SOLAERO TECHNOLOGIES CORP. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2015

NOTE 1. PLAN DESCRIPTION

The following description of the SolAero Technologies Corp. 401(k) Plan (the "Plan") provides only general information. Participants and other interested parties should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was established effective January 26, 2015 and is a defined contribution plan covering all eligible employees who have been employed for at 60 days by SolAero Technologies Corp. (the "Company" and the "Plan Sponsor") and have attained 20 years of age. Effective December 1, 2015, the Plan was amended to remove the age requirement to participate. For discretionary Company nonelective contributions, participants must complete 1,000 hours of service and be employed on the last day of the Plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

On January 26, 2015, the accounts for eligible participants of the Plan in the amount of \$10,659,166 were transferred from the EMCORE Corporation 401(k) Plan to the Plan. In addition, effective December 1, 2015, the Alliance Spacesystems, LLC 401k Plan was merged into the Plan and assets of \$4,895,894 were transferred into the Plan.

Contributions

Participants may contribute from one percent to 30 percent of pretax annual compensation, as defined in the Plan and subject to certain limitations under the Internal Revenue Code ("IRC"). Effective December 1, 2015, the Plan was amended to permit participants to contribute up to 75 percent of compensation as either pretax or Roth deferrals. The Plan includes an automatic enrollment provision that all eligible employees are automatically enrolled at a deferral rate of three percent of eligible compensation, increasing by one percent each year thereafter up to a maximum of six percent. Participants may also contribute amounts representing distributions from other eligible retirement plans, as defined in the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company makes a discretionary matching contribution of 50 percent of the first six percent of compensation that a participant contributes to the Plan. During the period ended December 31, 2015, the Company made discretionary matching contributions of \$423,530. The Company may also at its discretion choose to make a nonelective contribution, of which none was made for the period ended December 31, 2015.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's nonelective contribution, if any, and Plan earnings, and charged with any withdrawals or distributions requested by the participant, investment losses and allocation of administrative expenses, if applicable. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2015

NOTE 1. PLAN DESCRIPTION (Continued)

Vesting

Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the Company's matching and nonelective contribution portion of their accounts is based on years of service. Participants are vested in Company contributions at 20 percent after one year of service and 20 percent for each year thereafter until 100 percent vested after five years of service. While still employed by the Company, if a participant becomes disabled, dies or reaches normal retirement age, the participant becomes 100 percent vested.

Forfeitures

Forfeitures of Company contributions may first be used to pay Plan administrative expenses and then to reduce Company contributions. No forfeitures were utilized during the period ended December 31, 2015. As of December 31, 2015, \$17,816 of forfeitures are available for future use.

Payment of Benefits

On termination of service due to any reason, a participant may elect to receive either a lump-sum distribution for the value of the participant's vested interest in his or her account, or installment payments as permitted by the Plan.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America, primarily from data provided by Prudential Bank & Trust, F.S.B (the "Trustee") and Prudential Retirement Insurance and Annuity Company (the "Custodian") (collectively "Prudential").

Recent Accounting Pronouncement

In July 2015, the FASB issued Accounting Standards Update No. 2015-12 ("ASU 2015-12"), *Plan Accounting: Defined Benefit Pension Plans, Topic 960; Defined Contribution Plans, Topic 962; and Health and Welfare Benefit Plans, Topic 965: Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient*. ASU 2015-12 simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts, plan investment disclosures, and provides for a measurement date practical expedient. The amendments are effective for all plan years beginning after December 15, 2015. Earlier application of any or all of the three parts is permitted. Part (I) and Part (II) are to be retrospectively applied and Part (III) is not applicable to the Plan. Plan management has elected early adoption and it has been fully implemented as of December 31, 2015.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2015

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Investments are valued daily. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the period.

Concentration of Risk

The Plan's investments have exposure to risk to the extent that the investments are subject to market and interest rate fluctuations that may materially affect the value of the investment balances.

Administrative Expenses

Administrative expenses incidental to the administration of the Plan, including fees of Prudential and the independent public accountants may be paid by the Plan. Administrative expenses not paid by the Company are paid by the Plan.

Most investment options have fees which reduce the overall return on assets. The net depreciation of investments is inclusive of these fees.

According to the Administrative Service Agreement between the Company and Prudential, Prudential is required to make quarterly contributions to an ERISA Expense Account in the amount of \$7,500. The funds in the ERISA Expense Account may be used to pay Plan administrative expenses during the year and any remaining balance at the end of the year may be allocated to participants. During the period ended December 31, 2015, Prudential contributed \$22,500 to the ERISA Expense Account, all of which was utilized to pay Plan administrative expenses. The net depreciation of investments is net of these contributions. As of December 31, 2015, there was \$308 of funds available in the ERISA Expense Account.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Benefits Payable to Participants

Benefits are recorded when paid.

Fair Value

The Plan accounts for its financial instruments using a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value measurement hierarchy is based on three levels of inputs, of which the first two are considered observable and the last unobservable. The three levels of the fair value hierarchy are the following:

- Level 1 – Inputs to the valuation methodology that are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are inactive; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- Level 3 – Inputs to the valuation that are unobservable and significant to the fair value measurement.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015.

Mutual funds – This category consists of publicly traded funds of registered investment companies. The net asset value of the mutual fund's shares is quoted on the exchange where the fund is traded and therefore classified as Level 1 within the valuation hierarchy.

All of the Plan's investments measured at fair value are Level 1 and the following table sets forth the Plan's investments at fair value as of December 31:

	2015
Mutual funds	\$ 12,705,090
Total investments at fair value	\$ 12,705,090

NOTE 3. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan entered into a traditional investment contract with Prudential that meets the fully benefit-responsive investment contract criteria. Prudential maintains the contributions in a commingled separate account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Prudential is contractually obligated to repay the principal and specified interest rate that is guaranteed to the Plan.

SOLAERO TECHNOLOGIES CORP. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2015

NOTE 3. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT (Continued)

Since the Guaranteed Income Fund is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the contract. Contract value, as reported to the Plan by Prudential, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of Prudential or otherwise. The crediting interest rate is based on a formula agreed upon with Prudential, but may not be less than 1.50 percent. Such interest rates are viewed on a semi-annual basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with Prudential; however, Prudential has indicated that generally there are not any events that could limit the ability of the Plan to transact at contract value paid within 90 days.

NOTE 4. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by the Prudential. Transactions with Prudential are party-in-interest transactions for which exemptions exist. Prudential received \$18,662 for loan administration and transaction fees during 2015, all of which was paid by participants through the Plan. In addition, Prudential receives indirect compensation from certain funds based on a formula. The Plan also paid \$22,500 to the Plan's investment advisor, all of which was paid from the ERISA Expense Account.

NOTE 5. PLAN TERMINATION

The Company may amend or terminate the Plan at any time, subject to provisions of ERISA. If the Plan is terminated, the rights of all participants to Company contributions in the Plan will become fully vested and nonforfeitable.

NOTE 6. FEDERAL INCOME TAX STATUS

The Company adopted a prototype plan which is the subject of a favorable tax opinion letter from the IRS dated April 29, 2014. The Company believes that the Plan currently is being operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is tax-exempt. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2015

NOTE 7. FINANCIAL DATA CERTIFIED BY THE TRUSTEE AND CUSTODIAN

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified by the Trustee and Custodian and was not subjected to any auditing procedures performed by the independent public accountants:

- a. Total participant-directed investments and notes receivable from participants as shown in the accompanying statement of net assets available for benefits as of December 31, 2015.
- b. Net depreciation of investments, interest and dividend income on investments, and interest income on notes receivable from participants as shown in the accompanying statement of changes in net assets available for benefits for the period ended December 31, 2015.
- c. Investments, fully benefit-responsive investment contract, and participant loans as of December 31, 2015 as listed in the accompanying Schedule of Assets (Held at End of Year).

NOTE 8. NOTES RECEIVABLE FROM PARTICIPANTS

Participants in the Plan may borrow against their vested account balance within specified guidelines, as defined in the Plan. The loan interest rate is set at one percent above the prime rate, as defined in the Plan. The loans are stated at the unpaid principal amount, secured by the balance in the participant's account, and bear interest at rates that range from 3.25 percent to 9.50 percent. Principal and interest is paid ratably through payroll deductions. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

NOTE 9. SUBSEQUENT EVENTS

The Company has evaluated subsequent events through September 27, 2016, which is the date that the financial statements were available to be issued, and determined that there were no subsequent events or transactions that required recognition or disclosure in the financial statements.

- Level 2 – Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are inactive; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- Level 3 – Inputs to the valuation that are unobservable and significant to the fair value measurement.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015.

Mutual funds – This category consists of publicly traded funds of registered investment companies. The net asset value of the mutual fund's shares is quoted on the exchange where the fund is traded and therefore classified as Level 1 within the valuation hierarchy.

All of the Plan's investments measured at fair value are Level 1 and the following table sets forth the Plan's investments at fair value as of December 31:

	2015
Mutual funds	\$ 12,705,090
Total investments at fair value	\$ 12,705,090

NOTE 3. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan entered into a traditional investment contract with Prudential that meets the fully benefit-responsive investment contract criteria. Prudential maintains the contributions in a commingled separate account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Prudential is contractually obligated to repay the principal and specified interest rate that is guaranteed to the Plan.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2015

NOTE 3. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT (Continued)

Since the Guaranteed Income Fund is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the contract. Contract value, as reported to the Plan by Prudential, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of Prudential or otherwise. The crediting interest rate is based on a formula agreed upon with Prudential, but may not be less than 1.50 percent. Such interest rates are viewed on a semi-annual basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with Prudential; however, Prudential has indicated that generally there are not any events that could limit the ability of the Plan to transact at contract value paid within 90 days.

NOTE 4. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by the Prudential. Transactions with Prudential are party-in-interest transactions for which exemptions exist. Prudential received \$18,662 for loan administration and transaction fees during 2015, all of which was paid by participants through the Plan. In addition, Prudential receives indirect compensation from certain funds based on a formula. The Plan also paid \$22,500 to the Plan's investment advisor, all of which was paid from the ERISA Expense Account.

NOTE 5. PLAN TERMINATION

The Company may amend or terminate the Plan at any time, subject to provisions of ERISA. If the Plan is terminated, the rights of all participants to Company contributions in the Plan will become fully vested and nonforfeitable.

NOTE 6. FEDERAL INCOME TAX STATUS

The Company adopted a prototype plan which is the subject of a favorable tax opinion letter from the IRS dated April 29, 2014. The Company believes that the Plan currently is being operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is tax-exempt. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7. FINANCIAL DATA CERTIFIED BY THE TRUSTEE AND CUSTODIAN

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified by the Trustee and Custodian and was not subjected to any auditing procedures performed by the independent public accountants:

- a. Total participant-directed investments and notes receivable from participants as shown in the accompanying statement of net assets available for benefits as of December 31, 2015.
- b. Net depreciation of investments, interest and dividend income on investments, and interest income on notes receivable from participants as shown in the accompanying statement of changes in net assets available for benefits for the period ended December 31, 2015.
- c. Investments, fully benefit-responsive investment contract, and participant loans as of December 31, 2015 as listed in the accompanying Schedule of Assets (Held at End of Year).

NOTE 8. NOTES RECEIVABLE FROM PARTICIPANTS

Participants in the Plan may borrow against their vested account balance within specified guidelines, as defined in the Plan. The loan interest rate is set at one percent above the prime rate, as defined in the Plan. The loans are stated at the unpaid principal amount, secured by the balance in the participant's account, and bear interest at rates that range from 3.25 percent to 9.50 percent. Principal and interest is paid ratably through payroll deductions. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

NOTE 9. SUBSEQUENT EVENTS

The Company has evaluated subsequent events through September 27, 2016, which is the date that the financial statements were available to be issued, and determined that there were no subsequent events or transactions that required recognition or disclosure in the financial statements.

SOLAERO TECHNOLOGIES CORP. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2015

NOTE 1. PLAN DESCRIPTION

The following description of the SolAero Technologies Corp. 401(k) Plan (the "Plan") provides only general information. Participants and other interested parties should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was established effective January 26, 2015 and is a defined contribution plan covering all eligible employees who have been employed for at 60 days by SolAero Technologies Corp. (the "Company" and the "Plan Sponsor") and have attained 20 years of age. Effective December 1, 2015, the Plan was amended to remove the age requirement to participate. For discretionary Company nonelective contributions, participants must complete 1,000 hours of service and be employed on the last day of the Plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

On January 26, 2015, the accounts for eligible participants of the Plan in the amount of \$10,659,166 were transferred from the EMCORE Corporation 401(k) Plan to the Plan. In addition, effective December 1, 2015, the Alliance Spacesystems, LLC 401k Plan was merged into the Plan and assets of \$4,895,894 were transferred into the Plan.

Contributions

Participants may contribute from one percent to 30 percent of pretax annual compensation, as defined in the Plan and subject to certain limitations under the Internal Revenue Code ("IRC"). Effective December 1, 2015, the Plan was amended to permit participants to contribute up to 75 percent of compensation as either pretax or Roth deferrals. The Plan includes an automatic enrollment provision that all eligible employees are automatically enrolled at a deferral rate of three percent of eligible compensation, increasing by one percent each year thereafter up to a maximum of six percent. Participants may also contribute amounts representing distributions from other eligible retirement plans, as defined in the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company makes a discretionary matching contribution of 50 percent of the first six percent of compensation that a participant contributes to the Plan. During the period ended December 31, 2015, the Company made discretionary matching contributions of \$423,530. The Company may also at its discretion choose to make a nonelective contribution, of which none was made for the period ended December 31, 2015.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's nonelective contribution, if any, and Plan earnings, and charged with any withdrawals or distributions requested by the participant, investment losses and allocation of administrative expenses, if applicable. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

SOLAERO TECHNOLOGIES CORP. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2015

NOTE 1. PLAN DESCRIPTION (Continued)

Vesting

Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the Company's matching and nonelective contribution portion of their accounts is based on years of service. Participants are vested in Company contributions at 20 percent after one year of service and 20 percent for each year thereafter until 100 percent vested after five years of service. While still employed by the Company, if a participant becomes disabled, dies or reaches normal retirement age, the participant becomes 100 percent vested.

Forfeitures

Forfeitures of Company contributions may first be used to pay Plan administrative expenses and then to reduce Company contributions. No forfeitures were utilized during the period ended December 31, 2015. As of December 31, 2015, \$17,816 of forfeitures are available for future use.

Payment of Benefits

On termination of service due to any reason, a participant may elect to receive either a lump-sum distribution for the value of the participant's vested interest in his or her account, or installment payments as permitted by the Plan.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America, primarily from data provided by Prudential Bank & Trust, F.S.B (the "Trustee") and Prudential Retirement Insurance and Annuity Company (the "Custodian") (collectively "Prudential").

Recent Accounting Pronouncement

In July 2015, the FASB issued Accounting Standards Update No. 2015-12 ("ASU 2015-12"), *Plan Accounting: Defined Benefit Pension Plans, Topic 960; Defined Contribution Plans, Topic 962; and Health and Welfare Benefit Plans, Topic 965: Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient*. ASU 2015-12 simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts, plan investment disclosures, and provides for a measurement date practical expedient. The amendments are effective for all plan years beginning after December 15, 2015. Earlier application of any or all of the three parts is permitted. Part (I) and Part (II) are to be retrospectively applied and Part (III) is not applicable to the Plan. Plan management has elected early adoption and it has been fully implemented as of December 31, 2015.

SOLAERO TECHNOLOGIES CORP. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2015

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Investments are valued daily. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the period.

Concentration of Risk

The Plan's investments have exposure to risk to the extent that the investments are subject to market and interest rate fluctuations that may materially affect the value of the investment balances.

Administrative Expenses

Administrative expenses incidental to the administration of the Plan, including fees of Prudential and the independent public accountants may be paid by the Plan. Administrative expenses not paid by the Company are paid by the Plan.

Most investment options have fees which reduce the overall return on assets. The net depreciation of investments is inclusive of these fees.

According to the Administrative Service Agreement between the Company and Prudential, Prudential is required to make quarterly contributions to an ERISA Expense Account in the amount of \$7,500. The funds in the ERISA Expense Account may be used to pay Plan administrative expenses during the year and any remaining balance at the end of the year may be allocated to participants. During the period ended December 31, 2015, Prudential contributed \$22,500 to the ERISA Expense Account, all of which was utilized to pay Plan administrative expenses. The net depreciation of investments is net of these contributions. As of December 31, 2015, there was \$308 of funds available in the ERISA Expense Account.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Benefits Payable to Participants

Benefits are recorded when paid.

Fair Value

The Plan accounts for its financial instruments using a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value measurement hierarchy is based on three levels of inputs, of which the first two are considered observable and the last unobservable. The three levels of the fair value hierarchy are the following:

- Level 1 – Inputs to the valuation methodology that are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are inactive; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- Level 3 – Inputs to the valuation that are unobservable and significant to the fair value measurement.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015.

Mutual funds – This category consists of publicly traded funds of registered investment companies. The net asset value of the mutual fund's shares is quoted on the exchange where the fund is traded and therefore classified as Level 1 within the valuation hierarchy.

All of the Plan's investments measured at fair value are Level 1 and the following table sets forth the Plan's investments at fair value as of December 31:
