Retirement Plan

Notes to Financial Statements

(1) DESCRIPTION OF PLAN

The following brief description of Vocational Guidance Services and Affiliates Retirement Plan is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

a.) General -

The Plan is a defined contribution pension plan covering the employees of Vocational Guidance Services, Vocational Services, Inc., and VGS, Inc. (Agencies). The plan was instituted effective January 1, 1999. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

b.) Contributions -

Each year, the Agencies contribute to the Plan 2%-9% of eligible employees compensation.

c.) Participant Accounts -

Each participant's account is credited with the Agency's contribution and Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

d.) Vesting -

Vesting in the participant account balance is based on years of continuous service. A participant is 100% vested after five years of credited service.

e.) Payment of Benefits -

On termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount or if over \$5,000 in monthly installments.

f.) Forfeited Accounts -

At December 31, 2015 and 2014, forfeited nonvested accounts totaled \$0 and \$3, respectively. These amounts are allocated annually to all participants and/or fees when the plan allows those funds to be used.

g.) Plan Administration -

Certain administration functions are performed by employees of the Organizations. No such employees receive compensation from the Plan. Generally, administrative expenses, other than those paid to Principal Financial Group, are paid directly by Vocational Guidance Services and are excluded from these financials. Certain expenses incurred in connection with the general administration of the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment related expenses are included in the net appreciation (depreciation) in fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

(2) **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:**

a.) Basis of Accounting -

The accompanying financial statements are prepared on the accrual basis of accounting.

b.) Estimates -

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

c.) Investment Valuation and Income Recognition -

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefit. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participant, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. All investments are managed by the Principal Trust Company which has determined all market values.

d.) Payment of Benefits -

Benefit payments are recorded upon distribution.

e.) Date of Management Review -

Subsequent events were evaluated through October 3, 2016, which is the date the financial statements were available to be issued.

(3) **FAIR VALUE MEASUREMENTS:**

The Plan has adopted the provisions of ASC 820, *Fair Value Measurements and Disclosure*, which defines fair values as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and establishes a framework for measuring fair values. The pronouncement establishes a three-level hierarchy for fair value measurements based on the transparency of inputs to the valuation of an asset or liability as of the measurement date. It also expands disclosures about instruments measured at fair value which includes the disclosure of the three levels of inputs that may be used to measure fair value. These include:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

Quoted prices for similar assets or liabilities in active markets;

Quoted prices for identical or similar assets or liabilities in inactive markets;

Inputs other than quoted prices that are observable for the asset or liability;

Inputs that are derived principally from or corroborated by observable

Inputs other than quoted prices that are observable for the asset or liability;

Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

(7) TAX STATUS:

The Agency has adopted a regional prototype plan, which has been approved by the Internal Revenue Service which has determined that it complies with applicable sections of the Internal Revenue Code (IRC). The Plan administrator and the Plan's tax counsel believe the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there is currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2011.

(8) RELATED PARTY TRANSACTIONS:

Certain plan investments are shares in Mutual Funds and Collective Investment Trust of Principal Financial Group. Principal Trust Company is the custodian as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to Principal Trust Company for management services and administration amounted to \$27,061 for the year ended December 31, 2015. In addition CapFinancial Partners LLC provided investment advisory services to the plan. For the year ended December 31, 2015 these fees totalled \$8,007.

(9) RISKS AND UNCERTAINTIES:

The Plan and its participants invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

(10) SUBSEQUENT EVENTS:

In preparing these financial statements, the Plan's Management has evaluated events and transactions for potential recognition or disclosure through October 3, 2016 the date the financial statements were available to be issued.
