THE PMC 401(k) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2015 and 2014

NOTE A - DESCRIPTION OF THE PLAN

The following description of The PMC 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

1. General

The Plan is a defined contribution plan covering all full-time employees of the Company who have completed three months of service and are age twenty-one or older. Upon satisfying this requirement, the employee will become eligible to participate in the Plan on the first day of each month. To qualify for the employer matching contribution and the employer non-elective contribution, the participant must attain age twenty-one and complete one year of service with at least 1,000 hours. The "Company" includes Plastic Moldings Company, LLC and PMC Smart Solutions, LLC, a related entity. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees oversees governance of the Plan. The Plan's investment committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's Board of Trustees.

2. Contributions

Each year, participants may contribute up to 60% of their pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual and money market funds as investment options for participants. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default deferral rate set at 2% of eligible compensation. Effective April 22, 2014, the automatic enrollment deferral rate changed to 3%. Effective January 1, 2015, the Plan was amended to allow each active participant having automatic enrollment contributions to be automatically increased annually by 1% of compensation, up to a maximum of 10% of compensation. Contributions are automatically invested in a designated fund until changed by the participant. Contributions are subject to certain statutory limits. The participant may change the withholding percentage the first day of each month.

The Company may make matching contributions in an amount equal to the percentage declared for the contribution period. The employer matching contribution was 100% of employee deferrals subject to a maximum of 2% of eligible annual compensation. As of April 1, 2014, the employer matching contribution was changed to 100% of employee deferrals up to 2%, plus 50% of the next 1%.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

2. Contributions (continued)

The Company may also make additional discretionary profit sharing contributions to the Plan. These contributions are determined annually at the discretion of the Company's management. The Company may designate all or a portion of discretionary profit sharing contributions as qualified non-elective contributions. The Company made no discretionary contributions during 2015 or 2014.

3. Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's discretionary matching contributions, (b) allocation of the Company's discretionary profit sharing contribution, and (c) plan earnings (losses), and charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

4. Vesting

Participants are immediately vested in their contributions, employer match, rollovers, qualified non-elective employer contributions, plus actual earnings thereon.

Vesting in the employer's non-elective contributions to the Plan is based on years of continuous service. A participant is 100% vested after three years of credited service.

Vesting in the employer's discretionary profit sharing contributions for participants with account balances derived from non-elective employer contributions for plan years beginning prior to January 1, 2007 is based upon the elapsed time method. Hours of service are not counted and instead periods of service are computed, with only whole years of service being counted. A participant is 100% vested after five years of credited service.

5. Forfeited Accounts

At December 31, 2015 and 2014, forfeited nonvested accounts totaled \$159 and \$397, respectively. In accordance with the plan document, forfeitures may be first used to pay administrative expenses and any remaining amount used to reduce future employer contributions. In 2015, \$238 from forfeited nonvested accounts was used to make the employer contribution.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

6. Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the vested account balance. Participants may have only one note outstanding at any given time. The notes are secured by the balance in the participant's account and bear interest at a rate of 4.25%, which is commensurate with local prevailing rates as determined by the plan administrator. Principal and interest is paid ratably through payroll deductions.

7. Payment of Benefits

On termination of service due to death, disability, retirement or termination of employment, a participant may elect to receive a lump sum amount equal to the participant's vested interest in his or her account. Vested account balances less than \$1,000 can be automatically distributed to participants upon termination.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

2. Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

3. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2015 and 2014, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the plan document.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

4. **Investment Valuation and Income Recognition**

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Investment Committee determines the Plan's valuation policies. See Note G for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gain and losses on investments bought and sold as well as held during the year.

5. **Payment of Benefits**

Benefits are recorded when paid.

6. **Administrative Expenses**

The Company provides certain administrative and accounting services to the Plan at no cost. Administrative expenses including audit fees and legal fees are paid directly by the Company. Other administrative expenses directly incurred by the Plan include investment management fees and loan and distributions fees charged directly to the participant's accounts. These administrative expenses are presented as a deduction to net assets on the Statements of Changes in Net Assets Available for Benefits.

7. **New Accounting Standards**

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-07, *Fair Value Measurement (Topic 820), Disclosure for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. The ASU impacts reporting entities that measure an investment's fair value using the net asset value per share (or an equivalent) as a practical expedient. The amendments in ASU 2015-07 eliminate the requirement to classify the investment within the fair value hierarchy. The new guidance is effective for reporting periods beginning after December 15, 2015; however, early adoption is allowed. The ASU is to be applied retrospectively in all periods presented in an entity's financial statements. In 2015, the Plan adopted ASU 2015-07, and the adoption has been reflected in Note G to the financial statements.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

7. New Accounting Standards (Continued)

In July 2015, the FASB issued ASU No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts but will continue to provide certain disclosures that help users understand the nature and risks of fully benefit-responsive investment contracts. Upon adoption, contract value will be the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part II also removes the requirement to include investment strategy disclosures for those investments using NAV as a practical expedient. Part III provides a practical expedient to permit plans to measure investments and investment-related accounts as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with month-end. The ASU is effective for fiscal years beginning after December 15, 2015; however, early adoption is allowed. The Plan adopted Part II of ASU 2015-12 and its application was applied retrospectively. Parts I and III are not applicable to the Plan.

NOTE C - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their accounts.

NOTE D - TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

NOTE D - TAX STATUS (Continued)

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and to recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for tax years prior to 2012.

NOTE E - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are money market funds and shares of mutual funds managed by Fidelity Investments. Fidelity Management Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. The Plan made direct payments to the third party administrator totaling \$2,219 and \$2,314 for the years ended December 31, 2015 and 2014, respectively. The Company pays directly any other fees related to the Plan's operations. All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE F - INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the trustee.

NOTE G - FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

THE PMC 401(k) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
December 31, 2015 and 2014

NOTE G - FAIR VALUE MEASUREMENTS (Continued)

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices in active markets for similar assets, and Level 3 inputs consist of significant unobservable inputs and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs and Level 3 inputs were only used when Level 1 inputs were not available.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Level 1 Fair Value Measurements

Registered investment companies (mutual funds) - Valued at the net asset value (NAV) of shares held by the Plan at year end using prices quoted by the relevant pricing agent.

Registered investment companies (money market funds) - The money market funds are valued using the NAV of the money markets as reported by the money market managers. The NAV is based on the fair value of the underlying assets in the money market funds, minus its liabilities, and then divided by the number of units outstanding. The NAV of the money markets is calculated based on a compilation of primarily observable market information.

The money market funds invest in securities determined to experience minimal credit risk, such as U.S. government securities and other short-term obligations of U.S. companies, states, and municipalities. The money market funds seek to maintain a stable NAV of \$1.00 per share. Principal risks of the money market funds could cause deterioration in the stable NAV, which could result in increased redemption activity further adversely affecting the NAV. The money market funds have no redemption features or restrictions.

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2015 and 2014:

	<u>Fair</u>	<u>Unfunded</u>	<u>Redemption</u>	<u>Redemption</u>

NOTE H - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
