INDEPENDENT AUDITORS' REPORT

To the Plan Committee and the Participants
Child Focus, Inc. 403(b) Annuity Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Child Focus, Inc. 403(b) Annuity Plan, which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statement of changes in net assets available for benefits for the year ended December 31, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matters described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Nationwide Financial Services, Inc. including its subsidiary Nationwide Trust Company, FSB, and Great-West Trust Company, LLC, the custodians of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that Great-West Trust Company, LLC, held the Plan's investment assets and executed investment transactions from June 19, 2015 to December 31, 2015 and that Nationwide Financial Services, Inc., including its subsidiary Nationwide Trust Company, FSB, held the Plan's investment assets and executed investment transactions as of December 31, 2014 and from the period from January 1, 2015 to June 19, 2015. The plan administrator has obtained certifications from the custodians as of December 31, 2015 and 2014, and for the year ended December 31, 2015, that the information provided to the plan administrator by the custodians is complete and accurate.

The Plan had not maintained sufficient accounting records and supporting documents relating to certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficiently to determine the extent to which the financial statements may have been affected by these conditions.

www.cshco.com
p. 513.241.3111
f. 513.241.1212

As described in Note 10, the Plan has excluded from investments in the accompanying statements of net assets available for benefits, certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, Annual Reporting Requirements for 403(b) Plans. The investment income and distributions related to such accounts have also been excluded in the accompanying statement of changes in net assets available for benefits. The amount of these excluded annuity and custodial accounts and the related income and distributions are not determinable. Accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the accompanying financial statements.

Disclaimer of Opinion

Because of the significance of the matters described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. DESCRIPTION OF PLAN:

The following description of the Child Focus, Inc. 403(b) Annuity Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of Plan provisions.

General

The Plan is a defined contribution plan covering all employees of Child Focus, Inc. ("Sponsor" or "Employer") who have attained the age of 18. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Subject to certain limits, participants may contribute a portion of their compensation to the Plan. Effective July 1, 2014, the Plan was amended to include an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated fund until changed by the participant. The Sponsor makes matching contributions to eligible participants who have attained two years of service in an amount equal to 100% of the first 6% of elective deferrals. The Sponsor may also make additional discretionary contributions. The Sponsor made no discretionary contribution for 2015. Participants direct the investment of their contributions and Sponsor contributions into various investment options offered by the Plan. Participants may also contribute amounts from other qualified plans (rollover).

Participant accounts

Each participant's account is credited with the participant contribution and, if eligible, the Sponsor matching contribution and an allocation of the Sponsor discretionary contribution, if any, and an allocation of plan earnings. Allocations are based on participant earnings, compensation or account balances, as defined. Allocations of plan earnings are based upon the performance of the investment funds chosen by the participant. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. A participant is 100% vested in all Sponsor contributions and earnings received thereon.

Payment of benefits

Participants are entitled to benefits upon termination of service, death, disability, or at normal retirement age as defined in the plan document. Upon termination of service, participants receive an annuity or have the option of electing another form of distribution. In the event of a participant's death, any remaining balance will be paid to designated beneficiaries.

In-service distributions are permissible from the Plan for participants that have obtained the age of 59 and 1/2. Participants electing in-service distributions may elect to receive all or a portion of their elective deferrals in a lump sum payment. The Plan permits distributions for financial hardships if certain requirements are met.

Benefits under the Plan due to a former participant whose balance does not exceed \$1,000 and has terminated for reasons other than death, disability or retirement, shall be paid from his account as soon as administratively practicable. If the vested value of the participant's account is in excess of \$1,000, the participant will not receive a distribution unless he has consented in writing.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The following are the significant accounting policies of the Plan:

Basis of accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Guaranteed investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive insurance contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in a guaranteed investment contract through a group annuity contract. As required by professional standards, the statement of net assets available for benefits presents the fair value of the investment in the guaranteed investment contract as well as the adjustment of the fully benefit-responsive investment contract from fair to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis. Great-West Trust Company, LLC, the custodian of the Plan, determined that the fair value approximates contract value in regards to the guaranteed contract investment.

Use of estimates

The presentation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisors and custodians. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits

Benefit distributions are recorded when paid.

Administrative expenses

Certain expenses of maintaining the Plan are paid directly by the Sponsor and are excluded from these financial statements. Fees related to investment advisory services are charged to participant accounts and are included in administrative expenses. Investment related expenses are included in net depreciation in fair value of investments.

Accounting changes

Recently issued accounting pronouncements—The Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-12, "Plan Accounting: Defined Contribution Pension Plans (Topic 962): (Part 1) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, and (Part III) Measurement Date – Practical Expedient." ASU 2015-12 simplifies disclosures and reporting by employee benefit plans. ASU 2015-12 is effective for fiscal years beginning after December 15, 2015, with earlier adoption permitted. The Plan has elected to early adopt Part II of ASU 2015-12, applied retrospectively to all periods presented. This change has no impact on net assets available for benefits.

Reclassifications

Certain amounts in the 2014 financial statements have been reclassified to conform to the 2015 presentation.

Subsequent events

The Plan evaluates events and transactions occurring subsequent to the date of the financial statements for matters requiring recognition or disclosure in the financial statements. The Plan has evaluated subsequent events through the report date, the date the financial statements were available to be issued.

3. GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY:

The Plan invests in a group annuity contract with Great-West Life & Annuity Insurance Company ("Great-West"). Under this contract, the Plan invests in the Guaranteed Interest Fund. The account is credited with actual earnings on the investments and charged for participant withdrawals and administrative expenses. Because the Guaranteed Interest Fund ("Guaranteed Fund") held under the contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the Guaranteed Fund. Contract value, as reported to the Plan by Great-West, represents contributions made under the contract, plus interest, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Guaranteed Fund is an investment contract issued through the general account of Great-West. The contract value, which approximates fair value, of the investment contract at December 31, 2015 was \$99,782. Great-West is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 1%. The interest rate is reviewed on a quarterly basis for resetting. The average yield based on the Guaranteed Fund's actual earnings and the average yield based on the interest rate credited to participants was 1.45% for the year ended December 31, 2015.

Certain events limit the ability of the Plan to transact at contract value with the issuer. The Plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable. Investment contracts are valued at contract value principally because participants are able to transact at contract value when initiating benefit-responsive withdrawals, or making investment option transfers permitted by the Plan. A benefit-responsive withdrawal includes a payment to a participant arising from retirement, termination of employment, disability or death. In the normal course, participant events are predictable (for participants as a group) such that the economic integrity of investment contracts is largely unaffected by participant withdrawals.

4. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Money market and mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Guaranteed investment contract: Valued at contract value by the insurance company, which approximates fair value, by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer (Note 3). Because the participants transact at contract value, fair value is determined annually for financial statement reporting purposes only. The contract issuer has the option to defer full liquidation for a period up to twelve months.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2015 and 2014:

<u>Investments at Fair Value as of December 31, 2015</u>				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

5. INFORMATION CERTIFIED BY THE CUSTODIANS:

All investments, investment income and the net depreciation in fair value of investments included in the accompanying financial statements and supplemental schedule as of December 31, 2015 and 2014, and for the year ended December 31, 2015, was obtained from data that has been prepared and certified as complete and accurate by the custodians, Great-West Trust Company, LLC and Nationwide Financial Services, Inc., including its subsidiary Nationwide Trust Company, FSB.

6. RELATED PARTY TRANSACTIONS:

The Sponsor provides certain administrative services to the Plan for which no fees are charged.

Certain Plan investments held during the year were shares of investment funds managed by Nationwide Financials Services, Inc., including its subsidiary, Nationwide Trust Company, FSB. Nationwide Trust Company, FSB is the former custodian, as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions.

Beginning on June 19, 2015, certain Plan investments are investment funds managed by Great-West Trust Company, LLC. Great-West Trust Company, LLC, is the current custodian as defined by the Plan and therefore, these transactions qualify as party-in-interest transactions.

7. PLAN TERMINATION:

Although it has not expressed the intent to do so, the Sponsor has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA.

8. TAX STATUS:

The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code (IRC). While the Internal Revenue Service does not currently have an approval program for 403(b) plans, the Sponsor and the Plan's administrator believe that the Plan is currently designed and being operated in compliance with applicable requirements of the IRC. Therefore, they believe the Plan was qualified as of the financial statement date.

9. RISKS AND UNCERTAINTIES:

Investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

10. CONTRACTS EXCLUDED FROM INVESTMENTS:

As permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*, the Plan has elected to omit certain contracts from the investment balance reported on the Form 5500. These contracts were created prior to January 1, 2009 and contain fully vested, participant-directed investment accounts. Those accounts are owned by the individual participants for whom the accounts were initially established and the Plan no longer has any obligation to such accounts.

11. PLAN AMENDMENTS:

The Plan was amended effective January 1, 2015 to clarify that Roth Elective deferrals are not permitted. In addition, the Plan will not permit a rollover contribution from a Roth account from any source.
