General

The retirement committee of Woodlands Medical Specialists, PA (the "Company") approved the creation of the Woodlands 401(k) Profit Sharing Plan during the fiscal year ended December 31, 2009. The Plan was created to provide employees of the Company with a retirement incentive package.

The Plan is a defined contribution plan covering all full-time employees of the Company who have one year of service and are eighteen years of age or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Employee Salary Deferral Contributions – Each year, participants may contribute to the Plan from 1% to 75% of pretax annual compensation, as defined in the Plan agreement. Participants who have attained 50 years of age before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

401(k) Safe Harbor Contributions – Each year, the Company contributes to the participant 3% of the employee's gross earnings.

Employer Match Contributions – Each year, the Company may make a discretionary contribution equal to 50% of each employee's salary deferrals up to 6%, which would be a maximum of 3% of the participant's pretax annual compensation.

Profit Sharing Contributions – Each year, the Company may make an additional discretionary contribution to the participant based on the current year's profits before income taxes. This amount is referred to as the profit sharing portion and represents an additional amount at the option of the Company's board of directors. Contributions are subject to certain IRS compensation limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of the Company's contribution and any Plan earnings. Allocations are based on participant earnings or account balances, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

Participant salary deferrals may be treated as either "pre-tax" or "Roth" (after tax) contributions. This election can be made upon entrance into the Plan. Elections can be changed quarterly throughout the plan year.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company contributions portion of their accounts plus earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service.

Notes receivable

Participants may borrow from their fund accounts up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The notes are secured by the balance in the participant's account and bear interest at 3.25%, which are commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest is paid ratably through monthly payroll deductions. The note receivable from participants balance at December 31, 2015 and 2014 was $162,945 and $119,394, respectively.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum amount. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account, as a lump-sum distribution or as a rollover to another qualified plan.

Forfeited Accounts

At December 31, 2015 and 2014, forfeited amounts in nonvested accounts totaled $1,373, and $64, respectively. Forfeitures are used in the year in which they occur. These funds are used to reduce current and future employer contributions.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Cash and Cash Equivalents

The Plan considers highly liquid debt instruments with original maturities of less than three months to be cash equivalents.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/decrease includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 or 2014. If a participant ceases to make note repayments and the plan administrator deems the participant note to be in default, the participant note balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Most of the Plan’s administrative expenses are paid by the Company. Expenses recorded in the Plan are related to participant notes and distributions, and are paid by the participant.

Adoption of New Accounting Standards

In July 2015 the Financial Accounting Standards Board issued Accounting Standards Update No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans, Defined Contribution Plans, and Health and Welfare Benefit Plans*, which included new reporting and disclosure requirements for employee benefit plans. This standard is effective for plans with fiscal years beginning after December 15, 2015. Earlier adoption is permitted and management of the Plan elected to early implement the provisions of this new accounting standard. Under the newly adopted standard, the Plan now reports fully-benefit responsive

investment contracts at contract value only, with no adjustment for estimated fair value. Additionally, the Plan's disclosures related to investments have been changed to conform to the requirements of the new standard which generally results in disclosures that are less complex. Comparative financial statements and disclosures of prior years have been adjusted to apply the new requirements retrospectively. There was no effect on previously reported net assets available for benefits due to the adoption of this new accounting standard.

In May 2015 the Financial Accounting Standards Board issued Accounting Standards Update No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent),* which removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. Additionally, the Plan's disclosures related to investments have been changed to conform to the requirements of the new standard which generally results in disclosures that are less complex. This standard is effective for fiscal years beginning after December 15, 2016. Earlier adoption is permitted and management of the Plan elected to early implement the provisions of this new accounting standard for the year ended December 31, 2015. Comparative financial statements and disclosures of prior years have been adjusted to apply the new requirements retrospectively. There was no effect on previously reported net assets available for benefits due to the adoption of this new accounting standard.

Date of Management's Review

Management of the Plan has evaluated for subsequent events through September 23, 2016, which is the date on which the financial statements were available to be issued.

NOTE 3 – INVESTMENTS (UNAUDITED)

TD Ameritrade Trust Company, the Trustee of plan assets, maintains all records of investment transactions and determines the valuation of the investment portfolio. As required by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Trustee has provided certification to the plan administrator regarding the accuracy and completeness of certain information. The following information was included in the information certified by the Trustee for the years ended December 31, 2015 and 2014, and was used by the plan administrator in the preparation of these financial statements and schedule in compliance with ERISA:

NOTE 4 – FAIR VALUE MEASUREMENTS (UNAUDITED)

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 inputs are those with other than quoted prices that are observable for the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds.

Collective trust fund: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

NOTE 4 – FAIR VALUE MEASUREMENTS (UNAUDITED) (CONTINUED)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014.

NOTE 5 – RELATED PARTY TRANSACTIONS

The Plan did not have any related party transactions or parties in interest transactions during the year ended December 31, 2015.

NOTE 6 – PLAN TERMINATION

Although it has not expressed intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their employer contributions and the earnings on those contributions.

NOTE 7 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, credit risks and custodial risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 8 – TAX STATUS

The IRS has determined and informed the Company by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions. There are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

NOTE 9 – REALIZED AND UNREALIZED GAINS AND LOSSES

Realized and unrealized gains and losses are calculated using a historical basis for financial statements purposes. This is different than the instructions for the IRS Form 5500 which require that assets be revalued to current (market) value at the beginning of the plan year. The gain or loss on a sale of an investment held at the beginning of the plan year must be calculated using the current value of that investment at the beginning of the plan year.

Note 10 – PROHIBITED TRANSACTIONS

During the year, four participants' deferral contributions were not calculated properly resulting in their actual deferral being less than the elected amount. Each improper remittance constitutes a prohibited transaction, regardless of the size of the transaction. The amounts listed on Schedule line H, Line 4a include 50% of that participant's elected amount, 100% of the match and the related lost earnings that are pending correction through the Voluntary Fiduciary Correction Program in the amount of $92 in 2015. Additionally, safe harbor and/or match contributions for 29 other participants were not calculated properly resulting in their actual match and/or safe harbor contributions from their employer to be less than expected. Each improper remittance constitutes a prohibited transaction, regardless of the size of the transaction. The amounts listed on Schedule line H, Line 4a include 100% of the match and the related lost earnings that are pending correction through the Voluntary Fiduciary Correction Program in the amount of $3,585 in 2015.
