INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees
CCW Management Corp. 401(k) Plan
50 Broadway
Hawthorne, New York 10532

I have audited the accompanying financial statements of CCW Management Corp. 401(k) Plan (the "Plan") (formerly Cardiology Consultants of Westchester, P.C. 401(k) Profit Sharing Plan), which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014 and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on my audits. I conducted my audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, I express no such opinion. An audit also includes evaluating the appropriateness of accounting polices used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Opinion

In my opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2015 and 2014 and the changes in net assets available for benefits for the years then ended, in accordance with the accounting principles generally accepted in the United States of America.

Report on Supplemental Information

My audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The Supplemental Schedules of Assets (Held At End of Year) and Assets (Acquired and Disposed of within the Plan Year), together referred to as "supplemental information," are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In my opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

NOTE 1 - DESCRIPTION OF PLAN

The following description of CCW Management Corp. Plan (the Plan) (formerly Cardiology Consultants or Westchester, P.C. 401(k) Profit Sharing Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan and covers all employees of CCW Management Corp. (the Plan Sponsor), and Medical Reimbursements Associates who have one year of service, are age twenty-one or older and complete 1,000 hours of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees (the Plan Management) is responsible for oversight of the Plan, and determines the appropriateness of the Plan's investment options and monitors investment performance.

Employer Contributions - All contributions to the Plan are at the discretion of the Plan Sponsor. The participants direct the investment of their allocated amount of employer contributions into the various investment options offered by the Plan.

Employee Contributions - Participants may elect to contribute $18,000 and $17,500 respectively for the years ended December 31, 2015 and 2014, of their pre-tax annual compensation as defined in the Plan, subject to certain Internal Revenue Service compliance tests. Participants who have attained age 50 before the year end of the Plan year are eligible to make catch-up contributions of $6,000 and $5,500 respectively for the years ended December 31, 2015 and 2014. During 2006 participants were offered the election to allocate 401(k) deferrals to either a pre-tax 401(k) or an after tax Roth 401(k). The combined deferrals may not exceed the allowed 401(k) contribution limits. Participants direct the investment of their contributions into the various investment options offered by the Plan.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocation of (a) the Plan Sponsor's contribution, (b) Plan earnings, and (c) forfeitures of terminated participants' nonvested accounts. Allocations are based on participant earnings and account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options - Upon enrollment in the Plan, participants may direct employee contributions and their allocation of the employer's contribution in any of the investment options. Participants may change their investment options daily. The Plan provides for participant directed investments.

Vesting - Participants are immediately vested in their voluntary and rollover contributions as well as the employer's safe harbor contribution plus actual earnings thereon and are 100 percent vested after two years of credited service in the allocated employer's matching contribution and earnings thereon. Employees that become totally and permanently disabled prior to their retirement date are automatically considered 100 percent vested.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

Payment of Benefits - On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts - At December 31, 2015 and 2014, forfeited nonvested accounts totaled $8,861. These accounts were used to reduce the employers matching contribution for December 31, 2015.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan Sponsor to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Board of Trustees determines the Plan's valuation policies utilizing information provided by the investment advisors and custodians. See NOTE 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's losses on investments brought and sold as well as held during the year.

Payment of Benefits - Benefits are recorded when paid.

Expenses - Except for direct investment expenses charged directly to the Plan, all other expenses are paid by the Plan Sponsor, and are excluded from these financial statements. Fees related to a periodic or one time distribution from the participant's account are charged directly to the participant's account and are included in fees.

NOTE 3 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2015	2014
Level 1	$ 22,860,434	$ 23,284,198
Level 2	-	-
Level 3	-	-
	$ 22,860,434	$ 23,284,198

NOTE 5 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

NOTE 7 - TAX STATUS

The IRS has determined and informed Rosenfeld/Tortu Retirement Planning Company Co., Inc. the Plans Third Pary Administrator by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended after receiving this letter, the Plans Administrator and Trustee's believe that the Plan is designed and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax postions taken by the Plan and recognize a tax liability if the plan has taken an uncertain position that more then likely than not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdicitions; however there are currently no audits for any tax period in progress. The Plan Administrator believes it is no longer subject to income tax examination for the years prior to 2011.
