SMITHFIELD FOODS, INC. BARGAINING 401(k) PLAN

Notes to Financial Statements
December 31, 2015 and 2014

(1) Description of Plan

The following description of the Smithfield Foods, Inc. Bargaining 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by Smithfield Foods, Inc. The Plan is for the benefit of eligible bargained employees of Smithfield Foods, Inc. and affiliated employers that have adopted the Plan (collectively, the Company). Eligibility requirements for 401(k) and matching contributions are 90 days of service and attainment of age 18. Eligibility for discretionary profit sharing contributions varies based on the related bargaining agreement of the adopting affiliated employer. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Smithfield Foods, Inc. Investment Committee (Investment Committee) is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings, monitors investment performance and controls and manages the operation and administration of the Plan.

Contributions

Each year, participants may contribute up to 50% of pre-tax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans and certain individual retirement accounts. The Company matching contribution varies based on the related bargaining agreement of the adopting affiliated employers. The Company may make a profit sharing contribution at the discretion of the Company's board of directors. Contributions are subject to certain limitations.

During 2013, the Plan was amended to include automatic compensation reduction contributions for certain bargaining groups. Under this amendment, a percentage of eligible employees' compensation will be deferred unless a contrary election is made.

Investment Options

Participants direct the investment of their accounts into various investment options offered by the Plan, which include registered investment companies and common collective trust funds. In addition, participants may utilize an individual self-directed brokerage option, through which participants are able to invest in a variety of securities including stocks and registered investment companies in accordance with the plan document.

SMITHFIELD FOODS, INC. BARGAINING 401(k) PLAN

Notes to Financial Statements December 31, 2015 and 2014

(1) Description of Plan, Continued

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and plan earnings (losses), and charged with benefit payments, transaction fees related to participant notes receivable, and allocations of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company contribution portion of their accounts is based on years of service, as defined, and may vary based on the collective bargaining agreement.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms extend to five years for general purpose loans and to ten years for the purchase of a primary residence. Participants are limited to one outstanding loan at any point in time. The loans are secured by the balance in the participant's account and bear interest at 2% above the prime rate at the preceding month in which the loan was taken. As of December 31, 2015, interest rates ranged from 5.25% to 10.25%. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount or various installment and annuity options as provided by the Plan. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Amounts contributed on a pre-tax basis may only be withdrawn upon demonstration of financial hardship, disability, or after the participant reaches the age of 59.5 years.

Forfeitures

At December 31, 2015 and 2014, forfeited nonvested accounts totaled \$237,529 and \$434,678, respectively. These accounts will be used to reduce future Company contributions and pay administrative expenses of the Plan. During 2015, forfeitures of \$426,395 and \$61,423, respectively, were used to reduce the Company's contributions and pay administrative expenses.

SMITHFIELD FOODS, INC. BARGAINING 401(k) PLAN

Notes to Financial Statements
December 31, 2015 and 2014

(2) Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates and assumptions.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, trustees and insurance company. See Note 5 for discussion of fair value measurements.

In accordance with GAAP, a stable value fund held by a defined contribution plan is required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for benefits present the fair value of the stable value fund as well as the adjustment to the fully benefit-responsive stable value fund from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 or 2014. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payments of Benefits

Benefits are recorded when paid.

Expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the plan document. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Certain administrative functions are performed by employees of the Company. No such employee receives compensation from the Plan.

Recent Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07, *Fair Value Measurement (Topic 820): Disclosure for Investments in Certain Entities That Calculate Net Asset Value (NAV) per Share (or Its Equivalent)*. ASU 2015-07 removes the requirement to categorize, within the fair value hierarchy (Note 5), all investments for which fair value is measured using the NAV per share practical expedient. However, sufficient information must be provided to permit reconciliation of the fair value of assets categorized within the fair value hierarchy to the amounts presented in the statement of financial position. ASU 2015-07 also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the NAV per share practical expedient.

Recent Accounting Pronouncements, Continued

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. The amendments in Part I designate contract value as the only required measure for fully benefit-responsive investment contracts. This amendment maintains the relevant information while reducing the cost and complexity of reporting for fully benefit-responsive investment contracts (for example, an adjustment to reconcile contract value to fair value). The objective of Part II is to simplify, and make more effective, the investment disclosure requirements under topics 820, 960, 962 and 965 for employee benefit plans.

The amendments for ASU 2015-07 and 2015-12 are effective for fiscal years beginning after December 15, 2016 and 2015, respectively. Early adoption is permitted. Upon adoption, the amendments shall be applied retrospectively to all periods presented. The Plan has elected to forego early adoption of the updates for the year ended December 31, 2015.

Subsequent Events

The Plan has evaluated subsequent events through October 5, 2016, the date the financial statements were available to be issued.

(3) Investments, Continued

During 2015, the Plan's investments (including gains and losses on investments purchased and sold, as well as held during the year) depreciated in value as follows:

Registered investment companies	\$ (193,071)
Common collective trusts	<u>(736,754)</u>
	<u>\$ (929,825)</u>

(4) Financial Information Certified by the Trustees

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Great-West Trust Company, LLC and Great-West Financial Retirement Plan Services, LLC (collectively, Great-West), except for comparing such information certified by Great-West to information included in the Plan's financial statements and supplemental schedule. The following information was certified by Great-West:

- The investments at fair value at December 31, 2015 and 2014, except that the Wells Fargo Stable Return Fund (E) was certified at contract value.
- Notes receivable from participants at December 31, 2015 and 2014.
- Net depreciation in fair value of investments for the year ended December 31, 2015.
- Interest and dividends for the year ended December 31, 2015.
- Interest income on notes receivable from participants for the year ended December 31, 2015.
- Schedule H, Line 4i – Schedule of Assets (Held at End of Year), except that the Wells Fargo Stable Return Fund (E) was certified at contract value.

(5) Fair Value Measurements

Fair value as defined under GAAP is an exit price, representing the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. GAAP establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. These tiers include:

- Level 1: Observable inputs such as quoted prices in active markets.
- Level 2: Inputs other than quoted prices in active markets that is either directly or indirectly observable.
- Level 3: Unobservable inputs about which little or no market data exists, therefore, requiring an entity to develop its own assumptions.

Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment, and may affect the valuation of the fair value of assets and liabilities and their placement within the fair value hierarchy levels.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

When quoted prices are available in active markets for identical instruments, investment securities are classified within level 1 of the fair value hierarchy. Level 1 investment securities include registered investment companies and common stock.

Level 2 investment securities include common collective trust funds for which quoted prices are not available in active markets for identical instruments. The Plan utilizes a third party pricing service to determine the fair value of each of these investment securities. Because quoted prices in active markets for identical assets are not available, these prices are determined using observable market information such as quotes from less active markets and/or quoted prices of securities with similar characteristics. Common collective trust funds are valued at the closing NAV of the units held by the Plan at year end. The common collective trust fund NAV, as provided by the trustees, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

(5) Fair Value Measurements, Continued

- (b) Represents investment in a common collective trust which seeks a moderate level of stable income without principal volatility by investing in investment contracts issued by selected high quality insurance companies and financial institutions. There are no unfunded commitments. See Note 6 for further discussion.
- (c) Represents investment in a common collective trust which seeks a favorable long-term total return by investing primarily in a portfolio of equity securities of smaller domestic companies based on the Russell 2000 Index. The Small-Cap Blend Index investment strategy attempts to replicate the Russell 2000 Index using a proprietary quantitative process that closely matches the overall investment characteristics of the index. There are no unfunded commitments, redemption frequency restrictions or other redemption restrictions.
- (d) Represents investment in a common collective trust which seeks to approximate as closely as practicable the total return of the Standard & Poor's 500 Index ("S&P Index") through investment of at least 80% of its assets in equity securities of companies similar to those that comprise the S&P Index. There are no unfunded commitments, redemption frequency restrictions or other redemption restrictions.
- (e) Represents investment in a common collective trust which seeks a return which exceeds that of a benchmark consisting of a 1/3 weighting in the Barclays Capital U.S.TIPS Index, a 1/3 weighting in the Dow Jones - UBS Commodity Index SM, and a 1/3 weighting in the Dow Jones U.S. Real Estate Investment Trust Index. There are no unfunded commitments, redemption frequency restrictions or other redemption restrictions.

There were no significant transfers among investment levels during the years ended December 31, 2015 and 2014.

(6) Wells Fargo Stable Return Fund (E)

The Wells Fargo Stable Return Fund (E) (the Fund) is a collective trust fund sponsored by Wells Fargo Bank, N.A. The beneficial interest of each participant is represented by units. Units are issued and redeemed daily at the Fund's NAV per unit, which is based on the assets held by the Fund less any liabilities, divided by the total number of units outstanding. Distribution to the Fund's unit holders is declared daily from the net investment income and automatically reinvested in the Fund on a monthly basis, when paid.

(6) Wells Fargo Stable Return Fund (E), Continued

Participants ordinarily may direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value represents contributions made to the Fund, plus earnings, less participant withdrawals and administrative expenses. The Fund imposes certain restrictions on the Plan, and the Fund itself may be subject to circumstances that impact its ability to transact at contract value, as described in the following paragraphs. Plan management believes that the occurrence of events that would cause the Fund to transact at less than contract value is not probable.

Restrictions on the Plan

Participant-initiated transactions are those transactions allowed by the Plan, including withdrawals for benefits, loans, or transfers to noncompeting funds within a plan, but excluding withdrawals that are deemed to be caused by the actions of the plan sponsor.

Restrictions on the Plan, Continued

The following events may limit the ability of the Fund to transact at contract value:

- A failure of the Plan or its trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA.
- Any communication given to Plan participants designed to influence a participant not to invest in the Fund or to transfer assets out of the Fund.
- Any transfer of assets from the Fund directly into a competing investment option.
- The establishment of a defined contribution plan that competes with the Plan for employee contributions.
- Complete or partial termination of the Plan or its merger with another plan.
- The redemption of all or a portion of the interests in the Fund held by the Plan at the direction of the plan sponsor, including withdrawals due to the removal of a specifically identifiable group of employees from coverage under the Plan (such as group layoff or early retirement incentive program), the closing or sale of a subsidiary, employing unit, or affiliate, the bankruptcy or insolvency of the plan sponsor, or the merger of the Plan with another plan.

(6) Wells Fargo Stable Return Fund (E), Continued

Circumstances that Impact the Fund

The Fund invests in assets, typically fixed income securities or bond funds, and enters into "wrapper" contracts issued by third parties. A wrapper contract is an agreement by another party, such as a bank or insurance company, to make payments to the Fund in certain circumstances. Wrapper contracts are designed to allow a stable value portfolio to maintain a constant NAV and protect a portfolio in extreme circumstances. In a typical wrapper contract, the wrapper issuer agrees to pay the difference between the contract value and the market value of the underlying assets if the market value falls below the contract value.

The wrapper contracts generally contain provisions that limit the ability of the Fund to transact at contract value upon the occurrence of certain events. These events include:

- Any substantive modifications of the Fund or the administration of the Fund that is not consented to by the wrapper issuer.
- Any change in law, regulation, or administrative ruling applicable to a plan that could have a material adverse effect on the Fund's cash flow.
- Employer-initiated transactions by participant plans as described above.

Circumstances that Impact the Fund

In the event that wrapper contracts fail to perform as intended, the Fund's NAV may decline if the market value of its assets decline. The Fund's ability to receive amounts due pursuant to these wrapper contracts is dependent on the third-party issuer's ability to meet its financial obligations. The wrapper issuer's ability to meet its contractual obligations under the wrapper contracts may be affected by future economic and regulatory developments.

The Fund is unlikely to maintain a stable NAV if, for any reason, it cannot obtain or maintain wrapper contracts covering all of its underlying assets. This could result from the Fund's inability to promptly find a replacement wrapper contract following termination of a wrapper contract. Wrapper contracts are not transferable and have no trading market. There are a limited number of wrapper issuers. The Fund may lose the benefit of a wrapper contract on any portion of its assets in default in excess of a certain percentage of portfolio assets.

(7) Related Party Transactions and Party-In-Interest Transactions

During 2015, fees paid to Great-West, the plan trustees, and J.P. Morgan Invest Holdings LLC, the plan record keeper, amounted to \$752,423, for investment management and administrative services.

SMITHFIELD FOODS, INC. BARGAINING 401(k) PLAN

(8) Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated April 12, 2013, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The determination letter is subject to the adoption of amendments included in the January 25, 2013 and February 14, 2013 application for determination. The plan administrator believes that the Plan is designed and is currently operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax exempt.

(9) Transfers to Affiliated Plans

Transfers of assets among plans occur when a change in the employment status of an employee, who participates in a Smithfield-sponsored retirement plan, causes the employee to change plans due to eligibility requirements. Transfer activity for the year ended December 31, 2015 was as follows:

Transfers from the Plan to Smithfield Foods, Inc.	
Salaried 401(k) Plan, net	\$ (752,326)
Transfers from the Plan to Smithfield Foods, Inc.	
Hourly 401(k) Plan, net	(283,294)
	<u>\$ (1,035,620)</u>

(10) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

(11) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
