Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by State Street Bank and Trust Company, the custodian of the Plan, except for comparing such information with the related information included in the 2015 financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2015 and for the year then ended, that the information provided to the plan administrator by the custodian is complete and accurate.

Apple Zebra, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2015 and 2014

1. Description of Plan

The following is a brief description of the Apple Zebra, Inc. 401(k) Plan (the “Plan”) which provides general information only. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

General

The Plan was established on September 1, 2001 and was amended and restated on April 1, 2015. The Plan is a defined contribution plan that covers substantially all employees of Apple Zebra, Inc. and its affiliated companies (collectively the “Company” or “Employer”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

The Plan was amended and restated effective January 1, 2016 and the Company adopted a resolution, effective March 24, 2016, to transfer the Plan’s assets and trusteeship from its custodian State Street Bank and Trust Company (“State Street”), to Lincoln Financial Group and its third party administrator from ADP Retirement Services (“ADP”) to United Retirement Plan Consultants.

Eligibility

After reaching the age of twenty-one and completing six months of service, employees of the Company are eligible to participate in the Plan and are eligible to receive a discretionary employer match contribution.

Contributions

The Plan provides each participant the opportunity to make pre-tax or Roth deferral contributions up to the maximum amount of 90% of compensation and subject to the limitations of the Internal Revenue Code. Effective January 1, 2016 employees may defer up to 100% of compensation subject to the limitations of the Internal Revenue Code.

The Employer, in its sole discretion, may contribute a discretionary match contribution to each eligible employee determined as of the end of the plan year. For the year ended December 31, 2015, there was no discretionary match contributions made to the Plan.

Vesting

Participants are immediately and fully vested in their own contributions, plus actual earnings thereon and become fully vested in the Company’s contributions, plus actual earnings thereon, after three years of service with the Company.

Participant Accounts

Each participant’s account is credited with their contributions, employer contributions, and the earnings thereon. Contributions to the Plan are invested by the custodian as directed by the participants. Each participant may elect from one or more of the investment vehicles offered pursuant to the provisions of the Plan.

Forfeitures

The Plan provides for terminated employees who resume employment within five years to have any forfeited amounts reinstated (“reinstatement period”), if the employee repays the full amount of the distribution attributable to vested employer contributions prior to the end of the reinstatement period. Subsequent to the reinstatement period, plan participants’ forfeitures may be used to pay plan expenses or reduce the employers’ contribution for the plan year and, if applicable, any remaining amount shall be applied toward succeeding plan years until fully utilized. Forfeitures from participants for the year ended December 31, 2015 were \$370. At December 31, 2015 and 2014, the available balance of forfeitures was \$9,039 and \$8,597, respectively.

Apple Zebra, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2015 and 2014

Benefits Paid to Participants

A participant's vested interest in his or her account balance is distributable upon normal retirement (65), termination, disability, or death, as described by the plan document. Participants can also make in-service withdrawals upon reaching age 59 ½.

Notes Receivable from Participants

Participants are permitted to have three loans outstanding at any point in time and to borrow a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The maximum term of the loan is five years; or fifteen years, if the loan is for the purchase of a principal residence. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus two percent (2%). Notes receivable from participants are repaid through payroll deductions and monitored by the plan administrator. Notes receivables from participants are measured at their unpaid principal balance, plus any accrued interest. As of December 31, 2015, the interest rates on the outstanding notes receivable from participants was 5.25%.

Administrative Expenses

Substantially all administrative expenses of the Plan are paid directly by the Company.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Change in Accounting Policy

In July 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investments Disclosures, Part (III) Measurement Date Practical Expedient*. This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides for a measurement-date practical expedient. Parts I and II are effective for fiscal years beginning after December 15, 2015 and should be applied retrospectively, with early application permitted. Part III is effective for fiscal years beginning after December 15, 2015 and should be applied prospectively, with early application permitted. Management has elected to adopt Parts I and II early. The adoption did not have an effect on the Plan's statements of net assets available for benefits or statement of changes in net assets available for benefits. Part III is not applicable to this Plan.

In May 2015, the FASB issued ASU 2015-07, *Fair Value Measurement – Disclosures for Investments in Certain Entities that Calculate Net Asset Value Per Share (or its Equivalent)*, which removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. Reporting entities will be required to disclose the amount investments measured at net asset value (or its equivalent) using the practical expedient to reconcile total investments in the fair value hierarchy to total investments measured at fair value. ASU 2015-07 is effective for fiscal years beginning after December 15, 2016 and should be applied retrospectively, with early adoption permitted. Management has elected to early adopt ASU 2015-07. Accordingly, the amendment was retrospectively applied to all periods presented.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and liabilities and the changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Apple Zebra, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2015 and 2014

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussions of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Reclassifications

Certain investments in the prior year financial statements have been reclassified for comparative purposes to conform with the presentation in the current year financial statements.

Subsequent Events

The Plan has evaluated subsequent events through October 6, 2016, the date these financial statements were available for issuance. All subsequent events requiring recognition as of December 31, 2015, have been incorporated in these financial statements.

3. Information Certified by the Custodian (Unaudited)

The following is a summary of the investments and notes receivable from participants regarding the Plan as of December 31, 2015 and 2014 and for the year ended December 31, 2015, included in the Plan's financial statements and supplemental schedule, that was prepared or derived from information provided by State Street, the custodian of the Plan, and furnished to the plan administrator. The plan administrator has obtained certifications from the custodian that such information is complete and accurate.

4. Fair Value Measurements

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value of measurement. Valuation techniques need to maximize the use of observable inputs and minimize the use of unobservable inputs. Valuation techniques used to measure fair value are defined as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
- Level 2 - Inputs to the valuation methodology include: (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in inactive markets; (c) inputs other than quoted prices that are observable for the asset or liability; and (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies during 2015.

- Mutual funds: valued at quoted prices reported in an active market at year end.
- Common collective trust funds: the fair value of the common collective trust funds is determined by the trustee of the common collective trust based on the underlying assets, which represent the net asset value, a practical expedient to fair value, of units held by the Plan. The common collective trusts do not have any unfunded commitments relating to its investments, or any significant restrictions or redemptions. Participant-directed redemptions can be made on any business day and do not have a redemption notice period.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments at fair value as of December 31, 2015 are as follows:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 688,876	\$ -	\$ -	\$ 688,876
Common collective trust fund	-	9,132	-	9,132
Total investments in the fair value hierarchy	688,876	9,132	-	698,008
Common collective trust funds - measured at net asset value (a)	-	-	-	113,745
Total investments at fair value	\$ 688,876	\$ 9,132	\$ -	\$ 811,753

Investments at fair value as of December 31, 2014 are as follows:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 723,394	\$ -	\$ -	\$ 723,394
Common collective trust fund	-	8,601	-	8,601
Total investments in the fair value hierarchy	723,394	8,601	-	731,995
Common collective trust funds - measured at net asset value (a)	-	-	-	89
Total investments at fair value	<u>\$ 723,394</u>	<u>\$ 8,601</u>	<u>\$ -</u>	<u>\$ 732,084</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) as a practical expedient to fair value have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

5. Related-Party Transactions

ADP is the record keeper for the Plan. The Plan paid \$725 to ADP for record keeping and administrative services for the year ended December 31, 2015.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. If the Plan is terminated, the amount credited to the account of each participant will be fully vested.

7. Tax Status

On March 31, 2014, the Internal Revenue Service ("IRS") stated that the prototype plan adopted by the Plan, as then designed, qualifies under Section 401(a) of the Internal Revenue Code ("IRC"). The Plan has not received a determination letter specific to the Plan itself; however, the Plan administrator believes that the Plan was designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan's management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015 and 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan's management believes it is no longer subject to income tax examinations for years prior to 2012.

8. Risks and Uncertainties

The Plan's investments are concentrated in mutual funds and common collective trust funds that invest in marketable securities. Such securities are subject to various risks, such as interest rates, market and credit risks, that determine the value of the investments. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of these securities, it is at least reasonably possible that the changes in market conditions in the near term could materially affect participants' account balances and the value of investments reported in the financial statements.
