City of Industry, CA

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Consolidated Foundries, Inc. Retirement and Savings Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statement of changes in net assets available for benefits for the year ended December 31, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3 to the financial statements, which was certified or provided by Prudential Bank & Trust, F.S.B., the trustee of the Plan, and Prudential Retirement Insurance & Annuity Company, an affiliate of Prudential Bank & Trust, F.S.B. (collectively Prudential), except for comparing this information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the trustee and affiliate as of December 31, 2015 and 2014, and for the year ended December 31, 2015, that the information provided to the Plan Administrator by the trustee and affiliate is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Independent Auditor's Report (Continued)

Emphasis of Matter – Adoption of New Accounting Guidance

As discussed in Note 2 to the financial statements, the entity adopted new accounting guidance related to presentation of fair value of certain investments and disclosure of investments. Certain investments are now shown at contract value rather than fair value on the Statement of Net Assets Available for Benefits. Prior year disclosures have also been revised to reflect the retrospective application of adopting these changes in accounting.

Other Matter – Report on Supplementary Information

The supplemental schedule of assets (held at end of year) as of December 31, 2015, required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, is presented for the purposes of additional analysis and is not a required part of the financial statements. The supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified or provided by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Consolidated Foundries, Inc. Retirement and Savings Plan

Notes to Financial Statements

Note 1. Plan Description

The following description of the Consolidated Foundries, Inc. Retirement and Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan, amended and restated effective January 1, 2012, is a 401(k) savings plan covering substantially all nonunion employees of Consolidated Foundries, Inc. (CFI), Cast Parts, Inc. (CPI), PAC-Foundries, Inc. (PAC), PAC-Rancho, Inc. (PAC-Rancho), Hitchcock Industries, Inc. (Hitchcock), MagParts, Inc. (MagParts), Wollaston Alloys, Inc. (Wollaston), CPP Cleveland (Cleveland), CPP Syracuse, Inc. (Syracuse) and CPP Steel Treaters, Inc. (CPP Steel) (collectively, the Company). Effective January 1, 2012, the Plan also covers Wollaston employees who are members of Local 9431. Hourly employees who have at least three months of service are eligible to enter the Plan on the first day of the month after attaining eligibility. Salaried employees are eligible to enter the Plan on the first of the month following employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Prudential Bank & Trust, F.S.B. and Prudential Retirement Insurance & Annuity Company, an affiliate of Prudential Bank & Trust, F.S.B. (collectively Prudential) is the trustee of the Plan.

Contributions: Each year, participants may contribute up to 100 percent of their annual compensation up to the statutory limits determined annually by the Internal Revenue Code (IRC). Participants may also contribute amounts representing rollover distributions from other qualified defined benefit or defined contribution plans.

CFI, CPI, PAC, PAC-Rancho, Hitchcock, Cleveland, Syracuse, CPP Steel and MagParts may make discretionary matching contributions up to a maximum of 6 percent of eligible participant compensation individually, as they adopted the Plan separately under a control group arrangement. In the current year, all of the above-named employers elected to make a discretionary employer matching contribution equal to 30 percent of each 1 percent of participants' contributions to the Plan, up to a maximum of 6 percent. The discretionary match is allocated each pay period to eligible participants who have completed at least one hour of service during the Plan year. These employers also have the option to make discretionary profit sharing contributions to the Plan.

Wollaston employees received matching contributions of 50 percent of each 1 percent of participants' contributions to the Plan up to a maximum of 4 percent. The employees of Wollaston also received a profit sharing contribution of 2 percent of their compensation.

The employer matching and profit sharing contributions, if any, are allocated each pay period to eligible employees who have completed at least one hour of service during the Plan year.

Participant accounts: Each participant's account is credited with the participant's voluntary contributions and allocations of (1) the employer's matching contributions, (2) the employer profit sharing contributions, (3) the employer's discretionary matching, (4) Plan earnings and (5) administrative expenses. Allocations are based on participant compensation, participant-deferred percentages or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Investment options: Participants must direct contributions into various investment options as made available and determined by the Plan Administrator, which are more fully described in the Plan's literature. Participants may change their investment options any time throughout the year via telephone and/or Internet access to the Trustee.

Notes to Financial Statements

Note 1. Plan Description (Continued)

Vesting: Participants are immediately vested in their voluntary contributions. Vesting in the Company's matching, discretionary matching and profit sharing contributions is based on years of continuous service. A participant is 25 percent vested after one year of service, 50 percent vested after two years of service and fully vested after three years of service.

Notes receivable from participants: Participants may borrow from their accounts a minimum of \$1,000, up to a maximum equal to the lesser of 50 percent of their vested account balance or \$50,000. Notes bear interest at a rate based on the prime rate as of the date of the loan request. Note payments are to be made at least quarterly over a period not to exceed five years or, in the event the note is used to acquire a principal residence, the repayment period may be extended up to 30 years. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes are treated as distributions based upon the terms of the Plan document.

Payment of benefits: Upon termination of employment with the Company due to death, disability, retirement or other reasons, a participant (or designated beneficiary) will receive a lump-sum amount equal to the value of the participant's vested interest.

Administrative expenses: The Plan's administrative expenses are paid by either the Plan or the Company. The Plan's trustee agrees to make quarterly allowance payments on behalf of the Plan in an amount equal to a percentage of plan assets and is recorded in other income on the statement of changes in net assets available for benefits. This allowance will be used to pay reasonable and incurred Plan administrative expenses.

Forfeitures: The Plan provides for forfeitures of terminating participants' nonvested accounts to be used first to pay any administrative expenses, and any remaining amounts may be used to offset employer contributions. For the year ended December 31, 2015, approximately \$24,000 of forfeitures were used to reduce employer contributions. At December 31, 2015 and 2014, there were approximately \$51,000 and \$43,000 of unallocated forfeitures, respectively.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared under the accrual method of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Investment valuation and income recognition: The Plan's investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued daily. Dividends are recorded on the ex-dividend date. In the statement of changes in net assets available for benefits, the Plan presents the net depreciation in fair value of its investments, which consists of the realized gains or losses and unrealized appreciation or depreciation on those investments.

Payment of benefits: Benefit payments to participants are recorded when paid.

Consolidated Foundries, Inc. Retirement and Savings Plan

Notes to Financial Statements

Note 2. Significant Accounting Policies (Continued)

Use of estimates: The preparation of the Plan's financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of additions and deductions during the reported period. Actual results could differ from those estimates.

Risks and uncertainties: The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits. Approximately 24% of the Plan's investments are held in the guaranteed income fund with the trustee at December 31, 2015 and 2014. As such, this is considered to be a concentration of credit risk.

Recently issued accounting pronouncements: In May 2015, the Financial Accounting Standards Board issued Accounting Standards Update No. 2015-07, Fair Value measurement (Topic 820): Disclosures for investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent). The amendments in this update remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. However, sufficient information must be provided to permit reconciliation of the fair value of assets categorized within the fair value hierarchy to the amounts presented in the statement of financial position. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. The amendments in this Update are effective for public business entities for fiscal years beginning after December 15, 2015. For all other entities, the amendments in this update are effective for fiscal years beginning after December 15, 2016. Early adoption is permitted. Upon adoption, the amendments shall be applied retrospectively to all periods presented. The Plan adopted this Update for the 2015 plan year, and it was retrospectively applied to December 31, 2014. Prior year disclosures have been revised to reflect the retrospective application of this Update. The impact of adopting this Update is reflected in Note 4.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965) – (I) Fully Benefit-Responsive Investment Contracts, (II) Plan Investment Disclosures, and (III) Measurement Date Practical Expedient (a consensus of the FASB Emerging Issues Task Force)*. The purpose of this Update is to simplify Plan accounting.

- The amendments in Part I of this Update designate contract value as the only required measure for direct investments in fully benefit-responsive investment contracts. Fully benefit-responsive investments contracts will be presented at contract value; accordingly, there will no longer be an adjustment from fair value to contract value on the face of the financial statements where applicable.
- The amendments in Part II of this Update will eliminate the requirements for plans to disclose (1) individual investments that represent 5 percent or more of net assets available for benefits and (2) the net appreciation or depreciation for investments by general type for both participant-directed investments and nonparticipant-directed investments. The net appreciation or depreciation in investments for the period will still be required to be presented in the aggregate. In addition, if an investment is measured using the net asset value per share (or its equivalent) practical expedient in Topic 820 and that investment is in a fund that files a U.S. Department of Labor Form 5500, Annual Return/Report of *Employee Benefit Plan*, as a direct filing entity, disclosure of that investment's strategy will no longer be required.

Consolidated Foundries, Inc. Retirement and Savings Plan

Notes to Financial Statements

Note 2. Significant Accounting Policies (Continued)

- The amendments in Part III of this Update reduce complexity in employee benefit plan accounting by providing a practical expedient that permits plans to measure investments and investment-related accounts as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with month-end.

The Update may be adopted in whole or by part (I, II, and III), as applicable. The amendments in this Update are effective for fiscal years beginning after December 15, 2015. Early adoption is permitted. Upon adoption, the amendments in Parts I and II shall be applied retrospectively to all periods presented; the amendments in Part III shall be applied prospectively. The Plan adopted amendments in Part I and Part II of this Update for the 2015 plan year, and the amendments in Part I and Part II were retrospectively applied to December 31, 2014. Prior year disclosures in Notes 3 and 4 have been revised to reflect the retrospective application. The impact of adopting these amendments is reflected in the financial statements.

Subsequent events: The Plan has evaluated for disclosure subsequent events occurring through October 10, 2016, the date the financial statements were available to be issued.

Note 3. Assets and Information Certified or Provided by Prudential

The following is a summary of the Plan's asset information as of December 31, 2015 and 2014, and for the year ended December 31, 2015, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the Trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Trustee that information provided to the Plan Administrator by Prudential related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and supplemental schedule related to the following assets.

	2015	2014
Registered investment companies	<u>\$ 44,440,825</u>	<u>\$ 45,202,394</u>
Guaranteed income fund	<u>\$ 13,841,842</u>	<u>\$ 13,880,932</u>
Notes receivable from participants	<u>\$ 2,782,240</u>	<u>\$ 2,903,679</u>

The trustee also certified to the completeness and accuracy of the following for the year ended December 31, 2015.

Net depreciation in fair value of investments	<u>\$ (311,494)</u>
Interest income on notes receivable from participants	<u>\$ 94,120</u>
Interest and dividends	<u>\$ 866,170</u>

Note 4. Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures* (ASU 820), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2015 and 2014.

Registered investment companies: Valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The registered investment companies held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Consolidated Foundries, Inc. Retirement and Savings Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The following tables set forth, by level within the fair value hierarchy, the Plan's assets at fair value at December 31:

	2015			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 44,440,825	\$ -	\$ -	\$ 44,440,825

	2014			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 45,202,394	\$ -	\$ -	\$ 45,202,394

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the end of the reporting period. For the years ended December 31, 2015 and 2014, there were no transfers in or out of Level 1, 2, or 3.

Note 5. Related-Party Transactions

Certain Plan investments are shares of registered investment companies and a guaranteed income fund managed by an affiliate of the Trustee. Prudential is the trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. The trustee also agrees to make quarterly allowance payments on behalf of the Plan in an amount equal to a percentage of plan assets. This allowance will be used to pay reasonable and incurred Plan administrative expenses. For the year ended December 31, 2015, allowance payments of approximately \$106,480 were used to pay plan expenses totaling \$105,394, of which \$1,540 were paid to the trustee. In addition, the Plan paid the trustee an additional \$21,475 during the year ended December 31, 2015.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Certain other administrative expenses for the Plan are paid directly by the Company.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

Note 7. Guaranteed Income Fund

The Plan entered into a traditional investment contract with Prudential Retirement Insurance & Annuity Company. The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if there were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. The contract value of the traditional investment contract at December 31, 2015 and 2014 was \$13,841,842 and \$13,880,932, respectively.

Consolidated Foundries, Inc. Retirement and Savings Plan

Notes to Financial Statements

Note 7. Guaranteed Income Fund (Continued)

As described in Note 2, because the Guaranteed Income Fund is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by the trustee, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value)

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 1.5 percent. Such interest rates are reviewed on a semiannual basis for resetting.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code
2. Premature termination of the contract
3. Plan termination or merger
4. Changes to the Plan's prohibition on competing investment
5. Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines
2. A breach of material obligation under the contract
3. A material misrepresentation
4. A material amendment to the agreements without the consent of the issuer.

Consolidated Foundries, Inc. Retirement and Savings Plan

Notes to Financial Statements

Note 8. Tax Status

Effective December 1, 2010, the Plan adopted a nonstandardized form of a prototype plan sponsored by Prudential Retirement Insurance & Annuity Company. The prototype plan has received an opinion letter, dated April 29, 2014, from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan has been amended since the issuance of the opinion letter; however, the Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for years before 2012.

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Consolidated Foundries, Inc. Retirement and Savings Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statement of changes in net assets available for benefits for the year ended December 31, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3 to the financial statements, which was certified or provided by Prudential Bank & Trust, F.S.B., the trustee of the Plan, and Prudential Retirement Insurance & Annuity Company, an affiliate of Prudential Bank & Trust, F.S.B. (collectively Prudential), except for comparing this information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the trustee and affiliate as of December 31, 2015 and 2014, and for the year ended December 31, 2015, that the information provided to the Plan Administrator by the trustee and affiliate is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Independent Auditor's Report (Continued)

Emphasis of Matter – Adoption of New Accounting Guidance

As discussed in Note 2 to the financial statements, the entity adopted new accounting guidance related to presentation of fair value of certain investments and disclosure of investments. Certain investments are now shown at contract value rather than fair value on the Statement of Net Assets Available for Benefits. Prior year disclosures have also been revised to reflect the retrospective application of adopting these changes in accounting.

Other Matter – Report on Supplementary Information

The supplemental schedule of assets (held at end of year) as of December 31, 2015, required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, is presented for the purposes of additional analysis and is not a required part of the financial statements. The supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified or provided by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Notes to Financial Statements

Note 1. Plan Description

The following description of the Consolidated Foundries, Inc. Retirement and Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan, amended and restated effective January 1, 2012, is a 401(k) savings plan covering substantially all nonunion employees of Consolidated Foundries, Inc. (CFI), Cast Parts, Inc. (CPI), PAC-Foundries, Inc. (PAC), PAC-Rancho, Inc. (PAC-Rancho), Hitchcock Industries, Inc. (Hitchcock), MagParts, Inc. (MagParts), Wollaston Alloys, Inc. (Wollaston), CPP Cleveland (Cleveland), CPP Syracuse, Inc. (Syracuse) and CPP Steel Treaters, Inc. (CPP Steel) (collectively, the Company). Effective January 1, 2012, the Plan also covers Wollaston employees who are members of Local 9431. Hourly employees who have at least three months of service are eligible to enter the Plan on the first day of the month after attaining eligibility. Salaried employees are eligible to enter the Plan on the first of the month following employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Prudential Bank & Trust, F.S.B. and Prudential Retirement Insurance & Annuity Company, an affiliate of Prudential Bank & Trust, F.S.B. (collectively Prudential) is the trustee of the Plan.

Contributions: Each year, participants may contribute up to 100 percent of their annual compensation up to the statutory limits determined annually by the Internal Revenue Code (IRC). Participants may also contribute amounts representing rollover distributions from other qualified defined benefit or defined contribution plans.

CFI, CPI, PAC, PAC-Rancho, Hitchcock, Cleveland, Syracuse, CPP Steel and MagParts may make discretionary matching contributions up to a maximum of 6 percent of eligible participant compensation individually, as they adopted the Plan separately under a control group arrangement. In the current year, all of the above-named employers elected to make a discretionary employer matching contribution equal to 30 percent of each 1 percent of participants' contributions to the Plan, up to a maximum of 6 percent. The discretionary match is allocated each pay period to eligible participants who have completed at least one hour of service during the Plan year. These employers also have the option to make discretionary profit sharing contributions to the Plan.

Wollaston employees received matching contributions of 50 percent of each 1 percent of participants' contributions to the Plan up to a maximum of 4 percent. The employees of Wollaston also received a profit sharing contribution of 2 percent of their compensation.

The employer matching and profit sharing contributions, if any, are allocated each pay period to eligible employees who have completed at least one hour of service during the Plan year.

Participant accounts: Each participant's account is credited with the participant's voluntary contributions and allocations of (1) the employer's matching contributions, (2) the employer profit sharing contributions, (3) the employer's discretionary matching, (4) Plan earnings and (5) administrative expenses. Allocations are based on participant compensation, participant-deferred percentages or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Investment options: Participants must direct contributions into various investment options as made available and determined by the Plan Administrator, which are more fully described in the Plan's literature. Participants may change their investment options any time throughout the year via telephone and/or Internet access to the Trustee.

Notes to Financial Statements

Note 1. Plan Description (Continued)

Vesting: Participants are immediately vested in their voluntary contributions. Vesting in the Company's matching, discretionary matching and profit sharing contributions is based on years of continuous service. A participant is 25 percent vested after one year of service, 50 percent vested after two years of service and fully vested after three years of service.

Notes receivable from participants: Participants may borrow from their accounts a minimum of \$1,000, up to a maximum equal to the lesser of 50 percent of their vested account balance or \$50,000. Notes bear interest at a rate based on the prime rate as of the date of the loan request. Note payments are to be made at least quarterly over a period not to exceed five years or, in the event the note is used to acquire a principal residence, the repayment period may be extended up to 30 years. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes are treated as distributions based upon the terms of the Plan document.

Payment of benefits: Upon termination of employment with the Company due to death, disability, retirement or other reasons, a participant (or designated beneficiary) will receive a lump-sum amount equal to the value of the participant's vested interest.

Administrative expenses: The Plan's administrative expenses are paid by either the Plan or the Company. The Plan's trustee agrees to make quarterly allowance payments on behalf of the Plan in an amount equal to a percentage of plan assets and is recorded in other income on the statement of changes in net assets available for benefits. This allowance will be used to pay reasonable and incurred Plan administrative expenses.

Forfeitures: The Plan provides for forfeitures of terminating participants' nonvested accounts to be used first to pay any administrative expenses, and any remaining amounts may be used to offset employer contributions. For the year ended December 31, 2015, approximately \$24,000 of forfeitures were used to reduce employer contributions. At December 31, 2015 and 2014, there were approximately \$51,000 and \$43,000 of unallocated forfeitures, respectively.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared under the accrual method of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Investment valuation and income recognition: The Plan's investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued daily. Dividends are recorded on the ex-dividend date. In the statement of changes in net assets available for benefits, the Plan presents the net depreciation in fair value of its investments, which consists of the realized gains or losses and unrealized appreciation or depreciation on those investments.

Payment of benefits: Benefit payments to participants are recorded when paid.

Notes to Financial Statements

Note 2. Significant Accounting Policies (Continued)

Use of estimates: The preparation of the Plan's financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of additions and deductions during the reported period. Actual results could differ from those estimates.

Risks and uncertainties: The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits. Approximately 24% of the Plan's investments are held in the guaranteed income fund with the trustee at December 31, 2015 and 2014. As such, this is considered to be a concentration of credit risk.

Recently issued accounting pronouncements: In May 2015, the Financial Accounting Standards Board issued Accounting Standards Update No. 2015-07, Fair Value measurement (Topic 820): Disclosures for investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent). The amendments in this update remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. However, sufficient information must be provided to permit reconciliation of the fair value of assets categorized within the fair value hierarchy to the amounts presented in the statement of financial position. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. The amendments in this Update are effective for public business entities for fiscal years beginning after December 15, 2015. For all other entities, the amendments in this update are effective for fiscal years beginning after December 15, 2016. Early adoption is permitted. Upon adoption, the amendments shall be applied retrospectively to all periods presented. The Plan adopted this Update for the 2015 plan year, and it was retrospectively applied to December 31, 2014. Prior year disclosures have been revised to reflect the retrospective application of this Update. The impact of adopting this Update is reflected in Note 4.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965) – (I) Fully Benefit-Responsive Investment Contracts, (II) Plan Investment Disclosures, and (III) Measurement Date Practical Expedient (a consensus of the FASB Emerging Issues Task Force)*. The purpose of this Update is to simplify Plan accounting.

- The amendments in Part I of this Update designate contract value as the only required measure for direct investments in fully benefit-responsive investment contracts. Fully benefit-responsive investments contracts will be presented at contract value; accordingly, there will no longer be an adjustment from fair value to contract value on the face of the financial statements where applicable.
- The amendments in Part II of this Update will eliminate the requirements for plans to disclose (1) individual investments that represent 5 percent or more of net assets available for benefits and (2) the net appreciation or depreciation for investments by general type for both participant-directed investments and nonparticipant-directed investments. The net appreciation or depreciation in investments for the period will still be required to be presented in the aggregate. In addition, if an investment is measured using the net asset value per share (or its equivalent) practical expedient in Topic 820 and that investment is in a fund that files a U.S. Department of Labor Form 5500, Annual Return/Report of *Employee Benefit Plan*, as a direct filing entity, disclosure of that investment's strategy will no longer be required.

Consolidated Foundries, Inc. Retirement and Savings Plan

Notes to Financial Statements

Note 2. Significant Accounting Policies (Continued)

- The amendments in Part III of this Update reduce complexity in employee benefit plan accounting by providing a practical expedient that permits plans to measure investments and investment-related accounts as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with month-end.

The Update may be adopted in whole or by part (I, II, and III), as applicable. The amendments in this Update are effective for fiscal years beginning after December 15, 2015. Early adoption is permitted. Upon adoption, the amendments in Parts I and II shall be applied retrospectively to all periods presented; the amendments in Part III shall be applied prospectively. The Plan adopted amendments in Part I and Part II of this Update for the 2015 plan year, and the amendments in Part I and Part II were retrospectively applied to December 31, 2014. Prior year disclosures in Notes 3 and 4 have been revised to reflect the retrospective application. The impact of adopting these amendments is reflected in the financial statements.

Subsequent events: The Plan has evaluated for disclosure subsequent events occurring through October 10, 2016, the date the financial statements were available to be issued.

Note 3. Assets and Information Certified or Provided by Prudential

The following is a summary of the Plan's asset information as of December 31, 2015 and 2014, and for the year ended December 31, 2015, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the Trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Trustee that information provided to the Plan Administrator by Prudential related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and supplemental schedule related to the following assets.

	2015	2014
Registered investment companies	<u>\$ 44,440,825</u>	<u>\$ 45,202,394</u>
Guaranteed income fund	<u>\$ 13,841,842</u>	<u>\$ 13,880,932</u>
Notes receivable from participants	<u>\$ 2,782,240</u>	<u>\$ 2,903,679</u>

The trustee also certified to the completeness and accuracy of the following for the year ended December 31, 2015.

Net depreciation in fair value of investments	<u>\$ (311,494)</u>
Interest income on notes receivable from participants	<u>\$ 94,120</u>
Interest and dividends	<u>\$ 866,170</u>

Note 4. Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures* (ASU 820), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2015 and 2014.

Registered investment companies: Valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The registered investment companies held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Consolidated Foundries, Inc. Retirement and Savings Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The following tables set forth, by level within the fair value hierarchy, the Plan's assets at fair value at December 31:

	2015			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 44,440,825	\$ -	\$ -	\$ 44,440,825

	2014			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 45,202,394	\$ -	\$ -	\$ 45,202,394

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the end of the reporting period. For the years ended December 31, 2015 and 2014, there were no transfers in or out of Level 1, 2, or 3.

Note 5. Related-Party Transactions

Certain Plan investments are shares of registered investment companies and a guaranteed income fund managed by an affiliate of the Trustee. Prudential is the trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. The trustee also agrees to make quarterly allowance payments on behalf of the Plan in an amount equal to a percentage of plan assets. This allowance will be used to pay reasonable and incurred Plan administrative expenses. For the year ended December 31, 2015, allowance payments of approximately \$106,480 were used to pay plan expenses totaling \$105,394, of which \$1,540 were paid to the trustee. In addition, the Plan paid the trustee an additional \$21,475 during the year ended December 31, 2015.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Certain other administrative expenses for the Plan are paid directly by the Company.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

Note 7. Guaranteed Income Fund

The Plan entered into a traditional investment contract with Prudential Retirement Insurance & Annuity Company. The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if there were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. The contract value of the traditional investment contract at December 31, 2015 and 2014 was \$13,841,842 and \$13,880,932, respectively.

Consolidated Foundries, Inc. Retirement and Savings Plan

Notes to Financial Statements

Note 7. Guaranteed Income Fund (Continued)

As described in Note 2, because the Guaranteed Income Fund is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by the trustee, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value)

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 1.5 percent. Such interest rates are reviewed on a semiannual basis for resetting.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code
2. Premature termination of the contract
3. Plan termination or merger
4. Changes to the Plan's prohibition on competing investment
5. Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines
2. A breach of material obligation under the contract
3. A material misrepresentation
4. A material amendment to the agreements without the consent of the issuer.

Notes to Financial Statements

Note 8. Tax Status

Effective December 1, 2010, the Plan adopted a nonstandardized form of a prototype plan sponsored by Prudential Retirement Insurance & Annuity Company. The prototype plan has received an opinion letter, dated April 29, 2014, from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan has been amended since the issuance of the opinion letter; however, the Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for years before 2012.
