Independent Auditor's Report

To the Plan Sponsor and Administrator
Eye Health of Ft. Myers, Inc. and Affiliated Cos. 401(k) Retirement Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Eye Health of Ft. Myers, Inc. and Affiliated Cos. 401(k) Retirement Plan, which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statement of changes in net assets available for benefits for the year ended December 31, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Massachusetts Mutual Life Insurance Company (MassMutual), the recordkeeper of the Plan as agent for Hartford Life Insurance Company (Hartford), the issuer of the insurance contract, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that Hartford holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from MassMutual on behalf of Hartford as of December 31, 2015 and 2014 and for the year ended December 31, 2015, that the information provided to the plan administrator by MassMutual as agent for Hartford is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter - Supplemental Schedule

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets (Held at End of Year), which is the responsibility of plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by MassMutual as agent for Hartford have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

(1) Description of the Plan

The following description of the Eye Health of Ft. Myers, Inc. and Affiliated Cos. 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan document and adoption agreement for a more complete description of the Plan's provisions. The Plan was adopted effective January 1, 1997 and is sponsored by Eye Health of Ft. Myers, Inc. (collectively the "Company").

(a) General

The Plan is a defined contribution plan generally covering all employees of the Company who have attained age 21 and completed 3 months of service. Eligible employees may make elective deferrals to the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

(b) Contributions

Each year, participants may make elective salary deferral contributions, in whole percentages, up to the maximum amount allowable by law, as defined by the Plan. Participants may also contribute amounts representing rollover distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers a variety of investment options for participants through the insurance company investment contract described in Note 3. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. The Company may make discretionary, nonelective contributions to the Plan. During 2015 and 2014, the Company did not make any discretionary nonelective contributions. Employer contributions, if any, are also invested at the direction of the participant.

(c) Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's nonelective contributions, and an allocation of Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Plan participants have daily access to their account via phone or internet and may change the allocation of their investments to any of the several investment options offered by the Plan.

(1) Descript ion of the Plan - Continued

(d) Vesting

Participants are immediately vested in their salary deferral contributions and the Company's nonelective contributions, plus actual earnings thereon.

(e) Participants Loans

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at the rate of prime plus two percentage points. Principal and interest are paid ratably through weekly payroll deductions over a term not to exceed five years.

(f) Payment of Benefits

On termination of service, death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in their account or periodic payments not to exceed the participant's life expectancy. A participant may also elect a direct rollover to a qualifying plan. The Plan also allows for hardship withdrawals as defined in the Plan document.

(2) Summary of Significant Accounting Policies

(a) Accounting Basis

The financial statements of the Plan are presented on the accrual basis of accounting.

(b) Payment of Benefits

Benefits are recorded when paid.

(c) Financial Accounting Standards

The Financial Accounting Standards Board (FASB) has issued authoritative guidance establishing two levels of U.S. generally accepted accounting principles (GAAP), authoritative and nonauthoritative, and making the Accounting Standards Codification (ASC) the source of authoritative, nongovernmental GAAP, except for rules and interpretive releases of the Securities and Exchange Commission. This guidance is incorporated into ASC Topic 105, *Generally Accepted Accounting Principles*.

(2) Summary of Significant Accounting Policies - Continued

(d) Valuation of Investments

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 11 for discussion of fair value measurements.

The fair value of participation units owned by the Plan in the pooled separate account is based upon quoted redemption values on a daily basis.

The Plan's insurance company general account investment is valued at contract value which represents contributions made under the contract, plus interest at the contract rate, less funds used to pay retirement benefits. Fair value of the general account is equal to the contract value less any early withdrawal charges, maintenance fees and market value adjustments if the contract were terminated at the reporting date. At December 31, 2015, the general account contract value approximates fair value.

(e) Estimates in Financial Statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

(f) New Accounting Pronouncements

In May 2015, FASB issued Accounting Standards Update (ASU) 2015-07, *Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent).* The ASU removes the requirement to categorize within the fair value hierarchy investments for which fair values are estimated using the net asset value per share as a practical expedient provided by FASB ASC Topic 820, *Fair Value Measurements and Disclosures* (ASC 820). Disclosures about investments in certain entities that calculate net asset value per share are limited under this ASU to investments for which the entity has elected to estimate the fair value using the net asset value practical expedient. The guidance requires retrospective application and is effective for public business entities for fiscal years, and interim periods within those years, beginning after December 15, 2015. For all other entities, the guidance is effective for fiscal years, and interim periods within those years, beginning after December 15, 2016. Early adoption is permitted. Management has elected to early adopt the provisions of this new standard. The adoption has been reflected in Note 11 to the financial statements.

(2) Summary of Significant Accounting Policies - Continued

(f) New Accounting Pronouncements - Continued

In July 2015, FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient.* Part I of the ASU eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II of this ASU eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. It also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics, and risk. Further the disclosure of information about fair value measurements shall be provided by general type of plan investment. Part III of this ASU allows a plan with a fiscal year end that does not coincide with the end of a calendar month to measure its investments and investment-related accounts using the month end closest to its fiscal year end. The guidance is effective for fiscal years beginning after December 15, 2015 and early adoption is permitted. The guidance on fully benefit-responsive investment contracts and plan investment disclosures must be applied retrospectively. The guidance on measurement date practical expedient must be applied prospectively. Plan management has elected to early adopt ASU 2015-12, Part II. Adoption of this standard resulted in a change to certain footnotes and had no impact on the statements of net assets available for benefits or statement of changes in net assets available for benefits. Parts I and III are not applicable to this Plan.

(3) Contract with Insurance Company

Effective January 1, 2013, Massachusetts Mutual Life Insurance Company (MassMutual) acquired The Hartford's Retirement Plans Group business. Hartford Life Insurance Company (Hartford) appointed MassMutual to provide all administrative services necessary to support the contracts issued by Hartford. The Plan has an investment contract with Hartford for the purpose of investing Plan assets. The contract is an "unallocated" group annuity contract. The assets of the Plan are held in either Hartford's general account, and represent general account obligations, or in a pooled separate account. A variety of investment options are available to Plan participants through the pooled separate account. Contributions directed to the pooled separate account purchase units of various funds of the separate account. The funds of the separate account include a number of registered investment companies and collective investment trusts with various investment objectives. Benefit payments to participants or their beneficiaries are made directly by MassMutual as agent for Hartford from the funds accumulated under the contract. The insurance contract and underlying funds are reported at contract value as reported to the Plan which represents the accumulation of contributions made, plus earnings, less benefit payments and administrative expenses.

(4) Information Certified by Massachusetts Mutual Life Insurance Company as Agent for Hartford Life Insurance Company

The following is a summary of the unaudited information included in the Plan's financial statements that was prepared or derived from information prepared by MassMutual as agent for Hartford. The plan administrator has obtained a certification from MassMutual as agent for Hartford that the information is complete and accurate as of December 31, 2015 and 2014 and for the year ended December 31, 2015:

	2015	2014
Insurance company investment contract:		
General account	$ 301,609	290,542
Pooled separate account	2,516,600	3,093,852
Participant loans	44,315	48,576
Interest income on general account	12,038	n/a
Interest income on participant loans	2,787	n/a
Net depreciation in fair value of separate account investments	(63,907)	n/a

The certification also covers the information presented in Note 11 and the information included in the accompanying supplemental Schedule of Assets (Held at End of Year).

(5) Income Tax Status

The Plan obtained its latest determination letter on March 31, 2008, in which the Internal Revenue Service stated that the prototype plan was in compliance with the applicable requirements of the Internal Revenue Code. The plan has been amended since receiving the determination letter. However, the plan administrator believes that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by federal and state taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

(6) Party-in-Interest Transactions

The Plan's expenses are paid either by the Plan or the Company, as provided in the Plan document. Expenses that are paid directly by the Company, such as professional and recordkeeping fees, are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment related expenses are included in net depreciation in fair value of separate account investments presented in the accompanying statement of changes in net assets available for benefits.

(6) Party-in-Interest Transactions - Continued

MassMutual provides certain recordkeeping and administrative services to the Plan. As such, MassMutual is considered to be a party-in-interest. Fees paid by the Plan to MassMutual of $1,054 for the year ended December 31, 2015 are considered to be party-in-interest transactions.

(7) Excess Contributions

During the years ended December 31, 2015 and 2014, certain highly compensated employees contributed amounts that exceeded certain IRS limits. These contributions were refunded to the participants as taxable income in the following plan year. Participant contributions for the year ended December 31, 2015 are net of excess deferral contributions returned to participants totaling $4,602.

(8) Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements as of December 31, 2015 and 2014 to Form 5500:

	2015	2014
Net assets available for benefits per the financial statements	$ 2,857,922	3,423,320
Plus excess contributions payable	4,602	9,650
Net assets available for benefits per Form 5500	$ 2,862,524	3,432,970

The following is a reconciliation of contributions per the financial statements for the year ended December 31, 2015 to Form 5500:

Total participant contributions per the financial statements	$ 376,201
Plus excess contributions payable at December 31, 2015	4,602
Total participant contributions per Form 5500	$ 380,803

The following is a reconciliation of benefits paid to participants per the financial statements for the year ended December 31, 2014 to Form 5500:

Total corrective distributions per the financial statements	$ -
Plus excess contributions payable at December 31, 2014	9,650
Total corrective distributions per Form 5500	$ 9,650

(9) Plan Termination

Although it has expressed no intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA.

(10) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

(11) Fair Value Measurement

ASC 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access;

Level 2: Inputs to the valuation methodology include:

a) quoted prices for similar assets or liabilities in active markets;

b) quoted prices for identical or similar assets or liabilities in inactive markets;

c) inputs other than quoted prices that are observable for the asset or liability;

d) inputs that are derived principally from or corroborated by observable market data by correlation or other means;

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

(11) Fair Value Measurement - Continued

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

General Account

The plan has a guaranteed investment contract (GIC) with Hartford. Hartford maintains the contributions in a general account, which is credited with earnings and charged for participant withdrawals and administrative expenses. The GIC is included in the financial statements at fair value, which approximates contract value. The concept of a value other than contract value does not apply to this GIC even upon a discontinuance of the contract in which case contract value would be paid no later than 90 days from the date the sponsor provides notice to discontinue. There are no specific securities in the general account that back the liabilities of this annuity contract and it would be inappropriate to look to the market value of the securities within the insurer's general account to determine a fair value. The Plan owns a promise to pay interest at crediting rates, which are determined quarterly and may not be less than minimum interest rate of 3%. This contract is not a traditional GIC and therefore there are no cash flows that could be discounted. Contract value represents contributions made under the contract, plus transfers to the fund and credited interest, less participant withdrawals, transfers out of the fund and administrative expenses. The general account promises contract value for a benefit event (termination, death, disability, retirement, etc.); however, there is a possible market value adjustment when funds are withdrawn prior to maturity. Therefore, the general account is not considered benefit-responsive.

Pooled Separate Account

These investments are valued at net asset value (NAV) of units held by the Plan. NAV, as provided by the insurance company, is used as a practical expedient to estimate fair value. The NAV is based on the underlying investments owned by the separate account. There are no unfunded commitments. The redemption frequency (if currently eligible) is daily.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(11) Fair Value Measurement - Continued

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

		Fair Value Measurements at Reporting Date Using		
Description	Assets Measured at Fair Value at 12/31/2015	Quoted Prices in Active Markets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Investment contract with insurance company:				
General account	$ 301,609	-	301,609	-
Total assets in the fair value hierarchy	301,609	-	301,609	-
Investments measured at NAV [(a)]	2,516,600			
Total investments, at fair value	$ 2,818,209			

		Fair Value Measurements at Reporting Date Using		
Description	Assets Measured at Fair Value at 12/31/2014	Quoted Prices in Active Markets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Investment contract with insurance company:				
General account	$ 290,542	-	290,542	-
Total assets in the fair value hierarchy	290,542	-	290,542	-
Investments measured at NAV [(a)]	3,093,852			
Total investments, at fair value	$ 3,384,394			

[(a)] In accordance with ASC Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

(12) Subsequent Events Review

Subsequent events were evaluated by Plan management through September 30, 2016, the date the financial statements were available to be issued.
