To the Board of Directors  
**Paragon Medical, Inc. 401(k) Plan**  
Pierceton, Indiana

### **Report on the Financial Statements**

We were engaged to audit the accompanying financial statements of Paragon Medical, Inc. 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statement of changes in net assets available for benefits for the year ended December 31, 2015, and the related notes to the financial statements.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditor's Responsibility***

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

### ***Basis for Disclaimer of Opinion***

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by American United Life Insurance Company, the trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the trustee as of December 31, 2015 and 2014, and for the year ended December 31, 2015, that the information provided to the Plan Administrator by the trustee is complete and accurate.

### ***Disclaimer of Opinion***

### **Emphasis of Matter**

As discussed in Note 2 to the financial statements, in 2015, the Plan adopted new accounting guidance related to disclosures for investments that calculate net asset value per share or its equivalent. Prior year disclosures have been revised to reflect the retrospective application of adopting this change in accounting.

As discussed in Note 2 to the financial statements, the Plan adopted new accounting guidance related to presentation of fair value of certain investments and disclosure of investments. Certain investments are now shown at contract value rather than fair value on the Statement of Net Assets Available for Benefits. Prior year disclosures have also been revised to reflect the retrospective application of adopting these changes in accounting.

Our disclaimer of opinion is not modified with respect to these matters.

### **Other Matter**

The supplemental schedule of assets (held at end of year) as of December 31, 2015, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purposes of additional analysis and is not a required part of the financial statements. The supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

### **Report on Form and Content in Compliance with DOL Rules and Regulations**

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified or provided by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

**Note 1. Plan Description**

The following description of the Paragon Medical, Inc. 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

**General:** The Plan is a defined contribution plan covering substantially all employees of Paragon Medical, Inc. and its wholly owned subsidiary Pendleton Technologies, Inc. (collectively the "Company"). An employee becomes eligible to enter the Plan on the first day of the month following the attainment of age 18 and the completion of one year of service, as defined by the Plan agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

**Contributions:** Each year, participants may elect to contribute a percentage of their pretax annual compensation to the Plan, as defined in the Plan agreement. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company may, at the discretion of the Board of Directors, elect to contribute to the Plan. For the year ended December 31, 2015, the Company made a safe harbor matching contribution equal to 100% of participant's elective deferrals up to 3% of compensation, plus 50% of elective deferrals between 3% and 5%. No other discretionary match was made. Contributions are invested in a manner similar to participant contributions and are subject to certain limitations.

**Participant accounts:** Each participant's account is credited with the participant's contribution, an allocation of the Company's safe harbor contribution, the Company's discretionary profit sharing contribution (if any), Plan earnings, and charged with any withdrawals and an allocation of certain administrative expenses. Income and realized and unrealized gains and losses on investments are allocated to the participant accounts on each valuation date based on the earnings of the directed investments. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**Vesting:** Participants are immediately vested in their voluntary contributions, employer matching and discretionary contributions, plus actual earnings thereon.

**Note receivables from participants:** The Plan allows participants to borrow from their accounts a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loans are issued for a minimum of \$1,000. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates. The term repayment cannot exceed five years, unless the loan is used to acquire the participant's principal residence. Payments are due each pay period, primarily through payroll deduction.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are classified as distributions upon the terms of the plan document.

**Benefit payments:** Benefit payments are payable as a single lump-sum payment. The full value of a participant's account is payable upon retirement, death or disability. For termination of service due to other reasons, a participant may elect to receive a lump-sum amount, rollover into another qualified plan or remain in the Plan as an inactive participant. Benefits are recorded when paid.

**Administration of Plan assets:** Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Certain administrative expenses for the 2015 Plan year consisting of trustee fees were paid directly by the Plan.

### Notes To Financial Statements

---

**Termination of the Plan:** Although the Company has not expressed any intent to terminate the Plan, it may do so at any time, subject to the provisions set forth in ERISA. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

#### Note 2. Significant Accounting Policies

**Basis of accounting:** The financial statements of the Plan are prepared under the accrual method of accounting.

**Use of estimates:** The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

**Investment valuation and income recognition:** Investments are reported at fair value (except for fully-benefit responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See below for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Investment securities, in general are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

**Fair value measurements:** The fair value framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

**Level 1** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

**Level 2** Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

**Level 3** Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

### Notes To Financial Statements

---

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

**Pooled separate accounts:** Valued at the total of the net asset value ("NAV") of shares held by the insurance company in their pooled accounts at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

**New accounting pronouncements:** In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. The amendments in this Update remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. However, sufficient information must be provided to permit reconciliation of the fair value of assets categorized within the fair value hierarchy to the amounts presented in the statement of financial position. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. The amendments in this Update are effective for public business entities for fiscal years beginning after December 15, 2015. For all other entities, the amendments in this Update are effective for fiscal years beginning after December 15, 2016. Early adoption is permitted. The Plan adopted this Update for the plan year ended December 31, 2015. The adoption shall be applied retrospectively to all periods presented. The amendment was retrospectively applied to December 31, 2014. The impact of adopting this amendment is reflected in the financial statements.

In July 2015, the Financial Accounting Standards Board issued Accounting Standards Update No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965) – (I) Fully Benefit-Responsive Investment Contracts, (II) Plan Investment Disclosures, and (III) Measurement Date Practical Expedient (a consensus of the FASB Emerging Issues Task Force)*. The purpose of this Update is to simplify plan accounting.

- The amendments in Part I of this Update designate contract value as the only required measure for direct investments in fully benefit-responsive investment contracts. Fully benefit-responsive investment contracts will be presented at contract value; accordingly there will no longer be an adjustment from fair value to contract value on the face of the financial statements.
- The amendments in Part II of this Update will eliminate the requirements for plans to disclose (1) individual investments that represent 5 percent or more of net assets available for benefits and (2) the net appreciation or depreciation for investments by general type for both participant-directed investments and nonparticipant-directed investments. The net appreciation or depreciation in investments for the period will still be required to be presented in the aggregate. In addition, if an investment is measured using the net asset value per share (or its equivalent) practical expedient in Topic 820 and that investment is in a fund that files a U.S. Department of Labor Form 5500, *Annual Return/Report of Employee Benefit Plan*, as a direct filing entity, disclosure of that investment's strategy will no longer be required.
- The amendments in Part III of this Update reduce complexity in employee benefit plan accounting by providing a practical expedient that permits plans to measure investments and investment-related accounts as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with month-end.

### Notes To Financial Statements

The Update may be adopted in whole or by part (I, II, and III), as applicable. The amendments in this Update are effective for fiscal years beginning after December 15, 2015. Early adoption is permitted. Upon adoption, the amendments in Parts I and II shall be applied retrospectively to all periods presented; the amendments in Part III shall be applied prospectively. The Plan adopted amendments in Part I, Part II and Part III of this Update for the 2015 plan year, and the amendments in Part I and Part II were retrospectively applied to December 31, 2014. The impact of adopting these amendments is reflected in the financial statements.

**Subsequent events:** The Plan has evaluated subsequent events for potential recognition and/or disclosure through September 30, 2016, the date the financial statements were available to be issued.

#### Note 3. Information Certified by American United Life Insurance Company ("AUL")

The Plan administrator has elected the method of compliance as permitted by CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by AUL, except for comparing such information certified by the trustee to information included in the Plan financial statements and supplemental schedule.

The following table presents the values of the Plan's assets as certified by AUL at December 31, 2015 and 2014.

|                               | 2015                 | 2014<br>(as revised) |

AUL certified as to the completeness and accuracy of \$775,026 and \$626,488 of notes receivable from participants as of December 31, 2015 and 2014 respectively.

AUL also certified as to the completeness and accuracy of \$77,378 of net depreciation in fair value of investments, and \$26,143 of interest and dividends related to the guaranteed investment account, and interest earned from notes receivable from participants of \$28,054 during the year ended December 31, 2015.

#### Note 4. Fair Value Measurements

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

| <u>Assets at Fair Value as of December 31, 2015</u>              |                      |

### Notes To Financial Statements

For investments in certain entities that calculate the net asset value per share as the investment's fair value measurement, the following table provides an overview of the nature and risks associated with such investments as well as whether it is probable those investments being sold at amounts different from their reported net asset value per share based on redemption restrictions, if any.

| Investment Category                | Fair Value    |               | Unfunded Commitments | Frequency (If Currently Eligible) | Redemption Period Notice |
|------------------------------------|---------------|---------------|----------------------|-----------------------------------|--------------------------|
|                                    | 2015          | 2014          |                      |                                   |                          |
| Shares of Pooled Separate Accounts | \$ 20,401,023 | \$ 19,504,082 | \$ -                 | N/A                               | N/A                      |

**Changes in fair value levels:** To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2015, there were no transfers between funds.

#### Note 5. Investment Contract with Insurance Company

Included in the Plan options available to the employees is a fully benefit-responsive investment contract with AUL. AUL maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administration expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the plan by AUL, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than one percent. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the Plan's ability to transact at contract value with AUL. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination), (2) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures, or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (4) failure of the trust to qualify for exemption under ERISA. The Plan administrator does not believe the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The crediting interest rate at December 31, 2015 and 2014 was 1.65% and 1.50% respectively. The average yields based on actual earnings during the year ended December 31, 2015 was 1.44%.

### **Notes To Financial Statements**

---

#### **Note 6. Income Tax Status and Uncertain Tax Positions**

Effective, May 1, 2010, the Plan adopted a non-standardized form of a prototype plan sponsored by AUL. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan has been amended since this date; however the Plan administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

The Plan's administrator has evaluated the Plan's tax positions and concluded that the Plan has maintained its tax exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state or local tax authorities for years before 2012.

#### **Note 7. Related Party Transactions**

Certain Plan assets are currently managed by AUL. AUL performs services for the plan and; therefore, these transactions qualify as party-in-interest. Fees paid by the Plan to AUL for the investment management services were not material for the year ended December 31, 2015.

#### **Note 8. Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Audit Committee  
Paragon Medical, Inc. 401(k) Plan  
8 Matchett Industrial Park Dr.  
Pierceton, Indiana 46562

Attention: Mr. Dave Beecken

This letter is to inform the Audit Committee of Paragon Medical, Inc. 401(k) Plan (the Plan) about significant matters related to the conduct of our audit as of and for the year ended December 31, 2015, so that it can appropriately discharge its oversight responsibility and we comply with our professional responsibilities.

The following summarizes various matters that must be communicated to you under auditing standards generally accepted in the United States of America.

#### **The Respective Responsibilities of the Auditor and Management**

Our responsibility under auditing standards generally accepted in the United States of America has been described to you in our arrangement letter dated August 11, 2016. The audit of the financial statements does not relieve management or those charged with governance of their responsibilities, which are also described in that letter.

#### **Overview of the Planned Scope and Timing of the Financial Statement Audit**

We have issued a separate communication dated August 11, 2016 regarding the planned scope and timing of our audit and have discussed with you our identification of, and planned audit response to significant risks of material misstatement.

#### **Significant Accounting Practices, Including Policies, Estimates and Disclosures**

We have discussed our views about the qualitative aspects of the Plan's significant accounting practices, including accounting policies, accounting estimates and financial statement disclosures.

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. The amendments in this Update remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. However, sufficient information must be provided to permit reconciliation of the fair value of assets categorized within the fair value hierarchy to the amounts presented in the statement of financial position. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. The amendments in this Update are effective for public business entities for fiscal years beginning after December 15, 2015. For all other entities, the amendments in this Update are effective for fiscal years beginning after December 15, 2016. Early adoption is permitted. The Plan adopted this Update for the Plan year ended December 31, 2015.

THE POWER OF BEING UNDERSTOOD  
AUDIT | TAX | CONSULTING

In July 2015, the Financial Accounting Standards Board issued Accounting Standards Update No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965) – (I) Fully Benefit-Responsive Investment Contracts, (II) Plan Investment Disclosures, and (III) Measurement Date Practical Expedient (a consensus of the FASB Emerging Issues Task Force)*. The purpose of this Update is to simplify plan accounting.

- The amendments in Part I of this Update designate contract value as the only required measure for direct investments in fully benefit-responsive investment contracts. Fully benefit-responsive investment contracts will be presented at contract value; accordingly there will no longer be an adjustment from fair value to contract value on the face of the financial statements.
- The amendments in Part II of this Update will eliminate the requirements for plans to disclose (1) individual investments that represent 5 percent or more of net assets available for benefits and (2) the net appreciation or depreciation for investments by general type for both participant-directed investments and nonparticipant-directed investments. The net appreciation or depreciation in investments for the period will still be required to be presented in the aggregate. In addition, if an investment is measured using the net asset value per share (or its equivalent) practical expedient in Topic 820 and that investment is in a fund that files a U.S. Department of Labor Form 5500, *Annual Return/Report of Employee Benefit Plan*, as a direct filing entity, disclosure of that investment's strategy will no longer be required.
- The amendments in Part III of this Update reduce complexity in employee benefit plan accounting by providing a practical expedient that permits plans to measure investments and investment-related accounts as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with month-end.

The Update may be adopted in whole or by part (I, II, and III), as applicable. The amendments in this Update are effective for fiscal years beginning after December 15, 2015. Early adoption is permitted. Upon adoption, the amendments in Parts I and II shall be applied retrospectively to all periods presented; the amendments in Part III shall be applied prospectively. The Plan adopted amendments in Part I, Part II and Part III of this Update for the 2015 plan year, and the amendments in Part I and Part II were retrospectively applied to December 31, 2014. The impact of adopting these amendments is reflected in the financial statements.

#### **Uncorrected Misstatements**

We are not aware of any uncorrected misstatements other than misstatements that are clearly trivial.

#### **Departure From Auditor's Standard Report**

We included an Emphasis of Matter paragraph in relation to the early adoption of Accounting Standard Updates 2015-07 and 2015-12 as such:

"As discussed in Note 2 to the financial statements, in 2015, the Plan adopted new accounting guidance related to disclosures for investments that calculate net asset value per share or its equivalent. Prior year disclosures have been revised to reflect the retrospective application of adopting this change in accounting.

As discussed in Note 2 to the financial statements, the Plan adopted new accounting guidance related to presentation of fair value of certain investments and disclosure of investments. Certain investments are now shown at contract value rather than fair value on the Statement of Net Assets Available for Benefits. Prior year disclosures have also been revised to reflect the retrospective application of adopting these changes in accounting."

We have also included an Other Matter paragraph in relation to the supplemental schedule of assets held as of December 31, 2015 as such:

"The supplemental schedule of assets (held at end of year) as of December 31, 2015, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purposes of additional analysis and is not a required part of the financial statements. The supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule."

Our disclaimer of opinion is not modified with respect to the inclusion of the Emphasis of Matter and Other Matter paragraphs.

#### **Other Information in Documents Containing Audited Financial Statements**

Our responsibility for other information in documents containing the Plan's audited financial statements is to read the information and consider whether its content or manner of its presentation is materially inconsistent with the financial information covered by our auditor's report or whether it contains a material misstatement of fact. We read the Plan's Form 5500 filing for consistency with information in the financial statements. We have provided our comments to management. We are not aware of other documents that contain the audited financial statements.

#### **Supplemental Schedule**

With respect to the supplemental schedule accompanying the financial statements, we made certain inquiries of management and evaluated the form, content and methods of preparing the information to determine that the information complies with the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the method of preparing it had not changed from the prior period, and the information is appropriate and complete in relation to the financial statements as a whole.

#### **Consultation With Other Accountants**

We are not aware of any consultations management had with other accountants about accounting or auditing matters.

#### **Management Representations**

Attached is a copy of the management representation letter.

#### **Closing**

We will be pleased to respond to any questions you have about the foregoing. We appreciate the opportunity to continue to be of service to Paragon Medical, Inc. 401(k) Plan.

This report is intended solely for the information and use of the Audit Committee and management and is not intended to be, and should not be, used by anyone other than this specified party.

This representation letter is provided in connection with your audit of the financial statements of Paragon Medical, Inc. 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statement of changes in net assets available for benefits for the year ended December 31, 2015, and the related notes to the financial statements.

We have determined that the Plan trustee, American National Life Insurance Company ("AUL"), qualifies to issue a certification of the Plan's asset activity under Section 2520.103-5 of the Department of Labor's (DOL) Rules and Regulations. Therefore, as permitted by Regulation 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), we have instructed you not to perform any auditing procedures with respect to asset information certified or provided by AUL, the trustee, other than comparing that information with the related information included in the financial statements and supplemental schedule. Because of the significance of the information that you did not audit, we understand that you will not express an opinion on the financial statements and supplemental schedule as a whole.

We confirm, to the best of our knowledge and belief, that as of the date of this letter:

### Financial Statements

1. We have fulfilled our responsibilities, as set out in the terms of the audit arrangement letter dated August 11, 2016, for the preparation and fair presentation of the financial statements referred to above in accordance with generally accepted accounting principles in the United States of America (U.S. GAAP).
2. We acknowledge our responsibility for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement whether due to fraud or error.
3. We acknowledge our responsibility for the design, implementation and maintenance of internal control to prevent and detect fraud.
4. We are responsible for the accounting estimates included in the financial statements. Significant assumptions used by us in making accounting estimates, including those measured at fair value, are reasonable and reflect our judgment based on our knowledge and experience about past and current events, and our assumptions about conditions we expect to exist and courses of action we expect to take.

In that regard, we are responsible for the estimation methods and assumptions used in measuring assets and liabilities reported or disclosed at fair value, including information obtained from brokers, pricing services or other third parties. The methods and significant assumptions used to determine fair values of the financial instruments are as follows:

**Pooled separate accounts:** Valued at the total of the net asset value ("NAV") of shares held by the insurance company in their pooled accounts at year end.

**Vision:** to be the preferred manufacturer of products and total instrument management solutions for the surgical marketplace, worldwide.

Our valuation methodologies have been consistently applied from period to period. The methods and assumptions used result in a measure of fair value appropriate for financial statement measurement and disclosure purposes.

Additionally, the guaranteed investment account is valued at contract value as the investment is deemed to be fully benefit responsive.

5. All significant estimates and material concentrations known to management that are required to be disclosed in accordance with the Risks and Uncertainties Topic of the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) have been properly recorded and/or disclosed in the financial statements. Significant estimates are estimates at the statement of net assets available for benefits date that could change materially within the next year. Concentrations refer to the nature and type of investments held by the Plan, or markets in which events could occur that would significantly disrupt normal finances within the next year.
6. Related-party relationships and transactions have been appropriately accounted for and disclosed in accordance with the requirements of U.S. GAAP.
7. Transactions with parties in interest, as defined in ERISA Section 3(14) and regulations thereunder, including sales, purchases, loans, transfers, leasing arrangements and guarantees, and amounts receivable from or payable to related parties have been appropriately accounted for and disclosed.
8. All events subsequent to the date of the financial statements, and for which U.S. GAAP requires adjustment or disclosure, have been adjusted or disclosed.
9. The effects of all known actual or possible litigation and claims have been accounted for and disclosed in accordance with U.S. GAAP.
10. We have no intention to terminate the Plan.
11. We have properly reported and disclosed amendments to the Plan instrument, if any.
12. We have no knowledge of any uncorrected misstatements in the financial statements.

#### **Supplementary Information**

13. With respect to supplemental schedule:
  - a. We acknowledge our responsibility for the presentation of such information.

  - c. The methods of measurement or presentation have not changed from those used in the prior period.
  - d. There are no underlying significant assumptions or interpretations regarding the measurement or presentation of such information:
  - e. We will only present the supplemental schedule together with the audited financial statements and auditor's report thereon and will not separate the supplementary information from the audited financial statements and auditor's report thereon in any document that contains such information.

Revenue Sharing Formula:

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.

The investment company, the underlying investment portfolio, and the annual compensation percentages are shown below.
