Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified or provided by Vanguard Fiduciary Trust Company, the trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustee holds the Plan's assets and executes transactions. The Plan administrator has obtained certifications from the trustee as of December 31, 2015 and 2014, and for the year ended December 31, 2015, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter

As discussed in Notes 3 and 4 to the financial statements, the entity adopted new accounting guidance related to presentation of fair value of certain investments and disclosures of investments, certain investments are now shown at contract value rather than fair value on the statements of net assets available for benefits. Prior year disclosures have also been revised to reflect the retrospective application of adopting these changes in accounting. Our disclaimer of opinion is not modified with respect to these matters.

Other Matter

The supplemental schedules, schedule of delinquent participant contributions and schedule of assets (held at end of year) as of December 31, 2015, are required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purposes of additional analysis but are not a required part of the financial statements. The supplemental schedules are the responsibility of the Plan's management. Notes to Financial Statements
December 31, 2015 and 2014
(Dollars in Thousands)

Note 1 - Plan Description

The following description of Northwest Hardwoods, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement, as amended, for a more complete description of the Plan's provisions.

General and eligibility: The Plan is a 401(k) salary deferral and profit sharing plan established August 1, 2011. The Plan covers substantially all employees, other than leased employees and independent contractors, of Northwest Hardwoods, Inc. and its subsidiaries immediately upon their hire and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. For Plan participants whose company was acquired by Northwest Hardwoods, Inc., the participants have the option to enroll in the Plan as of the first month following the purchase of the subsidiary company. These participants are entitled to determine their vesting in employer match and profit sharing contributions based on each participant's date of hire with the acquired company. Northwest Hardwoods, Inc. is the Plan's sponsor and management of Northwest Hardwoods, Inc. serves as the Plan's administrator.

Contributions: Participants may contribute 100 percent of eligible pretax compensation, up to the maximum dollar amount prescribed in the Internal Revenue Code (IRC) per year. The Plan also allows participants to make contributions to a Roth 401(k). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit contribution plans (rollovers). The Plan sponsor may make discretionary matching contributions and/or discretionary profit sharing contributions to the Plan. Participants must complete at least 1,000 hours of service in the Plan year and be employed on the last day of the Plan year to qualify for a pro rata portion of any discretionary profit sharing contribution. No discretionary profit sharing contributions were made by the Plan sponsor for the 2015 or 2014 Plan years.

In 2014, the Plan sponsor made discretionary matching contributions of 60 percent for the first seven percent of bi-weekly compensation that salaried and non-union employees contribute to the Plan, and 50 percent for the first six percent of the bi-weekly compensation that union employees contribute to the Plan, per the collective bargaining agreement. Effective August 1, 2014, 50 percent of the first seven percent of the bi-weekly compensation that union employees contribute to the Plan were matched. Compensation is defined under the Plan as all earnings reported on Form W-2.

Effective January 1, 2015, the Plan sponsor implemented a Safe Harbor 401k plan with 100 percent sponsor match for the first three percent of employee deferrals and an additional 50 percent match on the next two percent of employee deferrals per bi-weekly compensation; all sponsor matches are fully vested as of January 1, 2015.

Participant Accounts: Each participant's account is credited with the participant's contributions, allocations of the Plan sponsor's contributions and investment earnings, and charged with the participant's benefits paid and an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. Participants may direct the investment of their account balances into various investment options offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested portion of his or her account.

Vesting: Participants are fully vested in their contributions plus actual earnings at all times. Vesting in contributions received from the Plan sponsor prior to implementation of the Safe Harbor Plan, plus earnings thereon, is graded based on years of continuous service. A participant vests 20 percent per year in his or her share of Plan sponsor contributions plus earnings thereon beginning after two years of service and is fully vested after six years of service.

Participant Loans: Participant loans from the Plan are not permitted.

Note 1 - Plan Description *(concluded)*

Payment of Benefits: Upon termination of service due to death, disability or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested account balance. Participants no longer employed by the Plan sponsor may elect to receive a lump-sum distribution of their vested account balances at any time, subject to certain rules and regulations prescribed in the IRC.

Hardship Withdrawals: Under certain conditions a participant, while still employed, is permitted to make hardship withdrawals from the employee contribution portion of his or her account balance. These conditions include payments of postsecondary education tuition, education-related expenses; medical expenses for participant, spouse or dependents; funeral or burial expenses for parents, spouse or dependents; payments to repair damage to a participant's primary home that would be tax deductible; or to purchase or prevent eviction from the participant's principal residence. A participant's right to contribute to the Plan is suspended for six months after the receipt of a hardship withdrawal.

Forfeited Accounts: At December 31, 2015 and 2014, forfeited non-vested accounts totaled \$24 and \$76, respectively. These accounts will be used to reduce future employer contributions. In 2014, employer contributions were not reduced by forfeited non-vested accounts. During 2015, \$76 was used to reduce employer matching contributions.

Administrative Expenses: Certain expenses of maintaining the Plan are paid directly by the company and are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments. Fees included in administrative expenses include annual record keeping fees which are charged to each plan participant as well as fees incurred by Plan participants who are enrolled in the trustee's Managed Account Program.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting: The Plan's financial statement have been prepared in accordance with accounting principles generally accepted in the United States of America using the accrual method of accounting.

Risks and Uncertainties: The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility and credit risks. It is reasonably possible, given the level of risk associated with investment securities, which changes in the near term, could materially affect a participant's account balance and the amounts reported in the statement of net assets available for benefits.

Use of Estimates: Preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation: Investments are stated at fair value (except for fully benefit responsive investment contracts, which are reported at contract value), as certified by the Plan's custodian and trustee, Vanguard Fiduciary Trust Company. Fair value is the price that would be received to sell an asset or paid to transfer a liability (i.e. the exit price) in an orderly transaction between market participants at the measurement date (see Note 4 for discussion of fair value measurements).

(continued)

Note 2 - Summary of Significant Accounting Policies *(concluded)*

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit responsive contracts. However, contract value is the relevant measurement attribute for that portion of net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on the trade-date basis. Dividends are recorded on the ex-dividend date. Interest is recorded on the accrual basis. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Contributions: Contributions from Plan participants and the matching contribution from the Plan sponsor are recorded in the year which the participant contributions are withheld from amounts paid. Profit-sharing contributions are recognized upon authorization as the underlying compensation is recognized. All participant and employer contributions are participant-directed.

Excess Contributions Payable: Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. There were no excess contributions required to be distributed at the end of the 2015 plan year. The Plan distributed the 2014 excess contributions to the applicable participants on September 11, 2015.

Payment of Benefits: Benefits are recorded when paid.

Plan Termination: Although it has not expressed any intent to do so, the Plan sponsor has the right to terminate the Plan and discontinue its contributions at any time subject to the provisions of ERISA. If the Plan is terminated, Plan sponsor contributions and earnings thereon become fully vested to the participants.

Tax Status: The Plan adopted a non-standardized prototype plan sponsored by Vanguard Fiduciary Trust Company effective August 1, 2011. The Plan has since been amended and restated using the same non-standardized prototype plan. The prototype plan received an opinion letter dated May 28, 2014, from the Internal Revenue Service (IRS). The IRS stated the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The prototype plan opinion letter has been relied upon by the Plan. The Plan has been amended since receiving the opinion letter; however, the Plan administrator believes the Plan is currently designed and operating in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require recognition or disclosure in the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state or local tax authorities for years preceding 2012.

Reclassifications: Amounts previously presented have been reclassified to conform to the current year presentation.

Note 3 - Recently Issued Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. The amendments in this update remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. However, sufficient information must be provided to permit reconciliation of the fair value of assets categorized within the fair value hierarchy to the amounts presented on the statements of net assets available for benefits. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. The amendments in this update were effective for public business entities for fiscal years beginning after December 15, 2015. For all other entities, the amendments in this update are effective for fiscal years beginning after December 15, 2016. Early adoption is permitted. Upon adoption, the amendments shall be applied retrospectively to all periods presented. The Plan adopted the update for the 2015 plan year and the update was retroactively applied to December 31, 2014. Prior year disclosures in Note 4 have been revised to reflect the retrospective application. The impact of adopting this update is reflected in the financial statements.

In June 2015, the FASB issued ASU 2015-10, *Technical Corrections and Improvements*, to correct differences between original guidance and the Accounting Standards Codification, clarify the guidance, correct references and make minor improvements affecting a variety of topics. The amendments in this update will generally be effective for fiscal periods beginning after December 15, 2015, except for amendments in this update where there was no transition guidance which were immediately effective upon issuance. The adoption of immediately effective amendments was not significant to these financial statements. The impact of adopting this update is reflected in the financial statements.

ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965) - (I) Fully Benefit-Responsive Investment Contracts, (II) Plan Investment Disclosures, and (III) Measurement Date Practical Expedient (a consensus of the FASB Emerging Issues Task Force)*. The purpose of this update is to simplify plan accounting. The amendments in Part I of this update designate contract value as the only required measure for direct investments in fully benefit-responsive investment contracts. Fully benefit-responsive investment contracts are to be presented at contract value; accordingly, there will no longer be an adjustment from fair value to contract value on the face of the financial statements. The amendments in Part II of this update eliminate the requirements for plans to disclose (1) individual investments that represent 5 percent or more of net assets available for benefits and (2) the net appreciation or depreciation for investments by general type for both participant-directed investments and nonparticipant-directed investments. The net appreciation or depreciation in investments for the period are still required to be presented in the aggregate. The amendments in Part II of this update also require that investments (both participant directed and nonparticipant-directed investments) of employee benefit plans be grouped only by general type, eliminating the need to disaggregate the investments in multiple ways. In addition, if an investment is measured using the net asset value per share (or its equivalent) practical expedient in Topic 820 and that investment is in a fund that files a U.S. Department of Labor Form 5500, *Annual Return/Report of Employee Benefit Plan*, as a direct filing entity, disclosure of that investment's strategy is no longer required. The amendments in Part III of this update reduce complexity in employee benefit plan accounting by providing a practical expedient that permits plans to measure investments and investment related accounts as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with month-end.

(continued)

Note 3 - Recently Issued Accounting Pronouncements *(concluded)*

The update may be adopted in whole or by part (I, II and III), as applicable. The amendments in this update are effective for fiscal years beginning after December 15, 2015. Early adoption is permitted. Upon adoption, the amendments in Parts I and II shall be applied retrospectively to all periods presented; the amendments in Part III shall be applied prospectively. The Plan adopted amendments in Part I and Part II of this update for the 2015 plan year, Part III is not applicable to the Plan, and the amendments in Part I and II were retrospectively applied to December 31, 2014. Prior year disclosures in Note 4 have been revised to reflect the retrospective application. The impact of adopting this update is reflected in the financial statements.

Note 4 - Fair Value of Investments

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted, quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Basis of Fair Value Measurement

Level 1 – Inputs to the valuation methodology are unadjusted, quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for the assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2015 and 2014.

Registered Investment Companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

(continued)

Note 4 - Fair Value of Investments *(continued)*

Common Collective Trust: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The Plan's assets at fair value as of December 31, 2015 and 2014 are as follows:

Investment Assets at Fair Value as of December 31, 2015				
	Level 1	Level 2	Level 3	Total
Registered investment companies	<u>\$ 29,713</u>	<u>\$ —</u>	<u>\$ —</u>	<u>\$ 29,713</u>
Investments measured at NAV (a)				<u>2,387</u>
				<u>\$ 32,100</u>
Investment Assets at Fair Value as of December 31, 2014 (As Revised)				
	Level 1	Level 2	Level 3	Total
Registered investment companies	<u>\$ 27,235</u>	<u>\$ —</u>	<u>\$ —</u>	<u>\$ 27,235</u>
Investments measured at NAV (a)				<u>2,275</u>
				<u>\$ 29,510</u>

Gains and losses (realized and unrealized) included in changes in net assets for the period above are reported in net appreciation in fair value of investments on the statement of changes in net assets available for benefits.

- (a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in the table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Note 6 - Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Vanguard Fiduciary Trust Company. Vanguard Fiduciary Trust Company is the trustee and investment custodian of the Plan, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services, annual recordkeeping services, and hardship determination services were \$78 for the year ended December 31, 2015. The Plan sponsor pays directly any other fees related to the plan's operations.

Note 7 - Subsequent Events

Subsequent events have been evaluated through October 5, 2016, the date the financial statements were issued.

Effective January 1, 2016, the Plan restated the Plan document to conform to updated tax law. There were no changes to the basic structure of the Plan.

Effective January 1, 2016, the Plan was amended to include employees of Industrial Timber and Lumber Company, taking into account their years of vesting for service provided prior to January 1, 2016, and then credited for service beginning on that date.
