Auditor's responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for disclaimer of opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the certified information described in note G, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the certifying entity meets the requirements of 29 CFR 2520.103-8. The Plan administrator obtained a certification from this entity as of December 31, 2015 and 2014,

and for the year ended December 31, 2015, stating that the certified information provided to the Plan administrator is complete and accurate.

Disclaimer of opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Report on form and content in compliance with DOL rules and regulations

The form and content of the information included in the financial statements, other than that derived from the certified information described in note G, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE A - DESCRIPTION OF THE PLAN

The following brief description of the Strata Marketing, Inc. Profit Sharing 401(k) Plan & Trust (the Plan) is provided for general information purposes only. Participants should refer to the Plan document and summary Plan description for more complete information.

General

The Plan is a defined contribution plan covering all non-union and non-leased employees of Strata Marketing, Inc. (the Company). Employees became eligible to participate in the 401(k) savings portion of the Plan and begin receiving matching contributions on the entry dates of either January 1 or July 1 coinciding with or following the date the employee reaches the age of 21. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

On October 27, 2015, the Board of Directors of the Company approved a merger of the Plan with the Comcast Corporation Retirement Investment Plan. Effective December 31, 2015, the balances in individual participant accounts were transferred into Fidelity Management Trust Company, the successor trustee.

Contributions

Each year, participants could contribute between 1% and 80% of pretax annual compensation, up to the Internal Revenue Service (IRS) limit. Participants could also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Contributions were subject to certain limitations. The Company could make discretionary pretax matching contributions. The amount would be equal to a percentage determined annually by Plan management. In 2015, the Company made a matching contribution equal to 83.34% of a participant's contribution up to 6% of his or her eligible compensation.

Participant Accounts

Each participant's account was credited with the participant's contributions and Company matching contributions. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account.

Payment of Benefits

Upon attaining normal retirement age or becoming disabled, or in the event of termination of employment or of the Plan for any reason, participants were eligible to receive a distribution of all amounts credited to their accounts. In general, an eligible participant's account distribution could be deferred until a later date unless the vested balance was \$5,000 or less, in which case the balance was to be distributed by the trustee as a lump-sum distribution.

At any time prior to retirement or other separation from service, it could be possible for a participant, in the event of a financial hardship, with the approval of the Plan administrator, to receive a hardship distribution. The Plan administrator would allow a hardship distribution only to enable a participant to meet immediate and material financial needs resulting from a hardship when those needs cannot be readily met by the participant's other financial resources.

Notes Receivable from Participants

Participants were allowed to borrow the lesser of 50% of his or her vested account balance or \$50,000, with a minimum amount of \$1,000. Personal loans had terms of up to five years. Principal residence loans could not extend beyond 30 years from the date of the loan. A fixed rate of interest was determined based on prevailing commercial rates for loans of similar types at the time new loans were requested. The loans were secured by the balance in the participant's account. A participant could not have more than one loan outstanding at any time.

Vesting

Participants were immediately vested in their contributions plus actual earnings thereon. Participants were 100% vested if they are employed on or after the normal retirement age.

Participants vested in the Company's contributions as follows:

<u>Years of service for vesting</u>	<u>Percentage</u>
1	33.33%
2	66.66
3	100.00

Investment Options

Participants could direct the allocation of their contributions and Company match to 21 investment options. Participants could change their investment options at any time.

Forfeitures

Forfeited non-vested accounts totaled approximately \$-0- as of December 31, 2015 and 2014. Portions of the employer contributions that were not vested at the time of termination of employment were forfeited and used to reduce future employer contributions. In 2015, \$7,310 of forfeitures were used to reduce employer contributions.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

New Accounting Rules

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value Per Share (or Its Equivalent)*, which exempts investments measured using the net asset value (NAV) practical

expedient in Accounting Standards Codification 820, *Fair Value Measurement*, from categorization within the fair value hierarchy. The guidance requires retrospective application and is effective for public business entities for fiscal years, and interim periods within those years, beginning after December 15, 2016. Early adoption is permitted. Management has not elected to early adopt the provisions of this new standard.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient*. This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides for a measurement-date practical expedient. Part I and Part II are effective for fiscal years beginning after December 15, 2015, and should be applied retrospectively, with early application permitted. Part III is effective for fiscal years beginning after December 15, 2015, and should be applied prospectively, with early application permitted. Management has not elected to early adopt the provisions of this new standard.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investment contracts held by a defined contribution plan were required to be reported at fair value. However, contract value was the relevant measurement attribute for the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value was the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invested in the BMO Employee Benefit Stable Principal Fund, which was a collective trust fund that invested in guaranteed investment contracts (GICs) and synthetic GICs. Accordingly, the statements of net assets available for benefits presented the fair value of the investment in the collective trust as well as the adjustment of this investment from fair value to contract value as of December 31, 2015 and 2014. The statement of changes in net assets available for benefits was prepared on a contract-value basis.

The Plan's investments were reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note D for discussion of fair value measurements.

Purchases and sales of investments were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Net appreciation (depreciation) included the Plan's gains or losses on investments bought and sold, as well as held during the year.

Administrative Expenses

Administrative expenses were paid by the Company. However, certain administrative costs related to the administration of loans to participants were paid by those participants.

NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2015 and 2014

Payment of Benefits

Benefit payments were recorded when paid.

Notes Receivable from Participants

Notes receivable from participants were measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income was recorded on the accrual basis. Related fees were recorded as administrative expense and were expensed when incurred. No allowance for credit losses was recorded as of December 31, 2014. Delinquent participant loans were reclassified as distributions based on the terms of the Plan document.

NOTE C - INVESTMENTS

As of December 31, 2014, investments that represent 5% or more of net assets at the end of the Plan year were as follows:

Vanguard 500 Index Fund	\$2,350,880
T. Rowe Price Retirement 2020 Fund	2,301,838
T. Rowe Price Retirement 2030 Fund	4,996,351
T. Rowe Price Retirement 2040 Fund	4,393,207
PIMCO Total Return Fund	N/A
BMO Employee Benefit Stable Principal Fund*	1,718,199
Dodge & Cox International Stock Fund	1,442,887

* The fair market value for the BMO Employee Benefit Stable Principal Fund was \$1,735,381 as of December 31, 2014.

In general, the investments provided by the Plan were exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the values of investment securities, it was reasonably possible that changes in the values of investment securities would occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE D - FAIR VALUE MEASUREMENTS

The FASB has issued guidance that establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the FASB guidance are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Strata Marketing, Inc.
Profit Sharing 401(k) Plan & Trust
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2015 and 2014

Level 2 - Inputs to the valuation methodology, including the following:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

However, the determination of what constitutes observable requires judgment by the Plan's management. Plan management considers observable data to be market data that is readily available, regularly distributed or updated, reliable and verifiable, not proprietary, and provided by multiple, independent sources that are actively involved in the relevant market. The categorization of an investment within the fair value hierarchy is based on the pricing transparency of the investment and does not necessarily correspond to Plan management's perceived risk of that investment.

The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds - Valued at the quoted NAV of shares held by the Plan at year-end based on the active market on which the individual securities are traded.

Collective trust - Valued at the NAV provided by the administrator of the fund. The NAV is used as the practical expedient to estimate fair value. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of units outstanding. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. As previously discussed in note B, contract value is the relevant measurement attributable for fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Participant-directed redemptions have no restrictions; however, the Plan is required to provide a one-year redemption notice to liquidate its entire share in the fund.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Total assets at fair value	<u>\$25,930,504</u>	<u>\$1,735,381</u>	<u>\$ -</u>	<u>\$27,665,885</u>

- (a) The objective of the fund is to maintain safety of the principal while generating a level of current income generally exceeding that of a money market fund. The fund primarily invests in short-term securities, including traditional and synthetic investment contracts.

NOTE E - INCOME TAX STATUS

The IRS has determined and informed the Company by a letter dated September 7, 2010, that the Plan and related trust were designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan administrator believed that the Plan was designed and was operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the U.S. federal, state and local taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2015 and 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE F - RELATED-PARTY TRANSACTIONS

Certain Plan investments were managed by BMO Harris, NA (BMO). BMO was the trustee as defined by the Plan and, therefore, these transactions qualified as party-in-interest transactions.

NOTE G - INFORMATION CERTIFIED BY THE TRUSTEE

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, BMO, the Plan's trustee, has certified that the following data included in the accompanying financial statements is complete and accurate:

- Investments, accrued income, notes receivable from participants and investments due to brokers, as shown in the statements of net assets available for benefits as of December 31, 2015 and 2014, except for the adjustment from fair value to contract value for interest in collective trust relating to fully benefit-responsive investment contracts as of December 31, 2014.
- Investment income (loss) and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2015.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements.

NOTE H - SUBSEQUENT EVENTS

Plan management evaluated its December 31, 2015, financial statements for subsequent events through October 11, 2016, the date the financial statements were available to be issued. Plan management is not aware of any subsequent events that would require recognition or disclosure in the financial statements.
