THE CLEVELAND CLINIC FOUNDATION CASH BALANCE PLAN

NOTES TO FINANCIAL STATEMENTS

(1) Description of plan

The following description of The Cleveland Clinic Foundation Cash Balance Plan (Plan) provides only general information. Participants should refer to the Plan document or Summary Plan Description for a more complete description of the Plan's provisions. Additionally, key information about the Plan is contained in the brochure *Professional Staff Benefits Program Summary*. Copies of these documents are available from the Staff Benefits Office or the Total Rewards Department at The Cleveland Clinic Foundation (Foundation).

General - The Plan is a defined contribution plan sponsored by the Foundation and certain of its affiliated entities (System) for the benefit of substantially all staff and senior/exempt management employees (as defined). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Foundation is the plan administrator (Plan Administrator) and, by action of its Board, has established a Retirement Committee to act on its behalf as the Plan Administrator. The Retirement Committee has overall responsibility for the operation and administration of the Plan, including actions with respect to contracts, trusts, evaluation and engagement of investment fund managers and other Plan matters as required.

Contributions - Contributions made by the System to each participant's account represent a percentage (up to 7%) of the participant's annual salary and are based on the age of the participant. Contributions are subject to certain Internal Revenue Code (IRC) limitations.

Participant investment account options - Effective July 1, 2000, all contributions of the Plan are deposited in accounts maintained by Fidelity Management Trust Company (Fidelity). All contributions and earnings are to be invested as directed by the participants in any of the various mutual funds or guaranteed investment contracts held by Fidelity. Additionally, self-directed brokerage account investments are available through Fidelity Brokeragelink. The Lincoln National Life Insurance Company (Lincoln) continues to hold Plan assets in accordance with participant direction. Separate accounts are maintained for each participant.

Participant accounts - Each participant's account is credited with an allocation of the System's contribution, plan earnings, and charged with administrative expenses. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Any nonvested participant accounts are forfeited upon termination.

Vesting - Benefits are fully vested after three years of service for employees active as of or hired on or after January 1, 2007. Employees who terminated prior to January 1, 2007 are vested after five years of service if hired on or after January 1, 1987 or upon enrollment if hired prior to January 1, 1987.

THE CLEVELAND CLINIC FOUNDATION CASH BALANCE PLAN

NOTES TO FINANCIAL STATEMENTS

(1) Description of plan (continued)

Payment of benefits - On termination of service due to death, disability or retirement, or other reasons, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a period not to exceed the life of the participant or their beneficiary. Benefit payments are subject to certain restrictions as defined in the Plan document. Effective February 9, 2015, if the vested portion of a participant's account does not exceed \$5,000 upon termination of service, the Plan is permitted to make a lump sum distribution to the participant under certain conditions as defined in the plan document.

Forfeited accounts - At December 31, 2015 and 2014, forfeited nonvested accounts totaled \$137,043 and \$122,316, respectively. These accounts will be used to reduce future employer contributions. For the years ended December 31, 2015 and 2014, employer contributions were reduced by \$380,000 and \$712,579, respectively, from forfeited nonvested accounts.

(2) Summary of significant accounting policies

New accounting pronouncement - In July 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-12, "*Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient.*" Part I of the ASU eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II of this ASU eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. It also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics, and risk. Further the disclosure of information about fair value measurements shall be provided by general type of investment. Part III of this ASU allows a plan with a fiscal year end that does not coincide with the end of a calendar month to measure its investments and investment-related accounts using the month end closest to its fiscal year end. Part III is not applicable to this Plan. The guidance is effective for fiscal years beginning after December 15, 2015 and early adoption is permitted. The guidance on fully benefit-responsive investment contracts and plan investment disclosures must be applied retrospectively. The guidance on measurement date practical expedient must be applied prospectively. The Plan has elected to early adopt ASU 2015-12 Parts I and II and retrospectively adjusted all periods presented in the financial statements. The adoption of ASU 2015-12 had no impact on previously reported net assets available for benefits.

Basis of accounting - The financial statements of the Plan are prepared under the accrual method of accounting.

THE CLEVELAND CLINIC FOUNDATION CASH BALANCE PLAN

NOTES TO FINANCIAL STATEMENTS

(2) Summary of significant accounting policies (continued)

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Administrative expenses - Certain expenses of the Plan are paid by the System and are not included in the statements of changes in net assets available for benefits. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

A Revenue Credit Account is maintained at Fidelity which is funded quarterly based on revenue sharing on covered investments, as defined, in excess of a quarterly participant fee. The Revenue Credit Account may be used to reimburse the System for fees and expenses or to pay such vendors directly for services provided to the Plan. Amounts not used to pay expenses of the Plan may be allocated to Plan participants. During 2015 and 2014, the Plan earned revenue credits of \$151,967 and \$138,518, respectively, which is reported in the financial statements as other income.

Investment valuation and income recognition - Investments are reported at fair value (except for the fully benefit-responsive investment contracts which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment trustee and a custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of benefits - Benefits are recorded when paid.

(3) Information prepared and certified by the trustee and a custodian

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity and Lincoln, the trustee and a custodian of the Plan, respectively, have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate with respect to investments:

THE CLEVELAND CLINIC FOUNDATION CASH BALANCE PLAN

NOTES TO FINANCIAL STATEMENTS

(3) **Information prepared and certified by the trustee and a custodian (continued)**

- Investments at fair value
- Investments at contract value
- Net appreciation (depreciation) in fair value of investments
- Dividends and interest
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

(4) **Fair value measurements**

Authoritative guidance provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 - Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

(4) Fair value measurements (continued)

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value.

Investments at Fair Value at December 31, 2015				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 529,388,817	\$ -	\$ -	\$ 529,388,817

(5) Fully benefit-responsive investment contracts

The Plan has fully benefit-responsive guaranteed investment contracts (GICs) with MetLife, Lincoln and Prudential. The MetLife and Prudential contracts are held by Fidelity. Contributions are maintained in the general accounts of the contract issuers. Each account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuers are contractually obligated to repay the principal and a specified interest rate that is guaranteed for a specified period of time as outlined in the GICs. The crediting interest rate is based on a formula agreed upon with the issuers, but may not be less than 3.0%, 4.5%, and 3.0% for the MetLife, Lincoln, and Prudential investment contracts, respectively. Such interest rates are reviewed on a quarterly or annual basis for resetting using a portfolio rate approach where a single interest crediting rate is applied to all contributions made regardless of the timing of those contributions. The contracts are evergreen and do not have maturity dates.

THE CLEVELAND CLINIC FOUNDATION CASH BALANCE PLAN

NOTES TO FINANCIAL STATEMENTS

(5) **Fully benefit-responsive investment contracts (continued)**

The GICs meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Fidelity and Lincoln, represents contributions made under the contracts, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events could include the following: (1) amendment to the Plan document (including complete or partial termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. These events could cause contract value to be reduced subject to the application of market value adjustments, as defined in the contracts. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

There are no events that permit the issuer to terminate the contract which would require the Plan to transact at amounts different than contract value.

(6) **Related party transactions and party-in-interest transactions**

Fees for legal, accounting, trustee, and other services are paid by the System. Administrative fees charged by Fidelity and Lincoln, including penalties for withdrawals, are deducted from the individual accounts of applicable participants. Other party-in interest transactions include the purchase and sale of investments through Fidelity and Lincoln. Such transactions are exempt from being prohibited transactions. Fees incurred by the Plan for investment management services are included in net appreciation (depreciation) in fair value of the investments, as they are deducted from the NAV of the respective mutual fund, rather than a direct payment.

(7) **Plan termination**

Although it has not expressed any intent to do so, the System has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In addition, each participating affiliate reserves the right to terminate the Plan as applicable to itself. In the event of plan termination, participants would become 100% vested in the benefits accrued to the date of termination.

THE CLEVELAND CLINIC FOUNDATION CASH BALANCE PLAN

NOTES TO FINANCIAL STATEMENTS

(8) Tax status

The Internal Revenue Service has determined and informed the System by a letter dated July 16, 2012, that the Plan and the related trust are designed in accordance with the applicable sections of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2012.

(9) Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(10) Subsequent events

The Plan has evaluated events that have occurred subsequent to the year ended December 31, 2015 through September 21, 2016, which is the date the financial statements were available to be issued. No significant matters were identified for disclosure during this evaluation.
