Biery Cheese Company Employees' Profit Sharing Plan

1 Description of Plan

The following description of the Biery Cheese Company Employees' Profit Sharing Plan ("Plan") provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General:

The Plan, which began September 30, 1973 is a defined contribution plan covering all employees of the Biery Cheese Company ("Company") who meet the hour and age requirements. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan was amended effective January 1, 2014 to change the Plan year to begin on January 1 and end on December 31. Prior to January 1, 2014, the Plan year began on October 1 and ended on September 30. Additional changes to the Plan, effective January 1, 2014, are disclosed in the notes. The Plan was amended and restated effective October 29, 2014 to incorporate prior amendments and change the service eligibility dates for employee deferral and employer match contributions, change the plan entry date for participants and update eligibility requirements.

Effective October 29, 2014, the Kickapoo Valley Plant Retirement Savings Plan merged into the Plan and the participants became eligible to participate in the Plan.

Effective October 29, 2014, the Plan changed its trustee to FirstMerit Bank, N.A. from Charles Schwab Bank.

The Plan was amended and restated effective January 1, 2016 to bring the plan into compliance with the Pension Protection Act of 2006 and other legislative regulatory changes.

Eligibility:

Effective October 29, 2014, employees age 18 and older are eligible to participate in the Plan for the purpose of employee contributions on the first day of the month following the date of hire and participants are eligible to receive Company matching contributions 90 days after date of hire. Prior to October 29, 2014, employees age 18 and older were eligible to participate in the Plan for the purpose of employee contributions after three months of service. Participants will be eligible for Company matching contributions and profit sharing contributions after completion of one year of service.

Employees who are subject to a collective bargaining agreement and part-time, temporary or seasonal employees, whose regularly scheduled service is less than 1,000 hours per year, are not eligible to participate in the Plan.

Contributions:

Cash or Deferred Option 401(k) - Participants may elect 1% to 99% of their compensation, as defined by the Plan document, to be contributed to the Plan. The Plan also allows catch up contributions up to the Internal Revenue Service limits for certain participant who are eligible.

Biery Cheese Company Employees' Profit Sharing Plan

1 Description of Plan, Continued

Contributions, Continued:

The Plan provides an automatic salary deferral of 3% of compensation beginning 60 days after date of hire. The automatic salary deferral amount will increase by 1% per Plan Year up to a maximum of 6% of eligible compensation, as defined by the Plan.

Employer Contributions - The Company may make matching contributions, in an amount to be determined by the Company, to each eligible participant's account. The Company will make safe harbor matching contributions, not to exceed 2% of compensation, plus 50% of salary deferral contributions between 2% and 6% of compensation for the Plan year. Participants will be 100% vested in these safe harbor contributions after two years of service.

The Company may also make additional profit sharing contributions. Such additional contributions, if any, shall be allocated to each participant in proportion to his or her compensation for the calendar year. There were no profit sharing amounts contributed during plan years December 31, 2015 and 2014.

Rollover contributions from other Plans are accepted, provided certain specified conditions are met.

Contributions are subject to limitations on annual additions and other limitations imposed by the Internal Revenue Code, as defined in the Plan document.

Participants' Accounts:

401(k) Accounts - Each participant's account is credited with the participant's elective contributions, employer matching contributions, employer profit sharing contributions and earnings and losses thereon.

Vesting:

All participants are 100% vested in elective deferrals made to the Plan.

Vesting in the participant's account balance is based on years of service for Company matching contributions and profit sharing contributions. Qualified safe harbor contributions are vested after two year of service. For other Company matching contributions and profit sharing contributions, a participant is vested as follows:

Years of Service	Vested %
2	20%
3	40%
4	60%
5	80%
6	100%

Forfeitures:

Forfeited non-vested accounts totaled \$12,005 (2015) and \$3,249 (2014). Forfeitures can be used to pay plan expenses or reduce future employer contributions.

Notes Receivable from Participants:

Loans are permitted under certain circumstances and are subject to limitations. Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loans are repaid over a period not to exceed five years with exceptions for the purchase of a primary residence. Loans are valued at unpaid principal plus accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2015 and 2014. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan agreement.

The loans are secured by the balance in the participant's account and bear interest at 2% over the prime interest rate. Principal and interest are paid ratably through payroll deductions.

Other Plan Provisions:

All participants are eligible to retire with their full retirement benefit on the attainment of age 65.

Payment of Benefits:

Upon termination of service by reason of retirement, death or total and permanent disability, a participant receives a lump sum amount equal to the value of his or her account.

Upon termination for any reason other than death, disability or retirement, a participant is entitled to receive a portion of his or her account balance derived from Company contributions in accordance with the vesting schedule above.

Investment Options:

Upon enrollment in the Plan, a participant may direct any contributions to any of the investment options offered by the Plan.

2 Summary of Significant Accounting Policies

Basis of Accounting:

The Plan's transactions are reported on the accrual basis of accounting.

Valuation of Investments:

Investments are stated at fair value. Mutual funds are reported at fair market value as of the balance sheet date. Fair market values represent quoted market prices.

NOTES TO FINANCIAL STATEMENTS

Biery Cheese Company Employees' Profit Sharing Plan

2 Summary of Significant Accounting Policies, Continued

Valuation of Investments, Continued:

The value of the collective investment trust accounts, except for the Capital Preservation Fund, is based on the net fair value of the underlying assets. The Capital Preservation Fund, which is classified as a collective investment trust, is valued by calculating the sum of the present value of all projected cash flows of each underlying investment.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments purchased and sold as held during the year.

Use of Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Administrative Fees:

Certain expenses of maintaining the Plan are paid directly by the Company. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses and other expenses related to administering the Plan are included in administrative expenses.

Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

Risks and Uncertainties:

The Plan invests in mutual funds and collective trust funds holding investment contracts with varying degrees of risk, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the Statement of Net Assets Available for Plan Benefits.

Recent Accounting Pronouncement:

In July 2015, the FASB issued new accounting guidance, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient. Part I of the ASU is not applicable to the Plan.

NOTES TO FINANCIAL STATEMENTS

Biery Cheese Company Employees' Profit Sharing Plan

2 Summary of Significant Accounting Policies, Continued

Recent Accounting Pronouncement, Continued:

Part II of the ASU eliminates the requirements to disclose individual investments that represent five percent or more of the net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. It also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however plans are no longer required to disaggregate investments by nature, characteristics and risks.

Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III of the ASU is not applicable to the Plan. The ASU is effective for the fiscal years beginning after December 31, 2015. Management has elected to adopt Part II early and, accordingly, the presentation of the financial statements and notes herein have been changed and reflect such adoption.

Subsequent Events:

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements.

Subsequent events have been evaluated through September 12, 2016, which is the date the financial statements were available to be issued.

3 Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1: Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- * Quoted prices for similar assets or liabilities in active markets
- * Quoted prices for identical or similar assets or liabilities in inactive markets
- * Inputs other than quoted prices that are observable for the asset or liability
- * Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

NOTES TO FINANCIAL STATEMENTS

Biery Cheese Company Employees' Profit Sharing Plan

3 Fair Value Measurements, Continued

Level 3: Inputs that are unobservable inputs for the asset or liability.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual Funds:

The fair values of the mutual funds are based on quoted market prices. The mutual funds are classified in the Level 1 category of the valuation hierarchy.

Collective Investment Trusts:

The fair value of units held in collective investment trusts, except for the Capital Preservation Fund, are based on the net fair value of the underlying assets. The underlying investments are valued at fair value based on quoted prices for identical assets in active markets or based on reported values from third party valuation service as of the measurement date. These fall into the Level 2 category of the valuation hierarchy.

The collective investment trusts are valued at their closing net asset value. Participant transactions (purchased and sales) within these accounts may occur daily. Were the Plan to initiate a full redemption of the collective investment trusts, the investment adviser reserves the right to temporarily delay from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. The investment strategies for the collective investment trusts include growth of capital and income and capital preservation. They invest directly in a diversified portfolio of equities, bonds and fixed-income instruments, including U.S. and foreign stocks, real estate and natural resources and corporate and government bonds.

The fair value of the Capital Preservation Fund, which is classified as a collective investment trust, is based on the underlying assets of the contracts which include a portfolio of securities and wrapper contracts. The fair value is expressed in units. The Capital Preservation Fund is classified in the Level 2 category of the valuation hierarchy under collective investment trusts. To achieve the investment objective of principal stability and high current income, the Federated Capital Preservation Fund invests primarily in stable value products, such as guaranteed investment contracts with insurance companies. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective investment trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

3 Fair Value Measurements, Continued

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Assets at Fair Value as of December 31, 2015				
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 4,988,085	\$ -	\$ -	\$ 4,988,085

Total Investments at Fair Value	<u>\$ 4,153,529</u>	<u>\$ 9,710,017</u>	<u>\$ -</u>	<u>\$ 13,863,546</u>

4 Tax Status

On March 31, 2008, the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended, however, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain tax positions that more-likely-than-not would not be sustained upon examination by applicable taxing authorities. The Plan Administrator has analyzed tax positions taken by the Plan and has concluded that, as of December 31, 2015, there are no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. However, currently no audits for any tax periods are in progress.
