NIDEC AMERICA CORPORATION EMPLOYEE SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Nidec America Corporation Employee Savings Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established to provide retirement benefits for employees of Nidec America Corporation (NCA) and Nidec Motor & Actuators (USA), Inc. (NMA) (collectively, the Companies) who have at least 60 days of service and have reached the age of 18. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Restatement

The Plan was completely amended and restated effective January 1, 2015. All basic plan provisions remained substantially unchanged under the new plan document.

Contributions

Participants may contribute between 1% and 100% of compensation, as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans (rollovers). The Companies' safe harbor matching contribution is equal to 100% of each participant's pre-tax contributions up to 5% of compensation. In addition, the Companies may make additional profit-sharing contributions for employees of NMA at the discretion of the Board of Directors. For the year ended December 31, 2015, this amount was equal to 5% of eligible compensation. At the discretion of the Board of Directors, the sponsor may also make additional matching contributions to employees of NCA. There was no discretionary matching contribution for NCA employees for the year ended December 31, 2015. All contributions are subject to certain limitations imposed by the Plan and the Internal Revenue Code (the Code).

Participant Accounts

Each participant's account is credited with the participant's contributions and Company contributions, and allocations of plan earnings. Participant accounts are charged with an allocation of administrative expenses paid by the Plan. Allocations of profit-sharing contributions, investment income and administrative expenses are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested accounts.

Investment Options

Participants may direct their contributions into any of the funds offered by the Plan, which are held at Wells Fargo Bank, N.A. (Wells Fargo). These funds include a variety of investment options with various objectives and degrees of financial risk.

NIDEC AMERICA CORPORATION EMPLOYEE SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Vesting

Participants are immediately vested in their deferral, rollover and Company matching contributions, including the earnings on these amounts. Vesting in employer profit-sharing contributions is based on years of continuous service. Participants are fully vested in employer profit-sharing contributions upon the completion of three years of service. Participants are also fully vested upon reaching their normal retirement date, death or total disability.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000, reduced by the excess, if any, of the highest outstanding loan balance of loans from the Plan during the one-year period prior to the date of the loan over the current outstanding loan balance, or one-half of the participant's vested account balance. Loan terms range from one to five years, except for loans to purchase a primary residence, which may be offered over a term of up to thirty years. The loans are secured by the balance in the participants' accounts and bear interest at a rate commensurate with local prevailing rates, as determined by the plan administrator. The notes currently bear interest at 4.25% to 9.25%. Participants are limited to five outstanding loans at any time. Generally, principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon retirement, disability, death or termination of employment, the participant shall become entitled to the total value of his or her vested account. Distributions will be paid in a lump sum or in installments over a number of years, based upon election of the participant or as defined in the Plan or the Code. If the participant's account balance exceeds \$5,000, the participant may elect to receive the account balance upon termination or defer distribution until such participant reaches normal retirement age. If the participant's account balance is \$5,000 or lower and the participant fails to take distribution of the balance, the vested balance will be transferred to an IRA account in the participant's name.

The Plan also provides for in-service withdrawals by participants who have attained the age of 59½. Upon financial hardship, a participant is entitled to the value of his or her deferral accounts, but not the earnings thereon, which is payable immediately in a lump-sum distribution.

Forfeitures

Forfeitures of profit-sharing contributions are used to reduce the Companies' future contributions or to pay plan expenses. Forfeited nonvested profit sharing accounts totaled \$17,847 and \$5,531 at December 31, 2015 and 2014, respectively. Company contributions were reduced by \$6,759 from forfeited nonvested discretionary profit-sharing accounts for the year ended December 31, 2015.

NIDEC AMERICA CORPORATION EMPLOYEE SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Change in Accounting Principle

In July 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962) and Health and Welfare Benefit Plans (Topic 965), I. Fully Benefit-Responsive Investment Contracts, II. Plan Investment Disclosures and III. Measurement Date Practical Expedient*, which simplifies the reporting for employee benefit plans by removing various disclosure requirements applicable to plan investments. The new guidance also requires that fully benefit-responsive investment contracts (FBRICs) be measured at contract value and clarifies that common collective trusts are not FBRICs and should be measured at fair value. The amendments are effective for plan years beginning after December 15, 2015 and early application is permitted. These changes are to be applied retrospectively. Plan management has early adopted ASU 2015-12 for the year ended December 31, 2015 and has restated certain investment disclosures as of December 31, 2014. The adoption of the amendments had no effect on the net assets available for benefits as previously reported at December 31, 2014; however, investments, at fair value, was increased by \$9,050 in the statement of net assets available for benefits as previously reported at December 31, 2014. In addition, the adjustment from fair value to contract value in the amount of \$(9,050) has been eliminated as of December 31, 2014.

In May 2015, the FASB issued ASU 2015-07, *Fair Value Measurements (Topic 820), Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*, which removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. The amendments are effective for plan years beginning after December 15, 2016 and early application is permitted. These changes are to be applied retrospectively. Plan management has early adopted ASU 2015-07 for the year ended December 31, 2015.

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution retirement plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for a discussion of fair value measurements.

NIDEC AMERICA CORPORATION EMPLOYEE SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Purchases and sales of securities are recorded on the trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded on the accrual basis. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits to participants are recorded when paid.

Plan Expenses

Certain expenses of maintaining the Plan are paid directly by the Companies. Fees related to the administration of notes receivable from participants and distributions are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments.

Risks and Uncertainties

The Plan provides for various investment options. These investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain securities, it is at least reasonably possible that changes in the values of investments will occur in the near term and those changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent Events

Subsequent events have been evaluated through September 26, 2016, the date the financial statements were available to be issued.

NOTE 3 - CERTIFICATION BY THE INVESTMENT TRUSTEE

Information presented in the accompanying statements and schedule as of December 31, 2015 and 2014, and for the year ended December 31, 2015 for investments, notes receivable from participants, investment income and interest income on notes receivable from participants was derived, without audit, from information certified to be complete and accurate by Wyster Global Retirement Solutions, a division of Wells Fargo Bank, N.A., the trustee, as permitted by the election made by the plan administrator under 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NIDEC AMERICA CORPORATION EMPLOYEE SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 4 - FAIR VALUE MEASUREMENTS

Accounting principles generally accepted in the United States of America establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2

Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Assets valued using the net asset value practical expedient are not required to be reported within the hierarchy.

The following is a description of the valuation methodologies used for assets measured at fair value:

Money Market and Mutual Funds

Money market and mutual funds are valued at the quoted price of shares held by the Plan at year end.

Collective Trusts

The collective trust is composed primarily of fully benefit-responsive investment contracts and is valued at the net asset value of the units held of the collective trust. The net asset value is used as a practical expedient to estimate fair value.

There have been no changes in the methodologies used at December 31, 2015 and 2014.

NIDEC AMERICA CORPORATION EMPLOYEE SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

2015					
	Level 1	Level 2	Level 3	Investments Measured at Net Asset Value (a)	Total
Money market and mutual funds	\$ 15,689,461	\$ -	\$ -	\$ -	\$ 15,689,461
Investments at Fair Value	<u>\$ 15,689,461</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 15,689,461</u>
2014					
	Level 1	Level 2	Level 3	Investments Measured at Net Asset Value (a)	Total
Money market and mutual funds	\$ 15,539,554	\$ -	\$ -	\$ -	\$ 15,539,554
Collective trust	<u>-</u>	<u>-</u>	<u>-</u>	<u>908,168</u>	<u>908,168</u>
Investments at Fair Value	<u>\$ 15,539,554</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 908,168</u>	<u>\$ 16,447,722</u>

- (a) Certain investments that are measured using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

There were no transfers between levels of investments during the years ended December 31, 2015 and 2014.

Investments in collective trusts provide for daily liquidity and have no redemption features or restrictions.

NIDEC AMERICA CORPORATION EMPLOYEE SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 5 - GUARANTEED INVESTMENT CONTRACT

On February 1, 2015, the Plan entered into a benefit-responsive guaranteed investment contract with Standard Insurance Company (Standard). Standard maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Standard is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statements of net assets available for benefits at contract value. Contract value, as reported to the Plan by Standard, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise.

The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 1%. Such interest rates are reviewed on a quarterly basis for resetting. The crediting rate on the guaranteed investment contract ranged from 1.65% to 1.75% during the period of February 1, 2015 through December 31, 2015.

Certain events limit the ability of the Plan to transact at contract value with Standard. Such events include the following: 1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), 2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, 3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or 4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

Investment and administrative expenses paid by the Plan to Wells Fargo or its affiliates totaled \$2,450 for the year ended December 31, 2015. Wells Fargo is a trustee as defined by the Plan, and, therefore, these transactions qualify as party-in-interest transactions. Certain employees of the Companies who participate in the Plan perform administrative services to the Plan at no cost to the Plan. Notes receivable from participants are also party-in-interest transactions.

NOTES TO FINANCIAL STATEMENTS

NOTE 7 - INCOME TAX STATUS

The Plan has adopted a nonstandardized prototype plan that received a favorable opinion letter from the Internal Revenue Service (IRS) that it was in compliance with the applicable requirements of the Code. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, the plan administrator believes the Plan was qualified and the related trust was tax exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 - PLAN TERMINATION

Although they have not expressed any intent to do so, the Companies have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become fully vested in their accounts.

NOTE 9 - PROHIBITED TRANSACTIONS

During 2015, the Company did not remit certain participant contributions to the Plan on a timely basis as provided for in DOL regulations. Participant contributions that are not deposited within the specified time frame represent a prohibited use of Plan assets by the Company according to the provisions of ERISA and the Code. During 2016, the Company deposited funds into the Plan totaling \$6 that represented the lost earnings attributable to the late deposits. These funds were allocated to the participants whose contributions were not deposited in a timely manner.
