It is assumed that 70% of males and 70% of females have an eligible spouse, and that males are three years older than their spouses.

Benefit Limits

Projected benefits are limited by the current IRC section 415 maximum benefit of \$210,000.

Valuation of Plan Assets

Smoothed fair market value of assets over the current and prior two years, adjusted for contributions, benefit payments, administrative expenses, and expected earnings. The average value of assets calculated in this manner is further limited to not less than 90% nor more than 110% of fair market value.

A characteristic of this method is that the expected distribution of the value of plan assets is skewed toward understatement relative to the corresponding market values for expected long-term rates of return in excess of the third segment rate under IRC section 430(h)(2)(C)(iii).

Projected benefits are limited by the current IRC section 415 maximum benefit of \$210,000.

Valuation of Plan Assets

Smoothed fair market value of assets over the current and prior two years, adjusted for contributions, benefit payments, administrative expenses, and expected earnings. The average value of assets calculated in this manner is further limited to not less than 90% nor more than 110% of fair market value.

A characteristic of this method is that the expected distribution of the value of plan assets is skewed toward understatement relative to the corresponding market values for expected long-term rates of return in excess of the third segment rate under IRC section 430(h)(2)(C)(iii).

MEDIANEWS GROUP DEFINED BENEFIT PLAN FOR CERTAIN EMPLOYEES

Notes to Financial Statements

Note 1 - Description of the Plan and Significant Accounting Policies

The following description of MediaNews Group Defined Benefit Plan for Certain Employees (the "Plan") provides only general information. Participants and all others should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined benefit plan originally established January 1, 1958. The Plan was restated effective January 1, 2014 to incorporate all amendments to the Plan made since the January 1, 2010 restatement as well as the addition of provisions in order to comply with current laws in place. The Plan was originally established by The Denver Post Corporation ("DPC"), a Colorado corporation, for its eligible employees who are not included in a collective bargaining unit. The Plan is a non-contributory plan with the active portion of the Plan covering persons regularly employed in the service of DPC. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective August 26, 2009, Denver Newspaper Agency Non-Union Employees' Pension Plan assumed all liabilities of the Plan with respect to the current and former employees of DPC.

On December 31, 2010, the Company dissolved MediaNews Group, Inc. Master Retirement Trust.

MediaNews Group (the "Company") is the Plan sponsor and administers the Plan. Prudential Retirement Insurance and Annuity Company and Prudential Bank & Trust, FSB (collectively, "Prudential") serves as trustee, manages Plan assets, and maintains the Plan's records.

The Company has frozen benefits for all groups of participants under the Plan spanning multiple dates ("Freeze Dates") to preclude additional employees from becoming participants and to cease all benefit accruals.

Funding Policy

The funding target attainment percentage is obtained by dividing the Plan's net plan assets by the plan liabilities on the valuation date. The funding target attainment percentage was 94.66% at January 1, 2015 and 89.01% at January 1, 2014.

Contributions to the Plan are based on actuarial determinations provided by the Plan's actuary. All contributions are made by the Company in cash in amounts adequate to meet the minimum funding requirement of ERISA. Contributions of \$1,800,000 and \$2,200,000 were made to the Plan for the years ended December 31, 2015 and 2014, respectively.

Vesting and Payment of Benefits

The benefit accruals and vesting schedules for participants vary depending on which of the following groups the participant is covered under: Los Angeles Daily News; New England Newspapers, Inc. - Middletown Location; New England Newspapers, Inc. - Eagle Location; New England Newspapers, Inc. - Lowell Location; and Northwest Publications Saint Paul Pioneer Press.

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Vesting and Payment of Benefits (continued)

Specific benefit provisions and vesting provisions covering each of the above participant groups are disclosed in the Plan document. Participants and all others should refer to these documents for the specific Plan provisions.

Benefit payments to participants are recorded when paid.

Plan Termination

Although the Company has not expressed any intention to do so, it has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth by ERISA. In the event the Plan terminates, the net assets of the Plan would be set aside first for the payment of benefits to retirees and then for all other participants. The Pension Benefit Guaranty Corporation guarantees the payment of all non-forfeitable (vested) benefits subject to certain limitations prescribed by ERISA.

Valuation of Investments and Income Recognition

The Plan's investments are stated at fair value and contract value as reported to the Plan by the trustee. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between participants at the measurement date. See Note 3 for additional fair value measurement disclosures.

The investments of the Plan are or were comprised of pooled separate accounts, hedge funds, a real estate fund, a guaranteed annuity contract, and a mutual fund.

The net realized and unrealized investment gain or loss (net appreciation or depreciation in fair value of investments) is reflected in the accompanying statements of changes in net assets available for benefits and is determined as the difference between fair value at the beginning of the year (or date purchased if during the year) and selling price (if sold during the year) or year-end fair value. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recognized on the accrual basis. Dividends are recognized on the ex-dividend date.

Guaranteed Annuity Contract

The Aetna Life Insurance Company Guaranteed Annuity Contract is a benefit-responsive group annuity contract issued by Aetna Life Insurance Company ("Aetna") with a fixed rate of interest. It is not a portfolio of contracts whose yields are based on changes in fair value of underlying assets as would be found in a stable value fund. As a result, the average yield earned by the Plan is the yield earned (i.e., interest credited) on the guaranteed annuity contract.

MEDIANEWS GROUP DEFINED BENEFIT PLAN FOR CERTAIN EMPLOYEES

Notes to Financial Statements

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Guaranteed Annuity Contract (continued)

Fully benefit-responsive guaranteed annuity contracts ("annuity contracts") held by a defined benefit plan are required to be reported at contract value. Contract value is a relevant measurement attribute for that portion of the net assets available for benefits of a defined benefit plan attributable to fully benefit-responsive annuity contracts as the contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in a fixed-income guaranteed annuity contract. As required by accounting principles generally accepted in the United States of America ("GAAP"), the statements of net assets available for benefits present the contract value of the fund. The statements of changes in net assets available for benefits present the activity in this fund on a contract value basis.

Contract value is the aggregation of contributions; plus interest; less withdrawals, if any. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. The most significant of these estimates relates to the determination of the accumulated plan benefits and the Plan's funded status. Accordingly, actual results could differ from those estimates.

Risks, Uncertainties, and Concentrations

The Plan provides for various investments that, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Additionally, some investments are invested in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of comparable U.S. companies.

As of December 31, 2015 and 2014, one and three investments accounted for approximately 70% and 58%, respectively, of total investments. During the years ended December 31, 2015 and 2014, seven and eleven investments accounted for approximately 99% and 100%, respectively, of net realized/unrealized appreciation of investments.

Recent Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. The amendment applies to reporting entities that elect to measure the fair value of an investment using the net asset value ("NAV") per share (or its equivalent) practical expedient. The amendment removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the NAV per share practical expedient. The amendment also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the NAV per share practical expedient. Rather, those disclosures are limited to investments for which the entity has elected to measure the fair value using that practical expedient. The amendment is effective for all plan years beginning after December 15, 2015. Earlier application is permitted. Entities should apply the amendment in this update retrospectively to all periods presented. As the Plan measures certain assets using the NAV practical expedient, upon adoption of ASU No. 2015-07, the fair value of these plan assets will be removed from the fair value hierarchy in all periods presented in the Plan's financial statements. The Plan will continue to disclose information on these investments for which fair value is measured at NAV as a practical expedient.

The Plan elected to early adopt this standard update for the year ended December 31, 2015 and adjusted the financial statement disclosures for all periods presented. The adoption of this new accounting pronouncement did not have a material impact on the Plan's financial statements.

In July 2015, the FASB issued ASU No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans, (Topic 965): Part I - Fully Benefit-Responsive Investment Contracts, Part II - Plan Investment Disclosures, and Part III - Measurement Date Practical Expedient*. The amendments are effective for all plan years beginning after December 15, 2015. Earlier application of any or all of the three parts is permitted. Part I requires fully benefit-responsive investment contracts to be measured, presented, and disclosed only at contract value. A plan will continue to provide disclosures that help users understand the nature and risks of fully benefit-responsive investment contracts.

Part II eliminates the current GAAP requirements for plans to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation for investments by general type for both participant-directed and non-participant-directed investments. The net appreciation or depreciation in investments for the period is still required to be presented in the aggregate but would no longer be required to be disaggregated and disclosed by general type. Part II also requires that investments (both participant-directed and non-participant-directed investments) of employee benefit plans be grouped only by general type, eliminating the need to disaggregate the investments in multiple ways.

Recent Accounting Pronouncements (continued)

Currently under Accounting Standards Codification ("ASC") Topic 820, classes of assets are grouped and disclosed on the basis of nature, characteristics, and risks, and under FASB ASC Topics 960, 962, and 965, classes of assets are grouped and disclosed on the basis of general type. In addition, if an investment is measured using NAV per share (or its equivalent) practical expedient in FASB ASC Topic 820 and that investment is in a fund that files a U.S. Department of Labor Form 5500, Annual Return/Report of Employee Benefit Plan, as a direct filing entity, disclosure of that investment's strategy would no longer be required. The amendments in Part II should be applied retrospectively for all financial statements presented. Part III provides a practical expedient to permit plans to measure investments and investment-related accounts (for example, a liability for a pending trade with a broker) as of a month-end date that is closest to the plan's fiscal year-end when the fiscal period does not coincide with a month-end.

The Plan elected to early adopt all three parts of this standard update (as applicable) for the year ended December 31, 2015 and adjusted the financial statement disclosures for all periods presented. The adoption of this new accounting pronouncement did not have a material impact on the Plan's financial statements.

Reclassifications

Certain amounts in the 2014 financial statements have been reclassified to conform to the 2015 presentation.

Subsequent Events

The Plan has evaluated subsequent events through the auditors' report date, which is the date the financial statements were available for issuance. Subsequent to year-end, the redemption policy for the Alden AGBPI Fund, Limited was amended to allow for daily withdrawals. There were no other material subsequent events that required recognition or disclosure in the financial statements.

Note 2 - Investments Certified by the Trustee

Prudential has certified in writing to the Plan administrator that the stated amounts for investments at fair value and contract value as of December 31, 2015 and 2014, and the income earned or losses incurred on the investments for the years then ended, as reflected in the accompanying financial statements, supplemental schedule of assets (held at end of year), and supplemental schedule of reportable transactions, are complete and accurate.

MEDIANEWS GROUP DEFINED BENEFIT PLAN FOR CERTAIN EMPLOYEES

Notes to Financial Statements

Note 2 - Investments Certified by the Trustee (continued)

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-5(c) and 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's auditors not to perform any auditing procedures with respect to the investment information certified by the trustee except for comparing the information contained therein to information included in the financial statements, supplemental schedule of assets (held at end of year), and supplemental schedule of reportable transactions.

Note 3 - Fair Value Accounting

GAAP requires disclosure about how fair value is determined and establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.
- Level 2: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis as of December 31, 2015 and 2014.

Investments measured at fair value on a recurring basis as of December 31, 2015 are as follows:

Total investments				<u>\$ 59,766,890</u>

The fair value of the Prudential PRISA Real Estate Fund, which is included within pooled separate accounts, and the RREEF America REIT II is determined through an independent appraisal process. The estimate of fair value is based on conventional approaches, all of which require the exercise of subjective judgment. The three approaches are: (1) current cost of reproducing the real estate less deterioration and functional and economic obsolescence, (2) discounting a series of income streams and reversion at a specific yield or by directly capitalizing a single-year income estimate by an appropriate factor, and (3) recent sales of comparable real estate in the market. In the reconciliation of these three approaches, the one most heavily relied upon is the one deemed most appropriate by the independent appraiser for the type of real estate in the market. The real estate fund's portfolio values are typically not updated on a daily basis and, as a result, can sometimes be subject to liquidity risk. There were no unfunded commitments as of December 31, 2015 and 2014. Redemption requests require a calendar quarter notice and are subject to available cash. In the case there is not enough available cash for a request, a cash queue will be established. There was no cash queue as of December 31, 2015 and 2014 for the Plan's investment in the Prudential PRISA Real Estate Fund and RREEF America REIT II. In order to make additional allocations to the Prudential PRISA Real Estate Fund, the Plan must notify Prudential, and the additional allocations are subject to a deposit queue. All redemption and entrance queues for these funds were funded during the years ended December 31, 2015 and 2014.

Note 3 - Fair Value Accounting (continued)

The Plan's investments in pooled separate accounts ("separate accounts"), not including the Prudential PRISA Real Estate Fund, and hedge funds are recorded at NAV reported by the funds' managers as a practical expedient to estimating the fair value as these investments do not have readily determinable fair values. Hedge fund assets for which no external pricing sources are available are valued at fair value based upon an estimate made by the funds' managers using what management believes, in its discretion, to be appropriate techniques consistent with market practices for the relevant types of investments. Due to the nature of these investments, changes in market conditions and the economic environment may significantly impact the recorded NAV of the separate accounts and hedge funds and, consequently, fair values of the funds' interest in the funds. The fair value of these investments is measured using the NAV per share of the Plan's ownership interests in separate accounts and hedge funds on an equivalent measure where it is not probable that the funds will sell a separate account or hedge fund at a price other than NAV. The separate accounts are redeemable daily and have a one-day notice period. There were no separate accounts with redemption restrictions or unfunded commitments as of December 31, 2015 and 2014. The KLS Diversified Fund, Limited is redeemable as of the last day of any calendar quarter-end upon 60 days' prior notice. The Alden AGBPI Fund, Limited is redeemable as of any month-end upon 90 days' prior notice. The Alden Global CRE Opportunities Fund is redeemable in four quarterly installment payments equivalent to 25%, 33 1/3%, 50%, and 100% of the fund's balance as of any calendar quarter-end upon 90 days' prior notice. The redemption notice may be reduced to 60 days; however, it becomes subject to a 5% withdrawal fee. The withdrawal amount may exceed 25%; however, all excess balances withdrawn over 25% become subject to an additional 10% withdrawal fee if 60 days' notice is given or a 5% withdrawal fee if standard notice is given. There were no hedge funds with unfunded commitments as of December 31, 2015 and 2014.

The Plan's fully benefit-responsive guaranteed annuity contract is presented at contract value, which represents contributions and reinvested income, less any withdrawals, plus accrued interest. Aetna maintains the funds in a general account and a separate account. The accounts are credited with earnings on the underlying investments and charged for withdrawals and administrative expenses. The guaranteed annuity contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 3.50%. The crediting rate is reviewed annually for resetting.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Upon discontinuance of the contract, contract value would be paid no later than 90 days from the date the Plan sponsor provides notice. If the funds were withdrawn in a single lump-sum payment, a market value adjustment would apply and would reduce the value to a withdrawal value. As of December 31, 2015 and 2014, the lump-sum withdrawal value of the unallocated fund balance was \$502,946 and \$534,959, respectively. As of December 31, 2015 and 2014, there were no reserves against contract values for credit risk of contract issuers or otherwise.

The valuation technique used to measure fair value of the mutual fund was based upon the quoted market price at the close of business on the reporting period date.

Notes to Financial Statements

Note 3 - Fair Value Accounting (continued)

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in different fair value measurements at the reporting date.

There were no changes to the valuation techniques used during the years ended December 31, 2015 and 2014. The Plan's management reaffirms its understanding of the valuation techniques used by its pricing services at least annually.

Quantitative Information about Significant Unobservable Inputs Used in Value Measurements

The following tables represent the Plan's financial instruments that contain significant unobservable inputs, the valuation techniques used to measure the value of the financial instruments, the significant unobservable inputs, and the range of values for those inputs:

Financial instruments with significant unobservable inputs as of December 31, 2015 are as follows:

Quantitative Information about Significant Unobservable Inputs Used in Value Measurements (continued)

The Plan's financial instruments as of December 31, 2015 and 2014 include hedge funds, which contain certain redemption restrictions as stated above. The fair value of the hedge funds as of December 31, 2015 and 2014 is \$48,683,970 and \$16,258,770, respectively. The valuation technique used to measure the fair values of the hedge funds is based on the fair value of the funds' underlying investments determined by the investment advisor using the financial statements of the funds at the measurement dates.

Changes in Financial Instruments with Significant Unobservable Inputs

The following is a reconciliation of the beginning and ending balances for investments measured at fair value or contract value on a recurring basis using significant unobservable inputs during the years ended December 31, 2015 and 2014:

Note 4 - Income Taxes

The IRS has determined and informed the Plan in a letter dated April 15, 2015 that the Plan is qualified and the trust established under the Plan is tax exempt under the appropriate sections of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the accompanying financial statements.

MEDIANEWS GROUP DEFINED BENEFIT PLAN FOR CERTAIN EMPLOYEES

Notes to Financial Statements

Note 4 - Income Taxes (continued)

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2015 and 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 5 - Administration of the Plan

The Plan pays the cost of certain administrative, accounting, and legal services.

Note 6 - Related Party and Party-in-Interest Transactions

Certain Plan investments are pooled separate accounts that are managed by Prudential, the trustee as of December 31, 2015 and 2014. Other Plan investments include two hedge funds that are managed by an owner of the Company. There are no fees charged to the Plan associated with these funds. These transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules. Fees incurred and paid directly by the Plan for investment management services during the years ended December 31, 2015 and 2014 were \$88,239 and \$89,975, respectively, which are included within administrative fees on the statements of changes in net assets available for benefits.

Note 7 - Accumulated Plan Benefits

The Plan's actuary, Aon Hewitt ("Hewitt"), estimates the actuarial present value of accumulated plan benefits, which is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits earned by the participants to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

Accumulated plan benefits are those estimated future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to services rendered by the employees to the valuation date. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries and (b) present employees or their beneficiaries. Benefits for retired or terminated employees or their beneficiaries are based on employees' compensation during their last five years of credited service. The accumulated plan benefits for active employees are based on their average compensation during the five years preceding the Freeze Dates. Benefits payable under all circumstances (retirement, death, disability, or termination of employment) are included, to the extent they are deemed attributable to employee service rendered prior to the Freeze Dates. The actuarial valuation was performed as of January 1, 2015 and January 1, 2014. Had the valuation been performed as of December 31, 2014 and 2013, there would be no material difference.

Note 7 - Accumulated Plan Benefits (continued)

The following table sets forth the accumulated plan benefits:

	January 1,

Total actuarial present value of accumulated plan benefits	<u>\$ 58,453,417</u>	<u>\$ 54,536,773</u>

The change in present value of accumulated plan benefits was as follows:

Actuarial present value of accumulated plan benefits as of January 1, 2014	\$ 54,536,773
Increase (decrease) during the year attributable to	
Interest accumulation	3,980,313
Assumption changes (1)	4,014,225

Benefit payments	<u>(4,366,414)</u>
Actuarial present value of accumulated plan benefits as of January 1, 2015	<u>\$ 58,453,417</u>

- (1) Changes in actuarial assumptions relate to changes in the assumed rate of return on investments and the mortality rate assumption.
- (2) Other changes represent the normal operations of the Plan consisting primarily of the increase due to ongoing benefit accruals, if any, and those items of Plan experience that are not associated with Plan asset performance.

The significant actuarial assumptions used by Hewitt in its January 1, 2015 and 2014 calculations are as follows:

Assumed rate of return on investments	7.50% (2015) and 7.60% (2014)
Probability of retirement - active participants	10% at age 55, 7.5% at ages 56-59, 12.5% at ages 60-64, 20% at ages 65-69, and 100% at ages 70+ (2015)
	20% at age 55, 15% at ages 56-59, 25% at ages 60-64, 40% at ages 65-69, and 100% at ages 70+ (2014)
Probability of retirement - terminated vested participants	4% at ages 55-59, 10% at ages 60-64, and 100% at ages 65+ (2015 and 2014)
