Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Principal Life Insurance Company and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the custodians of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the custodians hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained certifications from the custodians as of and for the year ended December 31, 2015, that the information provided to the plan administrator by the custodians is complete and accurate.

Their report, dated June 10, 2015, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the custodians, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

TDMG Retirement Savings Plan

Notes to the Financial Statements

December 31, 2015 and 2014

(1) Description of the Plan

The following description of TDMG Retirement Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

(a) General

The Plan is a defined contribution profit sharing plan covering substantially all full time employees of ThinkDirect Marketing Group, Inc. (the “Company”), with the exception of union employees, SSA home agents, acquired employees (exclusion applies only during transition period) and independent contractors, who have completed six months of service and have attained 21 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

(b) Contributions

Each year, participants may contribute a portion of their pretax annual compensation, as defined in the Plan and subject to certain limitations. The Plan provides for automatic participant enrollment into the Plan at a deferral rate of 2 percent with an automatic increase of 1 percent each year up to a maximum of 10 percent, unless elected otherwise by the participant. Participants age 50 or older are permitted to defer “catch-up” contributions under Internal Revenue Code (the “Code”) section 414(v), which are not to exceed a \$6,000 limit. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company may contribute a discretionary matching contribution and additional discretionary contributions to the Plan. Additional qualified nonelective contributions (“QNEC”) may be made. For the year ended December 31, 2015, there were no discretionary matching contributions or additional discretionary contributions made by the Company. Plan participants direct the investment of their contributions and employer contributions into various investment options offered by the Plan.

(c) Participant Accounts

Each participant’s account is credited with the participant’s contributions and an allocation of discretionary Company contributions and Plan earnings, and is charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account balance. Each participant directs the investment of his or her account to any of the investment options available under the Plan. Participants may change their investment options daily.

(d) Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company contribution portion of their accounts, plus earnings thereon, is based on years of continuous service at the rate of 20 percent per year.

TDMG Retirement Savings Plan

Notes to the Financial Statements - Continued

(1) Description of the Plan - Continued

(e) Distribution of Benefits

Upon retirement, death, disability or termination of service, a participant may elect to receive the value of the vested interest in his or her account either in a lump-sum distribution or in installments over a period not to exceed the life expectancy (determined at the time of distribution) of the participant or their spouse.

(f) Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50 percent of their vested account balances, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the Plan administrator. The interest rate charged on participant loans was 5.25% as of December 31, 2015. Principal and interest are paid through payroll deductions over periods ranging up to 5 years or longer, i.e. for the purchase of a primary residence, in which case the period cannot exceed 10 years.

(g) Hardship Withdrawals

Subject to the approval of the Plan administrator, participants may withdraw all or a portion of their employee pretax contributions, if any, to satisfy immediate and heavy financial need, as determined by the Plan agreement.

(h) Forfeitures

Participant forfeitures of discretionary employer contributions shall be used to offset the Company's contributions. Total unallocated forfeitures were \$19,000 at December 31, 2015 and 2014. There were no forfeitures used during the year ended December 31, 2015.

(i) Administrative Expenses

Loan origination fees associated with notes receivable from participants and the Plan's record keeping and custodial fees are paid by the Plan and are reflected in the financial statements as administrative expenses of the Plan. Investment management fees are charged to the Plan as a reduction of investment return and included in the net depreciation in fair value of investments in the statement of changes in net assets available for benefits. All other expenses of the Plan are paid by the Company.

(j) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their employer contributions and earnings thereon.

TDMG Retirement Savings Plan

Notes to the Financial Statements - Continued

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("US GAAP").

(b) Investment Valuation and Income Recognition

The Plan's investments in pooled separate accounts and mutual funds are reported at fair value as further described in Note 4.

The Plan's investment contract has been determined to be fully-benefit responsive. Contract value represents contributions made under the agreement, plus earnings, less participant withdrawals and administrative expenses. In addition, management has determined that no adjustment from contract value is required for credit quality considerations. The contract has a surrender charge if terminated by the Company which will result in a fair value adjustment from contract value.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

The net depreciation in fair value of investments includes both realized gains and losses on investments sold during the year and unrealized gains and losses on investments held at the end of the year.

(c) Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions.

(d) Payment of Benefits

Benefits are recognized when paid.

(e) Use of Estimates

The preparation of financial statements in conformity with US GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

TDMG Retirement Savings Plan

Notes to the Financial Statements - Continued

(2) Summary of Significant Accounting Policies - Continued

(f) Risks and Uncertainties

The Plan holds various investments. Investments are exposed to various risks such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investments and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statement of assets available for benefits.

(g) Recent Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-07, *Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. The ASU removes the requirement to categorize within the fair value hierarchy investments for which fair values are estimated using the net asset value per share as a practical expedient provided by FASB Accounting Standards Codification ("ASC") 820 *Fair Value Measurements and Disclosures*. Disclosures about investments in certain entities that calculate net asset value per share are limited under this ASU to investments for which the entity has elected to estimate the fair value using the net asset value practical expedient. The guidance requires retrospective application and is effective for fiscal years, and interim periods within those years, beginning after December 15, 2016. Early adoption is permitted. Plan's management is currently evaluating the impact of ASU 2015-07 and does not expect the adoption of this ASU to have a material impact on the Plan's financial statements.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part I of the ASU eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II of this ASU eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. It also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics, and risk. Further the disclosure of information about fair value measurements shall be provided by general type of plan investments. Part III of this ASU allows a plan with a fiscal year end that does not coincide with the end of a calendar month to measure its investments and investment-related accounts using the month end closest to its fiscal year end. The guidance is effective for fiscal years beginning after December 15, 2015 and early adoption is permitted. The guidance on fully benefit-responsive investment contracts and plan investment disclosures must be applied retrospectively. The guidance on measurement date practical expedient must be applied prospectively. Management has elected to early adopt Parts I and II. The statements of net assets available for benefits and the statement of changes in net assets available for benefits of the Plan were not affected by the adoption of the new guidance. Part III is not applicable to this Plan.

(3) Information Certified by the Custodians (Unaudited)

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal Life Insurance Company and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the Plan's custodians, have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Total investments at fair value and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2015 and 2014;
- Net depreciation in fair value of investments and related investment activity and interest and dividend income and interest from notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2015;
- The Schedule of Assets (Held at End of Year) as of December 31, 2015, as shown in the supplemental schedule.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in these financial statements and supplemental schedule.

(4) Fair Value Measurements

The Financial Accounting Standards Board Accounting Standards Codification (the "Codification") provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under this guidance are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- (a) Quoted prices for similar assets or liabilities in active markets;
- (b) Quoted prices for identical or similar assets or liabilities in inactive markets;
- (c) Inputs other than quoted prices that are observable for the asset or liability;
- (d) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If an asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

(4) Fair Value Measurements - Continued

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds

Mutual funds are valued at net asset value ("NAV") of share held by the Plan at year end.

Pooled Separate Accounts

These investments are public investment vehicles valued using the Net Asset Value (NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is classified within Level 2 of the valuation hierarchy because the NAV's unit price is quoted on a private market that is not active; however, the unit price is based on underlying investments which are traded on an active market.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value at December 31, 2015:

<u>Description</u>	<u>Assets Measured at Fair Value at December 31, 2015</u>	<u>Fair Value Measurements at Reporting Date Using</u>		
		<u>Quoted Prices in Active Markets (Level 1)</u>	<u>Significant Other Observable Inputs (Level 2)</u>	<u>Significant Unobservable Inputs (Level 3)</u>

(4) Fair Value Measurements - Continued

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value at December 31, 2014:

Description	Assets Measured at Fair Value at December 31, 2014	Fair Value Measurements at Reporting Date Using		
		Quoted Prices in Active Markets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Pooled separate accounts	\$ 2,395,944	-	2,395,944	-

	<u>\$ 3,043,430</u>	<u>647,486</u>	<u>2,395,944</u>	<u>-</u>

(5) Party-In-Interest Transactions

Parties in interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer and certain others. Certain administrative functions are performed by officers or employees of the Plan sponsor. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company. The Plan holds units of pooled separate accounts managed by Principal Trust Company and a fully benefit responsive investment contract with Principal. Principal is the Plan custodian and record keeper and, therefore, these transactions and the Plan's payment of custodial fees, record keeping fees, and investment management fees to Principal qualify as party-in-interest transactions. Notes receivable from participants also reflect party-in-interest transactions.

(6) Tax Status

The Internal Revenue Service ("IRS") issued an opinion letter dated March 31, 2014 indicating that the prototype adopted by the Plan, as then designed, was in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended from the original prototype document, Plan management believes that the Plan is currently being operated in accordance with the IRC.

US GAAP requires the Company to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Company has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015 and 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(7) Subsequent Events

Effective March 29, 2016, the Company adopted a multiple employer plan and liquidated and transferred all investments except for the guaranteed investment contract which cannot be liquidated for a twelve month period.

In accordance with Accounting Standards Codification 855, Subsequent Events, plan management has evaluated events occurring through October 11, 2016, the date financial statements were available to be issued, to determine if these events were significant to the financial statements.
