NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan

The following description of the Survitec Group NA 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan began July 1, 2002 and is a defined contribution plan sponsored by RFD Beaufort, Inc. (the "Company"). The Plan covers employees who have completed at least six months of eligible service, excluding employees who are covered by a collective bargaining agreement and non-resident aliens. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Contributions:

Participants may make pre-tax or Roth 401(k) contributions in any amount up to 100% of their compensation, subject to certain limits imposed by the Internal Revenue Service ("IRS"). The Plan also provides that participants who are projected to be age 50 or older by the end of the calendar year and who are making deferral contributions to the Plan may also make catch-up contributions, subject to certain IRS limitations.

The Company made matching contributions at a rate of 100% of the first 3% of a participant's contributions for the year ended December 31, 2015. The Company may also make discretionary non-elective contributions to the Plan. Discretionary non-elective contributions at a rate of 2% of a participant's eligible compensation were made for the year ended December 31, 2015.

Participant Accounts:

Each participant's account is credited with the participant's contribution, any Company contribution, and an allocation of Plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. Participants direct their investment fund options. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable From Participants:

Participants may borrow from their fund accounts to the extent of one-half of their vested account balance under the Plan, not to exceed \$50,000. The loans are secured by the balance in the participant's account and bear interest at 1% over the prime rate. Principal and interest is paid ratably through monthly payroll deductions.

Vesting:

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is vested after five years of credited service (20% in year one, 20% each year thereafter).

SURVITEC GROUP NA 401(k) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 1. Description of Plan (Continued)

Funding:

The Company's funding policy is to remit participant contributions to the Plan as soon as they can be reasonably segregated from the Company's general assets within the time limits set by the Department of Labor.

Payment of Benefits:

On termination of service due to death, disability, or retirement, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. The Plan also provides for in-service distributions upon attaining age 59½, and hardship withdrawals, subject to certain limitations. Participants may also invest in funds offered by the Plan which provide for a Guaranteed Annual Withdrawal ("GAW") for a participant's lifetime (or the lifetime of the participant and his or her spouse upon election) upon severance of employment. Participants may elect to receive the GAW on an annual, semi-annual, quarterly, or monthly basis. This benefit is offered through the Plan's group annuity contract with Great-West Life & Annuity Insurance Company ("Great-West"), the Custodian of the Plan. The benefits offered under the GAW option accumulate during the employment of a participant and are based on market conditions of the underlying investments in the covered funds, but are guaranteed to be at least the amount of the participant's benefit base, as defined by the Plan.

Forfeited Accounts:

Forfeited non-vested accounts resulting from employer matching contributions may only be used to reduce future employer matching contributions, and forfeited non-vested accounts resulting from employer discretionary non-elective contributions may only be used to reduce future employer discretionary non-elective contributions. Any forfeited non-vested accounts may be used to pay administrative fees. At December 31, 2015 and 2014, there were no unutilized forfeited non-vested accounts. During 2015, employer matching contributions were reduced by \$6,410 from forfeited non-vested accounts and employer discretionary non-elective contributions were reduced by \$4,990 from forfeited non-vested accounts.

Note 2. Summary of Significant Accounting Policies

- A. Basis of Accounting – The accompanying financial statements have been prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

SURVITEC GROUP NA 401(k) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 2. Summary of Significant Accounting Policies (Continued)

B. **New Accounting Pronouncements** – In July 2015, the FASB issued ASU No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965)*. The Plan elected early adoption of this pronouncement, which changed certain investment disclosure requirements. As such, the Plan is no longer required to (1) disclose individual investments that represent 5% or more of net assets available for benefits; (2) disclose the net appreciation or depreciation for investments by general type; (3) disclose the fair value and average yields of investments in fully benefit-responsive investment contracts which are only required to be reported at contract value; or (4) disaggregate investments by anything other than general type within the fair value hierarchy. These changes have been applied retrospectively to the financial statements.

C. **Investment Valuation and Income Recognition** – Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

D. **Notes Receivable From Participants** – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon terms of the Plan document.

E. **Administrative Fees** – Fees of the Plan are paid by the Company or the Plan at the discretion of the Company. In addition, certain transactions and account maintenance fees are charged to the affected participants.

F. **Use of Estimates** – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

G. **Benefit Payments** – Benefits are recorded when paid.

H. **Subsequent Events** – The Plan has evaluated subsequent events through September 9, 2016, the date the financial statements were available to be issued.

Note 3. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan at any time, subject to the provisions of ERISA. In the event of Plan termination, participants will receive a total distribution of their account.

SURVITEC GROUP NA 401(k) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 4. Unaudited Information

Great-West, Custodian of the Plan, holds the Plan's investment assets and executes transactions therein. The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodian has certified to the completeness and accuracy of all investments and notes receivable from participants reflected in the statements of net assets available for benefits at December 31, 2015 and 2014, the supplemental schedule at December 31, 2015, the related investment and loan interest activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2015, and investment related information in the accompanying notes to the financial statements. This information is unaudited by independent accountants.

Note 5. Fair Value Measurements

The Plan estimates the fair value of financial instruments using available market information and other generally accepted valuation methodologies. The inputs used to measure fair value are classified into three levels:

Level 1 – Quoted market prices in active markets for identical assets and liabilities

Level 2 – Observable market-based inputs or unobservable inputs that are corroborated by market data

Level 3 – Unobservable inputs in which little or no market data exists

The following is a description of the valuation methodologies used for plan assets measured at fair value:

- The fair value of investments held in the mutual funds is determined based on their quoted closing market prices in active markets for identical investments, and is classified as Level 1.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. There have been no changes in the methodologies used from 2014 to 2015. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level the Plan's assets at fair value as of December 31, 2015 and 2014:

Assets at Fair Value as of December 31, 2015

	Level 1	Level 2	Level 3	Total
Mutual funds	\$4,349,917	\$ -	\$ -	\$4,349,917

SURVITEC GROUP NA 401(k) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 5. Fair Value Measurements (Continued)

Assets at Fair Value as of December 31, 2014

	Level 1	Level 2	Level 3	Total
Mutual funds	\$4,242,387	\$ -	\$ -	\$4,242,387

Note 6. Group Annuity Contract

The Plan holds an investment contract which meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan.

Investments in the Guaranteed Portfolio Fund are reported at contract value as determined by Great-West, which represents contributions plus interest at a specified rate, less participant withdrawals and fees. Great-West maintains the investments in a general account. All transactions within this contract are executed at contract value including full liquidation of the Guaranteed Portfolio Fund. Great-West is contractually obligated to repay the principal and a specified rate that is guaranteed to the Plan. Great-West has indicated that the guaranteed interest rates are reset quarterly.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on several factors, including the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, and prevailing market conditions.

The Guaranteed Portfolio Fund does not permit the insurance company to terminate the agreement prior to the scheduled maturity date. Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

Note 7. Income Tax Status

The Plan has adopted a prototype plan document. This plan document has obtained a determination letter dated March 31, 2014 from the IRS in which the IRS stated that the document, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

SURVITEC GROUP NA 401(k) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 7. Income Tax Status (Continued)

The Plan's management has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Party-in-Interest Transactions

Certain Plan investments are held in a group annuity contract or mutual funds of Great-West or its affiliates. Great-West is Custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Administrative expenses in the amount of \$33,277 were paid to the Custodian and other plan advisors during the year ended December 31, 2015. These transactions qualify as party-in-interest.

Note 9. Risks and Uncertainties

The Plan holds various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
