Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Austin Radiological Association, P.A. 401(k) Profit Sharing Plan and Trust (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in note 3, which was certified and provided by Charles Schwab Bank, the trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustee holds the Plan's assets and executes transactions. The Plan administrator has obtained certifications from the trustee as of December 31, 2015 and 2014, and for the years then ended, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) as of December 31, 2015 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. The supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance With the Department of Labor's Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Description of Plan

The following description of Austin Radiological Association, P.A. 401(k) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan was amended and restated effective August 19, 2015.

General

The Plan is a defined contribution plan that covers all full-time employees of Austin Radiological Association, P.A. and Austin Radiological Association MSO, LLC (collectively, the "Company") who are eligible to participate after one month of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

There are several types of contributions available to be made under the Plan as follows:

- Elective deferrals for employees classified as physicians, administrators, and chief executive officer – such employees may make maximum elective deferral contributions of 5% of eligible compensation for those earning greater than \$265,000 (highly compensated) (\$255,000 in 2014) or 7% of eligible compensation for those earning less than \$265,000 (nonhighly compensated) (\$255,000 in 2014).
- Elective deferrals for employees classified as staff – such employees may make elective deferral contributions no greater than \$18,000 for the calendar year 2015 (\$17,500 in 2014), as outlined by the Internal Revenue Service ("IRS") guidelines.
- Employer discretionary contributions for employees classified as physicians, administrators, and chief executive officer – for such employees, the employer will make discretionary contributions of 15% of eligible compensation less than or equal to \$265,000 (\$255,000 in 2014).
- Employer discretionary contributions for employees classified as staff – for such employees, the employer will make discretionary contributions of 7.5% of eligible compensation.
- Nonsafe harbor matching contributions for employees classified as highly compensated physicians, administrators hired before July 15, 2005, and chief executive officer – no such matching contributions will be made for these employees.
- Nonsafe harbor matching contributions for employees classified as staff, administrators, and nonhighly compensated physicians – for such employees, the employer will make nonsafe harbor matching contributions in an amount equal to 25% of a participants elective deferrals that do not exceed 3% of his or her compensation.

Participants who are age 50 or older may also make additional "catch-up" salary deferral contributions.

Notes to the Financial Statements

Participant Accounts

Participants direct the investment of their contributions into various investment options offered by the Plan.

Each participant's account is credited with the participant's contribution and allocations of the Company's contributions and Plan earnings. Allocations are based on participant contributions or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions, employer nonsafe harbor contributions, and actual earnings thereon. Vesting in the Company's discretionary contribution portion of their accounts is based on years of continuous service. Company discretionary contributions have a two-year graded vesting period as follows:

<u>Completed Years of Service</u>	<u>Vested Percentage</u>
Less than 2 years	0%
2 years	100%

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest, as determined by the Plan administrator. Principal and interest are paid through payroll deductions.

Notes receivable from participants are measured at their unpaid principal balance plus accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

On termination of service, a participant may elect to receive a lump-sum distribution equal to the value of the participant's vested interest in his or her account. Any balance under \$1,000 is automatically paid out as soon as administratively possible. Hardship withdrawals are also available subject to certain limitations.

Forfeitures

Participant forfeitures of nonvested balances will be used to reduce future employer contributions and pay the expenses of the Plan. During 2015 and 2014, employer contributions were reduced by \$34,554 and \$32,923 from forfeited nonvested accounts, respectively. At December 31, 2015 and 2014, unallocated forfeitures totaled \$34,725 and \$37,637, respectively.

Austin Radiological Association, P.A. 401(k) Profit Sharing Plan and Trust

Notes to the Financial Statements

Administrative Expenses

Administrative expenses may be paid by either the Plan sponsor or the Plan, as provided by the Plan document. Loan administration fees are paid by the participant electing the loan.

2. Summary of Significant Accounting Policies

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Cash Surrender Value of Participant's Life Insurance

Participants may maintain life insurance policies under the Plan to provide additional funds for retirement. Life insurance policies reflected in the financial statements are measured at their cash surrender value. Insurance premiums are paid by the trustee from the participant's funds.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be recognized to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 5 for disclosure of the fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Recent Accounting Pronouncements

In July 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans, Defined Contribution Pension Plans, and Health and Welfare Benefit Plans – (1) Fully Benefit-Responsive Investment Contracts, (II) Plan Investment Disclosures, and (III) Measurement Date Practical Expedient (a consensus of the FASB Emerging Issues Task Force)*. The purpose of this ASU is to simplify plan accounting.

- The amendments in Part I of this ASU designate contract value as the only required measurement for direct investments in fully benefit-responsive investment contracts. Fully benefit-responsive investment contracts will be presented at contract value; accordingly, there will no longer be an adjustment from fair value to contract value on the face of the financial statements.

Austin Radiological Association, P.A. 401(k) Profit Sharing Plan and Trust

Notes to the Financial Statements

- The amendments in Part II of this ASU will eliminate the requirements for plans to disclose (1) individual investments that represent 5% or more of net assets available for benefits and (2) the net appreciation or depreciation for investments by general type for both participant-directed investments and nonparticipant-directed investments. The net appreciation or depreciation in investments for the period will still be required to be presented in the aggregate. In addition, if an investment is measured using the net asset value (“NAV”) per share (or its equivalent) practical expedient in *Fair Value Measurement: Disclosures for Investments in Certain Entities That Calculate Net Asset Value Per Share (or its Equivalent)* and that investment is in a fund that files a United States Department of Labor Form 5500, Annual Return/Report of Employee Benefit Plan, as a direct filing entity, disclosure of that investment’s strategy will no longer be required.
- The amendments in Part III of this ASU reduce complexity in employee benefit plan accounting by providing a practical expedient that permits plans to measure investments and investment-related accounts as of a month-end date that is closest to the plan’s fiscal year-end, when the fiscal period does not coincide with month-end.

The ASU may be adopted in whole or by part (I, II, and III), as applicable. The amendments in this ASU are effective for fiscal years beginning after December 15, 2015. Early adoption is permitted. Upon adoption, the amendments in Parts I and II shall be applied retrospectively to all periods presented; the amendments in Part III shall be applied prospectively. Plan management is currently evaluating the impact this ASU will have on the Plan’s financial statements.

In May 2015, FASB issued ASU No. 2015-07, *Fair Value Measurement: Disclosures for Investments in Certain Entities That Calculate Net Asset Value Per Share (or its Equivalent)*. The amendments in this ASU remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the NAV per share practical expedient. However, sufficient information must be provided to permit reconciliation of the fair value of assets categorized within the fair value hierarchy to the amounts presented in the statement of financial position. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the NAV per share practical expedient. The amendments in this ASU are effective for entities with fiscal years beginning after December 15, 2015. Upon adoption, the amendments shall be applied retrospectively to all periods presented.

Subsequent Events

The Plan has evaluated subsequent events through September 12, 2016, the date the financial statements were available to be issued.

Reclassification

Certain reclassifications have been made in the prior year’s financial statements to conform to current year’s presentation.

3. Information Certified and Provided by Charles Schwab Bank

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Charles Schwab Bank ("Charles Schwab"), the trustee of the Plan, has certified the following information included in the accompanying financial statements and supplemental schedule:

- Investments, excluding insurance contracts, and notes receivable from participants, as shown in the statements of net assets available for benefits and related disclosures as of December 31, 2015 and 2014
- Net appreciation (depreciation) in fair value of investments, dividends, and interest and interest income on notes receivable from participants, as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2015 and 2014
- Investment information included in the accompanying schedule of assets (held at end of year) as of December 31, 2015, with the exception of the cash surrender value of the participants' life insurance policy

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

	<u>\$ (3,004,474)</u>	<u>\$ 7,431,000</u>

5. Fair Value Measurements

FASB's Accounting Standards Codification ("ASC"), *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB's ASC, *Fair Value Measurements and Disclosures*, are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices for the asset or liability that are observable
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, Level 2 inputs must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Austin Radiological Association, P.A. 401(k) Profit Sharing Plan and Trust

Notes to the Financial Statements

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques that are used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014:

- Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- Self-directed brokerage account – The underlying investments, which consist primarily of mutual funds and individual corporate common stocks, are valued at the closing price reported on the open market.

The methods above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

6. Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Charles Schwab. Charles Schwab is the trustee, as defined by the Plan and, therefore, these investments qualify as party-in-interest transactions.

The Plan sponsor paid certain administrative expenses related to the Plan for the years ended December 31, 2015 and 2014.

7. Plan Termination

Although it has not expressed any intent to do so, the Plan sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Plan sponsor contributions.

8. Tax Status

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Effective January 1, 2013, the Plan adopted a nonstandardized form of a prototype plan. The prototype plan has received a determination letter from the IRS as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Austin Radiological Association, P.A. 401(k) Profit Sharing Plan and Trust

Notes to the Financial Statements

9. Risks and Uncertainties

The Plan invests in various types of investments. Investments are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
