Note 1 - Description of Plan

The following description of the GCE International, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan sponsor is GCE International, Inc. (the "Company").

General

The Plan is a defined contribution plan covering all eligible employees of the Company, as defined. An employee is eligible to participate in the Plan upon employment with the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Board of Trustees is responsible for oversight of the Plan. The Plan's investment advisors determine the appropriateness of the Plan's investment offerings, monitor investment performance and report to the Plan's Board of Trustees.

Contributions

Each year, participants may contribute to the Plan a percentage of pre-tax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment funds offered by the Plan. Effective January 1, 2015, the Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The Company may make discretionary matching contributions equal to a percentage of employee deferrals to the Plan at the option of the Plan administrator. The Company, at its discretion, may contribute additional nonelective contributions. There were no matching contributions or nonelective contributions made to the Plan for the year ended December 31, 2015. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participant accounts

Each participant's account is credited with the participant's contributions and matching contributions, if provided, as well as allocations of the Company's profit sharing contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after three years of credited service.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at the prime rate in effect on the date the loan is made, plus 1%. All loans at December 31, 2015, bear interest at 4.25% which is commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest are paid ratably through monthly payroll deductions.

Payment of benefits

On termination of service due to disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited accounts

At December 31, 2015 and 2014, forfeited nonvested accounts totaled $204 and $0, respectively. These accounts are first used to pay Plan expenses. Any remaining forfeited accounts would be used to reduce future employer contributions. In 2015, no forfeited nonvested accounts were used to pay Plan expenses.

Note 2 - Summary of accounting policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Adoption of accounting standard

In July 2015, the Financial Accounting Standards Board (“FASB”) issued Accounting Standards Update (“ASU”) 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part II eliminates the requirements to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Parts I and III are not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Part II is to be applied retrospectively. Management has elected to adopt Part II early.

Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (“GAAP”) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Board of Trustees determines the Plan's valuation policies utilizing information provided by the investment advisers. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 and 2014.

Payment of benefits
Benefits are recorded when paid.

Expenses
Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation in fair value of investments.

Subsequent events
The Plan has evaluated subsequent events through October 10, 2016, the date the financial statements were available to be issued.

Note 3 - Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (“Level 1”) and the lowest priority to unobservable inputs (“Level 3”). The three levels of the fair value hierarchy under FASB ASC 820 Fair Value Measurements and Disclosures are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Money market accounts: Valued at cost which is deemed to approximate fair value due to the short-term maturity of the investment.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective investment trust: Valued at the NAV of units of a bank collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

	2015			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 7,425,843	$ -	$ -	$ 7,425,843
Money market accounts	-	3,011	-	3,011
Collective investment trust	-	1,313,787	-	1,313,787
Total assets, at fair value	$ 7,425,843	$ 1,316,798	$ -	$ 8,742,641

	2014			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 7,770,816	$ -	$ -	$ 7,770,816
Collective investment trust	-	1,770,493	-	1,770,493
Total assets, at fair value	$ 7,770,816	$ 1,770,493	$ -	$ 9,541,309

For the years ended December 31, 2015 and 2014 there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.

Fair value of investments in entities that use NAV

The following table summarizes investments for which fair value is measured using NAV per share practical expedient as of December 31, 2015 and 2014, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan:

	2015				
Investment	Fair value 2015	Fair value 2014	Unfunded commitments	Redemption Frequency (if currently eligible)	Redemption notice period
Wilmington Trust Retirement and Institutional Services Company collective Investment Trust III for MetLife Group Annuity Contract	$ 1,313,787	$ 1,770,493	n/a	Daily	Daily

Note 4 - Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions, if any.

Note 5 - Rollover contributions

An aggregate of $21,000 was rolled into the Plan during the year ended December 31, 2015, and is included in rollovers on the statement of changes in net assets available for benefits.

Note 6 - Related party transactions and party-in-interest transactions

Wells Fargo Bank, N.A. ("Wells Fargo"), the trustee and custodian, provides certain administrative services to the Plan pursuant to an agreement between the Company and Wells Fargo. Wells Fargo receives revenue from mutual fund and collective trust fund service providers for services Wells Fargo provides to the funds. This revenue is used to offset certain amounts owed to Wells Fargo for its administrative services to the Plan.

If the revenue received by Wells Fargo from such mutual fund or collective trust fund service providers exceeds the amount owed under the agreement, Wells Fargo remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. During 2015, there were no excess amounts. The Plan or Plan sponsor may make a payment to Wells Fargo for administrative expenses not covered by revenue sharing.

Note 7 - Tax status

The IRS has determined and informed the Company by a letter dated September 29, 2011, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (the "IRC"). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax exempt.

GAAP requires Plan management to evaluate tax positions taken by the plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

Note 8 - Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9 - Certified investments

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments held at December 31, 2015 and 2014, and investment income for the year ended December 31, 2015, that is disclosed in the accompanying financial statements and supplemental schedule, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Wells Fargo, the trustee and the custodian of the Plan.
