FINELITE, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2015

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Finelite, Inc. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan’s provisions.

General – The Plan was established on January 1, 1998 to provide retirement benefits for employees of Finelite, Inc. (the “Company”). The Plan is a defined contribution plan covering all eligible employees who have attained age 21, and are not covered by a collective bargaining agreement and are not nonresident aliens with no U.S. source income. Eligible employees become participants following 90 days of employment with the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) and certain provisions of the Internal Revenue Code (“IRC”), as amended.

The Plan provides for a Plan administrator who is responsible for keeping accurate and complete records with regard to the Plan’s operations, informing participants of changes or amendments to the Plan, ensuring that the Plan conforms to the law and to government regulations, and providing participants with any reports and documents required by law. The Investment Committee is responsible for oversight of the Plan which includes determining the appropriateness of the Plan’s investment offerings and monitoring investment performance.

At December 31, 2014 and for the period from January 1, 2015 to June 30, 2015, Voya Retirement Insurance and Annuity Company (“Voya”) was the insurance company that held the Plan’s investment assets and executed investment transactions. Effective July 1, 2015, the Plan replaced Voya with Great-West Life & Annuity Insurance Company (“Great-West”) as the Plan’s insurance company. The Plan was amended and restated in the form of the Great-West Trust Company Defined Contribution Prototype Plan effective July 1, 2015. This did not result in any changes to the Plan’s major provisions.

Participant Contributions – Participants may elect to contribute to the Plan a specific percentage or dollar amount of their eligible compensation on either a pre-tax or post-tax (Roth) basis, as defined in the Plan, with maximum contributions of \$18,000 for 2015. Each contribution type is maintained in separate accounts in the Plan. The Plan allows participants who are 50 years of age or older by the end of the calendar year and who are making contributions to the Plan, to also make a catch-up contribution of up to \$6,000 in 2015. Participants may also make rollover contributions from other qualified defined benefit or defined contribution plans.

Newly eligible participants are automatically enrolled with a contribution rate of 5% of eligible pre-tax compensation into the target date fund which best reflects the participant’s anticipated retirement date, unless the employee affirmatively elects otherwise.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Employer Contributions – The Company provides “Safe-Harbor” contributions in accordance with the provisions of the IRC. Under the Safe-Harbor contribution rules, the Company makes mandatory matching contributions of each participant’s contributions up to an amount equal to 100% of the first three percent, and 50% of the next two percent of each participant’s annual compensation, as defined in the Plan. These matching contributions are contributed to the Plan each payroll period. The Company may also make additional discretionary matching and nonelective contributions; however, none were made for the year ended December 31, 2015.

Participant Accounts – Each participant’s account is credited with the participant’s contributions, rollover contributions, the Company’s matching contributions and allocations of the Company’s discretionary contributions and Plan investment earnings or losses, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan agreement. The benefit to which a participant is entitled is the benefit that may be provided from the participant’s vested account.

Investment Options – Upon enrollment in the Plan, participants may direct the investment of their account balance into the various investment funds available under the Plan.

Vesting – Participants are immediately vested in their voluntary contributions, rollover contributions and employer contributions, plus actual earnings thereon.

Notes Receivable from Participants – Participants may borrow from their vested account balances provided they meet the Plan’s eligibility requirements. The minimum loan amount is \$1,000 and the maximum amount is the lesser of one-half of the participant’s vested account balance or \$50,000. The loans are secured by the balance in the participant’s account. The term of the loan is not to exceed five years, except for loans used to finance the purchase of a primary residence. Interest is charged at a fixed rate determined at the date of the loan under the loan policy. Principal and interest are paid ratably through payroll deductions or note repayments made directly to the Plan after termination of employment.

Payment of Benefits – Upon termination of service due to death, disability, or retirement, a participant may receive a lump-sum distribution, installments over a period of not more than the assumed life expectancy of the participant or beneficiary, or a direct rollover distribution into a qualified plan. For termination of service for other reasons, a participant may receive the value of the vested interest in their account as a lump-sum distribution. Terminated participants with account balances over \$5,000 may delay receipt of distributions. If the participant’s account balance is between \$1,000 and \$5,000, and no distribution instructions have been received from such participant, the account may be rolled over into an individual retirement account as determined by the Plan administrator. Accounts of terminated participants with balances of less than \$1,000 will be distributed directly to the participant in the form of a lump-sum payment.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The Plan prepares its financial statements on the accrual basis of accounting, in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the insurance company and investment advisor. See Note 3 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 or 2014. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits – Benefits are recorded when paid.

Administrative Expenses – Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Certain expenses paid by the Plan are proportionately allocated to the accounts of all participants in the Plan. Such expenses include fees for investment advisory and recordkeeping services. Fees related to the administration of notes receivable from participants are charged directly to the related participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation or depreciation of fair value of investments.

NOTES TO FINANCIAL STATEMENTS

December 31, 2015

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Adoption of Recent Accounting Pronouncements – Effective January 1, 2015, the Plan adopted Financial Accounting Standards Board (“FASB”) Accounting Standards Update (“ASU”) 2015-07, *Fair Value Measurement (Topic 820), Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. Under the guidance in ASU 2015-07, investments for which fair value is measured using the net asset value per share practical expedient will no longer be categorized within the fair value hierarchy levels, but will be presented as a reconciling item. Investments that calculate net asset value per share (or its equivalent), but for which the practical expedient is not applied, will continue to be included in the fair value hierarchy. ASU 2015-07 also eliminates the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value by limiting those disclosure requirements to investments for which the entity has elected to measure the fair value using that practical expedient.

Effective January 1, 2015, the Plan adopted FASB ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient* (consensuses of the FASB Emerging Issues Task Force). The overall objective of this ASU is to reduce complexity in employee benefit plan accounting. Some of its key provisions include the designation of contract value as the only required measure for fully benefit-responsive investment contracts and the elimination of certain disclosure requirements for investments.

These ASUs have been applied retrospectively. Accordingly, the 2014 Statement of Net Assets Available for Benefits and certain disclosures related to 2014 have been modified to be in accordance with these new standards. These modifications have had no effect on previously reported net assets available for benefits.

NOTES TO FINANCIAL STATEMENTS

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under this standard are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used are required to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

Following is a description of the Plan's valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Trust Funds and Pooled Separate Accounts: Valued at the NAV of units held by the Plan. The NAV, as provided by the insurance companies, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the funds or pooled separate accounts less its liabilities. This practical expedient is not used when it is determined to be probable that the funds or pooled separate accounts will sell the investment for an amount different than the reported NAV.

For collective trust funds, participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of a collective trust fund, the issuer reserves the right to require five business days' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4 – INFORMATION CERTIFIED BY INSURANCE COMPANIES OF THE PLAN

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the insurance companies have certified to the completeness and accuracy of all investments and notes receivable from participants reflected on the Statements of Assets Available for Benefits as of December 31, 2015 and 2014, the information presented in Note 3, and the supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2015, and the related investment income and interest income earned on the notes receivable from participants reflected in the Statement of Changes in Assets Available for Benefits for the year ended December 31, 2015.

As discussed in Note 1, effective July 1, 2015, Voya was replaced by Great-West. The plan sponsor obtained certifications from Great-West as of December 31, 2015 and for the period from July 1, 2015 through December 31, 2015 and from Voya for the period from January 1, 2015 through June 30, 2015.

NOTE 5 – GREAT-WEST KEY GUARANTEED PORTFOLIO FUND

Effective July 1, 2015, the Plan entered into a fully benefit-responsive guaranteed investment contract with Great-West. Great-West maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The interest crediting rate is reviewed on a quarterly basis for resetting.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Great-West, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

NOTES TO FINANCIAL STATEMENTS

NOTE 5 – GREAT–WEST KEY GUARANTEED PORTFOLIO FUND (Continued)

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events may limit the ability of the Plan to transact at contract value with Great-West. Such events include pre-mature termination of the contract, plant closings, layoffs, plan termination, bankruptcy, mergers and early retirement incentives. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events may permit Great-West to terminate the investment contract. Such events include the following: (a) the Plan is amended or is operated in a manner which is unacceptable to Great-West; (b) the Plan fails to comply with any provision contained in the contract; (c) the Plan fails to qualify or becomes disqualified under the IRC; (d) the total amount of contributions received by Great-West in the preceding twelve (12) months is less than \$25,000; (e) the Plan fails to remit the participant's contribution within 30 days after the deduction was made. Upon termination by Great-West, a surrender value adjustment may apply.

NOTE 6 – VOYA FIXED ACCOUNT

Through June 30, 2015, as part of the Voya Fixed Account, the Plan entered into a fully benefit-responsive investment contract with Voya. Voya maintained the contributions in a general account. The account was credited with earnings on the underlying investments and charged for participant withdrawals. The issuer was contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. There were no reserves against contract value for credit risk of the contract issuer or otherwise. The contract was credited with an annual interest rate of no less than 1.00%. Each calendar year Voya would set a floor interest rate which was declared in writing to the contract holder prior to its effective date.

Effective July 1, 2015, the Plan's contract with Voya was terminated.

NOTE 7 – TAX STATUS

Effective July 1, 2015, the Plan adopted the Great-West Trust Company Defined Contribution Prototype Plan that has received an opinion letter dated March 31, 2014, in which the Internal Revenue Service (“IRS”) stated that the prototype plan, as then designed, was in accordance with the applicable requirements of the IRC. Although the Plan has not received a determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Prior to July 1, 2015, the Plan had adopted the ING Life Insurance and Annuity Company Defined Contribution Prototype Plan that had received an opinion letter dated September 1, 2014, in which the IRS stated that the prototype plan, as then designed, was in accordance with the applicable requirements of the IRC. The Plan administrator believes that the Plan was designed and operated in compliance with the applicable requirements of the IRC, and, therefore, believes that the Plan was qualified, and the related trust was tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by Federal and State taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 – RELATED PARTY TRANSACTIONS

Prior to July 1, 2015, certain Plan investments were managed by Voya and effective July 1, 2015, the Plan’s investment options include a Great-West guaranteed investment contract. Therefore, these transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transaction rules under ERISA.

Great-West provides certain administrative services to the Plan pursuant to a Recordkeeping Services Agreement (RSA) between the Company and Great-West. Great-West receives revenue from investment fund service providers for services Great-West provides to the funds. This revenue is used to offset certain amounts owed to Great-West for its administrative services to the Plan. If the revenue received by Great-West from such investment fund service providers exceeds the amount owed under the RSA, Great-West remits the excess to the Plan’s trust on a monthly basis. Such amounts may be applied to pay Plan administrative expenses. During 2015 there were no excess amounts. The Plan or Plan sponsor may make a payment to Great-West for administrative expenses not covered by revenue sharing.

NOTES TO FINANCIAL STATEMENTS

NOTE 8 – RELATED PARTY TRANSACTIONS (Continued)

Prior to July 1, 2015, there was a similar arrangement with Voya.

These fees paid to Voya and Great-West for recordkeeping and other administrative expenses are included in net appreciation or depreciation in the fair value of investments, as they were paid through revenue sharing, rather than a direct payment.

NOTE 9 – PLAN TERMINATION

The Company has established the Plan with the expressed intention and expectation that it will continue the Plan. However, if circumstances make it impossible or inadvisable to continue the Plan, the Company reserves the right to terminate it at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in any unvested portions of their accounts. Benefits will be held in the trust fund which will remain in existence until the Company requests the discontinuance of the trust agreement.

NOTE 10 – RISKS AND UNCERTAINTIES

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in investment value in the near term would materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

NOTE 11 – PLAN OPERATIONAL ERRORS

During 2015, operational errors in the calculation of employer Safe-Harbor contributions related to certain bonus payments for Plan years 2014 and 2015 were discovered. In order to correct these errors, the Plan sponsor remitted \$10,136 of corrective contributions and the related lost earnings to the Plan for the affected participants in 2015.

NOTE 11 – PLAN OPERATIONAL ERRORS (Continued)

During 2015, operational errors related to the automatic enrollment of certain employees for the Plan year 2014 were discovered. Certain existing employees were inadvertently enrolled into the Plan. Under the advice from Voya and the Plan's investment advisor, Plan management contacted the affected employees who elected to continue their current participation in the Plan. Therefore no further corrective action was deemed necessary.

NOTE 12 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500
