REPORT OF INDEPENDENT AUDITORS

To the Participants and Plan Administrator
Independent Electric Supply, Inc. 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Independent Electric Supply, Inc. 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matters described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by Transamerica Life Insurance & Annuity Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the years ended December 31, 2015 and 2014, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements. Accordingly, we do not express an opinion on the financial statements.

Other Matter – Supplementary Information

The Schedule H, line 4(i) – Schedule of assets (held at end of year) as of December 31, 2015, is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplementary information.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplementary information, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

INDEPENDENT ELECTRIC SUPPLY, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1 – THE PLAN AND ITS SIGNIFICANT ACCOUNTING POLICIES

General – The following description of the Independent Electric Supply, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan that was established on February 1, 2004, by Independent Electric Supply, Inc. (the Company) to provide benefits to eligible employees, as defined in the Plan document. The Plan is currently designed to be qualified under the applicable requirements of the Internal Revenue Code (the Code) and the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

During October 2014, approximately \$1,500,000 of assets of the Independent Electric Supply, Inc. Employee Stock Ownership Plan and Trust were transferred into the Plan. Plan assets were allocated to participant accounts based on their existing investment elections in the Plan.

Administration – Under the terms of the Plan, a group of designated officers of the Company act as the Trustees. The Company has appointed a Company officer and the Trustees of the Plan to manage the operation and administration of the Plan. The Company has contracted with Transamerica Life Insurance & Annuity Company (Transamerica) as the third-party administrator to process and maintain the records of participant data and to act as the custodian. Substantially all expenses incurred for administering the Plan are paid by the Plan.

Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Basis of accounting – The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Forfeited accounts – Forfeited nonvested accounts are used to pay Plan administrative expenses or reduce future employer contributions.

Investment valuation and income recognition – The Plan's investments are reported at fair value. The Plan's custodian, Transamerica, certifies the fair value of all investments. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 2 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought or sold as well as held during the year.

Income taxes – The Plan has been amended since receiving its latest favorable determination letter dated June 4, 2009. Effective January 1, 2016, the Plan has adopted a Volume Submitter plan that has received an opinion letter from the Internal Revenue Service. The Trustees believe that the Plan is operated in accordance with, and qualifies under, the applicable requirements of the Code and related state statutes, and that the trust, which forms a part of the Plan, is exempt from federal income and state franchise taxes.

In accordance with guidance on accounting for uncertainty in income taxes (ASC 740-10), management evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Risks and uncertainties – The Plan provides for various investment options in any combination of investment securities offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations, and credit risks. Due to the risk associated with certain investment securities, it is at least reasonably possible that changes in market values, interest rates, or other factors in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

INDEPENDENT ELECTRIC SUPPLY, INC. 401(k) PLAN NOTES TO FINANCIAL STATEMENTS

Recent accounting pronouncements – In April 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. The ASU is effective for fiscal years beginning after December 15, 2016, with earlier application permitted.

The amendments remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value (NAV) per share practical expedient. Once adopted, the Plan will apply the amendments retrospectively to all periods presented. Plan management is determining the specific impact on Plan reporting. However, when adopted, certain investments held by the Plan and measured using NAV will be no longer presented within the fair value hierarchy table.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Contribution Pension Plans (Topic 962) I. Fully Benefit-Responsive Investment Contracts; II. Plan Investment Disclosures, and III. Measurement Date Practical Expedient*. The amendments remove the requirement to:

- Report fully benefit-responsive guaranteed investment contracts at fair value.
- Disclose individual investments held which exceed 5% of net assets available for benefits.
- Disclose net appreciation (depreciation) in fair value of investments by type of investment held.
- Disaggregate investments reported in the fair value hierarchy table by class of investment. They may be presented by general type only.
- Disclose investment strategy for investments for which fair value is measured using the NAV practical expedient, if they are Form 5500 Direct Filing Entities.

The ASU is effective for fiscal years beginning after December 15, 2015, with earlier application permitted. The Plan administrator is evaluating the impact this will have on the financial statements. ASU 2015-12 has not been adopted for the December 31, 2015 plan year end. Once adopted, the retrospective approach requires that the above items, applicable to the prior year, be presented in accordance with ASU 2015-12 as well.

Subsequent events – The Plan has evaluated subsequent events through October 6, 2016, which is the date the financial statements were available to be issued.

NOTE 2 – FAIR VALUE MEASUREMENTS

The fair value measurements standard establishes a framework for measuring fair value. That framework provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the standard are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted market prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

INDEPENDENT ELECTRIC SUPPLY, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Pooled separate accounts: Valued at the NAV of units held by the Plan at year end.

Insurance company general account: Valued at cost (the sum of deposits) plus credited interest, less withdrawals and expenses, which approximates fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

INDEPENDENT ELECTRIC SUPPLY, INC. 401(k) PLAN NOTES TO FINANCIAL STATEMENTS

JP Morgan Intrepid Mid Cap Fund – This investment seeks long-term capital growth by investing primarily in equity securities of companies with intermediate capitalizations. Under normal circumstances, at least 80% of the funds' assets will be invested in common and preferred stocks, rights, warrants, convertible securities, and other equity securities of mid cap companies. "Assets" means net assets, plus the amount of borrowings for investment purposes. Mid cap companies are companies with market capitalizations similar to those within the universe of the Russell Midcap Index at the time of purchase.

SSgA Russell Large Cap Growth Index – This investment seeks an investment return that approximates as closely as practicable, before expenses, the performance of the Russell 1000 Growth Index (the Growth Index) over the long term. The fund is managed using a passive or indexing investment approach, by which SSgA attempts to match, before expenses, the performance of the Growth Index. SSgA will typically attempt to invest in the securities comprising the Growth Index in the same proportions as they are represented in the Growth Index. In some cases, it may not be possible or practicable to purchase all of the securities comprising the Growth Index, or to hold them in the same weightings as they represent in the Growth Index. In those circumstances, SSgA may employ a sampling or optimization technique to construct the portfolio in question. The fund's returns may vary from the returns of the Growth Index. From time to time SSgA may purchase securities that are not yet represented in the Growth Index or sell securities that have not yet been removed from the Growth Index. From time to time SSgA may purchase securities that are not yet represented in the Growth Index or sell securities that have not yet been removed from the Growth Index.

The SSgA Russell Large Cap Value Index Fund – This investment seeks an investment return that approximates as closely as practicable, before expenses, the performance of the Russell 1000 Value Index (the Value Index) over the long term. The fund is managed using a passive or indexing investment approach, by which SSgA attempts to match, before expenses, the performance of the Value Index. SSgA will typically attempt to invest in the securities comprising the Value Index in the same proportions as they are represented in the Value Index. In some cases, it may not be possible or practicable to purchase all of the securities comprising the Value Index, or to hold them in the same weightings as they represent in the Value Index. In those circumstances, SSgA may employ a sampling or optimization technique to construct the portfolio in question. The fund's returns may vary from the returns of the Value Index. From time to time SSgA may purchase securities that are not yet represented in the Value Index or sell securities that have not yet been removed from the Value Index.

Transamerica Stable Value Advantage Option Fund – This investment seeks to protect against any loss of principal while providing returns in excess of money market funds and one-year treasury bills. The investment has a portfolio investment rate design in which all deposits are credited with the same interest rate, credited on a daily basis, and there is no set maturity. The effective credited interest rate is set monthly and effective on the first day of the month. Contract charges may reduce this return.

Vanguard Target Retirement 2020 Fund – This investment seeks to provide capital appreciation and current income consistent with its current asset allocation. The fund invests in other Vanguard mutual funds according to an asset allocation strategy designed for investors planning to retire and leave the work force in or within a few years of 2020 (the target year). Its assets allocation will become more conservative over time, meaning that the percentage of assets allocated to stocks will decrease while the percentage of assets allocated to bonds and other fixed income investments will increase.

Vanguard Target Retirement 2025 Fund – This investment seeks to provide capital appreciation and current income consistent with its current asset allocation. The fund invests in other Vanguard mutual funds according to an asset allocation strategy designed for investors planning to retire and leave the work force in or within a few years of 2025 (the target year). Its assets allocation will become more conservative over time, meaning that the percentage of assets allocated to stocks will decrease while the percentage of assets allocated to bonds and other fixed income investments will increase.

Vanguard Target Retirement 2030 Fund – This investment seeks to provide capital appreciation and current income consistent with its current asset allocation. The fund invests in other Vanguard mutual funds according to an asset allocation strategy designed for investors planning to retire and leave the work force in or within a few years of 2030 (the target year). Its assets allocation will become more conservative over time, meaning that the percentage of assets allocated to stocks will decrease while the percentage of assets allocated to bonds and other fixed income investments will increase.

Vanguard Target Retirement 2035 Fund – This investment seeks to provide capital appreciation and current income consistent with its current asset allocation. The fund invests in other Vanguard mutual funds according to an asset allocation strategy designed for investors planning to retire and leave the work force in or within a few years of 2035 (the target year). Its assets allocation will become more conservative over time, meaning that the percentage of assets allocated to stocks will decrease while the percentage of assets allocated to bonds and other fixed income investments will increase.

NOTES TO FINANCIAL STATEMENTS

Vanguard Target Retirement 2040 Fund – This investment seeks to provide capital appreciation and current income consistent with its current asset allocation. The fund invests in other Vanguard mutual funds according to an asset allocation strategy designed for investors planning to retire and leave the work force in or within a few years of 2040 (the target year). Its assets allocation will become more conservative over time, meaning that the percentage of assets allocated to stocks will decrease while the percentage of assets allocated to bonds and other fixed income investments will increase.

NOTE 3 – INSURANCE COMPANY GENERAL ACCOUNT

The Plan entered into a benefit-responsive investment contract, the Stable Value Advantage Option Fund (the Stable Value), with Transamerica. The Stable Value is invested in the general account of Transamerica with no stated maturity. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The insurance company general account issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the insurance company general account is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Transamerica, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. The fair value of the Plan's investment contract accounts approximates the contract value at December 31, 2015 and 2014. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer and such interest rates are reset monthly as of the beginning of each month, during which a new interest rate is applied daily to the total outstanding balance of the investment. The credited interest rate is backed by the income received from assets held in the general account. The minimum rate for 2015 and 2014 was 1.55% and 1.6%, respectively.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents, (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The insurance company general account does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

NOTE 4 – RELATED PARTY TRANSACTIONS

Certain Plan investments are managed by Transamerica, the custodian of the Plan. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

NOTE 5 – PARTICIPATION AND BENEFITS

Participant contributions – Participants may elect to have the Company contribute their eligible pre-tax compensation to the Plan up to the amount allowable under the Plan document and current income tax regulations. In addition, the Plan permits the automatic enrollment of eligible employees in the Plan with a starting contribution of 3% of eligible compensation to be increased by 1% each year up to a maximum of 6%, unless the employee affirmatively elects otherwise. Participants who have the Company contribute a portion of their compensation to the Plan agree to accept an equivalent reduction in taxable compensation. Contributions withheld are invested in accordance with the participant's direction.

Participants are also allowed to make rollover contributions of amounts received from other tax-qualified employer-sponsored retirement plans. Such contributions are deposited in the appropriate investment funds in accordance with the participant's direction and the Plan's provisions.

INDEPENDENT ELECTRIC SUPPLY, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

Employer contributions – The Company matches 25% of each eligible participant’s contribution.

Vesting – Participants are immediately vested in their contributions. Participants are fully vested in the employer’s matching contributions allocated to their account after six years of credited service.

Participant accounts – Each participant’s account is credited with the participant’s contribution, Plan earnings or losses, and an allocation of the Company’s contribution. Allocation of the Company’s contribution is based on participant contributions and eligible compensation, as defined in the Plan.

Payment of benefits – Upon termination, the participants or beneficiaries may elect to leave their account balance in the Plan, or receive their total benefits in a lump sum amount equal to the value of the participant’s vested interest in their account. The Plan allows for the automatic lump sum distribution of participant vested account balances that do not exceed \$1,000.

NOTE 6 – CERTIFIED INFORMATION

All investment information disclosed in the accompanying financial statements and supplementary information, including investments held at December 31, 2015 and 2014, and net appreciation (depreciation), interest, and dividends for the years ended December 31, 2015 and 2014, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Transamerica in accordance with 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

Pooled separate accounts	<u>\$ (874,103)</u>	<u>\$ 4,248,075</u>

NOTE 7 – SUBSEQUENT EVENTS

During August 2016, all Plan assets were merged into the Sonepar USA 401(k) Plan (the Sonepar Plan). The eligible employees were allowed to participate in the Sonepar Plan as of August 1, 2016. During 2016 the Plan underwent a compliance audit which resulted in findings. The Company is in the process of negotiating final corrections to be resolved by filing under a Voluntary Correction Program. Management believes these corrections will not be material to the Plan.
