We were engaged to audit the accompanying financial statements of the Raleigh Division of ATC/VANCOM Management Services Limited Partnership ATU Local Union 1328 Retirement Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statements of changes in net assets available for benefits for the years then ended, the statements of accumulated plan benefits as of January 1, 2016 and 2015, and the related statements of changes in accumulated plan benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in note 5, which was certified by Standard Insurance Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2015 and 2014, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedules of assets (held at end of year), of reportable transactions, and of delinquent participant contributions are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Emphasis of Matter

As discussed in note 3 to the financial statements, in 2015 the Plan adopted new accounting guidance related to plan investment disclosures. Our opinion is not modified with respect to this matter.

ATU LOCAL UNION 1328 RETIREMENT PLAN

Notes to Financial Statements

December 31, 2015 and 2014

(1) Basis of Presentation and Significant Accounting Policies

Description of the Plan - The following description of the Raleigh Division of ATC/VANCOM Management Services Limited Partnership ATU Local Union 1328 Retirement Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Plan is a tax-qualified plan established pursuant to Section 401(a) of the Internal Revenue Code of 1986 and is sponsored by the Raleigh Division of ATC/VANCOM Management Services Limited Partnership (the "Partnership"). The Plan began December 1, 1972 and is a defined benefit pension plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Employees of the Partnership, classified as bus operators and maintenance employees must complete a 120 working day probationary period before joining the Plan.

Basis of Presentation - The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator and plan actuary to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Significant Accounting Policies - The significant accounting policies of the Plan are summarized below:

(a) Fair Value Measurements

For determining fair value measurements, fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants. Management follows an established framework for measuring fair value. That framework provides a fair value hierarchy, which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The three levels of inputs that may be used to measure fair value are described below:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3: one or more significant inputs or significant value drivers are unobservable or based on market assumptions.

(1) Basis of Presentation and Significant Accounting Policies, Continued

(b) Investments

Investments are stated at fair value as provided by the Plan's trustee (see note 5). Investments in mutual funds under the group annuity separate account with Standard Insurance Company ("Standard") are composed of assets that are either priced by a pricing service or directly by the relevant mutual fund company trading partner, with the group annuity separate account then subject to unit value determination by Standard (Level 2 and 3). Securities transactions are recognized on the trade date. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

(c) Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to retired or terminated employees or their beneficiaries, beneficiaries of employees who have died, and present employees or their beneficiaries.

The actuarial present value of accumulated plan benefits is determined by an actuary and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money and the probability of payment between the valuation date and the expected date of payment.

The significant actuarial assumptions used in the valuations as of January 1, 2016 and 2015 were (a) market value method, (b) life expectancy of participants (RP 2000 Mortality Table, updated annually per IRS regulations), (c) retirement age assumptions (at age 62 with 10 years of vesting service or age 65 or age on actuarial valuation date, if greater), (d) discount rate (6.5%), (e) funding target interest rates based on a 24-month average of the current yields on high quality corporate bonds, ranging from 4.43% to 6.65% for 2015 and 4.99% to 6.99% for 2014, and (f) employee contributions of 6.0% of pay. The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

(d) Benefits

Benefit payments to participants are recorded as an expense when paid.

(e) Administrative and Investment Costs

Administrative expenses, such as insurance premiums and audit costs, are paid by the Plan. Investment expenses are included in net investment return.

(2) Contributions

The cost of the Plan is shared by the Partnership and the participants. The contribution rates for the Partnership and the participants are defined in the Labor Agreement by and between Raleigh Division of ATC/VANCOM Management Services Limited Partnership and Amalgamated Transit Union Local Union 1328 and satisfy the minimum funding requirements of ERISA. Effective January 1, 2014 through December 31, 2015, the Partnership contributed 6.0% of each participant's gross wages to the Plan, and each participant contributed 6.0% of his/her gross wages to the Plan.

(3) Change in Accounting Principles

In May 2015, the FASB issued ASU 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*, which exempts investments measured using the net asset value (NAV) practical expedient in ASC 820, *Fair Value Measurement*, from categorization within the fair value hierarchy. Management has elected to early adopt the provisions of this new standard, which requires retrospective application. Accordingly, the amendment was retrospectively applied resulting in removal of the Plan's investment in the Stable Asset Fund II from the fair value hierarchy for all periods presented.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides for a measurement-date practical expedient. Parts I and II should be applied retrospectively, with early application permitted. Part III should be applied prospectively, with early application permitted. Management has elected to adopt Part II early. Accordingly, this amendment was retrospectively applied resulting in the removal of certain previously required disclosures. Parts I and III are not applicable to this Plan.

(4) Vesting and Benefits

Participants are immediately vested in 100% of employee contributions and earnings thereon. Participants' benefits with regard to Partnership contributions and earnings thereon are not vested at all until the participant has completed five years of service, at which time the participant becomes 100% vested.

Upon separation from service with the Partnership because of termination after five years of service, the participant is eligible to receive 100% of the monthly retirement benefit, with payments beginning on the participant's normal retirement date. A participant's monthly benefit is defined in the Plan agreement.

(4) Vesting and Benefits, Continued

A participant who terminates employment due to total and permanent disability will be paid his accrued benefit beginning on the month after termination due to total and permanent disability. If a participant dies prior to retiring, the participant's spouse will receive a survivor benefit equal to one-half the benefit that the participant otherwise would have received upon leaving employment on his earliest retirement date.

(5) Investments

The Plan's investments and cash and cash equivalents are held in a trust and are managed by the trustee, Standard Insurance Company. All information in the financial statements, related notes, and supplemental schedules relating to investments and investment transactions was obtained from data that has been prepared and certified as complete and accurate by the trustee.

The following table presents the fair values of investments:

	<u>2015</u>	<u>2014</u>
Group annuity separate account:		
Standard Insurance Company Stable Asset Fund II	\$ 4,643,059	4,374,887
Standard Insurance Company Separate Account A	<u>5,343,078</u>	<u>5,341,048</u>
	<u>\$ 9,986,137</u>	<u>9,715,935</u>

Standard's Stable Asset Fund II is an interest-bearing account with the goal of conservation of principal. Standard invests these deposits as part of its general assets, investing in high-quality bonds and insurance contracts, and return is determined by the declared interest rate, not by the investment performance of Standard's general assets. Standard determines contract value, and has represented that contract value approximates fair value. Certain events may limit the ability of the Plan to transact at contract value with Standard. Standard may terminate the contract with 30 days advance written notice for reasonable cause. Upon these events or upon such termination, a market value adjustment may apply. The effective rate of return for 2015 and 2014 was 1.30% and 1.40%, respectively.

Standard's Separate Account A is composed of assets invested in various mutual funds with various investment strategies. The investment strategies of the underlying mutual funds, along with the relative percentage of Separate Account A as of December 31, 2015, are as follows:

Dodge & Cox Income (37%) seeks a high and stable rate of current income, consistent with long-term preservation of capital, and normally invests in a diversified portfolio of high-quality bonds and other debt securities.

Vanguard Wellington Admiral (22%) seeks to provide long-term capital appreciation and moderate current income, and invests 60-70% of its assets in common stocks of established large companies, and 30-40% of its assets mainly in fixed income securities.

(5) Investments, Continued

Mainstay Map I (21%) seeks long-term appreciation of capital, investing at least 65% of its assets in equity-type securities across all market capitalizations. It primarily invests in domestic securities, but may invest up to 35% of its net assets in foreign securities.

Vanguard Mid Cap Index Admiral (12%) seeks to track the performance of a benchmark index that measures the investment return of mid-capitalization stocks.

Dodge & Cox International Stock (8%) seeks long-term growth of principal and income, and invests primarily in a diversified portfolio of equity securities issued by non-U.S. companies from at least three different foreign countries, including emerging market countries.

During 2015 and 2014, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) (depreciated) appreciated in fair value by \$(144,172) and \$335,296, respectively.

The Plan also recognized interest income of \$60,138 and \$59,224 during 2015 and 2014, respectively.

(6) Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits as follows:

(7) Federal Income Taxes

The Plan obtained its latest determination letter on December 13, 2012, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

(8) Related Party Transactions

The Plan has investments in the group annuity separate account of its trustee. These funds paid fees to the trustee for investment advisory and trustee services totaling \$14,356 in 2015 and \$12,844 in 2014.

As of December 31, 2015 and 2014, the Plan had a contribution receivable from the Partnership of \$37,536 and \$37,104, respectively. Both amounts were paid to the Plan in January of the following year.

(9) Plan Termination

Although the Partnership expects the Plan to be continued indefinitely, it reserves the right to terminate the Plan at any time, subject to the provisions of ERISA. In the event of termination, all employer contributions will cease, no additional employees will enter the Plan, and each participant will be fully vested and nonforfeitable in his accrued benefit to the extent funded after reduction for expenses of administration and liquidation of the Plan. Additionally, certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation ("PBGC"), an agency of the United States government. Generally, the PBGC guarantees vested benefits at the level in effect on the date of termination of the Plan. Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the Plan sponsor and the level of benefits guaranteed by the PBGC.

(10) Reconciliation to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

	<u>2015</u>	<u>2014</u>

Individual differences within captions on Form 5500 and the accompanying financial statements exist, however, the classifications have no impact on total net assets available for benefits or the change in net assets available for benefits except as shown above.

(11) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

(12) Subsequent Events

The date to which events occurring after December 31, 2015, the date of the most recent statement of net assets available for benefits, have been evaluated for possible adjustment to the financial statements or disclosure is September 28, 2016, the date the financial statements were available to be issued.
