INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
the Hexpol Retirement Savings Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Hexpol Retirement Savings Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2015, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. However, because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Charles Schwab Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2015, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) as of December 31, 2015 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content In Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Prior Period Financial Statements

The financial statements as of December 31, 2014 were audited by Brockman, Coats, Gedelian & Company, who merged with Sikich LLP as of June 1, 2016. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed Brockman, Coats, Gedelian & Company not to perform, and they did not perform, any auditing procedures with respect to the information certified by Charles Schwab Trust Company, the trustee of the Plan. Their report, dated October 5, 2015, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the Trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The predecessor auditor's report of those financial statements was dated prior to the plan's adoption of ASU 2015-12, Plan Accounting: Defined Contribution Pension Plans (Topic 962): (Part II) Plan Investment Disclosures.

1. **Description of the Plan:**

The following description of the Hexpol Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General – The Plan was established August 1, 2004 by Excel Polymers, LLC to provide eligible employees the opportunity to invest voluntary pre-tax employee contributions, matching employer contributions, and discretionary employer contributions. During 2010, Excel Polymers, LLC was purchased by Hexpol Compounding, LLC (the "Company"). Effective December 31, 2011, the Hexpol Compounding NC Inc. 401(k) Profit Sharing Plan and the Gold Key Processing, Inc. 401(k) Profit Sharing Plan were merged into the Plan. The Plan, previously named Excel Polymers Retirement Savings Plan, was renamed the Hexpol Retirement Savings Plan.

During 2014, Robbins, LLC and Kardoes Rubber Co., USA were purchased by the Company and became adopting employers (the "adopting employers") in the Plan. Employees of the adopting employers were given credit for all years of service earned with the adopting employer. In addition, during 2014, the Robbins Retirement Savings Plan was merged into the Plan.

Contributions – Eligible employees may elect to make pre-tax deferred compensation contributions to the Plan as permitted under Section 401(k) of the Internal Revenue Code. A participant may elect to contribute a minimum of 1% up to 100% of their compensation, not to exceed limits imposed by IRS Code Section 402(g). The Company has the option to elect to contribute additional funds to the Plan through matching contributions and/or discretionary contributions. Matching contributions are currently 100% of the first 3% deferred, then 50% of the next 2% deferred (maximum 4% match).

Participant Accounts – Participant account balances are maintained to reflect each participant's interest in the Plan's funds. Participant account balances are increased by participant and Company contributions, an allocated share of interest and dividend income, and any net appreciation in the fair value of investments. Account balances are decreased by participant distributions, an allocated share of any plan expenses and any net depreciation in the fair value of investments.

Eligibility – Employees of the Company are eligible to participate in the Plan, including receiving employer contributions, following six months of employment. All employees are eligible to participate except for union employees, non-resident aliens, employees regularly employed outside the U.S. and not paid in U.S dollars, persons classified as anything other than an employee (i.e., leased employee or outside contractor), and contract employees, unless the employment agreement provides for participation in the Plan.

Investment Options – Each participant may direct their contributions in any of the investment options available under the Plan. Changes in allocation of future contributions and transfers among funds of presently invested contributions are permitted pursuant to the Plan's provisions.

1. **Description of the Plan, Continued:**

Notes Receivable From Participants – Participants may borrow from their fund accounts a minimum of $1,000 up to the lesser of $50,000 or 50% of their vested balance. Also, participants may only have a maximum of two loans outstanding at any one time. Loan terms generally range from one to five years, but can extend for the purchase of a primary residence. The loans are secured by the vested balance in the participant's account and bear interest at a reasonable rate, which has been determined by the plan sponsor to be the prime rate, as defined, plus 1%. Principal and interest is paid ratably through payroll deductions.

Vesting – Participants are immediately vested in their voluntary contributions, qualified matching contributions and the related earnings thereon. Additional discretionary retirement contributions by the Company plus related earnings are subject to a three-year vesting schedule. Minimum vesting under the Plan occurs in accordance with the following schedule:

Years of Service	Vested Amount
Less than 3	0%
3 or more	100%

Forfeitures – Forfeited non-vested accounts are used to reduce future Company contributions to the Plan and/or to pay plan administrative expenses. Forfeitures available for use totaled $14,158 and $33,580 at December 31, 2015 and 2014, respectively. During 2015, $33,371 in forfeitures were used to reduce administrative expenses. During 2014, $20,976 in forfeitures were used to reduce administrative expenses.

Payment of Benefits – The balance in a participant's account not previously withdrawn may be paid to the participant or their designated beneficiary in the event of death, permanent disability, retirement, or termination of employment. Participants may elect to receive a lump sum distribution or roll over the amount into another qualified plan. Participants with a vested interest in their accounts of $5,000 or more may elect to receive a lump-sum distribution, installment payments, roll over the amount into another qualified plan or leave the funds invested as is. Participants with a vested interest in their account between $1,000 and $5,000 who do not contact the plan administrator will have an individual IRA account created and the participant's funds will be rolled over into the new IRA account. Participants with a vested interest in their account of $1,000 or less who do not contact the plan administrator will have benefits paid in a lump sum. There were no individuals who elected to withdraw from the Plan but had not been paid at December 31, 2015 and 2014.

Withdrawals – Withdrawals are permitted at early retirement age of 59½. Hardship withdrawals are permitted but limited to the elective deferral contribution amount.

Administrative Expenses – Certain administrative expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

2. Summary of Significant Accounting Policies:

Method of Accounting – The Plan's policy is to prepare its financial statements and supplemental schedule in accordance with the accrual basis of accounting generally accepted in the United States of America.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain amounts and disclosures. While actual results could differ from those estimates, management does not expect those differences to be significant to the financial statements.

New Accounting Pronouncements – In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient.* Part I is not applicable to the Plan. Part II eliminates the requirements to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively. The Plan has elected to adopt Part II early.

Investment Valuation and Income Recognition – The Plan's investments are valued by the trustee of the Plan's assets at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrative Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note 8 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 and 2014

Payment of Benefits – Benefits are recorded when paid.

2. Summary of Significant Accounting Policies, Continued:

Subsequent Events – Subsequent events are events or transactions that occur after year end but before financial statements are issued or are available to be issued. These events and transactions either provide additional evidence about conditions that existed at year end, including the estimates inherent in the process of preparing financial statements (that is, recognized subsequent events), or provide evidence about conditions that did not exist at year end but arose after that date (that is, non-recognized subsequent events).

The Plan has evaluated subsequent events through October 5, 2016, which was the date that these financial statements were available for issuance, and determined that there were no significant non-recognized subsequent events through that date.

3. Trustee Certification:

The following financial data included in the accompanying financial statements and supplemental schedule as of and for the years ended December 31, 2015 and 2014 has been certified to as complete and accurate by Charles Schwab Trust Company, the trustee of plan assets, and has not been audited by the independent auditors for the Plan: investments at fair value, notes receivable from participants, interest and dividends, interest on notes receivable from participants, and net appreciation (depreciation) in fair value of investments.

4. Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

5. Risks and Uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits, statements of changes in net assets available for benefits and participants' individual account balances.

6. Tax Status:

The Plan uses a prototype plan document sponsored by Charles Schwab Trust Company. Charles Schwab Trust Company obtained an opinion letter from the Internal Revenue Service ("IRS") dated May 23, 2008, which states that the prototype document satisfies the applicable provisions of the Internal Revenue Code. The Plan itself has not received a determination letter from the IRS. However, the plan sponsor and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015 and 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Related Party Transactions:

Certain plan investments and notes receivable from participants are managed by Charles Schwab Trust Company, the trustee and, therefore, these transactions qualify as party-in-interest. Certain employees of the Company provide administrative services to the Plan. These employees are not paid by the Plan for their services.

8. Fair Value Measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date.

Level 2 – Inputs to the valuation methodology other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as: 1) quoted prices for similar assets or liabilities in active markets; 2) quoted prices for identical or similar assets or liabilities in inactive markets; 3) inputs other than quoted prices that are observable for the asset or liability; 4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

8. Fair Value Measurements, Continued:

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust funds: Valued at fair value by using the net asset value (NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of units outstanding. The NAV is classified within Level 1 of the valuation hierarchy, because the NAV's unit price is quoted on a private market that is not active; however, the unit price is based on underlying investments which are traded on an active market.

Self-Directed Brokerage Accounts: Accounts primarily consist of mutual funds and common stocks that are valued on the basis of readily determinable market prices.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2015 Level 1	2014 Level 1
Mutual funds	$ 47,642,900	$ 48,094,004
Common collective trust funds	20,095,489	21,142,912
Self-directed brokerage accounts	1,029,692	1,120,090
Total investments at fair value	$ 68,768,081	$ 70,357,006
