GILCO-BURNSCO 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Gilco-Burnsco 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan was a defined contribution plan whereby eligible employees of Gilco Contracting, Inc. (the Company or Employer) and Burnsco Construction Inc. (an Adopting Employer), were permitted to make contributions that were tax deferred under section 401(k) of the Internal Revenue Code (the Code). The Plan was subject to the requirements of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Amendment – The Plan was established on January 1, 2006 for the exclusive benefit of eligible employees of Gilco Contracting, Inc. and Burnsco Construction Inc. (combined referred to as the Companies). The Plan was amended and restated effective September 3, 2014 at which time the Companies adopted a Non-Standardized 401(k)/Profit Sharing Plan. The adopted Plan was considered qualified under Code section 401(a) as long as all terms of the Plan are followed. The Plan was administered by a Committee of Trustees consisting of two persons selected and designated by the board of directors of the Companies.

Eligibility – To be eligible to participate in the Plan, an employee must have been 21 years old and have completed one year of elapsed time of employment. Once an employee became eligible, participation began on the next following entry date, which was designated as January 1 and July 1 of each year.

Contributions – A participant had the right to elect in writing, to have their pay reduced by a designated amount, with such amount being contributed to the Plan by the Employer. Generally, a participant may have contributed up to as much as $18,000 during a calendar year. A participant over the age of 50 may have contributed an additional amount of up to $6,000 as catch-up contributions. The amount of the designated salary deferral could be changed at any time and changes were effective on the payroll date following the week the change was made. Salary reduction contributions could be stopped at any time.

The Employer contributed to the Plan the amounts which the participants elected to defer from their salary. The Employer could make discretionary contributions to be determined by the Companies and would be allocated based on annual eligible compensation, as defined in the Plan.

Vesting – Participants were immediately vested in their voluntary contributions plus earnings thereon. Vesting in a participant's employer discretionary contributions was also 100% vested at all times.

The Plan allowed for in service distributions only with respect to contributions and earnings made for rollover contributions, hardships and any time after reaching the age of 59 and ½ years of age.

Notes Receivable from Participants – The Plan did not allow notes receivable from participants.

Forfeitures – Forfeitures were allocated to participant accounts on the same basis as employer contributions, which was based on the relationship of eligible compensation to total compensation. There were no unallocated forfeitures as of the beginning of the year and no forfeitures were allocated during the period ended December 29, 2015.

Administrative Expenses – Administrative expenses not absorbed by the Company consisted of participant fees, and costs of recordkeeping and administration.

GILCO-BURNSCO 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan were presented on the accrual basis of accounting. On October 13, 2015, the Companies elected to terminate the Plan. From January 1, 2015 through December 29, 2015, the financial statements were presented on the liquidation basis of accounting.

Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Shares of registered investment companies (mutual funds) were reported at fair value based on the quoted market price of the fund, which represented the net asset value of the shares held by the fund at year-end. Money market funds were carried at cost which approximated fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales were recorded on a trade date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Net appreciation included the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits – Benefits were recorded when paid.

Income Taxes – Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for years before 2012. The Plan's 2012 to 2015 IRS forms 5500 are available to be subject to audit by the Internal Revenue Service.

Subsequent Events – The Plan Administrator has evaluated events or transactions for potential recognition or disclosure through October 4, 2016, the date on which the financial statements were available to be issued.

NOTE 3 – INCOME TAX STATUS

The Plan adopted the Prototype Non-standardized Profit Sharing Plan with CODA as provided by Principal Life Insurance Company. Principal Life Insurance Company received a favorable determination letter from the Internal Revenue Service (IRS) dated March 31, 2014. The Plan has been amended since receiving the determination letter; however, the Plan's management believes that the Plan and related trust is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code (IRC). Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTES TO FINANCIAL STATEMENTS

NOTE 4 – INFORMATION CERTIFIED BY THE CUSTODIAN

The Plan's investments were held by Principal Life Insurance Company, the Custodian of the Plan. Investments certified as complete and accurate as of December 29, 2015 and December 31, 2014, by the Custodian of the Plan are as follows:

	2015	2014
Guaranteed Interest accounts	$ -	$ 283,296
Mutual funds	-	1,836,697
Total	$ -	$ 2,119,993

For the period from January 1, 2015 to December 29, 2015, investment income certified by Principal Life Insurance Company as being complete and accurate was as follows:

Interest and dividends	$ 156
Net depreciation in fair value of investments	(18,316)

NOTE 5 – FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board has established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 inputs) and the lowest priority to unobservable inputs (level 3 inputs). The three levels of the fair value in this hierarchy are described below:

Level 1: Quoted prices (unadjusted) in active markets for identical assets and liabilities. The Plan did not use Level 1 for any of its fair value measurements during the plan years ended December 29, 2015 and December 31, 2014.

Level 2: Inputs other than Level 1 that are observable, either directly or indirectly. For the Plan, Level 2 inputs include quoted prices for similar assets or liabilities, prices obtained through third-party broker quotes, and prices that can be corroborated with other observable inputs for substantially the complete term of a contract.

Level 3: Unobservable inputs for asset and liability valuation. The Plan uses Level 3 for valuation of the Guaranteed Interest accounts. This investment option is a guaranteed interest account provided through a group annuity contract. Under the terms of the group annuity contract, a crediting rate is established for amounts invested in the guaranteed interest account and participants may direct permitted withdrawal and/or transfer transactions of all or a portion of their account balance at Contract Value. Contract Value represents contributions plus credited interest less participant withdrawals and fees. Contract Value is also often referred to as "Book Value." Principal Life Insurance Company considers this investment option to be fully benefit responsive notwithstanding the liquidation value events under the contract that limit the ability of the Plan to transact at Contract Value.

GILCO-BURNSCO 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 5 – FAIR VALUE MEASUREMENTS (continued)

The fund's fair value presented below represents the estimated liquidation value determined within contract specifications. If the applicable interest rate is equal to or less than the interest rate on the account, the fair value is the contract value. If the applicable interest rate is greater than the interest rate on the account, the fair market value is the contract value reduced by the difference between the applicable interest rate and the interest rate on the account, multiplied by the number of years (including fractional parts) until maturity.

Liquidation Value Events

The value paid when funds are withdrawn at maturity or for a benefit event are paid at contract amount. The value paid when funds are withdrawn prior to maturity, are paid at fair market value.

Interest Crediting Rates

Average yield earned at the Plan	1.14%
Average interest rate credited to participants	1.10%

The following table sets forth a summary of changes in the fair value of the Plan's level 3 assets for the period from January 1, 2015 to December 29, 2015:

	Guaranteed Interest Accounts
Beginning balance, at fair value	$ 283,296
Realized gains (losses)	156
Purchases, sales, issuances and settlements	
Purchases	76,874
Issuances	-
Sales	(360,326)
Settlements	-
Ending balance, at fair value	$ -

NOTE 6 – PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor Regulations as any fiduciary of the Plan, any party rendering services to the Plan, the Employer, and certain others. Certain Plan investments are shares of mutual funds or group annuity contracts managed by Principal Life Insurance, the trustee of the Plan, and its affiliates. Therefore these transactions qualify as party-in-interest transactions.

NOTE 7 – RISK AND UNCERTAINTIES

The Plan invested in various types of investment securities. Investment securities were exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it was at least reasonably possible that changes in the values of investment securities would occur in the near term and that such changes could have materially affected the amounts reported in the statement of net assets available for plan benefits.

On October 13, 2015, the Companies elected to discontinue the Plan by December 31, 2015. Effective November 13, 2015, participants were no longer able to make contributions or investment transfers through payroll deductions. Participants could continue to transfer investments other than by payroll deductions, up until the discontinuance date. Distributions or rollovers of participant account balances could commence on that date. All account balances were distributed from the Plan in accordance with the terms of the Plan.
