All full-time employees of the Company are eligible to contribute to the Plan upon attaining the age of twenty-one and completing one year of service. Employees with one year of service are eligible to receive employer matching contributions, and employees with two years of service are eligible to receive nonelective employer contributions. Eligible participants may enter the Plan on January 1 and July 1 of each year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and certain provisions of the IRC.

### *Amendments*

***Participant Accounts***

Each participant's account is credited with the participant's contributions, employer contributions, Plan earnings or losses, and rollovers from other qualified plans. Plan earnings or losses are allocated based upon each participant's account balance. Certain fees are charged to fund investments and are offset against Plan investment income and loss as presented on the statement of changes in net assets available for benefits. Participants should refer to the prospectuses of these funds for details on the various types and amounts of investment fees charged to the Plan and their individual accounts.

***Vesting***

Participants are fully vested in their contributions, rollovers, and employer contributions, as well as all earnings on these contributions when made or earned.

***Participant Notes Receivable***

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lessor of $50,000 or 50% of their account balance. Participants may have one loan outstanding at a time. Participant notes receivable are secured by the balance in the participant's account. Participant notes receivable must be repaid within a five year period, except for loans used to purchase a primary residence, which have a maximum term of ten years. Interest rates on participant notes receivable at December 31, 2015 were 4.25%. Principal and interest are paid ratably through regular payroll deductions or payments to the Plan.

***Payment of Benefits***

When participants leave the Company upon normal retirement age (65) or for any other reason, those participants (or their beneficiaries) may receive the full value of their salary deferrals, rollovers, employer contributions, and the net earnings thereon in a single lump-sum payment.

The Plan allows for in-service withdrawals at age 55 and hardship, as defined by the Plan document. A participant who becomes disabled, as defined by the Plan document, is eligible for disability retirement.

In order to receive distributions, participants (or their beneficiaries) are required to file the appropriate forms with the Plan Administrator. Account values will be determined as of the day the distribution is made.

Distributions under the Plan shall generally be made as soon as possible after the date of retirement, death, or termination of employment. In the event of a mandatory distribution greater than $1,000 for which the participant does not elect to have such distribution paid directly to an eligible retirement plan in a direct rollover or to receive the distribution directly, the Plan Administrator will pay the distribution in a direct rollover to an Individual Retirement Account designated by the Plan Administrator.

***Investment Options***

Upon enrollment in the Plan, participants may direct his or her contributions in percentage increments into a series of mutual funds and a money market fund offered by the Plan. Participants may change their investment options at any time.

## 2. Summary of Significant Accounting Policies

### *Basis of Accounting*

The financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") and ERISA.

### *Use of Estimates*

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

### *Recent Accounting Pronouncements*

In July 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") *No. 2015-12, Plan Accounting: Defined Benefit Pension Plans* (Topic 960), *Defined Contribution Pension Plans* (Topic 962), *Health and Welfare Benefit Plans* (Topic 965): (Part I) *Fully Benefit-Responsive Investment Contracts,* (Part II) *Plan Investment Disclosures, and* (Part III) *Measurement Date Practical Expedient* (consensuses of the FASB Emerging Issues Task Force). Under Part I of the new ASU, fully benefit-responsive investment contracts are to be measured, presented, and disclosed at contract value only. Part II of the ASU eliminates the disclosure requirements for 1) individual investments that represent 5 percent or more of net assets available for benefits and 2) the net appreciation or depreciation for investment by general type (disclosure in the aggregate is still required), for both participant-directed investments and nonparticipant-directed investments. Part III of the ASU permits the election of a practical expedient to measure investments and investment-related accounts as of a month-end date that is closest to the Plan's fiscal year-end, when the fiscal period does not coincide with the month-end. Any significant contribution, distribution, or other event that occurs between these two measurement dates is required to be disclosed. The amendments in all three parts of the Accounting Standards Update take effect for fiscal years beginning after December 15, 2015, with earlier application permitted.

In May 2015, the FASB issued ASU No. 2015-07, *Fair Value Measurement* (Topic 820), *Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. The amendments in ASU 2015-07 apply to reporting entities that measure an investment's fair value using the net asset value per share (or its equivalent) practical expedient. The ASU eliminates the requirement to classify the investment within the fair value hierarchy. In addition, the requirement to make certain disclosures for all investments eligible to be assessed at fair value with the net asset value per share practical expedient has been removed. Instead, such disclosures are restricted only to investments that the entity has elected to measure using the practical expedient. Effective for fiscal years beginning after December 15, 2015 with earlier application permitted.

The Plan is currently evaluating the impact of the recent accounting pronouncements new guidance on its financial statements and related disclosures.

**2. Summary of Significant Accounting Policies,** continued

***Investment Valuation and Income Recognition***

All investments are recorded at fair value based upon active market values determined by investment advisors as required under ERISA regulations.

Investments in securities traded on a national securities exchange are valued at the last reported sales price on the last business day of the valuation period. In accordance with the policy of stating investments at fair value, net realized and unrealized appreciation for the year is reflected in the statement of changes in net assets available for benefits.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

***Participant Notes Receivable***

Participant notes receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2015 and 2014, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan Administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

***Payment of Benefit***

Benefit payments are recorded when paid.

***Expenses***

The Company paid the majority of all necessary and proper expenses incurred in the administration of the Plan. Such expenses were primarily comprised of legal fees and expenses relating to the maintenance of the Plan's records. Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

***Reclassification***

Certain reclassifications were made to the 2014 investment presentation to conform to the 2015 presentation.

## 5. Fair Value Measurement

Accounting Standards for fair value measurements establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under these accounting standards are described below:

- Level 1: inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly. Level 2 inputs include: quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, or inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- Level 3: inputs are unobservable inputs for the asset or liability.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

| | Assets at Fair Value as of December 31, 2015 | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |

| | $ 5,030,202 | $ - | $ - | $ 5,030,202 |

The Plan's valuation methodology used to measure the fair values of mutual and money market funds were derived from quoted market prices as all of these instruments have active markets.

## 6. Related Party Transactions and Party-In-Interest Transactions

Certain Plan investments in mutual and money market funds and brokerage link accounts are managed by Fidelity, the trustee of the Plan. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan, and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

## 7. Tax Status

The Plan has adopted a prototype plan document that has received an opinion letter from the Internal Revenue Service dated March 31, 2014. The Plan document has been amended since receiving that opinion letter. However, the Plan administrator and sponsor believes that the Plan is currently designed and is currently being operated in compliance with the applicable requirements of the IRC and ERISA, and that the trust, which forms a part of the Plan, is exempt from income tax. Accordingly, no provision has been made for federal and state income taxes.

## 8. Plan Termination

The Company has established the Plan with the intention and expectation that the Plan will continue indefinitely. However, the Company reserves the right at any time to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, distributions will be made to participants as described in the Plan document.

## 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market fluctuations, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

## 10. Delinquent Participant Contributions

The Plan Sponsor failed to remit timely certain participant contributions and loan repayments as reported on the Schedule of Delinquent Participant Contributions of approximately $497,000. These contributions and loan replacements will be corrected during 2016.

## 11. Reconciliation of Financial Statements to Form 5500

## 12. Subsequent Events

Management concluded that no material subsequent events have occurred since December 31, 2015 that require recognition or disclosure in such financial statements.
