GREENSBORO EMPLOYEES' 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2015 AND 2014**

NOTE 1 - DESCRIPTION OF PLAN

The following description of the ATC/Vancom of North Carolina, Inc. Greensboro Employees' 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution (salary deferral) plan covering all full-time employees of ATC/Vancom, Inc. (Company) who are age eighteen or older and who have completed at least three months of service with the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and the Internal Revenue Code.

Contributions

The Plan provides that participants may elect to contribute varying percentages of compensation based on years of service, ranging from 1% to 3% for less than five years up to 6% for more than fifteen years, not to exceed the maximum limits allowed by law. The Plan also allows for participants to contribute additional unmatched percentages of compensation based upon years of service, ranging from 10% to 3% for up to 15 years of service. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company contributes a 50% matching percentage on a varying portion of these contributions based on the participant's years of service, ranging from 50% on the first 3% for less than five years of service up to 50% on the first 6% for more than 15 years of service. The Plan also allows for the Company to make additional incentive contributions. Any matching employer contributions are allocated to the participant directed investment options pro-rata to participant contributions.

Participants' Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and Plan earnings and is charged with an allocation of administrative expenses and Plan losses. Allocations are based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and additional incentive contributions portions of their accounts plus actual earnings thereon is based on timing of the contributions and years of continuous service. A participant is 100% vested at the end of the third year for which the contribution was made; however, all contributions are 100% vested at the completion of five years of service, regardless of when the contributions were made. Participants terminating before these dates forfeit the right to the non-vested portion of the Company's matching and additional incentive contributions and related earnings.

Notes Receivable From Participants

Participants may borrow amounts up to the lesser of \$50,000 or 50% of their vested balance, but no less than \$500. The loans are secured by the balance in the participant's account.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

Notes Receivable From Participants (Continued)

The loan interest rate is commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons, if the value of a participant's account is at least \$5,000, the participant provides written direction to the Plan as to the timing and method of benefit payment. If the value of the participant's account is less than \$5,000, then the benefit is immediately distributable in cash. Distributions are available only in the form of a lump-sum payment in cash.

Hardship Withdrawals

Distributions may be made in the event of a hardship, as defined by the Plan document. These distributions are taxable and may be subject to a tax penalty equal to 10% of the distribution amount. A hardship withdrawal is limited to the participant's vested account balance.

Forfeited Accounts

Forfeited, nonvested account balances may be used to offset Plan administrative expenses or to reduce future Company contributions. Forfeited, nonvested balances were \$13,141 and \$10,462 at December 31, 2015 and 2014, respectively.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan's financial statements are prepared using the accrual method of accounting in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and the disclosure of commitments and contingencies. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value except for fully benefit-responsive investment contracts which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchase and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance. Interest income is recorded on the cash basis of accounting. Management has determined that this method of accounting is not materially different from the accrual basis of accounting whereby interest income would be recorded as earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 and 2014. If a participant ceases to make loan payments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Participants may elect to receive investment advice or have their accounts managed by an investment advisor and their accounts are charged a fee for these services. The fees associated with this are included in the quarterly fund expense. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in contract administrator fees. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

New Accounting Standards

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-07, "Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)" ("ASU 2015-07"). ASU 2015-07 removes the requirement to include investments in the fair value hierarchy for which fair value is measured using the net asset value ("NAV") practical expedient in Topic 820.

The Plan has elected to early adopt ASU 2015-07. Accordingly the Plan has retrospectively modified its fair value disclosures in accordance with ASU 2015-07. The adoption had no effect on the Plan's change in net assets available for benefits or net assets available for benefits as previously reported.

In July 2015, the FASB issued ASU No. 2015-12, "Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965) (ASU 2015-12) - I. Fully Benefit-Responsive Investment Contracts; II. Plan Investment Disclosure; and III. Measurement Date Practical Expedient" ("ASU 2015-07"). Part I requires fully-benefit responsive investment contracts to be measured, presented, and disclosed only at contract value. Part II requires that investments that are measured using fair value (both participant-directed and nonparticipant-directed investments) be grouped only by general type, eliminating the need to disaggregate the investments by nature, characteristics, and risks.

**ATC/VANCOM OF NORTH CAROLINA, INC.
GREENSBORO EMPLOYEES' 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
YEARS ENDED DECEMBER 31, 2015 AND 2014**

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

New Accounting Standards (Continued)

Part II also eliminates the disclosure of individual investments that represent 5 percent or more of net assets available for benefits and the disclosure of net appreciation or depreciation for investments by general type, requiring only presentation of net appreciation or depreciation in investments in the aggregate. Additionally, if an investment is measured using the net asset value per share as a practical expedient and that investment is a fund that files a U.S. Department of Labor Form 5500, as a direct filing entity, disclosure of that investment's strategy is no longer required. Part III is not applicable to the Plan.

The Plan has elected to early adopt ASU 2015-12. Accordingly, the Plan retrospectively modified its investment disclosures as described above. The adoption had no effect on the Plan's change in net assets available for benefits or net assets available for benefits as previously reported.

Subsequent Events

The Plan administrator has evaluated subsequent events through September 8, 2016, the date which the financial statements were available to be issued.

NOTE 3 - CERTIFICATION

The Plan's investments are held by Voya Retirement Insurance and Annuity Company (Voya) (formerly ING Life Insurance and Annuity Company). The Plan administrator has received certification from Voya that the information provided by Voya regarding investment assets, transactions, net appreciation (depreciation) in fair value of investments, interest income, administrator fees, periodic fees, and the supplemental schedule of assets (held at end of year) is complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 4 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and that the Plan has the ability to access. Level 2 inputs are based on observable inputs corroborated by market data but not quoted on active markets. Level 3 are based on unobservable inputs and include situations where there is little, if any, market activity for the assets or liabilities and have the lowest priority. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The Plan's investments in pooled separate accounts are units of an insurance company's pooled accounts valued at the net asset value (NAV) of units of the accounts. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)
YEARS ENDED DECEMBER 31, 2015 AND 2014**

NOTE 4 - FAIR VALUE MEASUREMENTS (CONTINUED)

Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the accounts, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in orderly business manner.

The unallocated insurance contracts are valued at contract value which is the amount a participant would receive upon withdrawal due to retirement, death, total or permanent disability, termination of employment, a participant loan or attainment of age 62 and 65.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in methodologies used at December 31, 2015 and 2014.

The following table sets forth, within the fair value hierarchy, the Plan's investments at fair value as of December 31.

Investments at Fair Value as of December 31, 2015

NOTE 6 - INVESTMENT CONTRACTS WITH INSURANCE COMPANY

The Guaranteed Accumulation Funds are fully-benefit responsive contracts with VOYA. VOYA maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and interest and a specified interest rate that is guaranteed to the Plan.

Because the contracts are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the contracts. Contract value, as reported to the Plan by VOYA represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

NOTE 7 - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments in pooled separate accounts and unallocated insurance contracts are managed by VOYA. VOYA is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services of the pooled separate accounts are included in net appreciation (depreciation) in fair value of investments because they are paid through revenue sharing rather than a direct payment. Administrative fees included in Third Party Administrator Fees in the Statements of Changes in Net Assets Available for Benefits paid by the unallocated insurance contracts were \$912 and \$2,775 for the years ended December 31, 2015 and 2014, respectively.

NOTE 8 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 9 - TAX STATUS

The Internal Revenue Service (IRS) has issued a determination letter dated March 31, 2014, stating that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2015 no uncertain positions are taken or are expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to IRS examination for years prior to 2012.

NOTE 10 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

At December 31, 2014, the Form 5500 included defaulted loans which were considered "deemed distributions". A reconciliation of the Form 5500 to the Statements of Net Assets Available for Benefits at December 31, 2015 and 2014 and the Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2015 and 2014 are as follows:
