We were engaged to audit the accompanying financial statements of DRS Retirement/ Savings Plan, which comprise the statement of net assets available for benefits as of December 31, 2015 and 2014, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility For The Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis For Disclaimer Of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis For Disclaimer Of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the Trustee, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that the Trustee holds investment assets and executes investment transactions. The Plan Administrator has obtained certifications from the Trustee as of December 31, 2015 and 2014, and for the years then ended, that the information provided to the Plan Administrator by the Trustee is complete and accurate.

Disclaimer Of Opinion

Because of the significance of the matter described in the Basis For Disclaimer Of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis Of Matter

As discussed in Note 2 to the financial statements, in 2015, DRS Retirement/Savings Plan adopted new accounting guidance within the Accounting Standards Codification caused by Accounting Standards Update (ASU) 2015-07*, Fair Value Measurement (Topic 820) - Disclosures for Investments in Certain Entities That Calculate Net Asset Value Per Share (or Its Equivalent)* and ASU 2015-12*, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Our opinion is not modified with respect to these matters.

1. Description Of The Plan

The following description of DRS Retirement/Savings Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

The Plan is sponsored by DRS Technologies, Inc., a Finmeccanica Company (the Company). The Plan is a defined contribution plan covering substantially all employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The trustee and recordkeeper of the Plan is Fidelity Management Trust Company.

The Company's subsidiaries and affiliates whose U.S. employees participate in the Plan are as follows:

- Laurel Technologies Partnership
- DRS Power and Control Technologies, Inc.
- DRS Power Technology, Inc.
- DRS Training and Control Systems, LLC
- Advanced Acoustic Concepts, LLC
- DRS Signal Solutions, Inc.
- DRS Consolidated Controls, Inc.
- DRS ICAS, LLC
- Engineered Coil Company
- DRS Sustainment Systems, Inc.
- DRS Technical Services, Inc.
- DRS Technical Services GmbH and Co. KG
- DRS C3 and Aviation Company
- DRS Environmental Systems, Inc.
- DRS Network and Imaging Systems, LLC

Eligibility

Eligible employees, as defined by the Plan Document, are eligible to participate in the Plan upon attaining the age of 21. Participants may enter the Plan on the first day of the month following their date of eligibility, or at any time thereafter.

Contributions

Participants may contribute up to 80% of eligible compensation, as defined by the Plan Document, on a pre-tax basis or certain limitations as defined by the Internal Revenue Service (the IRS). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified pre-tax defined benefit or contribution plans (rollover).

The Company may make discretionary matching contributions. During the Plan years ended December 31, 2015 and 2014, the Company's matching contribution ranged from 90% to 100% of the participant's pre-tax contributions, up to 6% of eligible compensation.

Participants direct the investment of all contributions to the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions, Company matching contributions and an allocation of Plan earnings. Allocations are based on participant earnings or account balances, as defined by the Plan Document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching contribution portion of their accounts, plus actual earnings thereon, is as follows:

Years Of Service	Vesting
0 - 2 years	0%
3 years	100%

All participants become fully vested upon death while employed, total disability, or reaching normal retirement age, regardless of the number of months of participation.

Forfeitures

Forfeited nonvested accounts are used to reduce future Company contributions or to pay Plan expenses. During the years ended December 31, 2015 and 2014, forfeitures of approximately $1,851,000 and $1,879,000, respectively, were used to reduce Company contributions. Forfeited nonvested accounts available at December 31, 2015 and 2014 were approximately $363,000 and $382,000, respectively.

Notes Receivable From Participants

Participants may borrow from their Plan accounts a minimum of $1,000, up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from one to five years; however, terms may exceed five years for the purchase of a primary residence. Loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions.

Payment Of Benefits

On termination of service, death, becoming disabled or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

In-Service Withdrawals

Active participants who reach age 59-1/2 may withdraw all or part of their vested accounts.

Active participants who experience a qualifying financial hardship may withdraw from the Plan a portion of their vested account, as defined by the Plan Document. Hardship withdrawals will be approved only if they conform to Plan provisions and established safe harbors under the Internal Revenue Code (the Code).

Administrative Expenses

Administrative expenses may be paid by the Company or the Plan, at the Company's discretion.

2. Basis Of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates And Assumptions

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and, when applicable, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Investment Valuation And Income Recognition

Investments, other than fully benefit-responsive investment contracts, are reported at fair value. Fair value is the price that would be received in an asset sale or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Investment contracts held by a defined contribution plan that are fully benefit-responsive investment contracts are reported at contract value, rather than fair value, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan's investment in the Prudential Stable Fund is a fully benefit-responsive investment contract and is reported at contract value in the statement of net assets available for benefits.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 and 2014. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment Of Benefits

Benefits are recorded when paid.

Recently Issued Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07, *Fair Value Measurement (Topic 820) - Disclosures for Investments in Certain Entities That Calculate Net Asset Value Per Share (or Its Equivalent).* The ASU removes the requirement to include within the fair value hierarchy leveling table those investments that measure fair value using the practical expedient available for investments that calculate a net asset value per share (or NAV equivalent, for example member units or an ownership interest in partners' capital to which a proportionate share of net assets is attributed). Even though these investments are removed from the fair value hierarchy, plans should provide or disclose the total amount of investments measured using the net asset value per share (or its equivalent) as a practical expedient in order to permit reconciliation of fair value of investments included in the fair value hierarchy to the line items presented in the statement of net asset available for benefits. The ASU is effective for fiscal years beginning after December 15, 2016, with early adoption permitted. The ASU is to be applied retrospectively. Management has elected to early adopt the guidance resulting from this ASU.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part I eliminates the requirement to present the adjustment from fair value to contract value for fully benefit-responsive investment contracts. Part I also simplifies the disclosure related to fully benefit-responsive investment contracts by eliminating the need to present the key factors that could influence future average interest crediting rates, the basis for and frequency of determining interest crediting rate resets, any minimum interest crediting rate under the terms of the contract, and the average yield earned by the Plan. Part II eliminates the requirements to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively. Management has elected to adopt the guidance resulting from Parts I and II early.

There were no other impacts on the statement of net assets available for benefits or the statement of changes in net assets available for benefits as of or for the years ended December 31, 2015 or 2014.

Subsequent Events

The Plan has evaluated subsequent events through October 4, 2016, the date the financial statements were available to be issued.

3. Investments

Financial information related to the Plan's investments and related earnings thereon, as of and for the years ended December 31, 2015 and 2014, are included in the accompanying financial statements and are based on information provided by the Trustee. This information, which has not been audited by the Plan's independent auditors, has been certified to as complete and accurate by the Trustee.

Stable Value Fund

The Plan invests in a stable value fund (the Fund), a benefit-responsive investment managed exclusively for the Plan by The Prudential Insurance Company of America (Prudential). Prudential maintains the contributions in a managed account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The Fund's key objectives are to provide preservation of principal, maintain a stable interest rate and provide daily liquidity at contract value for participant withdrawals and transfers in accordance with the provisions of the Plan.

The Fund invests in a synthetic guaranteed investment contract (synthetic GIC), a wrap contract paired with an underlying investment in a collective trust fund, the Prudential Core Conservative Bond Fund. The synthetic GIC credits a stated interest rate for a specified period of time. Investment gains and losses are amortized over the expected duration through the calculation of the interest rate applicable to the Plan on a prospective basis. The synthetic GICs provide for a variable crediting rate, which typically resets quarterly, and the issuer of the wrap contract provides assurance that future adjustments to the crediting rate cannot result in a crediting rate less than zero.

As described in Note 2, because the Fund is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the Fund. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The investment contracts included in the Fund had an average crediting interest rate was 2.44% and 2.34% at December 31, 2015 and 2014, respectively.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) material, adverse amendments to the Plan documents (including complete or partial Plan termination or merger with another plan) or (2) the decision by the Company to withdraw all assets from the funds and reinvest in another investment vehicle. The Plan Administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

4. Fair Value Measurements

The Plan utilizes an established framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds And Money Market Fund

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Trust Funds

Valued at the NAV of units of a collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV

Common Stocks

Valued at the closing price reported on the active market on which the individual securities are traded.

The preceding methods described may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

	December 31, 2015			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 312,253,832	$ —	$ —	$ 312,253,832

Total assets at fair value	$ 630,373,489	$ —	$ —	$ 630,373,489

(a) Certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

Fair Value Of Investments In Entities That Use NAV

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2015 and 2014:

	Fair Value				
Investment Type	**2015**	2014	**Unfunded Commitments**	**Redemption Frequency**	**Redemption Notice Period**
Collective trust funds	**$ 235,667,807**	$ —	None	Daily	None

There have been no changes in the methodologies used at December 31, 2015 or 2014.

5. Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated August 2, 2010, that the Plan and related trust are designed in accordance with applicable sections of the Code. The Plan has been amended since receiving the tax determination letter. However, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2012.

6. Party-In-Interest Transactions

Certain investments are shares of mutual funds managed by an affiliate of the Trustee, and therefore, these transactions qualify as party-in-interest transactions.

7. Risks And Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the participants' account balances and the amounts reported in the statement of net assets available for benefits.

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

9. Reconciliation Of Financial Statements To Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements as of December 31, 2015 and 2014 to Form 5500:

	2015	2014
Net assets available for benefits per the financial statements	**$ 680,681,870**	$ 708,037,310
Adjustment for deemed loans	**41,853**	—

Net assets available for benefits per the Form 5500	**$ 680,723,723**	$ 709,189,228

The following is a reconciliation of the net decrease per the financial statements for the year ended December 31, 2015 to Form 5500:

Net decrease per the financial statements	$ (27,355,440)
Adjustment for deemed loans	41,853
