The Plan Administrator
Retirement Plan for Employees of Diversey, Inc.

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Retirement Plan for Employees of Diversey, Inc., which comprise the statement of net assets available for benefits as of December 31, 2015, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in conformity with U.S. generally accepted accounting principles; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free of material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the certified investment information described in Note 3, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the entity that certified the investment information meets the requirements of 29 CFR 2520.103-8. The plan administrator has obtained a certification as of and for the year ended December 31, 2015, stating that the investment information provided to the plan administrator is complete and accurate.

Disclaimer of Opinion on Financial Statements

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Disclaimer of Opinion on Supplemental Schedules

The accompanying supplemental schedules of assets (held at end of year) as of December 31, 2015, acquisitions and dispositions and reportable transactions for the year then ended, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Disclaimer of Opinion of Other Auditors on 2014 Financial Statements

Other auditors disclaimed an opinion on the 2014 financial statements of the Retirement Plan for Employees of Diversey, Inc. on September 30, 2015, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Their report indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the 2014 financial statements other than that derived from the certified investment information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Report on Compliance of Form and Content with Department of Labor's Rules and Regulations

The form and content of the information included in the 2015 financial statements and supplemental schedules, other than that derived from the certified investment information, have been audited by us in accordance with auditing standards generally accepted in the United States and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Retirement Plan for Employees of Diversey, Inc.

Notes to Financial Statements

December 31, 2015 and 2014

1. Description of the Plan

The following brief description of the Retirement Plan for Employees of Diversey, Inc. (the Plan) is provided for general information purposes only. Participants should refer to the Plan Document and Summary Plan Description for more complete information.

General

The Plan is a noncontributory, defined-benefit pension plan covering substantially all employees of Diversey, Inc. (Diversey), who were hired prior to January 1, 2009. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). It is a cash balance plan, which is a type of defined-benefit plan that expresses participants' accrued benefits in terms of hypothetical cash balance accounts.

Effective January 1, 1999, the assets, liabilities, and benefit obligations for employees of JohnsonDiversey, Inc. were spun off from the pension plan of S. C. Johnson & Sons, Inc. (the Predecessor Plan) to create the Plan. The Plan has the same provisions as the Predecessor Plan.

Effective December 31, 2008 (the Freeze Date), the Plan was amended to freeze participation and benefit accruals.

On October 3, 2011, Diversey was acquired by Sealed Air Corporation (the Company).

The Plan was amended and restated effective January 1, 2012. The most recent Plan amendment was June 17, 2015 to provide additional benefits to certain participants (see Note 9).

The Plan includes other special provisions not summarized in this description related to merged plans, grandfathered benefit formulas and similar matters.

Contributions

Diversey is the plan sponsor and annually contributes amounts to fund at least the minimum contribution required under ERISA as determined by actuarial computations. The Plan has met its minimum funding obligations under ERISA for 2015 and 2014.

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Vesting and Payment of Pension Benefits

Initial Balance

Former Johnson Wax Professional or Johnson Polymer employees who were employed by Diversey and individuals who were active participants of the Predecessor Plan at any time between January 1, 1998 and June 1, 1998, were credited with an initial cash balance based on a formula incorporating the present value of an early retirement benefit and factors for years of service and age.

Annual Service and Interest Credits

Prior to January 1, 2009, a participant's cash balance account was credited annually with a percentage of pay, as defined by the Plan Document, which is equal to 5% of pay, up to the social security wage base, plus 10% of pay in excess of that amount. Effective January 1, 2009, no further compensation credits were granted.

Effective January 1, 2010, annual interest credits are based on the yield of 10-year Treasury Constant Maturities.

Grandfathered Benefits

Former Johnson Wax Professional or Johnson Polymer employees who were employed between January 1, 1998 through June 1, 1998, are entitled to benefits equal to the greater of the amount calculated under the cash balance benefit or a formula based on base pay and years of service through December 31, 2008.

Vesting

Participants in the Plan were subject to a three-year vesting schedule. Normal retirement age is 65, but early retirement benefits are available upon reaching an age and number of years of service, as defined in the Plan Document. Participants may elect to receive their pension benefits in the form of a joint and survivor annuity or, with spousal consent, in the form of a lump-sum payment or other form of annuity payment.

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Effective January 1, 2008, the Plan was amended to fully vest all participants who were determined by Diversey to have incurred an employer-initiated involuntary termination of employment in 2008.

Death Benefits

If a participant with a vested interest in benefits under the Plan dies prior to the receipt of any benefits under the Plan, their beneficiary shall be entitled to a lump sum cash payment equal to the participant's cash balance account.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Benefits

Benefits are recorded when paid.

Valuation of Investments and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on the trade date. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The average cost basis is used in determining gain or loss on investments sold.

Retirement Plan for Employees of Diversey, Inc.

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Administrative Expenses

The costs of administering the Plan are paid by the Plan.

Funding Policy

Employer contributions are computed under the unit credit method, which recognizes the cost of benefits over the period in which the employee's service has been rendered. The unit credit method includes the annual normal cost plus an amount to amortize the unfunded actuarial liability, if any. Diversey has met the minimum funding requirements of ERISA during the years ended December 31, 2015 and 2014.

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to the service employees have rendered. The actuarial present value of accumulated plan benefits is determined by an actuary from Towers Watson and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment. The significant actuarial assumptions used in the valuation as of December 31, 2014, are further described in Note 5. Benefits payable under all circumstances, such as retirement, death, disability, and termination of employment, are included to the extent they are deemed attributable to employee service rendered to the valuation date.

Plan Termination

Although it has not expressed any intention to do so, Diversey has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA.

In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

- (a) Annuity benefits which former employees or their beneficiaries have been receiving for at least three years or that employees eligible to retire for that three-year period would have

Retirement Plan for Employees of Diversey, Inc.

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under Plan provisions in effect at any time during the five years preceding plan termination.

(b) Other vested benefits insured by the Pension Benefit Guaranty Corporation (the PBGC). Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, there is a statutory ceiling on the amount of an individual's monthly benefit that the PBGC guarantees.

(c) All other vested benefits not insured by the PBGC.

(d) All nonvested benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination. However, there is a statutory ceiling, which is adjusted periodically, on the amount of an individual's monthly benefit that the PBGC guarantees. For Plan terminations occurring during the year, that ceiling is based on the actuarial value of a monthly benefit in the form of a life only annuity commencing at age 65, adjusted downward.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the Plan sponsor and the level of benefits guaranteed by the PBGC.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment

Retirement Plan for Employees of Diversey, Inc.

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

The Plan's contributions, if any, are made and the actuarial present value of accumulated plan benefits is reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumption processes, it is at least reasonably possible that changes in these estimates and assumptions in the near term could materially affect the amounts reported and disclosed in the financial statements.

Subsequent Events

Management evaluated subsequent events for the Plan through October 7, 2016, the date the financial statements were available to be issued.

Reclassifications and Revisions

As of the year ended December 31, 2013, Accumulated Plan Benefits was revised to reflect the estimated actuarial present value of benefits owed to participants in a class action lawsuit (See Note 9) settled in January 2015.

3. Investment Information Certified by the Trustee

All investment information disclosed in the accompanying financial statements, including investments held at December 31, 2015 and 2014, and net appreciation (depreciation) in fair value of investments, interest from investments, dividends, and investment expenses for the years then ended, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the trustee.

Notes to Financial Statements (continued)

3. Investment Information Certified by the Trustee (continued)

The fair value of individual investments that represent 5% or more of the Plan's net assets at December 31, 2015 and 2014 is as follows:

	2015	2014
Aon Hewitt Group Trust Intermediate Credit Bond Fund	\$ 16,293,302	\$ 29,543,573
Aon Hewitt Group Trust Long Term Credit Bond Fund	12,875,230	-*

Aon Hewitt Group Trust US Large Cap Active Equity Fund	5,697,405	7,941,847

* - Investment was less than 5% at the measurement date.

4. Fair Value Measurements

The Plan follows accounting standards which establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under accounting standards are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.

Retirement Plan for Employees of Diversey, Inc.

Notes to Financial Statements (continued)

4. Fair Value Measurements (continued)

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used at December 31, 2015 and 2014, for assets measured at fair value.

The Plan holds units of various Aon Hewitt Group Trust (AHGT) Funds offered through a private placement to qualified defined benefit pension plans and governmental plans meeting certain qualifications. The units are valued daily using the net asset value (NAV) as provided by the trustee as a practical expedient to estimate fair value. The NAVs are based on the fair value of each fund's underlying investments. The AHGT Funds may be traded daily at their NAVs.

Joint venture interests and real estate limited partnerships are valued at the NAV as a practical expedient using information from investment managers and based upon audited financial statements and other information obtained by the investment managers.

Real estate commingled funds are valued at the NAV as a practical expedient reported by the issuer of the funds.

Short term investment funds consist of a collective fund that is valued at NAV as a practical expedient based on value of the underlying assets. The NAV is maintained at \$1.00 per share. The underlying investments have established market values. There are no restrictions on the redemption of this fund.

- (a) This category includes the AHGT Trust Funds described earlier. There are no restrictions on redemption of these investments at the option of the Plan. The AHGT Intermediate Credit Bond Fund's investment objective is to achieve a total return from current income and capital appreciation by investing in a diversified portfolio of fixed-income securities with maturities not exceeding 10 years. The Fund will seek to achieve, over an extended period of time, total returns comparable or superior to broad measures of the domestic investment grade credit bond market as reflected by the Barclays Capital Intermediate Credit Bond Index.

4. Fair Value Measurements (continued)

The AHGT Global Equity Fund's investment objective is to achieve long-term growth of capital by investing in a diversified portfolio of primarily U.S. and non-U.S. equity securities. The AHGT High Yield Bond Plus Fund's investment objective is to seek a high level of current income by investing primarily in a diversified portfolio of debt securities which are rated below investment grade or unrated. The AHGT Mid Lock Fund utilizes a "multi-manager" approach whereby the Fund's assets are allocated to one or more Fund Managers, either directly or indirectly through investment in another investment fund offered under the Group Trust. The AHGT US Large Cap Equity Fund's investment objective is to achieve long-term growth of capital by investing in a diversified portfolio of primarily large-capitalization U.S. companies. The AHGT US Large Cap Equity Index Fund's investment objective is to replicate the total return of the S&P 500 Index over the long term. The AHGT Non-U.S. Equity Fund's investment objective is to achieve long-term growth of capital by investing in a diversified portfolio of primarily non-U.S. equity securities. The AHGT Non-US Equity Index Fund's investment objective is to replicate, after taking into account expenses, the total return of the Morgan Stanley Capital International All-Country World Ex-U.S. Index (the "MSCI ACWI Ex-U.S. Index") over the long term. The AHGT US Long Credit Bond Fund's investment objective is to achieve a total return from current income and capital appreciation by investing in a diversified portfolio of fixed-income securities with maturities not exceeding 10 years. The AHGT US Small and Mid-Cap Equity Fund's investment objective is to achieve long-term growth of capital by investing in a diversified portfolio of primarily small and mid-sized U.S. companies. The RREEF Real Estate Securities Commingled Fund's investment objective is to achieve high total return consisting of capital appreciation and current income.

- (b) This category contains joint venture and private equity limited partnerships that were estimated at fair value based on reports from the investment managers and partnerships. The investment objective is total return through capital appreciation. There are restrictions on the redemption of these investments and they generally cannot be liquidated until the partnerships are terminated.
- (c) This category contains a collective trust that is short term in nature. It is valued based on the NAV as a practical expedient. The NAV per share is maintained at \$1.00 per share.

Transfers Between Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. In such instances, the transfer is reported at the end of the reporting period.

4. Fair Value Measurements (continued)

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the years ended December 31, 2015 and 2014:

	Joint Venture Interests
Balance, December 31, 2013	\$ 147,299
Realized gains	37,429
Unrealized (losses) relating to instruments still held at the reporting date	(20,479)
Purchases	2,085
Sales	(48,426)
Balance, December 31, 2014	\$ 117,908
Realized gains	42,653
Unrealized (losses) relating to instruments still held at the reporting date	(16,384)
Purchases	933
Sales	(51,577)
Balance, December 31, 2015	<u>\$ 93,533</u>

The realized and unrealized gains (losses) are reported in the Statement of Changes in Net Assets Available for Benefits on the line item entitled "Net Appreciation (Depreciation) from Joint Venture Interests and Other Limited Partnerships."

5. Accumulated Plan Benefits

The actuarial present value of accumulated plan benefits is determined by the Plan's actuary and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment between the valuation date and the expected date of payment.

Retirement Plan for Employees of Diversey, Inc.

Notes to Financial Statements (continued)

5. Accumulated Plan Benefits (continued)

The actuarial present value of accumulated plan benefits as of the most recent valuation date is presented below:

	December 31, 2014
Vested benefits:	
Participants and beneficiaries currently receiving payments	\$ 67,669,795
Active employees and participants with deferred benefits	48,835,271
Total vested benefits	116,505,066
Non-vested benefits	-
Total actuarial present value of accumulated plan benefits	<u>\$ 116,505,066</u>

The following is a reconciliation of the decrease in the present value of accumulated plan benefits:

Actuarial present value of accumulated plan benefits as of December 31, 2013, as adjusted (see Note 9)	\$ 118,697,315
Changes due to:	
Net experience gain or loss or changes in data	2,016,162
Interest	6,790,339
Assumption changes	(2,100,965)
Actual benefits paid	(8,897,785)
Net decrease	<u>(2,192,249)</u>
Actuarial present value of accumulated plan benefits as of December 31, 2014	<u>\$ 116,505,066</u>

Significant actuarial assumptions underlying the actuarial computation as of December 31, 2014, are as follows:

Discount rate	6.30% in current and prior years
Mortality	RP-2015/Scale MP-2015, RP-2014 in prior year
Average retirement age	62.2 in both years
Cash balance crediting rate	2.65%, 3.10% in prior year

Retirement Plan for Employees of Diversey, Inc.

Notes to Financial Statements (continued)

5. Accumulated Plan Benefits (continued)

Lump sum conversion rate

IRS 2015 mortality under 417(e);
September 2014 segment rates
reflecting HATFA corridors

The actuarial assumptions also included an estimate of \$700,000 and \$450,000 in plan expenses for the 2015 and 2014 plan years, respectively. The actuarial value of accumulated plan benefits as of December 31, 2014 and 2013 was adjusted to reflect the \$6.47 million to be paid as participant benefits as a result of the settlement of the lawsuit explained in Note 9.

These actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

6. Postretirement Medical Benefits

The Plan includes a medical-benefit component, in addition to normal retirement benefits, to fund a portion of Diversey's postretirement obligations for retirees and their beneficiaries in accordance with Section 401(h) of the Internal Revenue Code (the Code). A separate account has been established and maintained in the Plan's trust for the net assets related to the medical-benefit component (the 401(h) Account). In accordance with the Code Section 401(h), the Plan's investments in the 401(h) Account may not be used for, or diverted to, any purpose other than providing health benefits for retirees and their beneficiaries. Any assets transferred to the 401(h) Account from the defined-benefit pension plan in a qualified transfer of excess pension plan assets (and any income allocable thereto) that are not used during the Plan year must be transferred out of the account to the pension plan. The related obligations for health benefits are not included in this Plan's accumulated plan benefits obligations but are reflected as obligations in the financial statements of the health and welfare benefit plan. Plan participants do not contribute to the 401(h) Account. Employer contributions to the 401(h) Account are determined annually and are at the discretion of the employer. No contributions or transfers were made to the 401(h) Account in 2015 or 2014 and there are no balances in the 401(h) Account as of December 31, 2015 or 2014.

Retirement Plan for Employees of Diversey, Inc.

Notes to Financial Statements (continued)

7. Income Tax Status

The Plan has received a determination letter dated October 2, 2015 on the Plan restatement as of January 1, 2012. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan has been amended since receiving the determination letter. Diversey believes the Plan is currently designed and is being operated in compliance with the applicable requirements of the Code and therefore believes the Plan, as amended and restated, is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Commitments

At December 31, 2015, the Plan's remaining commitment to make additional investments in venture capital limited partnerships is immaterial.

9. Class Action Lawsuit Resolution

The Plan had been named as a defendant in a class action lawsuit involving improper computation of lump-sum pension benefits and the crediting rate used in the cash balance portion of the Plan. On January 13, 2015 the District Court approved the final settlement amount of \$10.25 million. As a result of the settlement, the Plan was amended on June 17, 2015 to provide additional benefits to certain participants. The Plan Sponsor has paid directly \$3.78 million of the settlement amount representing attorney's fees. Through December 31, 2015, approximately \$4.6 million has been paid from Plan assets, as benefit payments, to affected participants. The total amount to be paid to participants pursuant to the settlement agreement and related Plan amendment of \$6.47 million (which includes \$4.6 million paid as benefit payments during 2015 and \$1.87 million remaining to be paid in future years), has been included in the accumulated plan benefits as of December 31, 2014 and 2013 (see Note 2).

Retirement Plan for Employees of Diversey, Inc.

Notes to Financial Statements (continued)

10. Related-Party Transactions

Certain of the Plan's assets are invested in a short term investment fund managed by the trustee of the Plan. The Plan sponsor provides certain administrative functions to the plan for which it is not reimbursed. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA.

Demographic Assumptions

Inclusion date The valuation date coincident with or next following the date on which the employee becomes a participant. Plan was frozen to new entrants effective December 31, 2008.

New or rehired employees It was assumed there will be no new or rehired employees.

Mortality The prescribed mortality assumption under Section 430(h)(3)(A) of the Internal Revenue Code using static tables with separate mortality rates for annuitants and non-annuitants.

Termination Rates varying by age and gender

Representative Termination Rates

Percentage leaving during the year		
Attained Age	Males	Females
25	7.4%	11.6%
40	2.0%	3.9%

Benefit commencement

date:

- Preretirement death benefit Surviving spouse benefits are paid at the later of the death of the active participant or the date the participant would have attained age 50 with 10 years of service
- Deferred vested benefit If less than 10 years of service, the later of age 65 or termination of employment; otherwise, age 62
- Disability benefit Age 65
- Retirement benefit Upon termination of employment

Form of payment

Former I.U.E. plan participants are assumed to take a life annuity with 60 monthly payments guaranteed. All other participants are assumed to elect a lump sum.

Percent married

100%

Spouse age

Wife three years younger than husband

Covered pay

Base pay plus shift differential, overtime, commissions, and non-deferred bonus paid under the Performance Bonus Opportunity Plan

At-risk assumptions

For at-risk calculations, all participants eligible to elect benefits during the current and subsequent ten plan years are assumed to commence benefits at the earliest possible date under the plan, but not before the end of the current plan year, except in accordance with the regular valuation assumptions. In addition, all participants (not just those eligible to begin benefits within the next 11 years) are assumed to elect a lump sum.

Timing of benefit payments

Annuity payments are payable monthly at the beginning of the month and lump sum payments are payable on date of decrement.

Methods

Valuation date	First day of plan year
Funding target	Present value of accrued benefits as required by regulations under IRC §430.
Target normal cost	Present value of benefits expected to accrue during the plan year plus plan-related expenses expected to be paid from plan assets during the plan year as required by regulations under IRC §430.
Actuarial value of assets	The actuarial value of assets is equal to the market value of assets as of the valuation date plus the discounted present value of contributions made after the valuation date for the prior plan year, discounted using the effective interest rate for the prior plan year.
Benefits not valued	All benefits described in the Plan Provisions section of this report were valued. Towers Watson has reviewed the plan provisions with Sealed Air Corporation and, based on that review, is not aware of any significant benefits required to be valued that were not.

Assumptions Rationale - Significant Economic Assumptions

Discount rate	Assumptions used for funding purposes are as prescribed by IRC §430(h).
Interest Crediting Rate	The plan credits interest to cash balance accounts as of the last day preceding the Annuity Starting Date at the annual interest rate equal to the annual yield on 10 Year Treasury Constant Maturities determined for the month of October immediately preceding the year payment begins. After examining historical variability in this rate, as well as expectations on the plan's long term interest credit rate we believe that the selected assumption does not significantly conflict with what would be reasonable based on a combination of market conditions at the measurement date and future expectations consistent with other economic assumptions used, other than the discount rate.
Lump sum conversion rate	Lump sum benefits are valued using the plan's discount rate at measurement date as the assumption for the plan's lump sum conversion rate. We believe the assumption is reasonable and consistent with other economic assumptions used.
Assumed administrative expenses	Based on plan's administrative expense over recent years and expectation for future changes in plan expenses

Assumptions Rationale - Significant Demographic Assumptions

Healthy Mortality	Assumptions used for funding purposes are as prescribed by IRC §430(h).
Disabled Mortality	Assumptions used for funding purposes are as prescribed by IRC §430(h)
Termination	Assumed termination rates are based on plan sponsor expectation for the future with periodic monitoring of patterns different than assumed.
Retirement	Assumed retirement rates are based on plan sponsor expectation for the future with periodic monitoring of patterns different than assumed.
Form of payment	Former IUE participants are assumed to take a life annuity with 60 monthly payments guaranteed. All other participants are assumed to elect a lump sum form of payment under the plan. This is based on actual experience as well as gains/losses observed.

Source of Prescribed Methods

Funding methods	The methods used for funding purposes as described in Appendix A, including the method of determining plan assets, are "prescribed methods set by law", as defined in the actuarial standards of practice (ASOPs). These methods are required by IRC §430, or were selected by the plan sponsor from a range of methods permitted by IRC §430.

Changes in Assumptions and Methods

Change in assumptions since prior valuation

The following changes in assumptions were made as a part of this valuation:

- The segment interest rates used to calculate the funding target and target normal cost were updated from an applicable month of September 2013 to September 2014; both were subsequently revised by applying the corridors of HATFA to determine minimum funding requirements and benefit restrictions.
- The mortality table used to calculate the funding target and target normal cost was updated to include one additional year of projected mortality improvement.
- The mortality assumption for lump sums based on annuity benefits was updated from the PPA 2014 optional combined unisex mortality table to the PPA 2015 optional combined unisex mortality table.
- The segment interest rates used to calculate lump sum conversions for the funding target and target normal cost were updated from an applicable month of September 2013 to September 2014.
- The assumed plan-related expenses added to the target normal cost were changed from \$450,000 to \$700,000 for 2015, but the underlying assumption remains the same.

Change in methods since prior valuation

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Schedule SB, Part V Summary of Plan Provisions

Plan Provisions

The plan's effective date was April 1, 1963 and the latest plan amendment was effective December 31, 2009. Plan provisions may not be the same for the Accounting and Funding valuations.

Covered Employees

As of December 31, 2008 the plan was frozen to new entrants.

An employee becomes a participant upon completion of a year of eligibility service (retroactive to the first day of such year of eligibility service). An employee is credited with a year of eligibility service if he completes 1,000 hours of service in a 12 consecutive month period.

The following individuals who are active Employees of the Company on January 1, 2004 shall be eligible to participate in the Plan as of the later of January 1, 2004 or the completion of one year of eligibility service (includes former DiverseyLever service):

(a) Former employees of DiverseyLever Inc. who are employees of Diversey Subsidiary #1 LLC and active participants in the DiverseyLever Retirement Plan as of December 31, 2003 and are "Employees" for purposes of this Plan as of January 1, 2004;

(b) Former employees of Prism Sanitation Management, LLC; and

(c) Former employees of The Butcher Company.

Participation Date

Date of becoming a covered employee

Definitions

Plan Year

January 1 to December 31.

Service

Last continuous period of employment with the company, subsidiary or affiliate (includes Johnson Wax Associates, Inc. (JWA) and any JWA affiliate or subsidiary).

Points

Points shall mean the points credited to each employee who retires based on service prior to January 1, 1975. Each employee shall be credited with points at the time of his retirement, up to a maximum of 100 points, as follows:

(1) One point for each year of his attained age up to a maximum of 65.

(2) One-twelfth of a point for each month of service.

Base Pay

Employee's basic rate of compensation excluding overtime and other forms of premium payment, profit sharing payments, and any other forms of additional compensation. Sales bonuses will be included in base pay after July 1, 1984.

Final Average Pay

Average monthly base pay of any five consecutive years in which the largest amount of base pay was received during the last 12 years prior to employee's normal retirement date or termination of employment, if earlier.

Description of Benefits

Amount of Benefits –Cash Balance Formula The cash balance accounts equal to the sum of a), b), and c) below:

(a) Initial Balance – The initial balance was determined for each participant as of January 1, 1998 as the sum of two items. First, the present value of the participant's single life annuity determined under the Grandfather Benefit (final average pay) formula, commencing at age 62. Second, an additional amount equal to the participant's years of service as of December 31, 1997 (maximum of 20 years) multiplied by the participant's December 31, 1997 annualized rate of base pay multiplied by a percentage based on the participant's age as of December 31, 1997. The percentages range from 1.0% for ages 25 and less, to 3.5% for ages 50 and older.

(b) Annual Service Credits – As of December 31, 2008, future benefit accruals under the Retirement Plan for Employees of Diversey, Inc. ceased. Before this date, annual service credits were calculated as follows:

At each December 31, a participant's cash balance account will be credited with an amount equal to 5% of the participant's pay up to the Social Security Wage Base for that year, plus 10% of the participant's pay in excess of the Social Security Wage Base.

Phased-In Contribution Credit for 2004 and 2005. Former employees of DiverseyLever Inc. who are employed by Diversey Subsidiary #1 LLC and became eligible to participate in the Plan as of January 1, 2004, former employees of The Butcher Company and Prism Sanitation Management LLC who became eligible to participate in the Plan as of January 1, 2004, and employees of the Company, Johnson Polymer, Inc. and U.S. Chemical Corporation hired after September 1, 2003 and prior to January 1, 2006, shall be eligible for an annual service credit phased-in for 2004 and 2005 in an amount determined as follows:

(i) As of December 31, 2004, an amount equal to 3% of such Participant's Pay up to the Social Security Wage Base for 2004, plus 6% of the Participant's Pay in excess of that amount; and

(ii) As of December 31, 2005, an amount equal to 4% of the Participant's Pay up to the Social Security Wage Base for that year, plus 8% of the Participant's Pay in excess of that amount.

(c) Annual Earnings Credit – At each December 31, a participant's cash balance account will be credited with earnings equal to the annual yield on 10 year U.S. Treasury Constant Maturities determined for the month of October immediately preceding the plan year.

Prior to December 31, 2008 a participant's Pre-2004 cash balance account was credited with earnings equal to the greater of (a) 75% of the return on plan assets or (b) 4.00% and a participants Post-2003 cash balance account was credited with earnings equal to the annual yield on 10 year U.S. Treasury Constant Maturities as reported in the Federal Reserve Bulletin as the average annual yield as of that December 31.

Covered Pay	As of December 31, 2008, benefit accruals under the plan ceased, before that date pay used in determining the annual service credits was defined to be the sum of the following amounts: basic compensation, commissions, shift differential, overtime, and non-deferred bonuses under the Performance Bonus Opportunity Plan.
Lump Sum Conversion	The following actuarial equivalent basis will be used for purposes of determining the lump sum cash equivalent of an annuity and for purposes of determining the monthly amount of an immediate single life annuity equivalent of a participant's Cash Balance Account: the interest rate and mortality table as prescribed by 417(e) for the October preceding the plan year in which distribution will occur.
Amount of Benefits -Old Plan Grandfather Formula	The plan provisions described below are only applicable to employees who were actively employed on any date between January 1, 1998 and June 1, 1998. These employees will receive the greater of the cash balance benefit or the old plan benefit described below for terminations or retirements until December 31, 2008. The old plan benefit was frozen as of December 31, 2008 but will continue to serve as a minimum benefit for eligible participants.
Normal Retirement	<p>(1) For service prior to January 1, 1975, the amount of monthly retirement income shall be the greater of:</p> <ul style="list-style-type: none">(a) .8% of final average pay for each such year of service; or(b) 25% of final average pay reduced by 2% for each point that total points are less than 100, multiplied by the ratio of service prior to January 1, 1975 to total years of service. <p>(2) For service after December 31, 1974, the monthly benefit shall be 1-3/4% of final average pay for each such year of service reduced by 1-2/3 % of the employee's Primary Social Security Benefit for each such year of service up to 30 years. Social Security is the amount commencing at age 62, or if retirement occurs after age 62, the Social Security benefit is the amount commencing at the later age.</p>
Early Retirement	Normal retirement benefit computed above based on years of service and final average pay to early retirement date; reduced by 4% per year for each year and fractional year that early retirement date precedes age 62. The amount under (2) above shall not be less than the benefit would be if it were determined based on potential service at 65, level pay to age 65, and the Social Security benefit at age 65, multiplied by the ratio of actual service at retirement since December 31, 1974 to potential service at age 65 since December 31, 1974.
Cost-of-living Adjustment	<p>The monthly retirement benefit will be adjusted annually beginning January 15, 1971, based on the latest Consumer Price Index subject to the following limitations:</p> <ul style="list-style-type: none">(1) The adjustment will apply only to the first \$500 of the monthly retirement benefit.(2) The increase or decrease will be limited to a maximum of 3% per year. If the Consumer Price Index changes more than 3% in one year, however, the excess can be carried forward and applied in succeeding years.

	(3) The benefit will never be reduced below the original amount which is paid at the time of retirement.
Vested Termination	An employee with three or more years of covered service who terminated prior to his early retirement date shall be entitled to receive a vested retirement benefit. The monthly amount shall be determined in the same manner as the early retirement benefit for anyone terminating with ten or more years of service. Anyone with less than 10 years of service at termination will have actuarial equivalence reductions applied for early commencement.
Surviving Spouse	<p>Surviving Spouse Benefit payable for life to surviving spouse equal to benefit spouse would have been entitled to receive if the deceased employee had retired on the day preceding the date of death, and had elected a joint and survivor annuity option under which 2/3 of the monthly benefit payable to the employee would be payable to the joint annuitant. Benefit will not be payable before employee would have attained age 50.</p> <p>Such benefit may also be paid under the Social Security Adjustment Option.</p>
Surviving Covered Dependent	Surviving Covered Dependent Benefit payable for life to surviving covered dependent equal to 40% of the benefit the employee would have been entitled to receive on the day preceding the date of death. Payments shall be divided equally among each covered dependent until such person ceases to qualify as a covered dependent.
Normal Form of Annuity	<p>No spouse – Life annuity.</p> <p>With spouse – Joint and survivor annuity actuarially equivalent to the five-year certain and life benefit payable to participant. In event of participant's death, 50% of reduced benefit is payable to surviving spouse.</p>
Optional Forms of Payment	66.67%, 75% and 100% joint and survivor options, 5-year, 10-year, 15-year, and 20-year certain and life options, lump sum and Social Security adjustment option.
Conversion Basis	<p>Social Security adjustment option and lump sum conversions – PPA segment rates for the month of October proceeding commencement and PPA mortality for the year of commencement.</p> <p>All other options – 1971 GAM weighted 75% male and 25% female with an interest rate of 7.00%.</p>
Employee's Voluntary Contributions	Employees could have made voluntary contributions up to January 1, 1985, of 1 % to 10% of base pay to provide an additional benefit at retirement. The value of these contributions as of January 1, 1985 was transferred to the Diversey, Inc. Employees' Deferred Profit Sharing and Savings Plan.
