Independent Auditors' Report

To the Plan Administrator
Savings Plan for Employees of Aquarion Water Company

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Savings Plan for Employees of Aquarion Water Company which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

The Plan's management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by T. Rowe Price Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of December 31, 2015 and 2014, and for the years then ended that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Change in Accounting Principle

As discussed in Note 2 to the financial statements, management has elected early adoption of Accounting Standards Update ("ASU") 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962) and Health and Welfare Benefit Plans (Topic 965), I. Fully Benefit-Responsive Investment Contracts, II. Plan Investment Disclosures and III. Measurement Date Practical Expedient*, and ASU 2015-07, *Fair Value Measurements (Topic 820), Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. These amendments require retrospective application. As a result, certain amounts relating to investments and investment disclosures have been restated as of December 31, 2014. Our disclaimer of opinion is not modified with respect to that matter.

Supplemental Information

The supplemental schedule of assets (held at end of year) as of or for the year ended December 31, 2015 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with Department of Labor Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

General

Effective April 25, 2002, Aquarion Company ("the Company") completed the acquisition of three American Water Works subsidiaries ("AWW") in Massachusetts, New York and New Hampshire, and Aquarion Water Company of Connecticut (formerly BHC Company) and completed the acquisition of Connecticut-American Water Company ("CAWC"), collectively ("the Participating Companies"). In connection with these acquisitions, the Plan was established for former employees of AWW and CAWC who had completed at least three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Employee Savings and Investment Plan Committee, which serves without compensation, is appointed by the Company and is responsible for the general administration of the Plan and makes the final determination on all questions arising in connection with the interpretation, application and administration of the Plan.

Contributions

Each year, participants may contribute up to 20% of annual compensation, as defined in the Plan, as either pre-tax or Roth 401(k) contributions. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans (rollovers). The Plan includes an auto-enrollment provision whereby all newly eligible employees hired on or after January 1, 2011 are automatically enrolled in the Plan upon being eligible at a deferral rate of 6% of eligible compensation unless they affirmatively elect otherwise and their contributions are invested in a designated fund until changed by the participant.

Effective January 1, 2011, union participants hired after January 1, 2011 receive a matching contribution of 100% of the amount contributed by the participant up to 6% of the employee's compensation for the plan year. Effective June 1, 2011, non-union participants hired after October 1, 2009 receive a matching contribution of 100% of the amount contributed by the participant up to 6% of the employee's compensation for the plan year. Union participants hired before January 1, 2011 and non-union participants hired before October 1, 2009 receive a matching contribution of 75% of the amount contributed by the participant up to 6% of the employee's compensation for the plan year. Employees of Homeowner Safety Valve Company receive a matching contribution of 67% of the amount contributed by the participant up to 6% of the employee's compensation for the plan year. In addition, the Company may make additional discretionary contributions at the discretion of the Board of Directors. No additional discretionary contributions were made to the Plan by the Company for 2015.

All contributions are subject to certain limitations imposed by the Plan and the Internal Revenue Code ("the Code").

NOTES TO FINANCIAL STATEMENTS

Participant Accounts

Each participant's account is credited with the participant's contributions, Company contributions, and allocations of plan earnings. Participant accounts are charged with an allocation of administrative expenses paid by the Plan. Allocations of Company contributions, investment income and administrative expenses are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested accounts.

Investment Options

Participants may direct their contributions into any of the funds offered by the Plan, which are held at T. Rowe Price Trust Company ("T. Rowe Price"). These funds include a variety of investment options with various objectives and degrees of financial risk.

Vesting

Participants are immediately vested in their deferral and rollover contributions, including the earnings on those amounts. Vesting in the Company contributions portion of their accounts is based on years of continuous service. Employees hired prior to January 1, 2007 are immediately vested in employer contributions. Employees hired on or after January 1, 2007 are fully vested in employer contributions upon the completion of five years of service. Participants are also fully vested upon reaching normal retirement age, death or total disability.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or one-half of their vested account balance. Loan terms range from one to five years, except for loans to purchase a primary residence, which may be offered over a term of up to fifteen years. The loans are secured by the balance in the participants' accounts and bear interest at a rate commensurate with local prevailing rates, as determined by the plan administrator. The notes currently bear interest from 4.25% to 10.50%. Participants may only have two loans outstanding at any given time. Generally, principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon retirement, disability, death or termination of employment, the participant shall become entitled to the total value of his or her vested account. Distributions will be paid in a lump sum or in installments over a number of years, based upon election of the participant or as defined in the Plan or the Code. If a participant terminates employment for any reason and his or her vested account balance does not exceed \$1,000, the plan administrator will automatically distribute such amount in a lump-sum payment to the participant without consent of the participant. If the participant's balance is between \$1,000 and \$5,000, the plan administrator may roll the amount into an individual retirement account on behalf of the participant without the consent of the participant.

The Plan also provides for in-service withdrawals by participants who have attained the age of 59½. Upon financial hardship, a participant is entitled to the value of his or her deferral accounts, but not the earnings thereon, which is payable immediately in a lump-sum distribution.

Forfeitures

Forfeitures of employer non-vested contributions are used to reduce the Company's future matching contributions. Forfeited non-vested matching accounts totaled \$10,393 and \$3,272 at December 31, 2015 and 2014, respectively. No forfeitures were used to reduce employer matching contributions for the years ended December 31, 2015 and 2014.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Change in Accounting Principle

In July 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update (ASU) 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962) and Health and Welfare Benefit Plans (Topic 965), I. Fully Benefit-Responsive Investment Contracts("FBRICs"), II. Plan Investment Disclosures and III. Measurement Date Practical Expedient*, which simplifies the reporting for employee benefit plans by removing various disclosure requirements applicable to plan investments. The new guidance also clarifies that common collective trusts are not FBRICs and should be measured at fair value. The amendments are effective for plan years beginning after December 15, 2015 and early application is permitted. These changes are to be applied retrospectively. Plan management has early adopted ASU 2015-12 for the year ended December 31, 2015 and has restated certain investment disclosures as of December 31, 2014. The adoption of the amendments had no effect on the net assets available for benefits as previously reported at December 31, 2014; however, investments, at fair value, was reduced by \$227,004 in the statement of net assets available for benefits as previously reported at December 31, 2014. In addition, the adjustment from fair value to contract value in the amount of \$227,004 has been eliminated as of December 31, 2014.

In May 2015, the FASB issued ASU 2015-07, *Fair Value Measurements (Topic 820), Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*, which removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. The amendments are effective for plan years beginning after December 15, 2016 and early application is permitted. These changes are to be applied retrospectively. Plan management has early adopted ASU 2015-07 for the year ended December 31, 2015.

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTES TO FINANCIAL STATEMENTS

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on the trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded on the accrual basis. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits to participants are recorded when paid.

Plan Expenses

Investment-related expenses are included in net appreciation in fair value of investments. Fees related to the administration of notes receivable from participants and distributions are charged directly to the participant's account and are included in administrative expenses. Certain expenses of maintaining the Plan are paid directly by the Company.

Risks and Uncertainties

The Plan provides for various investment options. These investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain securities, it is at least reasonably possible that changes in the values of investments will occur in the near term and those changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent Events

Subsequent events were evaluated through October 10, 2016, the date the financial statements were available to be issued.

NOTE 3 - CERTIFICATION BY THE INVESTMENT TRUSTEE

Information presented in the accompanying statements and schedule as of and for the years ended December 31, 2015 and 2014 for investments, notes receivable from participants, investment income and interest income on notes receivable from participants was derived, without audit, from information certified to be complete and accurate by T. Rowe Price Trust Company, the trustee, as permitted by the election made by the plan administrator under 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 4 - FAIR VALUE MEASUREMENTS

Accounting principles generally accepted in the United States of America establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2

Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Assets valued using the net asset value practical expedient are not required to be reported within the hierarchy.

The following is a description of the valuation methodology used for assets measured at fair value:

Mutual Funds

Mutual funds are valued at the quoted price of shares held by the Plan at year end.

Common and Collective Trust Fund

The common and collective trust value fund is composed primarily of fully benefit-responsive investment contracts and is valued at the net asset value of the units held of the collective trust. The net asset value is used as a practical expedient to estimate fair value.

There have been no changes in the methodologies used at December 31, 2015 and 2014.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTES TO FINANCIAL STATEMENTS

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

- (a) Certain investments that are measured using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

There were no transfers between levels of investments during the years ended December 31, 2015 and 2014.

Investments in the common and collective trust fund provide for daily liquidity and have no redemption features or other restrictions.

NOTE 5 - PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are shares of mutual funds managed by T. Rowe Price or its affiliates. T. Rowe Price is a trustee as defined by the Plan, and, therefore, these transactions qualify as party-in-interest transactions. Certain employees of the Company who participate in the Plan perform administrative services to the Plan at no cost to the Plan. Notes receivable from participants are also party-in-interest transactions.

NOTE 6 - INCOME TAX STATUS

The Plan obtained its latest determination letter on December 12, 2012 in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Code. The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, the plan administrator believes the Plan was qualified and the related trust was tax exempt as of the financial statement date.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become fully vested in their accounts.

NOTE 8 - PROHIBITED TRANSACTIONS

During 2013, the Company failed to remit certain employee contributions totaling approximately \$2,757 within the period prescribed by the Department of Labor regulations. In 2014, the Company made contributions to the affected participants' accounts to compensate those participants for potential lost income due to the delays.
