NOTE 1: DESCRIPTION OF PLAN

The following description of the ECORP Consulting, Inc. 401(k) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established October 1, 1998 to provide benefits for employees of the Plan Sponsor and the employees' beneficiaries. The Plan is a combined 401(k) Profit Sharing Plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Counsel Trust Company, doing business as Mid Atlantic Trust Company, is the Trustee of the Plan as of December 31, 2015 and 2014. The Plan was restated effective September 20, 2006 to adopt the Volume Submitter Agreement of Paychex Retirement Services.

The Plan was amended effective January 1, 2014 to comply with current IRS and ERISA regulations.

Plan Year

The Plan year begins January 1 and ends December 31.

Eligibility

Employees who are at least 21 years of age are eligible to enter the Plan.

Contributions

The Plan allows for the following types of contributions:

- *Employee Salary Deferral 401(k) Contributions*
  The Plan includes an elective salary deferral arrangement pursuant to Section 401(k) of the Internal Revenue Code (the "Code"). Employees may voluntarily contribute up to 75% of their regular wages subject to various nondiscrimination tests and limitations prescribed by the Code.

- *Employer Matching Contributions*
  The Plan Sponsor may make discretionary matching contributions to the Plan. In order to be eligible for the matching contribution, an employee must have completed at least one year service with at least 1,000 hours of service, and be employed on the last day of the Plan year. The Plan Sponsor elected to make matching contributions of 20% of employee deferrals in 2015 and 25% of employee deferrals in 2014.

- *Employee Rollover Contributions from Another Qualified Plan*
  Participants may make rollover contributions from another qualified plan.

- *Employer Profit Sharing Contributions*
  The Plan Sponsor may make an additional profit sharing contribution at management's discretion. In order to be eligible for the profit sharing contribution, an employee must have completed at least one year service with at least 1,000 hours of service, and be employed on the last day of the Plan year. There were no employer profit sharing contributions in 2015 or 2014.

NOTE 1: **DESCRIPTION OF PLAN (Continued)**

Allocations

The Plan provides various investment fund options and allows participants to direct their investments. Investment earnings and losses are allocated to participants' accounts based on the earnings or losses of the investments selected. Forfeitures are used to reduce employer contributions. Forfeitures for the years ended December 31, 2015 and 2014 were $342 and $2,335, respectively.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Discretionary employer contributions credited thereon vest over a six-year period as follows:

Less than 2 years credited service	0%
2 years credited service	20%
3 years credited service	40%
4 years credited service	60%
5 years credited service	80%
6 years credited service	100%

For vesting purposes, a year of service is equivalent to 1,000 hours of service during the Plan year.

Retirement

Normal retirement under the Plan is age sixty-five (65).

Payment of Benefits

Payment of benefits may be made at the following times under the Plan: 1) normal retirement; 2) termination of employment of the participant; 3) hardship withdrawal; or 4) death of the participant. The form of benefit payments may be in a single lump sum or in periodic installments over a period of time.

Notes Receivable from Participants

The Plan allows participants to borrow from their accounts up to $50,000 or 50% of their vested account balance, whichever is less. Borrowings bear interest and payments are withheld from the participants' payroll until paid. Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

Administrative

The administrative expenses of the plan are paid for by the Plan Sponsor.

NOTE 2: **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Date of Management's Review

Subsequent events were evaluated through September 28, 2016 which is the date the financial statements were available to be issued.

Basis of Accounting

The financial statements of the Plan are maintained on the accrual basis of accounting.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the cash basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2: **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

Contributions Receivable

Contributions receivable are recorded in the financial statements for amounts contributed but not received as of year-end.

Income Taxes

The Plan obtained its latest determination letter on November 26, 2001, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements. The federal income tax returns of The Plan for December 31, 2015, 2014, and 2013 are subject to examination by the IRS, generally for three years after they were filed.

Accounting Principles

The 2015 financial statements reflect the application of Financial Accounting Standards Update 2015-7, *Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent).* The amendments in this Update remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient.

The 2015 financial statements also reflect the application of Financial Accounting Standards Update 2015-12, *Plan Accounting: Defined Contribution Pension Plans.* The purpose of this update is to simplify plan accounting. The amendments in Part II of this Update eliminate the requirements for plans to disclose (1) individual investments that represent 5% or more of net assets available for benefits and (2) the net appreciation or depreciation for investments by general type for both participant-directed investments and nonparticipant directed investments. The net appreciation or depreciation in investments for the period is still required to be presented in the aggregate.

Estimates and Assumptions

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 3: **PLAN TERMINATION**

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 4: **INFORMATION CERTIFIED BY THE TRUSTEE**

The following amounts are included in these financial statements and were taken directly from statements provided, and certified as complete and accurate, by Counsel Trust Company, doing business as Mid Atlantic Trust Company, the Trustee as of December 31, 2015 and 2014.

	2015	2014
Investments in money market and mutual funds	$ 8,558,752	$ 7,934,700
Net appreciation (depreciation) in fair value of investments	$ (162,719)	$ 262,842
Interest and dividend income	$ 155,303	$ 177,257
Participant contributions	$ 600,714	$ 644,946
Rollover contributions	$ 55,271	$ 45,158
Benefits paid to participants	$ 232,602	$ 217,672

NOTE 5: **FAIR VALUE MEASUREMENTS**

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 inputs were available to the Plan and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available. For the years ended December 31, 2015 and 2014 the Plan did not have any level 2 or level 3 inputs.

Level 1 Fair Value Measurements

The fair value of money market and mutual funds is based on quoted net asset values of the shares held by the Plan at year-end. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. The fair values of common stock, corporate bonds, and U.S. Government securities are based on the closing price reported on the active market where the individual securities are traded.

NOTE 6: **RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 1: DESCRIPTION OF PLAN

The following description of the ECORP Consulting, Inc. 401(k) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established October 1, 1998 to provide benefits for employees of the Plan Sponsor and the employees' beneficiaries. The Plan is a combined 401(k) Profit Sharing Plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Counsel Trust Company, doing business as Mid Atlantic Trust Company, is the Trustee of the Plan as of December 31, 2015 and 2014. The Plan was restated effective September 20, 2006 to adopt the Volume Submitter Agreement of Paychex Retirement Services.

The Plan was amended effective January 1, 2014 to comply with current IRS and ERISA regulations.

Plan Year

The Plan year begins January 1 and ends December 31.

Eligibility

Employees who are at least 21 years of age are eligible to enter the Plan.

Contributions

The Plan allows for the following types of contributions:

- *Employee Salary Deferral 401(k) Contributions*
  The Plan includes an elective salary deferral arrangement pursuant to Section 401(k) of the Internal Revenue Code (the "Code"). Employees may voluntarily contribute up to 75% of their regular wages subject to various nondiscrimination tests and limitations prescribed by the Code.

- *Employer Matching Contributions*
  The Plan Sponsor may make discretionary matching contributions to the Plan. In order to be eligible for the matching contribution, an employee must have completed at least one year service with at least 1,000 hours of service, and be employed on the last day of the Plan year. The Plan Sponsor elected to make matching contributions of 20% of employee deferrals in 2015 and 25% of employee deferrals in 2014.

- *Employee Rollover Contributions from Another Qualified Plan*
  Participants may make rollover contributions from another qualified plan.

- *Employer Profit Sharing Contributions*
  The Plan Sponsor may make an additional profit sharing contribution at management's discretion. In order to be eligible for the profit sharing contribution, an employee must have completed at least one year service with at least 1,000 hours of service, and be employed on the last day of the Plan year. There were no employer profit sharing contributions in 2015 or 2014.

NOTE 1: **DESCRIPTION OF PLAN (Continued)**

Allocations

The Plan provides various investment fund options and allows participants to direct their investments. Investment earnings and losses are allocated to participants' accounts based on the earnings or losses of the investments selected. Forfeitures are used to reduce employer contributions. Forfeitures for the years ended December 31, 2015 and 2014 were $342 and $2,335, respectively.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Discretionary employer contributions credited thereon vest over a six-year period as follows:

Less than 2 years credited service	0%
2 years credited service	20%
3 years credited service	40%
4 years credited service	60%
5 years credited service	80%
6 years credited service	100%

For vesting purposes, a year of service is equivalent to 1,000 hours of service during the Plan year.

Retirement

Normal retirement under the Plan is age sixty-five (65).

Payment of Benefits

Payment of benefits may be made at the following times under the Plan: 1) normal retirement; 2) termination of employment of the participant; 3) hardship withdrawal; or 4) death of the participant. The form of benefit payments may be in a single lump sum or in periodic installments over a period of time.

Notes Receivable from Participants

The Plan allows participants to borrow from their accounts up to $50,000 or 50% of their vested account balance, whichever is less. Borrowings bear interest and payments are withheld from the participants' payroll until paid. Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

Administrative

The administrative expenses of the plan are paid for by the Plan Sponsor.

NOTE 2: **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Date of Management's Review

Subsequent events were evaluated through September 28, 2016 which is the date the financial statements were available to be issued.

Basis of Accounting

The financial statements of the Plan are maintained on the accrual basis of accounting.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the cash basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2: **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

Contributions Receivable

Contributions receivable are recorded in the financial statements for amounts contributed but not received as of year-end.

Income Taxes

The Plan obtained its latest determination letter on November 26, 2001, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements. The federal income tax returns of The Plan for December 31, 2015, 2014, and 2013 are subject to examination by the IRS, generally for three years after they were filed.

Accounting Principles

The 2015 financial statements reflect the application of Financial Accounting Standards Update 2015-7, *Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent).* The amendments in this Update remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient.

The 2015 financial statements also reflect the application of Financial Accounting Standards Update 2015-12, *Plan Accounting: Defined Contribution Pension Plans.* The purpose of this update is to simplify plan accounting. The amendments in Part II of this Update eliminate the requirements for plans to disclose (1) individual investments that represent 5% or more of net assets available for benefits and (2) the net appreciation or depreciation for investments by general type for both participant-directed investments and nonparticipant directed investments. The net appreciation or depreciation in investments for the period is still required to be presented in the aggregate.

Estimates and Assumptions

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 3: **PLAN TERMINATION**

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 4: **INFORMATION CERTIFIED BY THE TRUSTEE**

The following amounts are included in these financial statements and were taken directly from statements provided, and certified as complete and accurate, by Counsel Trust Company, doing business as Mid Atlantic Trust Company, the Trustee as of December 31, 2015 and 2014.

	2015	2014
Investments in money market and mutual funds	$ 8,558,752	$ 7,934,700
Net appreciation (depreciation) in fair value of investments	$ (162,719)	$ 262,842
Interest and dividend income	$ 155,303	$ 177,257
Participant contributions	$ 600,714	$ 644,946
Rollover contributions	$ 55,271	$ 45,158
Benefits paid to participants	$ 232,602	$ 217,672

NOTE 5: **FAIR VALUE MEASUREMENTS**

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 inputs were available to the Plan and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available. For the years ended December 31, 2015 and 2014 the Plan did not have any level 2 or level 3 inputs.

Level 1 Fair Value Measurements

The fair value of money market and mutual funds is based on quoted net asset values of the shares held by the Plan at year-end. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. The fair values of common stock, corporate bonds, and U.S. Government securities are based on the closing price reported on the active market where the individual securities are traded.

NOTE 5: **FAIR VALUE MEASUREMENTS (Continued)**

NOTE 6: **RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
