Note 1 - Plan Description

The following description of the Plan is provided for general information purposes only. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General - The Plan is an 1165(e) profit-sharing plan under Section 1165(a) of the Puerto Rico Internal Revenue Code of 1994 (the PRIRC), as amended, and covers all employees of T-Mobile Puerto Rico, LLC (the Company). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility - Employees are eligible to participate in the Plan immediately upon the start of employment. Employees who have completed one year of service as defined by the plan provisions are eligible to receive allocations of employer matching contributions. An employee is also eligible to participate in any employer discretionary profit-sharing contributions after completing one year of service and if employed on the last day of the plan year.

Plan Administration - The Plan is administered by the Retirement Committee, which consists of certain employees of T-Mobile. Banco Popular serves as the custodian of the Plan and Fidelity Management Trust (Fidelity) serves as the recordkeeper for the Plan.

Contributions - Participant elective deferral contributions are equal to a portion of compensation as specified in the written elective deferral agreement. The elective deferral agreement may be effective the first day of any payroll period following a participant's entry date. Elective deferral contributions shall be limited as needed to meet nondiscrimination tests. Participants may contribute up to 75% of their salary compensation and 85% of bonus compensation as pre-tax contributions, not to exceed the PRIRC limitation of $15,000 for the year ended December 31, 2015. Participants who have attained age 50 as of December 31, 2015 may make catch-up contributions of up to $1,500 each plan year.

The Plan provides for a matching contribution to be made by the Company to each participant based on his or her elective deferrals equal to 100% of the first 3% of each participant's elective deferral contribution and 50% of the next 2% of each participant's elective deferral contribution. The matching contribution is made on a payroll period basis. The Plan also provides for a discretionary profit-sharing contribution to be made by the Company. The Company did not make a discretionary profit-sharing contribution for the year ended December 31, 2015.

Unless an eligible employee affirmatively elects otherwise, he or she will be automatically enrolled at a 5% deferral rate (Automatic Enrollment Rate) after the completion of 365 days of employment following their most recent hire or rehire date. Unless an active participant elects otherwise, the Automatic Enrollment Rate shall be increased annually by 1% of compensation up to a maximum of 10% of compensation. A participant may elect not to participate, or to participate at a different level of deferral contribution.

Participants are also allowed to rollover contributions from other eligible retirement plans.

Participant Accounts - Each participant's account is credited with an allocation of (a) Company contributions, if any; (b) deferral contributions; and (c) plan earnings and losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1 - Continued

Vesting - Participants are vested immediately in their elective deferral contributions, employer matching contributions, rollovers and earnings or losses thereon. Participants are vested in the Company's discretionary profit-sharing contributions and the earnings or losses thereon in accordance with the following table:

Years of Service	Percentage Vested
Less than 1	0%
1 but less than 2	50%
2 or more	100%

Participants become fully vested in the Company's discretionary profit-sharing contributions on reaching normal retirement age while still employed by the employer, death or termination of employment due to total and permanent disability.

Notes Receivable From Participants - A participant may borrow the lesser of $50,000 or 50% of his or her vested balance, with a minimum loan of $1,000. Loan terms range from one to five years unless it is for the purchase of a primary residence. Interest is paid by the borrower at a rate determined by the plan administrator based on the prevailing interest rates for loans made under similar circumstances and is retained in the borrower's account until the account balance is withdrawn. Principal and interest are paid ratably through payroll deductions. The interest rates on outstanding loans ranged from 3.25% to 5.25% at December 31, 2015, and mature through January 2021.

Payment of Benefits - On termination of service due to death, total and permanent disability, retirement or termination, a participant or beneficiary may elect to receive either a lump-sum distribution equal to the value of the participant's vested interest in his or her account, or an annuity to be paid in monthly installments over a fixed and reasonable period of time, not exceeding the life expectancy of the participant or designated beneficiary. The Plan also provides for hardship withdrawals in accordance with provisions specified in the plan document.

Forfeited Accounts - Unapplied forfeited nonvested accounts are used at the discretion of the Company, and can be utilized to reduce either employer contributions or pay administrative expenses. At December 31, 2015 and 2014, forfeited nonvested accounts were $63 and $1,360, respectively. The Company used forfeitures of $8,312 to offset employer matching contributions and administrative expenses for the year ended December 31, 2015.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting - The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Payment of Benefits - Benefits are recorded when paid. As of December 31, 2015 and 2014, there were no benefit payments that had been requested but not paid.

Use of Estimates - The preparation of financial statements in conformity with U.S. GAAP requires the Plan's management to use estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from those estimates.

Note 2 - Continued

Investment Valuation and Income Recognition - The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in fair value of investments represents the change in fair value of assets from one period to the next and realized gains and losses on investments.

Investment Management and Administrative Expenses - Several of the investment fund options are subject to investment and administrative fees based on a percentage of invested assets, as disclosed in the fund's prospectus. All such fees are charged directly against the fund's investment performance. Substantially all administrative expenses related to the Plan are paid by the Company.

Subsequent Events - The Plan's management has evaluated subsequent events through September 28, 2016, the date on which the Plan's financial statements were available to be issued.

Recently Adopted Accounting Standards - In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-07, which removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. In July 2015, the FASB issued ASU No. 2015-12, which eliminates the requirement to disclose individual investments that represent 5% or more of net assets available for benefits, and simplifies certain investment disclosures. Management has elected to adopt both standards effective December 31, 2015. The new guidance has been applied retrospectively and had no impact to the Plan's net assets available for benefits.

Note 3 - Fair Value Measurements

U.S. GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under U.S. GAAP are described as follows:

Level 1 - Unadjusted quoted prices available in active markets for identical assets or liabilities;

Level 2 - Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or

Level 3 - Unobservable inputs that are significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 3 - Continued

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual Funds - Valued at daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money Market Funds - Valued at cost plus accrued interest, which approximates fair value.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	Fair Value Measurements as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 17,169,757	$ -	$ -	$ 17,169,757

Total Investments at Fair Value	**$ 19,543,943**	**$ -**	**$ -**	**$ 19,543,943**

	Fair Value Measurements as of December 31, 2014			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 15,219,802	$ -	$ -	$ 15,219,802

Total Investments at Fair Value	**$ 17,503,612**	**$ -**	**$ -**	**$ 17,503,612**

Note 4 - Information Certified by the Custodian

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments held at December 31, 2015 and 2014, and investment income and transactions for the year ended December 31, 2015, that is disclosed in the accompanying financial statements and supplementary information, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the custodian of the Plan. The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplementary information.

Note 5 - Party-in-Interest Transactions

Fidelity is the Plan recordkeeper and therefore transactions with Fidelity qualify as party-in-interest transactions. Fees paid by the Plan to Fidelity for the year ended December 31, 2015, amounted to $9,646, which consist of loan origination fees assessed to participants.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA, as amended. In the event of plan termination, the Company shall make no further contributions to the Plan and participants will become fully vested in their account balances.

Note 7 - Tax Status

The Plan obtained its latest determination letter on August 17, 2016, in which the Commonwealth of Puerto Rico, Department of Treasury stated that the Plan, as then designed, was in compliance with the applicable requirements of the PRIRC. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the PRIRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan is subject to audits by the Commonwealth of Puerto Rico Department of Treasury; however, there are currently no audits for any tax periods in progress.

Note 9 - Risks and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits and the statement of changes in net assets available for plan benefits.

Subsequent Events - The Plan's management has evaluated subsequent events through September 28, 2016, the date on which the Plan's financial statements were available to be issued.

Recently Adopted Accounting Standards - In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-07, which removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. In July 2015, the FASB issued ASU No. 2015-12, which eliminates the requirement to disclose individual investments that represent 5% or more of net assets available for benefits, and simplifies certain investment disclosures. Management has elected to adopt both standards effective December 31, 2015. The new guidance has been applied retrospectively and had no impact to the Plan's net assets available for benefits.

Note 3 - Fair Value Measurements

U.S. GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under U.S. GAAP are described as follows:

Level 1 - Unadjusted quoted prices available in active markets for identical assets or liabilities;

Level 2 - Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or

Level 3 - Unobservable inputs that are significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 3 - Continued

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual Funds - Valued at daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money Market Funds - Valued at cost plus accrued interest, which approximates fair value.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	Fair Value Measurements as of December 31, 2015

Note 4 - Information Certified by the Custodian

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments held at December 31, 2015 and 2014, and investment income and transactions for the year ended December 31, 2015, that is disclosed in the accompanying financial statements and supplementary information, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the custodian of the Plan. The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplementary information.

Note 5 - Party-in-Interest Transactions

Fidelity is the Plan recordkeeper and therefore transactions with Fidelity qualify as party-in-interest transactions. Fees paid by the Plan to Fidelity for the year ended December 31, 2015, amounted to $9,646, which consist of loan origination fees assessed to participants.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA, as amended. In the event of plan termination, the Company shall make no further contributions to the Plan and participants will become fully vested in their account balances.

Note 7 - Tax Status

The Plan obtained its latest determination letter on August 17, 2016, in which the Commonwealth of Puerto Rico, Department of Treasury stated that the Plan, as then designed, was in compliance with the applicable requirements of the PRIRC. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the PRIRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan is subject to audits by the Commonwealth of Puerto Rico Department of Treasury; however, there are currently no audits for any tax periods in progress.

Note 9 - Risks and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits and the statement of changes in net assets available for plan benefits.
