401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN

The following description of Wastren Advantage, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is commonly called a "401(k) plan". Technically, the Plan is a defined contribution plan established January 1, 1991 by Wastren, Inc. and the participating employers (WASTREN or Company).

In 2006, the plan sponsor was changed, to Wastren Advantage, Inc. (formerly WASTREN, Inc.). The components of the plan and the plan assets did not change.

The Plan covers all full-time employees of the Company who have completed one month of employment. The Plan is a qualified plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Employees are permitted to make salary deferral contributions to the Plan under a 401(k) arrangement up to the maximum allowable amount not to exceed limits of Code Section 401(k), 402(g), 404, and 415. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan does not permit participant nondeductible contributions.

Effective January 1, 2010, the Company elected to provide Safe Harbor employer contributions for those participants who satisfy the eligibility requirements applicable to Safe Harbor employer contributions. The Company elected to make Safe Harbor employer contributions equal to 3 percent of Plan compensation in 2015 and 2014. The Safe Harbor employer contribution was determined quarterly for employees and was invested in the same investments as employee deferral contributions.

The Plan accepts qualified rollover contributions.

1. DESCRIPTION OF PLAN, CONTINUED

Participant Accounts

Each participant's account is credited with the participant's contributions and Company safe harbor contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting and Forfeitures

A participant is immediately 100 percent vested in all employee deferral contributions plus actual earnings thereon. Beginning in 2010, a participant is 100 percent vested in all Safe Harbor employer contributions plus actual earnings thereon. Prior to 2010, the Company's matching contributions vested 25 percent per year of service starting after year one. Forfeitures of non-vested amounts are used to reduce the Company's contributions. Forfeitures were not applied in either 2015 or 2014.

Notes Receivable from Participants

The Plan allows loans to participants. Participants may borrow from their accounts:

- 1) a minimum of \$1,000 and
- 2) up to a maximum of the lesser of
 - a. \$50,000 or
 - b. 50 percent of their account balance.

The notes are secured by the balance in the participant's account and bear interest at Prime Rate plus one percent (1%). Principal and interest is paid ratably through payroll deductions. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest.

Payment of Benefits

Upon termination of service due to death, disability, retirement, or termination, a participant may elect to receive a lump-sum amount equal to the value of his or her vested benefit, substantially equal installments, or partial withdrawals. The Plan also provides for hardship distributions to participants who have not separated from service. The Plan also allows for in-service distributions for amounts attributable to rollover contributions. Payment of benefits is recorded when paid.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan's policy is to have its financial statements prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's trustees determine the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 and 2014.

Payment of Benefits

Benefits are recorded when paid.

Investment Expenses

The Company has paid for substantially all costs incurred to administer the plan, including legal and accounting fees. The Plan pays for investment fees and commissions that are charged directly against participant individual accounts as incurred.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Subsequent Events

Subsequent events were evaluated through October 6, 2016, which is the date the financial statements were available to be issued.

3. INVESTMENT CONTRACT WITH INSURANCE COMPANY

In 2004, the Plan entered into a benefit-responsive investment contract with Massachusetts Mutual Life Insurance Company (MassMutual). MassMutual maintains the contributions in a general investment account (GIA). The principal is guaranteed as long as the contract is in force. This contract provided a fixed crediting interest rate, and a financially responsible entity guarantees liquidity at contract value prior to maturity for any and all participant-initiated benefit withdrawals, loans, or transfers arising under the terms of the plan, which allows access for all participants. The investment options in the GIA are reported at contract value. The investment options' contract value can be derived by adding cash deposited and interest credited to the prior value of the investment, and then subtracting administrative expenses and disbursements. The estimated fair value of this investment contract differs from the contract value as of December 31, 2014 as follows:

Year	Fair Value	Contract Value	Adjustment to Contract Value
2014	\$ 5,248,537	\$ 4,582,026	\$ (666,511)

The average yield earned by the plan for all fully benefit-responsive investment contracts was 3.00% for the period ending December 31, 2014.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
---------	---

Level 2	Inputs to the valuation methodology include <ul style="list-style-type: none">• quoted prices for similar assets or liabilities in active markets,• quoted prices for identical or similar assets or liabilities in active markets,• inputs other than quoted prices that are observable for the asset or liability;• inputs that are derived principally from or corroborated by observable market data by correlation or other means. <p>If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.</p>
---------	---

Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.
---------	---

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The Plan has valued its registered investment accounts using quoted market prices for similar assets in active markets. The Plan values the common/collective trust investment using net asset value calculated based on the underlying investments. The Plan valued its pooled separate accounts using quoted market prices for similar assets in active markets. The Plan valued the investment contract with the insurance company at fair value based on the guaranteed contract value (see Note 3). There have been no changes in the methodologies used for the years ended December 31, 2015 and 2014.

4. FAIR VALUE MEASUREMENTS CONTINUED

The following table presents the Plan's assets measured at fair value:

Total Investments		\$ 13,024,892	\$ 5,248,537	\$ 18,273,429

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

6. TAX STATUS

The IRS has determined and informed the Company by letter dated October 15, 2004, that the plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax Counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related Trust is tax-exempt.

Accounting principles generally accepted in the United State of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes that it is no longer subject to income tax examinations for the years prior to December 31, 2012.

7. RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan utilizes a third-party administrator. Advising, record keeping and broker fees of were paid by the Plan in accordance with the Plan document. The Plan's investments were held by Mass Mutual and PNC, which were the custodian as defined by the Plan; therefore, these transactions, as well as forfeiture balances, qualify as exempt party-in-interest transactions.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. **CERTIFIED INFORMATION**

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2015, and net depreciation in fair value of investments for the period ended December 31, 2015, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by PNC (the trustee of the Plan from October 1, 2015 to December 31, 2015) and Mass Mutual (the trustee of the Plan for the year ended December 31, 2014 and for the period of January 1, 2015 through September 30, 2015).

10. **RECONCILIATION OF FINANCIAL STATEMENT TO FORM 5500**
