranteed by the PBGC.

NOTE 6. INCOME TAX STATUS

The IRS has determined and informed the Company by a letter dated April 10, 2012, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has not been amended since receiving this determination letter.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would be sustained upon examination by the Internal Revenue Service. The plan is subject to routine audits by the taxing jurisdictions; however, there are currently no audits for any tax periods in process.

NOTE 7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that change in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumption processes, it is at least reasonably possible that changes in these estimates and assumptions in the near term could materially affect the amounts reported and disclosed in the financial statements.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 8. INFORMATION CERTIFIED BY THE CUSTODIAN

The following financial information relating to the Plan's assets at December 31, 2015 and 2014, as well as income and transactions for the years then ended have been derived from information provided by PNC Bank, the custodian of the Plan, and has been certified by them as complete and accurate. The incorporation of this financial information in the accompanying financial statements is based solely on their certification and has not been audited by independent accountants.

Interest and dividends	\$ 568,465	\$ 449,411
Net (depreciation) appreciation in fair value of investments	\$ (1,203,462)	\$ 982,650

NOTE 9. RELATED PARTY TRANSACTIONS

Certain Plan investments and shares of registered investment companies are managed by Prime Bucholz & Associates, Inc., the investment advisor used by the Plan Sponsor. PNC Bank serves as the custodian and provides administrative services to the Plan. Certain fees incurred by the plan for the investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. Administrative, audit, and advisory expenses paid to related parties amounted to \$179,216 for the year ended December 31, 2015 and were not covered by revenue sharing (\$117,467 - 2014).

NOTE 10. SUBSEQUENT EVENT

In December 2015, the Plan Sponsor, WCA Hospital, announced that a definitive agreement had been signed to affiliate and integrate into the University of Pittsburgh Medical Center (UPMC) System. WCA Hospital and UPMC are working through the regulatory process and anticipate completing the affiliation before December 31, 2016. Following the integration, UPMC will be committed to fully fund the Plan's defined benefit pension obligation.

These financial statements have not been updated for subsequent events occurring after October 3, 2016, which is the date these financial statements were available to be issued.

WCA HOSPITAL RETIREMENT PLAN

P. Actuarial Assumptions and Funding Methods for the January 1, 2015 Valuation (continued)

3. Prescribed Assumptions and Methods Set by Law

The use of the following prescribed assumptions are required by the provisions of the Pension Protection Act of 2006, IRC Section 430, and various subsequent legislation, most recently the Highway And Transportation Funding Act (HATFA). No representation to the validity of these assumptions should be inferred beyond their stated purpose. Determinations for purposes other than those stated above may be significantly different from the results illustrated in this report. For example, the determination of benefit security at termination may require different assumptions and methods and the results may differ significantly from those based on prescribed assumptions. Please refer to the General Comments for additional information.

a. Rate of Investment Return

Funding and Accumulated Benefits	4.72% per year, for first five years 6.11% per year, for the following fifteen years 6.81% per year, thereafter
----------------------------------	---

Maximum Deductible and PBGC Premiums	1.22% per year, for first five years 4.11% per year, for the following fifteen years 5.20% per year, thereafter
--------------------------------------	---

b. Rates of Withdrawal

Mortality for Funding	IRS 2015 Static Mortality
-----------------------	---------------------------

c. Actuarial Cost Method

As described in IRC Section 430 and mandated by the Pension Protection Act of 2006, including the relief offered by the Preservation of Access to Medicare Beneficiaries and Pension Relief Act of 2010, specifically the relief provided under Sec. 201(a)(1)(D)(ii) 2 Plus 7 Amortization Schedule was elected for the 2010 and 2011 plan years

4. Prescribed Assumptions and Methods Set by Plan Sponsor

ASC 960 Rate of Investment Return	Minimum Funding Segment Rates (pre HATFA for 2014)
-----------------------------------	--

The investment return assumption falls within a range of reasonable expectations based on the plan's investment policy and various published 2014 capital market assumptions currently available.

ASC 960 Mortality	IRS 2015 Static Mortality
-------------------	---------------------------

The mortality assumption is based on credible general population experience as published by the IRS, and represents a reasonable estimate of future expectations

5. Changes in Actuarial Assumptions or Cost Methods

The funding interest rates and mortality table were updated as mandated by the Pension Protection Act of 2006 and reflect the changes of HATFA

Statement by Enrolled Actuary
 To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.
