SUBJECT: **Communications with Those Charged with Governance**

Professional standards require a company's independent auditors to discuss with those charged with governance matters of importance which arise during the course of their audit as well as significant matters concerning the company's internal controls and the preparation and composition of the financial statements. We therefore present the following information required to be communicated to those charged with corporate governance based upon the results of our December 31, 2015 audit of Pier Sixty, LLC 401(k) Retirement Plan (Plan).

Items to be Communicated	Auditor's Response
The Auditor's Responsibility Under Generally Accepted Auditing Standards ("GAAS").	
The auditor should communicate the level of responsibility assumed under auditing standards generally accepted in the United States of America.	Our level of responsibility is communicated through our engagement letter dated June 21, 2016 and in the auditor's report accompanying the financial statements. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by State Street Bank and Trust Company, trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole.

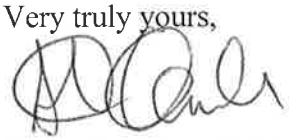

Items to be Communicated	Auditor's Response
Qualitative Aspects of Accounting Practices The auditor should determine that those charged with corporate governance are informed about the initial selection of and changes in significant accounting policies as well as the methods used to account for significant unusual transactions.	Management of the Plan is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during the year. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus.
Management Judgments and Accounting Estimates Those charged with corporate governance should be informed about the process used by management in forming particularly sensitive accounting estimates and about the basis for the auditor's conclusions regarding the reasonableness of those estimates.	Accounting estimates are an integral part of the financial statements and are based on your knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting the financial statements was the market value of the Plan's investments. As discussed above, we have performed a limited scope audit with respect to investments and therefore did not audit the market value. Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosures affecting the financial statements were the disclosures related to investments in Notes 3 and 4.
Internal Control Those charged with corporate governance should be advised of any significant deficiencies or material weaknesses in the design or operation of the internal control structure coming to the auditor's attention during the audit.	The Plan outsources significant processing and record keeping functions to third parties. Our procedures included tests that we considered necessary to issue our opinion on the financial statements taken as a whole. As noted above, since we did not audit investments, we issued a disclaimer of opinion.

Items to be Communicated	Auditor's Response
Difficulties Encountered in Performing the Audit.	
Serious difficulties encountered in dealing with management that related to the performance of the audit are required to be brought to the attention of those charged with corporate governance.	None noted.
Fraud, Irregularities and Illegal Acts	
Those charged with corporate governance should be adequately informed of fraud, irregularities and illegal acts coming to the auditor's attention during the course of the audit.	As part of our engagement, we interviewed certain key management personnel and other employees. Nothing came to our attention
Significant Audit Adjustments	
Those charged with corporate governance should be adequately informed about adjustments arising from the audit that could individually or in the aggregate, have a significant effect on the Company's financial reporting process.	None noted.
Disagreements with Management	
Disagreements with management, whether or not satisfactorily resolved, about matters that could be significant to the Company's financial statements or the auditor's report should be communicated to those charged with corporate governance.	There were no such disagreements.
Related Parties	
Those charged with corporate governance should be informed about related party transactions and policies governing related party transactions.	Significant related party transactions have been disclosed in Note 8.
Material Uncertainties, Risks and Exposures	
Those charged with corporate governance should be informed of any risks, exposures and material uncertainties.	We are not aware of any material uncertainties or risks that have not been adequately disclosed.

Items to be Communicated	Auditor's Response
Other Matters	
The financial statements include the supplemental schedule of assets (held at the end of year)	With respect to the supplementary information accompanying the financial statements, we made certain inquiries of you and evaluated the form, content, and methods of preparing the information to determine that the information complies with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.
Consultation With Other Auditors	
The auditors should discuss their views with those charged with corporate governance if the auditors become aware that management has consulted with other accountants about auditing and accounting matters.	None came to our attention.
Independence	
Those charged with corporate governance should be informed as to the auditor's continuing independence.	We confirm that as of the date of this letter we are independent accountants with respect to the Company and the requirements of the Independence Standards Board. We are not aware of any relationships between Elliot Horowitz & Company, LLP, the Plan and Pier Sixty, LLC that, in our professional judgment, may reasonably be thought to bear on our independence.

This report is intended solely for the use of management and others within Pier Sixty, LLC and the Plan.

Very truly yours,

Stuart Kamelhar, CPA

INDEPENDENT AUDITOR'S REPORT

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Pier Sixty, LLC 401(k) Retirement Plan, which comprise the statements of net assets available for benefits - modified cash basis as of December 31, 2015 and 2014, and the related statement of changes in net assets available for benefits - modified cash basis for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by State Street Bank and Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2015 and 2014, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (Held at End of Year) (Schedule H Line 4i of Form 5500) as of and for the year ended December 31, 2015 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Basis of Accounting

We draw attention to Note 2, in the financial statements which describes the basis of accounting. The financial statements and the supplemental schedule were prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN

The following description of the Pier Sixty, LLC 401(k) Retirement Plan (Plan) provides only general information. Participants should refer to the Plan agreement or documents for a more complete description of the Plan's provisions.

General

The Plan is a defined-contribution 401(k) plan established by Pier Sixty, LLC (Company) covering all eligible employees, as defined. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The trustee is responsible for the oversight of the Plan. Plan management determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

Each year, participants may contribute up to 75% of their annual compensation not to exceed $18,000 for 2015. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions as permitted under the Internal Revenue Code. Participants may also contribute amounts representing distributions from other qualified plans. The Company contributes an amount equal to 100% of each participant's contributions up to the first 5% of the employee's compensation during the plan year, limited to a maximum of $2,000. The Company may also make discretionary contributions. Forfeited balances of unvested participant accounts are used to reduce future contributions from the Company. Participants direct the investments in their account into various investment options offered by the Plan. The Plan currently offers thirty-one options.

Participant Accounts

Each participant's account is credited with (i) the participant's contributions, (ii) the Company's matching contribution, (iii) their share of the Company's additional discretionary contributions, if any, (iv) net earnings (loss) on their account and (v) charged with an allocation of administrative/investment expenses. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions, plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after three years of credited service. Upon reaching normal retirement, disability or death, a participant account also becomes fully vested.

Notes Receivable from Participants

Participants may borrow a minimum of $500 and up to a maximum equal to the lesser of 50% of their vested account balance, as adjusted, or $50,000. Loans are payable over no more than five years (except for loans to acquire a principal residence), are secured by the participant's account, and bear the interest rates of 5.25% - 5.50% per annum. Principal and interest are paid ratably through weekly payroll deductions.

Payment of Benefits

Upon normal retirement, disability, death or separation from service, participants receive their vested benefit in a lump-sum or installment payments, as defined. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

Forfeitures

At December 31, 2015 and 2014, forfeited non-vested accounts totaled $10. These accounts will be used to reduce future employer contributions. Also, in 2015, employer contributions were reduced by $1,408, from forfeited non-vested accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan were prepared on the modified cash basis of accounting, a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Under the modified cash basis of accounting used by the Plan, contributions and interest and dividends are recognized when received rather than when they are earned and benefits and expenses are recognized when paid rather than when the obligation is incurred; however, investments are presented at fair value.

NOTES TO FINANCIAL STATEMENTS

Use of Estimates

The preparation of financial statements in conformity with the basis of accounting described in the preceding paragraph requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines plan valuation policies utilizing information provided by the trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest and dividend income is recorded on the modified cash basis. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when paid. No allowance for credit losses has been recorded as of December 31, 2015 or 2014. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Corrective Distributions

Corrective distributions are the amounts paid in the current year to participants for contributions made in excess of amounts allowed by the Internal Revenue Service in the prior year. The Plan distributed the 2015 excess distributions to applicable participants prior to March 15, 2016.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation in fair value of investments.

Subsequent Events

Plan management has evaluated subsequent events through September 29, 2016 the date the financial statements were available to be issued and concluded that no additional disclosures are required.

3. INFORMATION PREPARED AND CERTIFIED BY TRUSTEE (UNAUDITED)

The following information, included in the financial statements and supplemental schedule, was obtained from data that has been prepared and certified to as complete and accurate by the Plan's trustee:

All of the above funds are offered through State Street Bank and Trust Company.

* Investments that represent 5% or more of the Plan's net assets.

During 2015, the Plan's investments (including gains and losses on investments bought and sold as well as held during the year) appreciated in value by $12,080 as follows:

Net depreciation in fair value of investments	$ (138,340)
Interest and dividend income	135,503
Interest income from notes receivable from participants	14,917
	$ 12,080

See independent auditor's report

4. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Level 2 — Inputs other than quoted prices included within Level 1 that are observable for the asset or liability either directly or indirectly such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

NOTES TO FINANCIAL STATEMENTS

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust (CCT): Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations. The CCT's are priced daily. The mil rate is a blend of the contracts' rate of return and the liquidity component's daily mil rate. The contract's rate of return is typically reset on a quarterly basis. The CCT's daily value is based on the contract value which is based on the provision of the contracts.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

	Assets at fair value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$4,385,386			$4,385,386
Common Collective Trust		$ 311,452		311,452
	$4,385,386	$ 311,452		$4,696,838

NOTES TO FINANCIAL STATEMENTS

	Assets at fair value as of December 31, 2014			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$4,028,915			$4,028,915
Common Collective Trust		$ 336,215		336,215
	$4,028,915	$ 336,215		$4,365,130

5. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2015 and 2014, to Form 5500:

	2015	2014
Net assets available for Plan benefits per the financial statements	$5,011,337	$4,716,840
Accumulated loan interest	(7,430)	(21,034)
Net assets available for Plan benefits per Form 5500	$5,003,906	$4,695,806

The following is a reconciliation of the changes in net assets available for plan benefits per the financial statements for the year ended December 31, 2015 to Form 5500:

	2015
Changes in net assets available for Plan benefits per the financial statements	$ 294,497
Net change in accumulated loan interest	13,604
Change in net assets available for Plan benefits per Form 5500	$ 308,101

See independent auditor's report

6. TAX STATUS

The Internal Revenue Service has determined and informed the Plan by letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right, under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

8. RELATED PARTY TRANSACTIONS AND PARTIES IN INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by State Street Bank and Trust Company. State Street Bank and Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the plan for investment management services, direct and indirect fees and commissions are included in net depreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment.

Notes receivable from participants also qualify as party-in-interest transactions.

The Company provides certain accounting and administrative services to the Plan for which no fees are charged.

9. RISKS AND UNCERTANTIES

The Plan invests in various investments which are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
