NOTE 1 DESCRIPTION OF PLAN

The following description of the Dade Moeller & Associates, Inc. Employee Stock Ownership Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

Dade Moeller & Associates, Inc. (Company) established the Plan effective January 1, 2005. The Plan has been amended and restated throughout the years to comply with tax legislation. The Plan was most recently amended and restated January 1, 2016. The Plan is a defined contribution plan intended to constitute an employee stock ownership plan (ESOP) and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code (IRC). The Plan trustees are individuals appointed by the Board of Directors.

Eligibility

Through December 31, 2014, employees of the Company who have attained age 21, completed six months of service after the date of hire and who are classified as "full time" or "scheduled part time" were eligible to participate in the Plan. Effective January 1, 2015, the Plan was amended to remove the age 21 requirement. Employees classified as "part-time support employee", a "temporary support employee", or as a "Hanford Mission support site employee" are not eligible. Eligible employees enter the Plan on the first business day after satisfying the eligibility requirements.

Contributions

Employer contributions to the Plan are made at the sole discretion of the Board of Directors, including the discretion to forego a contribution for one or more Plan years. The Shareholder Board, which is determined by the Board of Directors and is comprised of five members, three of whom are members of the Company's Board of Directors, may elect investment options, including additional Company stock, cash, or other investment funds. The trustees may use Company contributions to purchase shares of the Company's stock and other prudent investments, or hold contributions in cash as determined by the Shareholder Board. For the years ended December 31, 2015 and 2014, the Board of Directors authorized a contribution percentage equal to 2% of eligible compensation. Contributions are allocated to participants semi-annually following each valuation date. To share in the Company contribution, participants must be employed by the Company on the valuation date to which the contribution relates. Employees are not permitted to make contributions to the Plan.

Participant Accounts

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the semi-annual valuation dates with an allocation of plan earnings, dividends and the Company's discretionary contribution and charged with administrative expenses, as applicable. The allocation of dividends, expenses and earnings may be made to each participant, pro rata, based on the participant's account balance as of the preceding valuation date as it bears to the total of all such participants as of that date.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Vesting

Vesting of participant's accounts is based on years of credited service subject to a graded vesting schedule. A participant is 100% vested after four years of credited service. Notwithstanding the above, a participant is fully vested upon reaching age 65, death, or permanent disability.

Voting Rights

In most circumstances, the trustees of the Plan will be entitled to vote on behalf of all the Company stock held by the Plan. However, if the vote relates to any corporate merger or consolidation, recapitalization, reclassification, liquidation, dissolution, sale of substantially all assets of a trade or business, or a similar transaction, the participant will be entitled to direct the trustees as to how the shares of Company stock allocated to the account are to be voted.

Put Option

Under federal income tax regulations, the Company stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the fair market value of the stock. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Employer common stock into investments which are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25% of the number of post-1986 shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50%. Participants who elect to diversify receive a cash distribution or rollover directly to the 401(k) account.

Payment of Benefits

The retirement benefit available under the Plan is payable upon termination of employment, attainment of normal retirement age of 65, death, or disability. A participant may elect to receive a lump-sum or rollover payment from the Plan. If the participant's vested account balance is less than $1,000, the Plan administrator may distribute the balance without consent. If the value of the participant's account is between $1,000 and $5,000, the Plan administrator may direct the payment to be rolled into an individual retirement account designated by the Plan. No payments are required to be made in shares of the Company's common stock because the Company is an S-corporation.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Forfeited Accounts

Nonvested forfeited account balances are used to offset the Company's discretionary contribution. Forfeitures may also be used to restore the accounts of previously terminated participants who have been re-employed by the Company during the Plan year. For the years ended December 31, 2015 and 2014, forfeitures of $35,840 and $28,620, respectively, were used to offset Company contributions. At December 31, 2015 and 2014, there was no balance in nonvested forfeiture accounts.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Change in Accounting Principle

In July 2015, the Financial Accounting Standards Board (FASB) issued *Accounting Standards Update 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part I and III are not applicable to the Plan. Part II eliminates the requirements to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured at fair value. Plans will continue to disaggregate investments that are measured at fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics, and risks. Further, the disclosure of information about fair value measurements should be provided by general type of plan asset. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Part II is to be retrospectively applied. The Plan has elected to early adopt Part II.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

All reasonable and necessary expenses of administering the Plan may be paid out of Plan assets. The Company may, however, pay all or any portion of the administrative expenses. For the years ended December 31, 2015 and 2014, the Plan paid administrative expenses of $39,678 and $46,783, respectively, relating to third party administrative services, valuation services, and legal fees. The expenses are allocated to the participant accounts based on their cash balances.

Subsequent Events

The Plan has evaluated subsequent events through October 6, 2016, the date the financial statements were available to be issued.

NOTE 3 INVESTMENTS

The Plan's investments in Dade Moeller & Associates, Inc. common stock at December 31 are as follows:

	2015	2014
Common Stock:		
Number of Shares	5,626.8366	5,373.5174
Cost	$ 3,671,038	$ 3,469,178
Estimated Fair Value	$ 4,611,924	$ 4,509,402

The estimated fair market value of the Company common stock as of December 31, 2015 and 2014 was $819.63 and $839.19 per share, respectively. These values are based on an independent appraisal as of January 1, 2016 and 2015.

The Company's Shareholders' Agreement permits the Board of Directors to delay the purchase or sale of Company shares in the event that a material change in circumstances occurs that would cause them to question the continuing validity of the most recent valuation. There were no delays in purchasing or selling Company shares in 2015 and 2014.

NOTE 4 FAIR VALUE OF INVESTMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2015 and 2014.

Common Stock - valued at estimated fair value based on an independent third party appraisal. This appraisal is based upon a combination of the market and income valuation techniques consistent with prior years. The appraiser took into account historical and projected cash flow and net income, return on assets, return on equity, market comparables and estimated fair value of Company assets and liabilities. The valuation process involves Plan management's selection of an independent appraiser under contract with the right to cancel such contract at any time. Plan management accumulates the data for the appraiser from internal financial statements of the Company. The appraiser prepares a preliminary report which Plan management reviews in detail, discusses and approves.

Interest Bearing Cash - valued based on cost, which approximates fair value in a noninflationary economy and is protected by the FDIC.

NOTE 5 RISKS AND UNCERTAINTIES

The Plan provides for investment primarily in Company common stock. Investments are exposed to various risks, such as interest rate, credit and overall market volatility risk. The stock of the Company is valued semi-annually by an independent third party valuation specialist. Because of the inherent subjectivity in any valuation, those estimated values may differ significantly from the values that would have been used had a ready market for the securities existed, and the differences could be material. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 6 PLAN TERMINATION

The Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of Employee Retirement Income Security Act of 1974. In the event of Plan termination, the participants would become 100% vested in their Company contributions. The Company is currently in the process of liquidating the Plan. See Note 9 for further information.

NOTE 7 PLAN TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated September 18, 2013, that the Plan and related trust are designed in accordance with the applicable requirements of the IRC and is therefore not subject to tax under current income tax law. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in shares of the Company's common stock. The Company is the Plan Sponsor as defined by the Plan and therefore transactions made in the Company's stock qualify as party-in interest. The Plan purchased 253.3192 and 477.3228 shares of Company common stock at estimated fair market value at the various dates during 2015 and 2014, respectively.

The Plan is administered by certain individuals of the Company and certain administrative functions are outsourced to a third-party administrator. No individuals of the Company or employees receive compensation from the Plan.

NOTE 9 SUBSEQUENT EVENT

On May 20, 2016, the Company was acquired by NV5 Global, Inc. (NV5). The impact to the Plan related to the acquisition by NV5 will result in Plan liquidation before the end of calendar year 2016.
