NOTE 1 - DESCRIPTION OF PLAN

The following brief description of the Rogers Group, Inc. & Affiliates Retirement Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for more complete information on the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Rogers Group, Inc. and certain of its affiliates (collectively, the "Employer" or "Plan Administrator"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. The Plan was established effective April 1, 1990, and has been amended and restated several times subsequent to its effective date to modify certain Plan provisions and comply with changes in applicable tax regulations. The Retirement Plan Investment and Administration Committee (the "Committee") is responsible for oversight of the Plan. The Committee determines the appropriateness of the investments and monitors investment performance. Prudential Retirement Insurance and Annuity Company ("Prudential") is the Plan Trustee.

Eligibility

Salaried employees are eligible to participate for purposes of making pre-tax and after-tax deferrals effective as of their date of hire or, if later, the date the employee attains age 21. Hourly employees are eligible to participate, effective as of the first day of the month coincident with or next following the later of the employee's completion of ninety days of service or attainment of age 21. Effective January 1, 2016, all employees will become eligible to participate, effective following the employee's completion of sixty days of service and the attainment of age 21.

In addition, employees become eligible for Employer contributions as of the first day of the month coincident with or next following the later of the employee's completion of one year of service (1,000 hours) or attainment of age 21.

The Plan excludes union employees, independent contractors, leased employees, nonresident aliens, and those employees employed in a job classification where the customary period of employment is less than thirty hours per week. However, an employee in a job classification where the customary period of employment is less than thirty hours per week, and who would otherwise be eligible to participate in the Plan, is eligible to participate as of the first day of the month coincident with or next following the date on which the employee has both attained age 21 and completed a year of service.

There is no separate eligibility requirement for employees in a job classification where the customary period of employment is less than thirty hours per week.

Contributions

The Plan provides an automatic enrollment feature where newly eligible employees have 2% of their eligible compensation withheld and contributed to the Plan unless the employee elects not to make contributions or designates a different percentage. There will be annual increases in the automatic contribution percentage of 1% up to a maximum of 5% of the employee's eligible compensation. However, eligible participants can elect to defer up to 100% of their compensation or the maximum amount prescribed by the Secretary of the Treasury on a pre-tax basis under the elective salary deferral component of the Plan. The Employer provides a safe harbor matching contribution of 100% of the elective salary deferral amounts on the first 3% of the participant's contribution and an additional 50% of the next 2% of the participant's contribution.

Eligible participants may designate a portion or all of their elective contributions as a Roth contribution (after-tax contribution).

The Plan also provides for the Employer to make a base contribution for participants hired after December 31, 2003, who have completed one year of service, equal to 2% of the participant's compensation. Subsequent contributions are then made on a payroll by payroll basis. During 2015, $1,069,421 of Employer contributions were made under this provision.

Under the profit-sharing component of the Plan, the Employer may contribute to the Plan a percentage of eligible participants' compensation during the Plan year. This discretionary percentage is determined annually by the Employer. The Employer did not make any profit-sharing contributions for the year ended December 31, 2015.

Rollover contributions from other qualified plans are only allowed from employees who have met the eligibility requirements.

Contributions are subject to certain limitations in accordance with applicable regulatory requirements.

Participant Accounts

Each participant's account is credited with the participant's after-tax and pre-tax deferral contributions, the Employer's matching contribution, any rollover contributions, any base contributions (applicable to certain participants, as described above), and an allocation of (a) the Employer's profit-sharing contribution, if any, and (b) investment fund earnings, net of investment expenses. Each participant's account is charged with an allocation of investment losses, if any, and withdrawals. Allocations are based on participant earnings in investment funds, as defined in the Plan documents. The benefit to which a participant is entitled is the benefit that can be provided from the participant's accounts.

Vesting

Participants are immediately vested in their employee (pre-tax and after-tax), rollover, Employer match and other Employer discretionary contribution accounts. The Employer base contribution, which is made after one year of service, is vested based on years of service. Participants hired prior to January 1, 2012, are 100% vested. Participants hired on or after January 1, 2012, will vest 25% per year beginning on year two and will become fully vested after five years.

Notes Receivable from Participants

Participants are allowed to borrow from their fund accounts a minimum of $1,000 up to a maximum loan equal to the lesser of $50,000 or 50% of their account balance. The loans are evidenced by notes with maturities not greater than five years, unless made for the purchase of a primary residence. The notes are secured by 50% of the participant's account balance. Loans to participants or former participants who are still active employees of the Employer will bear interest at one percentage point above the prime rate, as published in the *Wall Street Journal,* on the date the loan is initiated. Interest rates range from 4.25% to 9.25% on loans outstanding as of December 31, 2015 and 2014. Principal and interest are paid ratably through payroll deductions.

Interest rates on participant loans are required to be commensurate with current interest rates charged on loans made under similar circumstances by persons in the business of making loans. Additionally, participants may not borrow from amounts in their Roth 401(k) contribution accounts.

Payment of Benefits

Participants (or their beneficiaries) are eligible to receive vested benefits upon retirement, death, disability or when they terminate employment with the Employer. The method of distribution shall be determined by the Plan Administrator in accordance with Plan provisions.

Withdrawals

Withdrawals of employee contributions will be granted when the participant has taken the maximum loan available under the Plan and has demonstrated an immediate and heavy financial need arising from a hardship situation. A withdrawal to meet such hardship shall be limited to the lesser of (a) the actual amount of the participant's elective salary deferral contributions account, less any earnings allocated to such account after December 31, 1988, less any elective salary deferral contributions previously withdrawn; and (b) the amount needed to meet the emergency financial hardship plus amounts necessary to pay any federal, state, or local income taxes reasonably anticipated to result from the hardship distribution. A participant is precluded from making any pre-tax or after-tax deferral contributions to the Plan for the 6-month period immediately following the distribution.

Participants who are age 65 and are still employed are allowed to withdraw all or a portion of their account balance.

Withdrawals of employee after-tax and rollover contributions can be made at any time by a participant who is currently employed. After age 59 ½, a participant may also withdraw all or a portion of his interest in his pre-tax deferral, safe harbor match and Employer base contribution accounts.

Investment Options

Participants may direct contributions and earnings into various funds held by Prudential.

Participants may change their investment options at any time.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan determines the valuation policies utilizing information provided by the investment advisers and Trustee. See Note 4 for discussion of fair value measurements.

Contract value is the relevant measure of that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. See Note 11 for discussion of contract value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefit payments are recognized in the year paid.

Administrative Expenses

Substantially all expenses of maintaining the Plan are paid by the Employer. Investment related expenses are included in net appreciation in fair value of investments. Certain administrative expenses are paid by the Plan.

Events Occurring After Reporting Date

The Plan Administrator has evaluated events and transactions that occurred between December 31, 2015 and October 4, 2016, the date the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

NOTE 3 - CHANGE IN ACCOUNTING PRINCIPLE

In July 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965); (Part I) Fully Benefit-Responsive Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part I eliminates the requirement to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan assets. Part II also eliminates the disclosure of significant investment strategies for an investment in a fund that files an annual report on Form 5500 as a direct filing entity when the Plan measures that investment using the net asset value practical expedient. Part III simplifies accounting for a plan with a fiscal year end that does not coincide with a calendar month end. Plans are allowed to measure investments and investment-related accounts using the month end closest to its fiscal year end. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively to all periods presented; Part III is applied prospectively. Management has elected to adopt Parts I and II early. Part III is not applicable to the Plan.

NOTE 4 - FAIR VALUE MEASUREMENTS

The Plan classifies its investments based on a hierarchy consisting of: Level 1 (valued using quoted prices from active markets for identical assets), Level 2 (not traded on an active market but for which observable market inputs are readily available), and Level 3 (valued based on significant unobservable inputs). The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis:

Mutual funds	Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

There have been no changes in the valuation methodologies used at December 31, 2015 and 2014.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

	Level 1	Level 2	Level 3	Total
2015				
Mutual funds	$71,200,733	$ -	$ -	$71,200,733
Investments at fair value	$71,200,733	$ -	$ -	$71,200,733

	Level 1	Level 2	Level 3	Total
2014				
Mutual funds	$66,363,727	$ -	$ -	$66,363,727
Investments at fair value	$66,363,727	$ -	$ -	$66,363,727

NOTE 5 - INFORMATION CERTIFIED BY TRUSTEE

As permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator has elected that the information certified by the Trustee, Prudential, not be subjected to any auditing procedures, except for comparing such information to the related information contained in the financial statements and supplementary information.

The Trustee has certified to all investments and notes receivable from participants (individually and in summary) as of December 31, 2015 and 2014, and all investment and loan transactions for the year ended December 31, 2015, including investment income, realized and unrealized gains and losses, interest income on notes receivable from participants, and all supplementary information.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intention to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Employer contributions.

NOTE 7 - TAX STATUS

The Internal Revenue Service ("IRS") has determined and informed the sponsor, by a letter dated February 2, 2011, that the Plan is qualified and the trust established under the Plan is tax exempt under the appropriate sections of the Internal Revenue Code ("Code"). However, the determination letter did not cover amendments subsequent to filing the application.

The Plan Administrator believes that the Plan currently is designed and being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax asset or liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in investment securities, which are exposed to various risks, such as interest rate, credit and overall market risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

NOTE 9 - PARTY-IN-INTEREST AND RELATED PARTY TRANSACTIONS

Parties-in-interest are defined under United States Department of Labor Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the Employer and certain others. As of December 31, 2015 and 2014, Plan investments are held by the Trustee, and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services are included in net appreciation in fair value of investments, rather than a direct payment.

During 2015, the Plan paid administrative expenses amounting to $12,525 for recordkeeping services.

All other Plan administrative expenses for the year ended December 31, 2015, including fees incurred for professional services, were paid by the Employer and not charged to the Plan.

These party-in-interest transactions are exempt from the prohibited transactions provisions under ERISA.

NOTE 10 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

A reconciliation of the financial statements to the Form 5500 follows:

Change in net assets available for benefits per Form 5500	$ 5,394,318

NOTE 11 - INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan holds investment contracts that meet the fully benefit-responsive investment contract criteria; therefore, are reported at contract value. The investment contract is a traditional investment contract.

With traditional investment contracts, the Plan owns only the contract itself; the underlying assets are owned by the contract issuer. Traditional investment contracts are designed to accrue interest based on crediting rates established by the contract issuers. The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1.50%. The crediting rate is reviewed on a semi-annual basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investments contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, there are no events that allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value.
