Eckart America 401(K) Plan

NOTES TO FINANCIAL STATEMENTS

December 31, 2015 and 2014

NOTE A - DESCRIPTION OF PLAN

The following brief description of the Eckart America 401(K) Plan is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

1. General

Eckart America 401(K) Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) for both its salary deferral plan and its profit sharing plan.

2. Eligibility for Participation

All employees are eligible to participate on their date of hire.

3. Contributions

The Plan is a defined contribution plan to which the Plan participant may contribute any amount up to the maximum salary deferral allowed. Participants direct the investment of their contributions into various mutual funds offered by the Plan. The Company matches by contributing 60% of participant's contribution to a maximum of 8% of their salary deferral, except for Obron Atlantic Corporation employees, where the Company contributes .39/hr worked and will match 30% of contribution to a maximum of 3% of their salary deferral and these amounts are directly credited to the participant's account. If Company's owners achieved specific global results, Company will make an additional discretionary contribution to eligible participants. For years ended December 31, 2015 and 2014, the contribution amounted to \$74,920 and \$74,321, respectively. The Company has elected not to contribute to the profit sharing plan during the year ended December 31, 2015 and 2014.

4. Participant Accounts

Each active participant's account is credited with the participant's contribution and an allocation of (a) the Company's contribution and (b) plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's accounts.

5. Participant Notes Receivable

Participants may borrow from their salary deferral account a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their account balance, whichever is less. The loans are secured by the balance in the participant's account and bear an interest rate of 3.25% for the note receivables outstanding at December 31, 2015 and 2014, which are commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest are paid ratably through weekly payroll deductions.

NOTE A - DESCRIPTION OF PLAN - continued

6. Vesting and Payment of Benefits

Participants with 5 or more years of service are 100% vested in their profit sharing and matching accounts and are entitled to receive the vested portion of their individual accounts determined as of the valuation date coincident with or immediately preceding the termination of employment. If any employee resigns or is discharged prior to reaching age 65, the employee is entitled only to the vested portion in their profit sharing and matching accounts as of the time of such termination. Vesting occurs after one years of service at 20%; 20% for each additional year to a total of 100% after 5 years of service. Participants are always 100% vested in their salary deferral account.

7. Death and Disability Benefits

A participant who separates from service as the result of death or disability is entitled to 100% of the value of his individual account as soon as administratively feasible, following the date on which a distribution is requested or is otherwise payable.

8. Forfeited Accounts

At December 31, 2015 and 2014, forfeited nonvested accounts totaled \$0. These accounts will be used to reduce future employer contributions.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements follows:

1. Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

2. Basis of Accounting

The financial statements of the plan are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan.

3. Operating Expenses and Benefit Payments

All expenses of maintaining the Plan are paid by the Company.

Benefit payments to participants are recorded when paid.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued

4. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note E for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

5. Date of Management's Review

Subsequent events were evaluated through September 27, 2016, which is the date the financial statements were available to be issued.

6. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2015 and 2014, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

NOTE C - TAX STATUS

The IRS has determined and informed the plan sponsor by a letter dated August 7, 2001, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

NOTE D - PLAN TERMINATION

While the Plan's administrator has not expressed any intent to terminate the Plan, it is free to do so at any time. In the event of termination of the Plan, the Plan provides that the participants' balances become fully vested and distributable.

NOTE E - FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. There are no plan assets requiring the use of Level 2 inputs for the periods presented. Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

NOTE E - FAIR VALUE MEASUREMENTS - continued

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

Level 3 Fair Value Measurements

The guaranteed investment contract with an insurance company is not actively traded and significant other observable inputs are not available. Thus, the fair value of the guaranteed investment contract is measured using an income approach based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

For those assets with fair value measured using Level 3 inputs, the Standard Insurance Company determines the fair value measurement policies and procedures in consultation with the Plan trustee. Those policies and procedures are reassessed at least annually to determine if the current valuation techniques are still appropriate. At that time, the unobservable inputs used in the fair value measurements are evaluated and adjusted, as necessary, based on current market conditions and other third-party information. The following table provides further details of the Level 3 fair value measurements.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2015 and 2014:

		Fair Value Measurement at the End of the Reporting Period Using:	
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Unobservable Inputs (Level 3)

<u>December 31, 2014</u>

Total gains or losses (realized and unrealized) included in changes in net assets available for benefits	-
Purchases, sales, issuances, and settlements (net)	233,093
Ending balance	\$2,985,507

Gains and losses included in changes in net assets available for benefits for the years ended December 31, 2015 and 2014 are reported in net appreciation in fair value of investments.

The Plan's policy is to recognize transfers between Levels 1 and 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2015, there were no significant transfers between Levels 1 and 2 and into or out of Level 3 except for the transfer of all assets to the new custodian at end of year.

NOTE F - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE G - GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

The guaranteed investment contract with Standard Insurance Company (Standard) is a fully benefit-responsive contract. Standard maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at fair value. Contract value,

NOTE G - GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY - continued

as reported to the Plan by Standard; represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2015 and 2014, was \$- and \$2,985,507, respectively. The crediting interest rate is 1.60% and 1.51% at December 31, 2015 and 2014, respectively. Such interest rates are reviewed on a monthly basis for resetting.

As of December 2015, all assets were transferred from Standard Insurance Company to the new custodian, Transamerica Retirement Solutions.

NOTE H - RELATED PARTY

The custodian of the investment assets, Standard Insurance Company, is also the Plan's insurance carrier and the sponsor of the pooled separate account. This party-in-interest transaction is exempt from the prohibited transaction rules of ERISA.
