REPORT OF INDEPENDENT AUDITORS

The Board of Trustees of the
Sheet Metal Workers' National Supplemental
Savings Plan

We have audited the accompanying financial statements of the Sheet Metal Workers' National Supplemental Savings Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

The Plan's management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the information regarding the Plan's net assets available for benefits as of December 31, 2015 and 2014 and the changes in its net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Supplementary Information

Our audits were made for the purpose of forming an opinion on the financial statements taken as a whole. The supplemental schedules on pages 12 through 14 are presented for the purpose of additional analysis and are not a required part of the basic financial statements, but the supplementary information is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The schedules are the responsibility of the Plan's management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. The supplemental schedules have been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

SHEET METAL WORKERS' NATIONAL SUPPLEMENTAL SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2015 AND 2014

NOTE 1. DESCRIPTION OF THE PLAN

The following description of the Sheet Metal Workers' National Supplemental Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan was established effective October 1, 1999, and covers employees of participating employers who meet the eligibility requirements. The Plan is a multiemployer profit sharing plan, with a deferred arrangement commonly referred to as a 401(k) plan. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). An employee shall become a participant on the date of hire or the date the employer becomes a contributing employer, whichever is later.

Participant Contributions - Eligible participants may elect to make a pretax contribution to the Plan by contributing an amount per hour worked or a set dollar amount of earnings. Participant contributions receivable is based on amounts withheld from participants by employers prior to year-end but received by the Plan after year-end.

Operating Account - Pursuant to the plan document, fees for administrative expenses are \$7.50 per quarter. In addition, if investments are self-directed there is an additional fee of \$25. These fees are deducted from Participant accounts and are deposited into a general account of the Plan and are used to pay such expenses. At December 31, 2015 and 2014, \$324,205 and \$282,938 of non-participant directed monies are included in net assets available for benefits, respectively.

Profit Sharing Contributions - A contributing employer may determine that it will contribute an amount to its employees' profit sharing accounts, as set forth in the applicable participation agreement or collective bargaining agreement. Profit sharing contributions, if any, shall be invested in accordance with the direction of the participant.

Employer Matching - A contributing employer may determine that it will contribute an amount to its employees' matching contribution accounts as set forth in the applicable participation agreement or collective bargaining agreement. Matching contributions will be invested in accordance with the direction of the participant.

Employer contributions receivable is based on contributions made by the employer for hours worked prior to year-end but received by the Plan after year-end.

NOTE 1. DESCRIPTION OF THE PLAN (CONTINUED)

The plan participants have a 100% vested (non-forfeitable) interest in contributions made on their behalf at all times.

Investment Options - Contributions to the Plan are invested as directed by the participant. Participants must evaluate their own investment goals and objectives and choose the investment options best suited to achieve those goals and objectives. Investment performance by the investments selected by the participants may cause their vested balances to exceed or be less than the amounts contributed to the Plan.

Distributions - Distributions are made as provided for under the Plan agreement and include termination of employment, permanent disability, retirement or death.

Loans to Participants - The Plan does not provide loans to participants.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation - The accompanying financial statements have been prepared using the accrual basis of accounting.

Investments - Investments are carried at fair value, which generally represents quoted market value as of the last business day of the year.

Benefits - Benefits are recorded when paid.

Estimates - The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements. Actual results may differ from those estimates.

New Accounting Pronouncement - In 2015, Accounting Standards Update (ASU) 2015-07 and ASU 2015-12 were issued by the Financial Accounting Standards Board. ASU 2015-07 removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. ASU 2015-12 simplifies and makes more effective the investment disclosure requirements while also designating contract value as the only required measure for fully benefit-responsive investment contracts. ASU 2015-07 becomes effective for plan years beginning after December 15, 2016 and ASU 2015-12 became effective for plan years beginning after December 15, 2015. The Plan has elected early implementation of these standards. Previously reported financial information has been restated to present that information on a comparative basis.

NOTE 3. TAX STATUS

The Plan obtained its latest determination letter on August 16, 2012, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable sections of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, there is no requirement to request an updated determination letter after a plan amendment if the operations of the Plan are consistent with those disclosed in the original application for exemption. The Plan administrator and the Plan's legal counsel believe that the operation of the Plan is consistent with the operations disclosed in the original application for exemption.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service and Department of Labor. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Plan management believes that the Plan's income tax returns for the years 2012 through 2014 remain subject to examination, based on the normal statutory periods subject to audit, notwithstanding any events or circumstances that may exist which could expand the open period.

NOTE 4. RELATED PARTIES

For the years ended December 31, 2015 and 2014, the Plan was charged \$102,846 and \$103,176, respectively, by the Sheet Metal Workers' National Pension Fund (SMWNPF) for reimbursement of the Plan's allocated share of administrative expenses initially paid by SMWNPF. The Plan owed SMWNPF \$6,622 and \$11,435 as of December 31, 2015 and 2014, respectively. In addition, the SMWNPF owed \$175,234 and \$89,445 for contributions allocated to the Plan at December 31, 2015 and 2014, respectively.

In 2013, the Plan entered into an agreement with the National Stabilization Agreement of the Sheet Metal Industry Trust Fund (SASMI), a related organization with some common trustees, for reimbursement of the Plan's allocated share of administrative expenses initially paid by SASMI. The reimbursement for the Plan's expenses paid by SASMI for the years ended December 31, 2015 and 2014 were \$7,093 and \$25,192, respectively. As of December 31, 2015 and 2014, the Plan owed SASMI \$(2,936) and \$16,192, respectively.

NOTE 5. INVESTMENTS AND FAIR VALUE MEASUREMENTS

The Plan reports fair value using a hierarchy for observable independent market inputs and unobservable market assumptions about fair value measurements. Observable inputs are inputs that are based on market data obtained from sources independent of the Plan. Unobservable inputs are inputs that reflect the Plan's assumptions about the assumptions market participants would use in pricing the asset or liability developed based on the best information available in the circumstances. The hierarchy is measured in three levels based on the reliability of inputs:

Level 1 - quoted prices in active markets for identical investment.

Level 2 - quoted prices in an inactive market or other significant observable inputs (including quoted prices for similar investments, interest rates, prepayment speeds, credits risk, etc.).

Level 3 - significant unobservable inputs (including the Plan's own assumptions in determining the fair value of investments).

The following summary of the inputs used as of December 31, 2015 and 2014, in valuing investments carried at fair value on a recurring basis, after implementation of ASU 2015-07 and ASU 2015-12 as described in the accounting policies footnote is as follows:

Description	2015			
	Investments Fair Value	Quoted Price Markets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	<u>\$ 72,208,291</u>	<u>\$ 72,208,291</u>	<u>\$ -</u>	<u>\$ -</u>
Description	2014			
	Investments Fair Value	Quoted Price Markets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	\$ 61,109,414	<u>\$ 61,109,414</u>	<u>\$ -</u>	<u>\$ -</u>
Investments measured at net asset value*	<u>11,547,841</u>			
Total investments	<u>\$ 72,657,255</u>			

*In accordance with Accounting Standards Codification, investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

NOTE 5. INVESTMENTS AND FAIR VALUE MEASUREMENTS (CONTINUED)

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Traded in active markets on national and international securities exchanges and valued at closing prices on the last business day of each period.

Authoritative guidance on fair value measurements permits the Plan to measure the fair value of an investment in an investment entity that does not have a readily determinable fair value based upon the net asset value per share or its equivalent (NAV) of the investment. This guidance does not apply if it is probable that the investment will be sold at a value different than NAV.

The Plan's investment in these investment entities is subject to the terms of the respective agreements. Income or loss from investments in these investment entities is net of the Plan's proportionate share of fees and expenses incurred or charged by these investment entities.

The Plan's risk of loss in these entities is limited to its investment. The Plan may increase or decrease its level of investment in these entities at its discretion. The Plan typically has the ability to redeem its investment from these entities on a daily or quarterly basis but longer lock-up periods can apply to certain investments.

The following table summarizes the Plan's investments in certain entities that calculate net asset value per share as fair value measurement as of December 31, 2015 and 2014 by investment strategy:

	Fair Value		Unfunded Commitments	Redemption Frequency	Redemption Notice Period
	2015	2014			
Common collective trusts	\$ -	\$ 11,547,841	N/A	Daily	1 Day

The common collective trusts invest in common stock, government issues, collective investment funds and futures contracts with the objective of approximating the S&P MidCap 400 Index and Russell 2000 Index over the long term. Participant transactions (purchases and sales) may occur daily. If the Plan was to initiate a full redemption of the collective trust, the trust reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

NOTE 6. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan participates in a contract with New York Life via an investment in the New York Life Guaranteed Interest Account. The account is credited with earnings at a fixed interest rate on the underlying investments and is charged for plan withdrawals. The crediting interest rate was - 2.50% for the years ended December 31, 2015 and 2014. The crediting interest rate is reset annually on January 1.

Because the group annuity contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the common collective trust. Contract value, as reported to the Plan by New York Life, represents contributions made under the contract, plus earnings, less plan withdrawals, and administrative expenses. There were no reserves against contract value for credit risk of the contract issuer or otherwise.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination), (2) termination of the contract or breach of a provision of the contract by the Plan, or (3) the failure of the trust to qualify for exemption from Federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974 (ERISA). The Plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The contract permits New York Life to terminate the contract with appropriate notice to the Plan. This termination would cause the contract to settle at an amount different from contract value.

The investment objective of the Guaranteed Interest Account is to provide a stable crediting rate consistent with preservation of principal. The account will attempt to achieve this objective by investing in a broadly diversified fixed income portfolio within New York Life Insurance Company's general account. Fixed income investments in the general account are managed by New York Life Investments' Fixed Income Investors Group. The New York Life general account is invested primarily in a conservative array of securities and cash-equivalent investments in accordance with the investment restrictions of New York Insurance Law. The primary objective of the general account is to ensure that New York life can meet its obligations to policyholders. There are no unfunded commitments related to the contract.

NOTE 7. MERGER

Effective October 1, 2015, the United Transportation Union Officer, Staff, LO and GO 401(k) Retirement Plan (UTU 401(k) Fund) merged with the Plan. As a result, the net assets of the UTU 401(k) Fund totaling \$1,411,588 were transferred to the Plan.

Effective July 3, 2014, the Sheet Metal Workers International Association Local 29 401(k) Plan merged with the Plan. As a result, the net assets of the Sheet Metal Workers International Association Local 29 401(k) Plan totaling \$4,256,947 were transferred to the Plan.

NOTE 8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Board of Trustees has the right to terminate the Plan subject to the provisions of ERISA. In the event that the Board of Trustees terminates the Plan, participants will receive their account in the Plan as it exists on the date the Plan is terminating.

NOTE 9. SUBSEQUENT EVENTS

Subsequent events have been evaluated through September 30, 2016, which is the date the financial statements were available to be issued. This review and evaluation revealed no new material event or transaction which would require an additional adjustment to or disclosure in the accompanying financial statements.
