NOTE 1--DESCRIPTION OF PLAN

The following description of the Landmark Dividend LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General : The Plan, which was originally adopted on August 1, 2012, is a defined contribution plan covering substantially all employees of Landmark Dividend LLC (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions : Participant salary reduction contributions: Each year, participants may contribute up to 100% of pretax annual compensation, as defined by the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. The Plan includes an auto enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated fund until changed by the participant. As defined by the Plan, participants are permitted to designate a portion or all of the deferral contributions they are otherwise eligible to make under the Plan as Roth deferral contributions. Such contributions are 100% vested and non-forfeitable. Participant contributions are subject to certain Internal Revenue Service (IRS) limitations.

Employer discretionary matching contributions: The Company may make discretionary matching contributions to the Plan. These contributions are subject to overall employer contribution limits and additions to individual participant account limits. Each participant will be vested in employer discretionary matching contributions per the vesting schedule. The Company has elected to not make discretionary matching contributions to the Plan for the year ended December 31, 2015.

Nonelective employer contributions: The Company may make nonelective employer contributions to the Plan in one or more installments, as determined by the Board. These contributions are subject to overall employer contribution limits and additions to individual participant account limits. Each participant will be vested in nonelective employer contributions per the vesting schedule. The Company has elected to not make nonelective employer contributions to the Plan for the year ended December 31, 2015.

Qualified nonelective employer contributions: The Company may make qualified nonelective employer contributions to the Plan on behalf of a select group or groups of non-highly compensated participants, as necessary. These contributions are subject to overall employer contribution limits and additions to individual participant account limits. Such contributions are 100% vested and non-forfeitable. The Company has elected to not make qualified nonelective employer contributions to the Plan for the year ended December 31, 2015.

NOTE 1--DESCRIPTION OF PLAN (Continued)

Contributions (continued)	:	Participant rollover contributions: Participants may also contribute amounts representing distributions from other qualified defined contribution or defined benefit plans (rollover).
Eligibility to participate	:	Employees who have reached age 21 and completed three months of service are eligible to participate in the Plan as of the next succeeding entry date, which is the first day of each plan month.
Forfeitures	:	At December 31, 2015 and 2014, forfeited nonvested accounts held by the Plan totaled $10 and $980. These accounts will be used to pay administrative expenses of the Plan and to reduce future employer contributions. During 2015, forfeited nonvested accounts totaling $980 were used to pay administrative expenses of the Plan.
Notes receivable from participants	:	Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account. The loan interest rate is set at 1% above the prime rate. At December 31, 2015, all loans bore interest at a rate of 4.25%.
Participant accounts	:	Participants direct the investment of their contributions into various investment options offered by the Plan. If a participant has not elected investment options, contributions will be directed to the default investments as determined by the plan administrator. Individual accounts are maintained for each plan participant. Each participant's account is credited with the participant's salary reduction and rollover contributions, employer discretionary matching contributions, nonelective employer contributions, qualified nonelective employer contributions and plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
Payment of benefits	:	On termination of service due to death, disability, or retirement, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. The distribution shall be made to the participant or beneficiary in accordance with the election of the participant. Participants may defer receiving these benefits until their normal retirement age if their vested account balance exceeds $5,000. Participants may also elect to withdraw in cash certain vested amounts within his or her contribution account to the extent necessary to meet a financial hardship, in accordance with the regulations and rulings of the Internal Revenue Code (IRC). After the withdrawal, a stipulated period of time must lapse, as defined by the Plan, before a participant can make additional deferred contributions.

NOTE 1--DESCRIPTION OF PLAN (Continued)

Reclassification : Certain prior year balances have been reclassified to agree to current year presentation.

Vesting : Participants are vested immediately in their participant salary reduction contributions, their qualified nonelective employer contributions and their rollover contributions plus actual earnings thereon. Vesting in the remainder of their accounts (employer discretionary matching contributions and nonelective employer contributions) is based on years of continuous service. Accrued benefits vest as follows:

Years of Service	Vested Interest
Less than 1	0%
1	25%
2	50%
3	75%
4 or more	100%

For vesting purposes, a year of service is defined as a plan year in which an employee works at least 1,000 hours.

Participants become fully vested upon termination for reason of retirement, death or disability, or if the Plan is terminated. Non-vested benefits are forfeited by participants upon termination for reasons other than normal retirement, death or disability.

NOTE 2--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting and early adoption of new accounting policies : The financial statements of the Plan are presented on the accrual basis of accounting.

In May 2015, the FASB issued ASU 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent).* This standard exempts investments for which fair value is measured at net asset value per share (or its equivalent) using the practical expedient from categorization within the fair value hierarchy. The standard requires retrospective application and is effective for public business entities for fiscal years, and interim periods within those years, beginning after December 15, 2015. For all other entities, the standard is effective for fiscal years, and interim periods within those years, beginning after December 15, 2016. Early application is permitted.

Management elected to early adopt ASU 2015-07. Accordingly, the provisions were applied retrospectively for all financial statements presented resulting in the removal of the investments noted above from categorization within the fair value hierarchy.

NOTE 2--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Basis of accounting and early adoption of new accounting policies (continued) : In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient.* This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides for a measurement-date practical expedient. Parts I and II are effective for fiscal years beginning after December 15, 2015 and should be applied retrospectively for all financial statements presented, with early application permitted. Part III is effective for fiscal years beginning after December 15, 2015 and should be applied prospectively, with early application permitted. Plans may elect to early adopt any of the three parts of ASU 2015-12 individually.

Management has elected to early adopt Parts I and II of ASU 2015-12. Accordingly, the provisions were applied retrospectively for all financial statements presented resulting in simplified investment disclosures. Part III of the ASU is not applicable to this Plan.

Administrative expenses : Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and to distributions from participant accounts are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Investment valuation and income recognition : Investments are reported at fair value, except for the fully benefit-responsive investment contract with an insurance company, which is valued at contract value (see Note 5). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants : Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses have been recorded as of December 31, 2015 and 2014. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of benefits : Benefits are recorded when paid.

NOTE 2--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Subsequent events	:	The Plan has evaluated subsequent events through October 5, 2016, the date the financial statements were available to be issued.
Use of estimates	:	The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 3--CERTIFIED INFORMATION

The following is a summary of the certified information regarding the Plan, included in the Plan's financial statements and supplemental schedule, that was prepared by or derived from information prepared by Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC, the custodians of the Plan, and furnished to the plan administrator. The plan administrator has obtained certifications from the custodians that the information is complete and accurate as of December 31, 2015 and 2014. Certified information is summarized as follows:

	2015	2014
Pooled separate accounts, at fair value	$ 1,773,745	$ 1,183,864
Guaranteed investment contract, at contract value	23,123	49,276
Notes receivable from participants	55,928	39,124
Total investments and assets certified by the custodians	$ 1,852,796	$ 1,272,264

Changes in net assets certified by the custodians and not audited for the year ended December 31, 2015, include the following:

Net depreciation in fair value of investments	$ (31,454)
Interest income on investments	340
Interest income on notes receivable from participants	1,477
Administrative expenses	(1,205)

NOTE 4--FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under FASB ASC 820 and a description of the valuation methodologies used for assets measured at fair value are described as follows:

Level 1 Fair Value Measurements

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

The Plan held no level 1 assets as of December 31, 2015 and 2014.

NOTE 4--FAIR VALUE MEASUREMENTS (Continued)

Level 2 Fair Value Measurements

Inputs to the valuation methodology include (a) quoted prices for similar assets or liabilities in active markets, (b) quoted prices for identical or similar assets or liabilities in inactive markets, (c) inputs other than quoted prices that are observable for the asset or liability or (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

The Plan held no level 2 assets as of December 31, 2015 and 2014.

Level 3 Fair Value Measurements

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The Plan held no level 3 assets as of December 31, 2015 and 2014.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

	Assets at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total Fair Value
None	$ 0	$ 0	$ 0	$ 0
Total assets in fair value hierarchy	$ 0	$ 0	$ 0	0
Investments measured at NAV using the practical expedient				1,773,745
Total investments, at fair value				$ 1,773,745

	Assets at Fair Value as of December 31, 2014			
	Level 1	Level 2	Level 3	Total Fair Value
None	$ 0	$ 0	$ 0	$ 0
Total assets in fair value hierarchy	$ 0	$ 0	$ 0	0
Investments measured at NAV using the practical expedient				1,183,864
Total investments, at fair value				$ 1,183,864

NOTE 5--INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has a fully benefit-responsive guaranteed investment contract with Great-West Life & Annuity Insurance Company. Great-West Life & Annuity Insurance Company maintains the contributions in a general account. The account is credited with earnings on the underlying investment and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Great-West Life & Annuity Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2015 and 2014 was $23,123 and $49,276, respectively. The crediting interest rate is based on an agreed upon formula with the contract issuer but may not be less than zero percent. The crediting interest rate is reviewed and reset on a quarterly basis.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deleting of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestiture or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemptions under ERISA. The plan administrator does not believe that any events which would limit the plan's ability to transact at contract value with participants are probable of occurring.

NOTE 6--PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their employer contributions.

NOTE 7--TAX STATUS

As of December 31, 2015, an IRS determination letter has not been obtained for the Plan instrument as adopted, but an IRS "prototype" opinion letter dated March 31, 2014 has been obtained by San Diego Pension Consultants, Inc., the service provider, regarding the original plan document. The Plan Administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, plan management believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the U.S. Department of Labor (DOL) Employee Benefits Security Administration (EBSA). Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015 and 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine income tax examinations by taxing jurisdictions; however, there are currently no income tax examinations for any tax periods in progress. Since the Plan was formed on August 1, 2012, management believes that the only years open to income tax examination are 2012, 2013 and 2014.

NOTE 8--PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are units of pooled separate accounts and a guaranteed investment contract managed by Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC. Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC are the custodians as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. The plan sponsor pays directly any other fees related to the Plan's operations.

NOTE 9--RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.
