NOTES TO FINANCIAL STATEMENTS
December 31, 2015 and 2014

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Pittman Enterprises 401(k) Plan (the "Plan") f/k/a Cardinal Dodge Inc. 401(k) Retirement Savings Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees of Chatham Motor Sales, Inc. and Lebanon Ford, Inc. (affiliated employers related through common ownership and collectively referred to as the Company or Employer) who have twelve months of service and have reached age 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Contributions: Participants may contribute on a pre-tax basis 100% of the participant's compensation subject to certain limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Effective January 1, 2015, the employer makes a safe harbor match of 100% of the employee deferral up to 4% of compensation. The Company may make an additional discretionary match which would only apply to elective deferrals up to 6% of compensation. The Company may also make a discretionary contribution at the end of the year at the discretion of the Company's Board of Directors. There were no discretionary contributions in 2015.

Investment Options: Each participant directs the investment of his or her account to any of the investment options available under the Plan.

Retirement, Death and Disability: A participant is entitled to 100% of his or her account balance upon retirement, death or disability.

Payment of Benefits: On termination of service, a participant may elect to receive either a lump sum amount or periodic installments equal to the value of their vested account.

Vesting: Participants are immediately vested in their contributions, and safe harbor contributions plus actual earnings thereon. Vesting in the remainder of their accounts, plus earnings thereon, is based on years of continuous service at the rate of 20% per year starting in year 2.

Participant Accounts: Each participant's account is credited with the participant's contributions and an allocation of (a) the Company's contributions, (b) Plan earnings, and is charged with his or her withdrawals and an allocation of administration expenses. Allocations are based on participant contributions or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participants' vested account.

Forfeitures: An amount of Company contributions given up by a participant is called a forfeiture. Forfeitures stay under the Plan and are used to pay plan expenses, reduce the employer contributions or be reallocated among participants. During 2015, \$1,206 of forfeitures were used to pay expenses.

Administrative and Investment Management Expenses: The Plan's record keeping and contract administrator fees are paid by the Plan and are reflected in the financial statements as administrative expenses of the Plan. Investment management fees are charged to the Plan as a reduction of investment return and included in the investment income (loss) reported by the Plan. All other expenses of the Plan are paid by the Company.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Plan Termination: Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions and earnings thereon.

Notes Receivable from Participants: Participants may borrow from their account amounts up to a maximum of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates that are commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid through payroll deductions.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Adoption of New Accounting Standards: In May and July 2015 the Financial Accounting Standards Board (FASB) amended various disclosure requirements applicable to investments held by defined contribution pension plans. The new guidance eliminates or simplifies various disclosure requirements applicable to plan investments. Adoption of the new guidance resulted in removal of investments for which fair value is measured at net asset value (or its equivalent) from the fair value hierarchy, the reporting of investments within the fair value hierarchy by general type rather than by classes of investments, and other changes in investment disclosure requirements. The Plan elected to early adopt these standards, each of which requires retrospective application to all periods presented. The adoption of these standards had no effect on the Plan's net assets available for benefits or changes therein.

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

Risk and Uncertainties: The Plan holds various investments. Investments are exposed to various risks such as interest rate, market, liquidity, and credit risks. Due to the level of risk associated with certain investments and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statement of net assets available for benefit.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances.

Payment of Benefits: Benefits are recorded when paid.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following presents the valuation methods and assumptions used by the Plan to estimate the fair values of investments.

Pooled separate accounts: The fair values of participation units held in the pooled separate accounts are based on their net asset values as reported by the fund managers as of the financial statement dates and recent transaction prices. Each pooled separate account provides for daily redemptions by the Plan with no advance notice requirements, and has redemption prices that are determined by the fund's net asset value per unit.

Traditional Guaranteed Investment Contract: The Plan holds a traditional guaranteed investment contract that is not fully benefit-responsive due to certain withdrawal restriction provisions of the contract and, accordingly, it is measured at fair value. Fair value is estimated on an annual basis for financial statement reporting purposes only, as participant transactions are typically executed at contract value. The fair value of the contracts have been estimated to approximate contract value, based on the contracts' withdrawal and termination provisions, since the contracts, by their terms, are not transferable (level 3 inputs). In addition, management has determined that no adjustment from contract values is required for credit quality considerations.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 3 - UNAUDITED INFORMATION – CERTIFIED INVESTMENTS

Substantially all information pertaining to the Plan's investments included in the financial statements, including the associated investment income (loss) was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Sentry Life Insurance Company. This information has not been audited by independent accountants.

NOTE 4 - TAX STATUS

The Internal Revenue Service issued an opinion letter dated March 31, 2014 indicating that the prototype adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code. Although the Plan has been amended from the original prototype document, Plan management believes that the Plan is currently being operated in accordance with the Internal Revenue Code.

NOTE 5 - PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer and certain others. The Plan holds units of pooled separate accounts managed by Sentry Life Insurance Company (Sentry) and an unallocated investment contract with Sentry. Sentry Life Insurance Company holds the assets; therefore, these transactions and the Plan's payment of contract administrator fees, record keeper fees and investment management fees to Sentry qualify as party-in-interest transactions. Notes receivable from participants also reflect party-in-interest transactions. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company.

NOTE 6 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

NOTE 6 – PLAN AMENDMENTS

Effective January 1, 2015, the Plan was amended and restated to change the Plan name to Pittman Enterprises 401(k) Plan, to allow Roth deferrals and the Plan became a safe harbor Plan and the safe harbor matching contribution will be 100% of each participant's deferral up to 4% of the participant's compensation.

NOTE 7 – SUBSEQUENT EVENT

Effective February 12, 2016, Lebanon Ford, Inc. is no longer a participating employer in this Plan, due to a change in ownership. The net assets available for benefit of all participants employed by Lebanon Ford, Inc. were merged into the Pittman & Cryder Enterprises Retirement Savings Plan (Successor Plan). Plan assets totaling \$1,861,904 were transferred to the Successor Plan in January and February of 2016, pursuant to the Plan merger.
