A. DESCRIPTION OF PLAN

The following description of the AMPORTS 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1) General

The Plan is a defined contribution plan, covering employees of AMPORTS, Inc. and certain affiliates (the Company). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The expenses of administering the Plan may be paid either by the Employer or from the Plan as directed by the Company.

2) Contributions

Each year participants may make contributions ranging from 1% to 100% of their compensation on a before tax basis subject to limits established by the Internal Revenue Service. Matching contributions are made by the Company to each participant's account based on the following criteria:

a) Non-bargaining Employees

Effective January 1, 2015, the Plan was amended to a safe-harbor 401K which requires matching contributions for non-bargaining employees of 100% of the first 3% of deferred salary plus 50% of deferrals above 3% and less than or equal to 5% of eligible compensation. The maximum matching contribution is 4% of eligible compensation. Safe harbor matching contributions for non-union employees were $284,511 in 2015. Board approval is no longer required.

During 2014, contributions were made at the discretion of the Board of Directors based on the audited financial performance of the Company. If approved, the matching contributions are based on a percentage of the employee's contribution up to a maximum contribution of 4.5% of eligible compensation. The employee must be employed by the Company on the last day of the calendar year to be eligible for a matching contribution. The board approved matching contributions for non-union employees of $191,889 for 2014.

b) Bargaining Employee

Bargaining employees receive a match equal to 50% of their contributions up to a maximum contribution of 2.5% of their eligible compensation. In accordance with collective bargaining agreements, certain bargaining employees also receive an additional Company contribution based on the actual number of hours the employee works during the year, up to a maximum of 2080 hours, at rates ranging from 25 cents to 80 cents per hour.

In addition, the Company may make additional contributions at its discretion and may be required to make additional contributions in order to preserve the tax-exempt status of the Plan. The Plan currently offers 24 separate investment options for Plan participants.

3) Vesting

Effective January 1, 2015, the Plan was amended to a safe-harbor 401K Plan resulting in all employee and employer contributions on or after that date being 100% vested. Employer contributions made prior to January 1, 2015, will continue to vest based on years of service.

During 2014, participants were immediately vested in their voluntary contributions and related earnings thereon. Employer contributions made to employee accounts are subject to vesting based on years of service, as defined, ranging from 20% for the first year of service to 100% for five or more years of service. In the event of death, disability or retirement, participants obtain an immediate 100% vested interest in additional contributions and related earnings under terms set forth in the Plan.

4) Payments of Benefits

Participants or their beneficiaries are eligible for distributions upon retirement, termination, disability or death of the participants. Participants may make withdrawals from their accounts by reason of financial hardship under guidelines set forth in the Plan. Benefits are recorded when paid.

5) Participant loans

Participants are eligible to borrow a minimum of $1,000 and a maximum of the lesser of $50,000 or 50% of their vested balance from the Plan at an interest rate of prime plus 1%. General loans are repayable over five years and loans used for residential purposes over ten years. Participants are not permitted to have more than one loan outstanding at a time.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1) Basis of Accounting

The financial statements of the Plan are prepared in accordance with generally accepted accounting principles. Company contributions and investment income are recorded on the accrual basis and present the net assets available for plan benefits and the changes in those net assets.

2) Valuation of Cash Equivalents and Investments

Cash equivalents consist of money market funds stated at cost, which approximates market value. Investments are valued at their fair value as provided by the Trustee of the Plan's Assets

3) Use of Estimates in Preparing Financial Statements

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan's Administrator to make estimates and assumptions that affect the reported amounts of net assets and disclosures of contingencies at the date of the financial statements and changes in net assets recognized during the reporting period. Actual results could differ from those estimates.

C. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits.

	Fair Value	Fair Value Measurement Using: Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Unobservable Inputs (Level 3)
December 31, 2015			
Master Demand Account	$1,780,722		$1,780,722
Mutual funds	13,089,047	$13,089,047	-
Total	$14,869,769	$13,089,047	$1,780,722

	Fair Value	Fair Value Measurement Using: Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Unobservable Inputs (Level 3)
December 31, 2014			
Master Demand Account	$ 1,807,120	-	$ 1,807,120
Mutual funds	12,159,822	$12,159,822	-
Total	$ 13,966,942	$12,159,822	$ 1,807,120

ASC 820 establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of adjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 inputs were available to the Plan, and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end. The fair values of mutual funds, common stock, corporate bonds, and U.S. Government securities are based on quoted market prices.

Level 3 Fair Value Measurements

Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

The following table provides further details of the *Level 3 Fair Value Measurements*.

	2015	2014
Beginning balance	$1,807,120	$1,689,066
Total gains or losses (realized and unrealized) included in changes in net assets available for benefits	533	555
Purchases, sales, issuances, and settlements (net)	(26,931)	117,499
Ending balance	$1,780,722	$1,807,120

D. INVESTMENTS

Trust Fund Management and Investments

The Company is the sponsor of the Plan. The investments are held in a trust fund managed by MG Trust Company, LLC. Investment transactions are executed pursuant to participants' investment elections. Investments consist principally of holdings in various mutual funds. Investments in mutual funds are carried at the fair values of the related interests in the funds based on quoted market information. Dividend and interest income from investments in mutual funds is reinvested. Purchases and sales of investments are recorded on a trade date basis. Unrealized appreciation and depreciation in the fair value of investments are recognized in the period in which such changes occur.

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee of the Plan's Assets has certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate.
