(1) Description of the Plan

The following description of LGI Services, LLC (LGI) 403(b) Plan (the Plan) is provided for general information purposes only. Participants should refer to the plan document for a more complete description of the Plan's provisions.

(a) General

The Plan is a contributory defined contribution plan covering all eligible employees of LGI Services, LLC. LGI Services is the paymaster for Lighthouse Guild International, Inc. and affiliates. An employee becomes eligible to participate in the Plan upon employment and reaching age 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective January 1, 2014, the Plan was amended as follows:

- To change the name of the Plan from The Jewish Guild for the Blind 403(b) Plan to LGI Services, LLC 403(b) Plan.
- To change the primary employer from The Jewish Guild for the Blind to LGI Services, LLC.
- To add Lighthouse International as an adopting employer (employer who has adopted the plan and who is not the primary employer)

(b) Contributions

LGI makes matching, discretionary and additional contributions for all eligible non-bargaining and bargaining unit employees. The amounts of the contributions are as follows:

Non-Bargaining Participants

The amounts of the matching contributions are equal to 100% of an employee's 403(b) elective deferral contributions which are not over 3% of an employee's pay, plus 50% of the 403(b) elective deferral contributions which are over 3% of pay, but are not over 5%.

A discretionary contribution can be made each plan year in an amount determined by the employer. The discretionary contribution as of December 31, 2015 and 2014 was 3%.

Bargaining (includes 1199 and UFT) Participants

1199 Bargaining Participants

The amounts of the matching contributions are equal to 100% of an employee's 403(b) elective deferral contributions which are not over 4.0% of an employee's pay.

Additional matching contributions are based on a participant's years of service:

At least 5 but less than 10 years of service, $1 for every $3 contributed by the participant. Matching contributions shall not exceed $750 for the plan year.

10–20 years of service, $1 for every $2 contributed by the participant. Matching contributions shall not exceed $850 for the plan year.

20–30 years of service, $1 for every $2 contributed by the participant. Matching contributions shall not exceed $1,000 for the plan year.

30 years or more of service, $1 for every $2 contributed by the participant. Matching contributions shall not exceed $1,500 for the plan year.

An additional contribution of 3% of an employee's pay is made each plan year.

UFT Bargaining Participants

The amounts of the matching contributions are equal to 100% of an employee's 403(b) elective deferral contributions which are not over 3.75% and 3.25% of an employee's pay in 2015 and 2014, respectively.

An additional contribution of 3% of an employee's pay is made each plan year.

(c) Investment Options

Upon enrollment in the Plan, a participant may direct contributions into a variety of investment options offered by the Plan. The Plan accepts rollovers and transfers from other qualified plans, but only for those employees eligible to participate in the Plan and inactive participants.

(d) Participant Accounts

Each participant's account is credited with the allocations of (a) LGI's contribution, if applicable, and (b) the participant's share of Plan earnings. Plan income and expenses are credited or debited to participant accounts based on the pro rata share of the participant's individual account balance to total Plan assets. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

(e) Vesting

All employee deferrals and employer matching contributions as well as additional contributions for Bargaining employees are fully and immediately vested. The discretionary employer contributions for Non-Bargaining employees are subject to a three years of service vesting cliff.

(f) Forfeited Accounts

Forfeitures from terminated nonvested Plan participants are used to reduce future employer contributions under the Plan. Forfeitures of $5,325 and $2,259 were applied toward LGI's payments in 2015 and in 2014. There are no remaining balances as of December 31, 2015 or 2014.

(g) Payment of Benefits

On termination of service due to disability or retirement, a participant (or a designated beneficiary) may elect to receive a distribution of their vested account balance. If the participant dies before

distribution begins, the entire interest earned in the Plan will be distributed to the spouse or the named beneficiary.

(h) Notes Receivable from Participants

Principal offers loans to participants on a reasonably equivalent basis. Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or the greater of (a) 50% of the their account balance, or (b) $10,000, not to exceed the participant account balance, reduced by any outstanding loan balance on the date the new loan is made. The interest rates range between 3.25% and 5.25%. Mutual of America makes loans to participants in accordance with the terms and conditions specified in the plan document (see note 9).

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

(b) Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

(c) Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(d) Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are deemed as distributions based upon the terms of the plan document. As of December 31, 2015 and 2014 there were no allowances for delinquent participant loans.

(e) Payment of Benefits

Benefits are recorded when paid.

(f) Administrative Fees

The plan sponsor or its affiliates pay all administrative fees except for contract administrator fees, which are paid for by the Plan.

(g) Fair Value Measurements

Fair Value Measurements establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below.

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 as compared to those used at December 31, 2014.

Group annuity contracts – Valued at the net asset value (NAV) of shares held by the Plan at year end.

Mutual funds – Valued at the net asset value (NAV) of shares held by the Plan at year-end, based on published market quotations on active markets, or based on quotations provided by the external investment manager. The NAV is classified within Level 1 of the fair value hierarchy if the unit price is quoted in an active market.

The following table sets forth investments by level and type as of December 31, 2015 and 2014 within the fair value hierarchy:

	December 31, 2015		
	Level 1	**Level 2**	**Total**
Group annuity contracts	$ —	127,952	127,952
Mutual funds	29,583,091	—	29,583,091
Total	$ 29,583,091	127,952	29,711,043

	December 31, 2014		
	Level 1	**Level 2**	**Total**
Group annuity contracts	$ —	140,071	140,071
Mutual funds	24,135,999	—	24,135,999
Total	$ 24,135,999	140,071	24,276,070

Guaranteed investment contract – Valued at contract value which is the aggregation of contributions, plus interest, less withdrawals.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. While plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(h) New Accounting Pronouncements

In July 2015, the FASB issued ASU 2015-12, (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient. ASU 2015-12 (1) requires defined contribution plans to use contract value as the only measure for fully benefit-responsive investment contracts, (2) simplifies certain investment disclosure requirements for employee benefit plans, and (3) provides employee benefit plans with a measurement-date practical expedient on a month-end date that is nearest to the fiscal year end, when the fiscal year end does not coincide with a month-end. The simplified investment disclosure in Part II eliminates the following disclosures previously required: (a) disaggregation of investments by nature, risks and characteristics; (b) individual investments that represent five percent or more of assets available for benefits; and (c) net appreciation or depreciation of investments by general type. ASU 2015-12 is effective for fiscal years beginning after December 15, 2015 and early adoption is permitted. Part I and II are required to be applied retrospectively and Part III is required to be applied prospectively. Management elected to early adopt the provisions of ASU 2015-12 as of December 31, 2015 and prior disclosures have been updated to conform to the new guidance. Additionally, as a result of the adoption of the new guidance, the guaranteed investment contract, a fully benefit responsive investment contract, is reflected at contract value on the statements of net assets available for plan benefits as of December 31, 2015 and

2014, which did not have an impact on the Plan's assets available for plan benefits. Part III is not applicable to the Plan.

(3) Investments and Information Certified by the Trustees

As permitted by Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan has elected the alternative method of compliance with respect to the required audit of the financial statements. As a result of adopting this method, Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company (Principal) and Mutual of America Life Insurance Company, the trustees, who also maintain the primary records of the Plan, certified to the plan administrator that the statements of the trustees were complete and accurate and that the reported assets were under their control.

The financial information included in the accompanying schedule of assets held at end of year was also certified to by the trustees.

	2015	2014
Mutual of America Life Insurance Company:		
Group annuity contract – separate account	$ 73,974	82,100
Group annuity contract – general account	53,978	57,971
Principal Trust Company:

Mutual funds	29,583,091	24,135,999
Total investments at fair value	$ 29,711,043	$ 24,276,070
Investments at contract value:		
Guaranteed investment contract	3,729,391	4,172,727
Total Investments	$ 33,440,434	$ 28,448,797
Notes receivable from participants	$ 947,561	$ 799,674

(4) Guaranteed Investment Contract with Principal Trust Company

The Plan entered into a benefit-responsive guaranteed investment contract with Principal Trust Company. Principal Trust Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Principal, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 1.00%. Such interest rates are reviewed on a semiannual basis for resetting.

Certain events may limit the ability of the Plan to transact at contract value. Such events include but may not be limited to the following: (1) temporary absence; (2) change in position or other occurrence qualifying as a temporary break in service under the Plan; (3) transfer or other change of position resulting in employment by an entity controlling, controlled by, or under other common control with the employer; (4) cessation of an employment relationship resulting from a reorganization, merger, layoff or the sale or discontinuance of all or any part of the plan sponsor's business; (5) removal from the Plan of one or more groups or classifications of participants; (6) partial or complete plan termination; or (7) plan disqualification. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

(5) Party-in-Interest Transactions

Certain of the Plan's investments are managed by the Trustees of the Plan. The Trustees of the Plan hold the Plan's assets and invest interest and dividend income and cash received and also initiate distributions to participants. The Plan issues notes to participants that are secured by the balances in the participants' accounts. These transactions qualify as party in interest transactions.

(6) Tax Status

The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code (IRC) and therefore, it is not currently eligible to receive a determination letter from the Internal Revenue Service (IRS). Effective April 2013, the IRS implemented a program for Section 403(b) plans; the Plan will comply accordingly. The Plan administrator believes that the Plan is operating in accordance with applicable requirements of Section 403(b) of the IRC and, therefore believes the Plan is qualified and the related custodial accounts are tax-exempt

Management evaluates tax positions taken by the Plan and recognizes a tax liability if the Plan has taken an uncertain positions that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax position taken by the Plan and has concluded that as of December 31, 2015, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. Periods ending December 31, 2012 and subsequent remain subject to examination by applicable taxing authorities.

The plan is subject to routine audits by taxing jurisdiction; however, there are currently no audits for any tax periods in progress.

(7) Plan Termination

Although it has not expressed any intent to do so, LGI has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

(8) Risks and Uncertainties

The Plan invests in various types of investment securities. Investment securities, in general, are exposed to various risks such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, based on the markets' fluctuations, and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

(9) Plan Loans

Mutual of America makes loans to participants in accordance with the terms and conditions specified in the plan documents. These loans are collateralized by the participants' account balances. Outstanding loan balances will be withdrawn from participants' accounts in an instance of default and will then be deemed a distribution. There were no loans outstanding as of December 31, 2015 and 2014.

(10) Subsequent Events

Subsequent events have been evaluated through October 10, 2016, which is the date the financial statements were available to be issued.
