SHEFSKY & FROELICH LTD. PROFIT SHARING 401(K) PLAN & TRUST
NOTES TO THE FINANCIAL STATEMENTS
As of December 31, 2015 and 2014

NOTE 1 - DESCRIPTION OF PLAN

The SHEFSKY & FROELICH LTD. PROFIT SHARING 401(K) PLAN & TRUST (the "Plan") is a defined contribution, combination profit sharing and 401(K) plan established in 1971. The Plan's principal purpose is to allow participants to defer receiving some of their compensation until their retirement and, in the event of death, provide for their dependents and beneficiaries. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The following description of the Plan is provided for general information purposes only. Participants should refer to the plan agreement for more complete information.

Plan Merger

The Executive Committee of Taft Stettinius & Hollister LLP ("Taft"), the Plan Sponsor (See Significant Plan Amendments), approved the merger of the Plan into the Taft Stettinius & Hollister LLP Thrift Savings & Retirement Plan ("Taft Plan") effective at midnight December 31, 2015. As a result, all Plan assets were transferred from the Plan into the Taft Plan on that date.

Significant Plan Amendments

Effective January 1, 2014, the Plan was amended to provide automatic deferral rate increases (see Participant Contributions note below). Each January 1, all eligible Participants deferring less than 6% of eligible compensation will have their rate of deferral automatically increased by 1%, unless an election is made by the Participant to opt out of the current year increase.

Effective January 1, 2014, Shefsky & Froelich Ltd. amended the Plan to remove the requirement that a participant must be an employee on the last day of the Plan year to receive an employer contribution.

Effective January 2, 2014, Shefsky & Froelich Ltd., was acquired via statutory merger by Taft Stettinius & Hollister LLP ("Taft"). In addition, sponsorship of the Plan was transferred to Taft, who by separate action, accepted responsibility from Shefsky & Froelich Ltd. for all assets and liabilities of the Plan and the administrative duties and responsibilities associated with respect to those assets and liabilities, and will assume all responsibility for the sponsorship, administration and operation of the Plan in order to preserve benefits offered with respect to such assets. Shefsky & Froelich Ltd. also delegated any and all of its power and responsibility to amend (or to approve the amendment of) the Plan to Taft as the Plan Sponsor.

Participant Contributions

The Plan provides for employee-directed contributions to be made by the employer at the direction of the employee in any whole percentage of the employee's compensation between 1 and 100 percent, or any whole dollar amount. Such amounts are deducted from the employee's direct compensation, and are excluded from the employee's reportable wages for the year. Effective July 1, 2010, the Plan was amended to add an "automatic" deferral provision. Under this provision, an employee, once eligible to participate in the Plan, will automatically have 2% of their eligible compensation withheld from each paycheck and deposited into the Plan as a participant contribution, unless the participant "opts out" of the Plan or wants to contribute a different amount or percentage. Such contributions are invested in accordance with the Plan's investment policies and are exempt from taxation just like any other salary deferral. All automatic deferrals are invested in the T. Rowe Price Target Date Funds unless the participant elects otherwise. As of January 1, 2006, the plan was amended to allow the participants to choose to defer direct compensation into a Roth 401(k) account. Such contributions are included in the employee's reportable wages for the year. The aggregate annual amount of each individual employee-directed contribution for 2015 was limited to \$18,000 (\$24,000 for participants age 50 and over).

SHEFSKY & FROELICH LTD. PROFIT SHARING 401(K) PLAN & TRUST
NOTES TO THE FINANCIAL STATEMENTS
As of December 31, 2015 and 2014

NOTE 1 - DESCRIPTION OF PLAN, continued

Employer Contributions

Taft Stettinius & Hollister LLP (the "Firm") may make a discretionary profit-sharing contribution to the trust in such amount, if any, as determined by the Executive Committee. Employer contributions are allocated to each participant based on the participant's eligible compensation (as defined in the plan document).

Eligibility

Employees of the Firm are eligible to enter the Plan as of the first day of January, April, July or October following the date on which they attain age 21 and complete at least 90 days of service. Employees become eligible for participation in the employer's profit sharing contribution upon the completion of two consecutive years of service. A year of service is defined as at least 800 hours of work.

Vesting

Employees are immediately and wholly vested in compensation deferrals and employer contributions.

Investments

Participants may invest in funds offered by the plan administrator or other self-directed investments, such as stocks, bonds, and mutual funds, as permitted by law. Investment income and fair value appreciation or depreciation for assets invested in the investment funds are allocated to the Plan and accounts of participants and terminated participants (who have undistributed account balances) in proportion to the balances in such accounts as of the end of the plan year or other designated allocation day (after accounting for distribution payments made during the period).

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Firm's contribution and, (b) plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings, or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants who are currently employed by the Firm may borrow from their accounts up to the lesser of one-half of their account balance or \$50,000, reduced by the highest loan balance outstanding during the preceding 12 months. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 7.00%, which are commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest is paid ratably through biweekly or semimonthly payroll deductions.

SHEFSKY & FROELICH LTD. PROFIT SHARING 401(K) PLAN & TRUST
NOTES TO THE FINANCIAL STATEMENTS
As of December 31, 2015 and 2014

NOTE 1 - DESCRIPTION OF PLAN, continued

Payment of Benefits

A participant's account shall be distributed, upon election, directly to the participant, or to another qualified plan or Individual Retirement Account (IRA) via trustee-to-trustee direct transfer, or in the event of his or her death, to the participant's beneficiary. Benefits are payable by distribution in a lump sum, partial payments or installment payments. Payments related to death or disability may also be paid in a joint and survivor annuity. The Plan allowed for hardship withdrawals subject to certain restrictions noted in the plan document.

Termination of Plan

The Firm sponsor merged the Plan into the Taft Plan at midnight December 31, 2015. In addition all Plan assets were transferred to the Taft Plan effective the same date along with all participant account balances.

Administrative Expenses

Certain administration, record-keeping fees, auditing, management and legal services are provided to the Plan by the Firm without charge. The expenses directly attributable to self-directed investments are charged directly to the participants' individual accounts. Administrative fees paid by participants for the year ended December 31, 2015 totaled \$105,645.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accounts of the Plan are maintained and the accompanying financial statements have been prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

Investments are carried at fair value, as determined by quoted prices in an active market except for (i) investments in nonreadily marketable securities aggregating \$304,687 at December 31, 2014 which are valued at cost or estimated fair value and (ii) investments in limited partnerships aggregating \$14,908 at December 31, 2014, which are valued at the amount of the respective partnership capital account balances or estimated fair value. Effective at midnight on December 31, 2015, all Plan assets were transferred to the Taft Plan.

The difference between the aggregate fair value of investments as of the end of the year and their carrying values (fair values at the beginning of the year or cost for acquisitions during the year) is reflected as net appreciation or depreciation in the fair value of investments in the statement of changes in net assets available for benefits. Net gains or losses on disposition of investments, when applicable, representing the difference between the proceeds and the carrying value of investments, are also included in net appreciation or depreciation in the statement of changes in net assets available for benefits.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gain and losses on investments bought and sold as well as held during the year.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2014. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. Effective at midnight on December 31, 2015, all Plan assets, including notes receivable from participants, were transferred to the Taft Plan.

Payment of Benefits

Benefits are recorded when paid.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Reclassifications

Certain accounts in the prior year financial statements have been reclassified for comparative purposes to conform with the presentation in the current year financial statements.

Subsequent Events

The Plan has evaluated subsequent events through October 7, 2016, the date the financial statements were available to be issued.

NOTE 3 - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 - Inputs to the valuation methodology include, quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 3 - FAIR VALUE MEASUREMENTS, continued

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2014. Effective at midnight on December 31, 2015 all Plan assets were transferred to the Taft Plan.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Common stocks, fixed income securities and limited partnerships.

Valued at the closing price reported on the active market on which the individuals securities are traded. Level 2 fixed income securities are valued based on yields currently available on comparable securities of issuers with similar credit ratings. Level 3 limited partnerships, which are not actively traded, are valued based on the capital position reported on the most recent K-1.

Mutual funds

Valued at the new asset value (NAV) of shares held by the plan at the end of the year.

NOTE 3 - FAIR VALUE MEASUREMENTS, continued

Cash equivalents

Cash equivalents includes money market funds (level 2) and certificates of deposit (level 3). Money market funds are public investment vehicles valued at \$1 for the NAV. Certificates of deposit are valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

Non-readily marketable securities

Valued at cost, which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Fair Value Measurements Using Significant Unobservable Inputs (Level 3)

		Self-Directed <u>Investments</u>	
		<u>2015</u>	<u>2014</u>
Beginning Balance	\$	319,595	\$ 314,076
Realized Gains (Losses)		(7,095)	
Unrealized Gains/(Losses) relating to investments still held at the reporting date.		(64,663)	22,187
Purchases, sales, issuances, settlements (net)			(16,668)
Transfer to Taft Plan		(247,837)	
Ending Balance	\$	<u>0</u>	\$ <u>319,595</u>

Gains and losses (realized and unrealized) included in changes in net assets for the period above are reported in net appreciation in fair value of investments in the Statement of Changes in Net Assets Available for Benefits.

Quantitative Information about Significant Unobservable Inputs Used in Level 3 Fair Value Measurement

The Plan's level 3 investments consist of non-publicly traded limited partnerships and non-readily marketable securities (Limited Liability Companies). The valuation used for the limited partnerships reflect the capital position reported on the most recent K-1 schedule received by the trust. The valuation used for the non-readily marketable securities reflect the cost basis of the investment.

NOTE 6 - RISKS AND UNCERTANTIES

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 7 - RELATED PARTY TRANSACTIONS

BMO manages certain funds for the Plan and is the trustee as defined by the Plan. Therefore, these are party-in-interest transactions.

The Firm is the Plan sponsor and the Firm pays certain expenses on behalf of the plan. In addition certain employees of the Firm act as fiduciaries of the Plan and are responsible for the administration of the Plan. The employees are compensated by the Firm and do not receive any compensation from the Plan.

NOTE 8 - NOTES RECEIVABLE FROM PARTICIPANTS

Loans to participants bear interest at 4.25% to 7.00% per year, and are payable based on mutual agreement between the plan administrator and the participant. With the exception of existing loans which continue to carry the provisions of the prior plan document, the amended and restated plan document requires that: (i) in no event shall the terms of any such repayments of any such loan exceed the period of 5 years from the effective date of the loan (except for loans relating to the acquisition of a principal residence), (ii) repayments of loans shall be made on a fixed weekly, biweekly, semimonthly, monthly, or quarterly basis with equal amortization of principal and interest, and (iii) all loans are to be repaid through biweekly or semimonthly deductions from actively employed participant's compensation. Upon the occurrence of any distributable event under the Plan (whether due to retirement, death, termination of employment, or other event), the outstanding principal and any accrued interest will be subtracted from participant's account to satisfy the loan. If participant does not immediately request distribution upon the occurrence of such event, the participant will have the opportunity to repay the loan, in a lump sum by check, prior to it being taxed to the participant as a distribution. Unless the participant waives the right to repay, the period for repayment extends to the end of the calendar quarter after the calendar quarter in which the participant terminated. Effective at midnight on December 31, 2015, all Plan assets, including notes receivable from participants, were transferred into the Taft Plan.

NOTE 9 - TAX STATUS

The Internal Revenue Service (IRS) has determined and informed Shefsky & Froelich Ltd. (previous plan sponsor), by a letter dated September 9, 2010, that the plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the plan has been amended since receiving the determination letter, the plan administrator and the plan's tax counsel believe that the plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service or the State of Illinois Department of Revenue. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosed in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to December 31, 2011.
