1. Description of the Plan:

The following description of Mimecast North America, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for more complete information regarding the terms of the Plan.

General: The Plan is a defined contribution plan covering all eligible employees of Mimecast North America, Inc. (the "Plan Sponsor"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Administrator is responsible for oversight of the Plan. The Plan Administrator determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Effective April 1, 2015, the Plan Sponsor changed the appointed investment recordkeeper and custodian from John Hancock Life Insurance Company (U.S.A) to Fidelity Management Trust Company. Fidelity Management Trust Company will act as the Plan's trustee, custodian and recordkeeper.

Eligibility: Employees become eligible for participation in the Plan on the first day of the month following completion of one month of service with the employer and upon attainment of age 21. Eligible employees enrolled in the Plan are referred to as "Participants" in the Plan.

Contributions: The Plan provides for Participant pre-tax contributions. Participants may contribute up to 100% of their pre-tax compensation, as defined by the Plan, subject to the Internal Revenue Code (IRC) limitations. Rollover contributions from other qualified plans are allowed, with the approval of the Plan Administrator. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan provides that Participants who are projected to be age 50 or older by the end of the calendar year and who are making deferral contributions to the Plan may also make a catch-up contribution subject to IRC limitations.

The Plan Sponsor may make a discretionary matching and/or profit-sharing contribution in any plan year in an amount determined by the Board of Directors of the Plan Sponsor. Participants are eligible for discretionary matching contributions if they completed 1,000 hours of service and were employed at the end of the plan year. During the year ended December 31, 2015, the

Plan Sponsor did not declare discretionary matching or profit sharing contributions to the Plan.

Participant Accounts: Each Participant's account is credited with the Participant's contributions and allocations of (a) the Plan Sponsor's contributions, (b) Plan earnings or losses, and (c) charged with an allocation of administrative expenses, if any. Allocations are based on Participant earnings or account balances, as defined. The benefit to which a Participant is entitled is the benefit that can be provided from the Participant's vested account.

Vesting: Participants are immediately vested 100% in their contributions plus actual earnings thereon. Participants are 100% vested in the Plan Sponsor contributions and the actual earnings thereon after completion of four years of credited service. Participant vesting in the Plan based upon years of service is as follows:

Years of Service from <u>Date of Hire</u>	Vested Percentage of Matching <u>Contributions</u>	Vested Percentage of Profit Sharing <u>Contributions</u>
1	25%	25%
2	50%	50%
3	75%	75%
4	100%	100%

A Participant's vesting percentage will increase to 100% if, while employed, the Participant dies or terminates their employment due to becoming disabled.

Notes Receivable from Participants: Participants may borrow from their Plan accounts in amounts attributable to the Participant's vested balance, for a maximum term of five years. If the loan is for the purchase of a principal residence, the term of the loan may be extended. A Participant may borrow the lesser of 50% of his or her eligible balance up to \$50,000. The minimum loan amount is \$1,000 and only one loan can be outstanding at any time. The loan balance is secured by the Participant's account and bears interest at rates defined as the prime interest rate plus 1%. Principal and interest is paid ratably through payroll deductions.

Benefits and Withdrawals: The vested benefits are paid to the Participants or their beneficiaries upon the Participants' retirement, death, disability or termination of employment with the Plan Sponsor. In the event of the above, the Participants or their

1. Description of the Plan (Continued):

beneficiaries will receive a lump sum distribution if the account has a value of less than \$5,000. Participants whose account balances exceed \$5,000 may elect a lump sum distribution or may leave their vested balance in the Plan.

Hardship withdrawals are permitted by the Plan as defined in the IRC. Participants may also withdraw their vested account balance upon attaining age 59 ½.

Forfeited Accounts: Forfeited amounts related to Plan Sponsor's discretionary matching contributions are used to reduce future Plan Sponsor contributions and Plan expenses. Forfeited amounts related to Plan Sponsor's nonmatching discretionary contributions are reallocated to Participant accounts as additional nonmatching contributions. During the year ended December 31, 2015, the Plan Sponsor used \$4,388 to reduce its discretionary matching contributions. As of December 31, 2015 and 2014, the Plan no had forfeitures available to offset future Plan Sponsor's matching contributions and Plan expenses.

2. Significant Accounting Policies:

Basis of Accounting: The financial statements of the Plan are prepared under the accrual method of accounting.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note 3 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from Participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015

and 2014. If a Participant ceases to make loan repayments and the Plan Administrator deems the Participant loan to be in default, the note receivable balance is reduced and a benefit payment is recorded.

Excess Contributions Payable: Amounts payable to Participants for contributions in excess amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2014 excess contributions to the applicable Participants prior to March 15, 2015.

Payment of Benefits: Benefits are recorded when paid.

Expenses: Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from Participants are charged directly to the Participant's account and are included in administrative expenses. Investment-related expenses are included in net depreciation in fair value investments.

Use of Estimates: The preparation of the financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent Events: The Plan Administrator has evaluated subsequent events through October 11, 2016, the date the financial statements were available to be issued.

Recently Adopted Accounting Policies: In May 2015, the Financial Accounting Standards Board issued an Accounting Standards Update (ASU) related to fair value measurements, which removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value (NAV) per share practical expedient. In addition, the ASU removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. The ASU is effective for fiscal years beginning after December 15, 2016, with early adoption permitted. The Plan early adopted the provisions of this ASU as of December 31, 2015 and applied its provisions retrospectively to all periods presented.

2. Significant Accounting Policies (Continued):

In July 2015, the Financial Accounting Standards Board issued an Accounting Standards Update (ASU) related to plan accounting. Part II of the ASU eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Parts I and III are not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Part II is to be applied retroactively. The Plan has early adopted the Part II of this ASU as of December 31, 2015 and applied its provisions retrospectively to all periods presented.

3. Fair Value Measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used for the years ended December 31, 2015 and 2014.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Trusts: Valued at the net asset value (NAV) of units of the collective trust. The NAV, as provided by the custodians, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Pooled Separate Accounts: Valued at net asset value (NAV), as a practical expedient, based on information reported by the custodian and/or trustee with reference to the market value of the funds underlying assets at end of year.

3. Fair Value Measurements (Continued):

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level within the fair value hierarchy, the Plan's fair value measurements as of December 31, 2015 and 2014:

	Assets at Fair Value as of December 31, 2015			
	Total	Level 1	Level 2	Level 3
Mutual Funds	\$ 2,907,336	\$ 2,907,336	\$ -	\$ -
Total Assets in the Fair Value Hierarchy	\$ 2,907,336	\$ 2,907,336	\$ -	\$ -
Investments Measured at Net Asset Value	14,946			
Investments at Fair Value	\$ 2,922,282			
	Assets at Fair Value as of December 31, 2014			
	Total	Level 1	Level 2	Level 3
Total Assets in the Fair Value Hierarchy	\$ -	\$ -	\$ -	\$ -
Investments Measured at Net Asset Value	2,243,866			
Investments at Fair Value	\$ 2,243,866			

3. Fair Value Measurements (Continued):

Investment strategies relating to investments measured at fair value based on NAV as a practical expedient are as follows:

Collective Trust:

- Stable Value Fund seeks to preserve capital while earning a level of interest income that is consistent with principal preservation. The fund primarily consists of fixed income securities, and money market funds.

Pooled Separate Accounts:

- Lifestyle asset allocation pooled separate accounts combine fixed income and equity components to provide a combination of the stability of interest income and the growth potential of equity investments.
- Target Date asset allocation pooled separate accounts combine fixed income and equity components to focus on income beyond the target retirement date.
- Aggressive growth pooled separate accounts invest in companies that demonstrate a high growth potential and achieve the highest capital gains.
- Growth and income pooled separate accounts invest primarily in equities and have a dual strategy of capital appreciation and current income.
- Growth pooled separate accounts invest in companies with above-average growth in earnings and have capital appreciation as their primary goal.
- Bond pooled separate accounts invest primarily in bond funds, and seek to preserve principal while generating income.
- Conservative pooled separate accounts seek to achieve maximum current income consistent with preservation of principal and liquidity.

The following table summarizes investments measured at fair value based on NAV as a practical expedient per share as of December 31, 2015 and 2014.

Financial Asset	Fair Value as of December 31, 2015	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Collective Trusts	<u>\$ 14,946</u>	N/A	Daily	60 Days

Financial Asset	Fair Value as of December 31, 2014	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Pooled Separate Accounts	<u>\$ 2,243,866</u>	N/A	Daily	7 - 30 Days

4. Party-in-Interest Transactions:

Certain Plan investments are managed by Fidelity Management Trust Company and John Hancock Life Insurance Company (U.S.A), trustees of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net depreciation in fair value investments, as they are paid through revenue sharing, rather than direct payment, in the accompanying statement of changes in net assets available for plan benefits for the year ended December 31, 2015. During the year ended December 31, 2015, the Plan made a direct payment to the trustees in the amount of \$808 which was not covered by revenue sharing. The Plan Sponsor pays directly any other fees related to the Plan's operations.

5. Tax Status:

The Plan has adopted the nonstandardized prototype plan of Fidelity Management Trust Company. The nonstandardized prototype plan sponsor received a favorable opinion letter dated March 31, 2014 in which the Internal Revenue Service stated that the form of the nonstandardized prototype plan was in compliance with the applicable requirements of the IRC. The nonstandardized prototype plan has been amended since receiving the opinion letter; however, the Plan Administrator believes that the Plan and the related trust are currently being operated in compliance with the applicable provisions of the IRC, and that the related trust is therefore tax-exempt.

GAAP requires plan management to evaluate tax positions taken by the Plan and to recognize a tax liability (or asset) if the Plan Sponsor has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator believes it has no uncertain tax positions as of December 31, 2015 and 2014 and for the year ended December 31, 2015.

6. Plan Termination:

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, Participants would become 100% vested in the Plan Sponsor contributions.

7. Risks and Uncertainties:

The Participants invest in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect Participants' account balances and the amounts reported in the accompanying statements of net assets available for plan benefits.

8. Information Certified by the Custodian:

The Plan Administrator has elected the method of compliance, commonly referred to as the limited-scope audit exemption, permitted under 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, no auditing procedures with respect to the information certified by Fidelity Management Trust Company and John Hancock Life Insurance Company (U.S.A), the trustees of the Plan, were performed by the independent auditors except for comparing the information to the financial statements and supplemental schedule. The custodians has certified as to the completeness and accuracy of the investments and notes receivable from participants held by the Plan as of December 31, 2015 and 2014, the investment income, the interest income on notes receivable from Participants and the investment-related transactions of the Plan for the year ended December 31, 2015, and the information contained in the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2015.

9. Reconciliation of Financial Statements to Form 5500:
