403(B) Retirement Savings Plan
Notes to Financial Statements

(1) DESCRIPTION OF PLAN

The following brief description of the Vocational Guidance Services Retirement Savings Plan is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

a.) General -

The Plan is a defined contribution pension plan available to all eligible employees of Vocational Guidance Services, Vocational Services, Inc., and VGS, Inc. (Agencies). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Each eligible participant may elect to defer receipt of a portion of their salary and direct the Employer to contribute that deferral to this plan as a salary reduction contribution.

b.) Contributions -

Each eligible participant may elect to defer receipt of a portion of their salary and direct the Employer to contribute that deferral to this plan as a salary reduction contribution. Each eligible participant may elect to defer up to \$18,000 in 2015. Certain participants are able to make increased deferrals of \$6,000 if they are over age 50 and/or have at least 15 years of service. There is no provision within the Plan for any Employer contribution.

c.) Participant Accounts -

Each participant's account is credited with the employee deferral and plan earnings, and charged with an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

d.) Vesting -

All participants are 100% vested in their account balance.

e.) Individual Accounts -

The Issuer of each Annuity Contract maintains individual accounts reflecting the funds allocated on behalf of each Participant who has invested in the Contract. Each Annuity Contract provides for one or more investment alternatives from which each participant chooses. Each participant has the ability to transfer funds and make investment choices within their Annuity Contract.

f.) Participant Loans -

Effective January 1, 2009 loans are not permitted under this Plan.

g.) Payment of Benefits -

A participant may elect to distribute their account balance at any time. Specific distribution rules are illustrated in the plan document.

h.) Plan Administration -

Certain administration functions are performed by employees of the Organizations. No such employees receive compensation from the Plan. Generally, administrative expenses, other than

those paid to Principal Financial Group, Mutual of America, or CapFinancial Partners LLC are paid directly by Vocational Guidance Services and are excluded from these financials. Certain expenses incurred in connection with the general administration of the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment related expenses are included in the net appreciation (depreciation) in fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

a.) Basis of Accounting -

The accompanying financial statements are prepared on the accrual basis of accounting.

b.) Estimates -

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

c.) Investment Valuation and Income Recognition -

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefit. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. All investments are managed by Principal Trust Company and Mutual of America which has determined all market values.

d.) Payment of Benefits -

Benefit payments are recorded upon distribution.

e.) Date of Management Review -

Subsequent events were evaluated through October 10, 2016 which is the date the financial statements were available to be issued.

(3) FAIR VALUE MEASUREMENTS:

The Plan has adopted the provisions of ASC 820, *Fair Value Measurements and Disclosure*, which defines fair values as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and establishes a framework for measuring fair values. The pronouncement establishes a three-level hierarchy for fair value measurements based on the transparency of inputs to the valuation of an asset or liability as of the measurement date. It also expands disclosures about instruments measured at fair value which includes the disclosure of the three levels of inputs that may be used to measure fair value. These include:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
---------	---

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

Assets at Fair Value as of December 31, 2015

(6) TAX STATUS:

The Organization's have adopted a prototype plan from the Principal Financial Group, which has been approved by the Internal Revenue Service which has determined that it complies with applicable sections of the Internal Revenue Code (IRC). The plan was amended during 2014 to incorporate unilateral amendments made to the prototype plan to comply with various provisions in the following tax acts:

Pension Protection Act of 2006
 Heroes Earnings Assistance and Relief Tax Act of 2008
 Worker, Retiree, and Employer Recovery Act of 2008
 Small Business Jobs Act of 2010
 Final 401(k) and 401(m) Regulations
 American Taxpayer Relief Act of 2012

The Plan administrator and the Plan's tax counsel believe the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there is currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2011.

(7) RELATED PARTY TRANSACTIONS:

Certain plan investments are shares in Mutual Funds and Collective Investment Trust of Principal Financial Group. Principal Trust Company is the custodian as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to Principal Trust Company for management services and administration amounted to \$4,892 for the year ended December 31, 2015. In addition, CapFinancial Partners LLC provided investment advisory services to the plan. For the year ended December 31, 2015 these fees totaled \$6,126.

In addition, certain plan investments are shares in Mutual Funds and General Account Funds of Mutual of America. Mutual of America is the custodian of certain participant accounts, and therefore these investments qualify as party-in-interest transactions. The plan incurred fees in the amount of \$278 for the year ended December 31, 2015.

(8) RISKS AND UNCERTAINTIES:

The Plan and its participants invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

(9) SUBSEQUENT EVENTS:

In preparing these financial statements, the Plan's Management has evaluated events and transactions for potential recognition or disclosure through October 10, 2016 the date the financial statements were available to be issued.
