Fives, Inc. 401(k) Plan
Notes to Financial Statements
December 31, 2015 and 2014

Note A - Description of the Plan

The following description of the Fives, Inc. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan, which provides retirement benefits for substantially all full-time employees of Fives Cinetic Corporation (“Cinetic”), Fives Landis Corporation (“Landis”), Fives Intralogistics Corporation (“FIL”), Fives Stein, Inc. (“Stein”), Fives ST Corporation (“Fives ST”), Fives Inc. (“Fives”), and Fives DyAG Corporation (“DyAG”) (collectively, the “Company”), who have completed 30 days of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). The Board of Trustees is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan’s investment offerings, monitors investment performance and reports to the Plan’s Board of Trustees.

Contributions

Each year, participants may elect to contribute up to 60 percent of compensation for that period, as defined by the Plan subject to Internal Revenue Service (“IRS”) limits. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions subject to IRS limits. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Effective September 1, 2013, the automatic enrolled deferral rate was increased to 3 percent of eligible compensation and their contributions are invested in a designated balanced fund until changed by the participant.

The Company makes matching contributions equal to 50 percent of each participant’s elected deferral up to the first 6 percent of compensation deferred. Also, Landis has discretionary employer contributions based on the table below. Contributions are subject to certain IRS limitations.

Landis may also make a discretionary employer contribution for the employees who were employed prior to June 12, 2006 and have completed five years of service as of that date. Discretionary employer contributions of \$433,573 were made for 2015. The contribution is calculated as a percentage of compensation and the percentage is based on years of service as follows:

<u>Years of Service</u>	<u>Percentage</u>
Less than 5	0%
5 – 9	1%
10 – 14	2%
15 – 19	3%
20 or more	4%

Note A - Description of the Plan (Continued)

Participant Accounts

Each participant's account is credited with the participant's contribution and Company matching contribution, as well as discretionary contribution and allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, in accordance with the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the vested value of the participant's account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion, and discretionary contribution portion of their accounts is based on years of continuous service in accordance with the following schedule:

<u>Years of Service</u>	<u>Percentage</u>
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5 or more	100%

Notes Receivable from Participants

Participants can have only two loans outstanding at any given time. Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 reduced by the highest outstanding loan balance during the preceding 12-month period, or 50 percent of their vested account balance. The loans are secured by the balance in the participants' accounts and bear interest at rates that range from 4.25 percent to 7.00 percent, which are commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest are paid ratably through bi-weekly payroll deductions.

Note A - Description of the Plan (Continued)

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant or their beneficiaries may elect to receive a lump-sum amount equal to the value of their vested account balance or installments subject to lifetime required minimum distributions. If the participant's account is \$5,000 or less, the participant or beneficiary will receive a cash payment in the form of a single lump sum.

Forfeited Accounts

When certain terminations of participation in the Plan occur, the non-vested portion of the participant's account, as defined by the Plan, is forfeited. Forfeited non-vested accounts are used to reduce future employer contributions or administrative expenses. At December 31, 2015 and 2014, forfeited non-vested accounts totaled \$ 225,946 and \$167,851, respectively. During 2015, no forfeitures were used to reduce employer contributions.

Note B – Significant Accounting Policies

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("US GAAP").

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note E for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note B – Significant Accounting Policies (Continued)

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 or 2014. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments.

Note C – Investments

Note D – Certified Information

The Company has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, DWS Trust Company, (the "Trustee") has certified that the following data included in the financial statements and supplemental schedule is complete and accurate:

- Total investments and notes receivable from participants, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2015 and 2014.
- Net investment loss and interest income on notes receivable from participants, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2015.
- Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2015.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note E – Fair Value Measurements

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, Fair Value Measurements and Disclosures, provides the frame-work for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurement). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

1. Quoted prices for similar assets or liabilities in active markets;
2. Quoted prices for identical or similar assets or liabilities in inactive markets;
3. Inputs other than quoted prices that are observable for the asset or liability;
4. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs in the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Note E – Fair Value Measurements (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value and the classification based on the fair value hierarchy under FASB ASC 820. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual funds and money market fund: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2015 and 2014:

	Assets at Fair Value as of December 31, 2015

Note F – Party-In-Interest Transactions

The Company, the participants, and the Trustee have all been identified as parties-in-interest. Certain Plan investments are shares of mutual funds managed by the Trustee. Therefore, these transactions qualify as party in interest transactions, which are exempt from the prohibited transaction rules. Participant loans also qualify as parties-in-interest transactions, which are exempt from the prohibited transaction rules. Certain administrative expenses of the Plan are paid by the Company and qualify as party-in-interest transactions.

Note G – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note H – Tax Status

The Company has adopted a standardized prototype profit sharing 401(k) salary-deferral Plan. The IRS has determined and informed the Company by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (“IRC”). Although the Plan has been amended since receiving the determination letter the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and therefore, believe that the Plan is qualified and tax exempt.

U.S. GAAP requires plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note I – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statement of net assets available for benefits.

Note J – Accounting Standards Update Not Yet Effective

In May 2015, the FASB issued Accounting Standards Update (“ASU”) No. 2015-07, *Disclosure for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*, Fair Value Measurement (Topic 820). ASU 2015-07 requires the categorization by level for items that are only required to be disclosed at fair value and information about transfers between Level 1 and Level 2. In addition, the ASU impacts reporting entities that measure an investment’s fair value using the net asset value per share (or an equivalent) practical expedient. The amendments in ASU No. 2015-07 eliminate the requirement to classify the investment within the fair value hierarchy. In addition, the requirement to make specific disclosures for all investments eligible to be assessed at fair value with the net asset value per share practical expedient has been removed. Instead, such disclosures are restricted only to investments that the entity has decided to measure using the practical expedient. The amendments are effective for the Plan for fiscal years beginning after December 15, 2016 and shall apply retrospectively to all periods presented. Earlier application is permitted. The Plan’s Administrator is currently evaluating the impact the updated guidance will have on the Plan’s financial statement disclosures.

In July 2015, the FASB issued Accounting Standards Update 2015-12 “Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965)” (“ASU 2015-12”). Part I of ASU 2015-12 eliminates the requirements that employee benefit plans measure the fair value of fully benefit-responsive investment contracts and provide the related fair value disclosures, rather these contracts will be measured and disclosed only at contract value. Part II of ASU 2015-12 requires plans to disaggregate their investments measured using fair value only by general type, either on the financial statements or in the notes. Part II also eliminates the requirement to disclose the net appreciation/depreciation in fair value of investments by general type and the requirements to disclose individual investments that represent 5% or more of net assets available for benefits. Part III of ASU 2015-12 provides a practical expedient to permit plans to measure their investments and investment related accounts as of a month-end date closest to their fiscal year for plans with a fiscal year end that does not coincide with the end of a calendar month. The amendments in ASU 2015-12 are effective for reporting periods beginning after December 15, 2016, with early adoption permitted. The Plan’s administrator is currently evaluating the impact the updated guidance will have on the Plan’s financial statement disclosures.

Note K – Subsequent Events

The Plan has evaluated subsequent events through October 10, 2016, the date the financial statements were available to be issued.
